

GIT CERTIFICATE PROGRAM

Electives*

- Computer Mapping/Cartography
- Intro/Geospatial Science & GIS Lab
- Digital Image Processing I or II
- Aerial Photographic Interpretation
- Geospatial Data Synthesis and Modeling
- Decision Support Systems
- Community Growth
- Artificial Intelligence and Geoprocessing
- Business Geographics
- GIS Capstone
- Remote Sensing
- Orbital Mechanics
- Remote Sensing of the Environment
- Information Extraction using Microwave Data
- Applications of Remote Sensing to Ecological Modeling
- Remote Sensing of Water
