## **EQUAL EDUCATION OPPORTUNITY**

As an institution of higher education and in the spirit of its policies of equal employment opportunity, the University declares its policy of equal educational opportunity. All applicants for admission will be considered without regard to an applicant's race, color, religion, sex, gender identity, sexual orientation, national origin, disability related to program performance, disabled veteran status, or Vietnam era veteran status. This policy is noted in all student handbooks. Complaints or grievances of any student who has reason to think he or she has been affected by discrimination will be considered through established procedures.

## **AMERICANS WITH DISABILITIES ACT**

"Delta State University is committed to a policy of equal employment and educational opportunity. Delta State University does not discriminate on the basis of race, color, religion, national origin, sex, age, disability, or veteran status. This policy extends to all programs and activities supported by the University."

**BOARD OF TRUSTEES  
of the Institutions of Higher Learning of the State of Mississippi**

Under Section 213-A of the State Constitution, the government of Delta State University and of the other public institutions of higher learning of the State of Mississippi is vested in a Board of Trustees appointed by the Governor with the advice and consent of the Senate. Because of changes to the legislation regarding the appointment of Board members, "after January 1, 2004, as vacancies occur, the twelve-member Board shall be appointed from each of the three Mississippi Supreme Court districts until there are four members from each Supreme Court district. The terms of office are reduced from twelve years to nine years. The terms are staggered so that all members appointed after 2012 will have a term of nine years." There are no ex officio members. The Board of Trustees selects officers from its membership and appoints the Executive Head of Delta State University.

## **GENERAL INFORMATION**

### **CLEVELAND**

Cleveland, Mississippi, a town of approximately 13,000 citizens, is the agricultural, manufacturing, commercial, medical, and educational center of Bolivar County and the Central Mississippi Delta. The Mississippi Delta is a crescent-shaped, largely agricultural region situated on the Mississippi River, in the north-west corner of the state of Mississippi. It is home to some of the most fertile soil in the world, and is a world leader in farming such crops as cotton, rice, soybeans, and corn. In addition, the Mississippi Delta is rapidly developing its cultural tourism possibilities, which is centered around the Delta's rich literary heritage, its historic role in developing Blues and other forms of American music, and its pivotal role in the American Civil Rights Movement.

Cleveland is widely known as the "Crossroads of Culture in the Delta." In 2013, Smithsonian magazine ranked Cleveland as one of the best small towns in the U.S. to visit, noting its concentration of museums, art galleries, performing arts venues, and historic sites, and its Delta Blues heritage, with Cleveland being part of the "Cradle of American Music" along U.S. Highway 61. In 2016, GRAMMY Museum @ Mississippi opened. It is first GRAMMY Museum outside of Los Angeles.

Delta State University's many artistic, cultural, economic, and community outreach entities include performing arts complexes, development centers, academic facilities, and public venues, which, in concert with Cleveland's cultural attractions such as the restored Ellis Theater and the Martin and Sue King Railroad Heritage Museum, provide a wide range of cultural attractions. Cleveland is also home to the annual Crosstie Arts and Jazz Festival and the Delta's largest Oktoberfest.

In addition, Cleveland's recreational facilities are exceptional, with Delta State's state-of-the-art, Olympics-style Aquatics Center, as well as multiple municipal parks, walking trails, ball fields, golf courses, and tennis courts. Complementing a wide variety of public, family-friendly recreational opportunities are Delta State University's athletics programs, with many regional and national titles across a range of women's and men's sports.

In every area of civic life, city officials, the Cleveland-Bolivar Chamber of Commerce, and Delta State University work in unison to continue Cleveland's growth and development.

### **HISTORICAL SKETCH**

Delta State University was created as Delta State Teachers College by Mississippi State Senate Bill Number 263, Chapter 284, entitled "An Act to Create and Establish the Delta State Teachers College." Governor Henry L. Whitfield signed the bill on April 9, 1924. The institution opened for its first regular session on September 15, 1925, with a faculty and staff of 11 and a student body of 97.

The University's first president, Mr. James Wesley Broom, suffered an untimely death during Delta State's first session. He was succeeded by Dr. W. M. Kethley, who served as president from 1926 to 1956. Dr. James M. Ewing became the third president in 1956 and served until 1971. Dr. Aubrey K. Lucas served as the institution's fourth president from 1971 until 1975. Dr. Forest Kent Wyatt became the fifth president and served from 1975 until 1999. He was succeeded by Dr. David L. Potter from 1999, who served as sixth president until 2003. Dr. John M. Hilpert served as Delta State's seventh president from 2003 to 2013. Mr. William N. LaForge began serving as Delta State University's eighth president on April 15, 2013.

The growth and expanding mission of the institution were evidenced by its name change in 1955 to Delta State College. In 1969 Delta State was authorized to reorganize its academic structure into four schools. The School of Arts and Sciences and the School of Business were activated in 1969, and the School of Education and School of Graduate Studies were implemented in 1970. A School of Nursing was authorized in 1977 and began operation in 1978. On March 15, 1974, the institution was officially designated Delta State University to reflect its continued growth and expanded scope.

When created in 1925, Delta State was authorized to offer only the Bachelor of Science degree in Education. The first such degrees were conferred in June 1928. Undergraduate degrees are now offered in the arts, sciences, humanities, business, nursing, commercial aviation, and education.

In 1965, the University initiated a graduate program and the first Master of Education degrees were conferred in May, 1966. Delta State University now offers master's degrees in the areas of business, commercial aviation, education, natural and social sciences, and nursing, as well as the Educational Specialist degree, Doctor of Education in professional studies, and the Doctor of Nursing Practice.

From a small teacher-training institution in the 1920's, Delta State has grown into a multi-purpose university that focuses strongly on high-quality classroom instruction. Enrollment has increased to more than 3,500 students, and corresponding growth has occurred in physical facilities. The growth and success of the University are tributes to the dedication of the faculty and staff, the hard work of the students, and the strong support of the Delta community and state legislature.

## **INSTITUTIONAL MISSION**

### **VISION**

Students at Delta State University will learn and grow in an environment that fosters discovery and creativity. The institution intends to be the best regional university in America as it combines a heritage of academic strength with a robust commitment to serving people and communities, particularly in the Mississippi Delta.

### **MISSION**

As a regional Carnegie Master's L university located in Cleveland, Mississippi, Delta State University serves as an educational and cultural center for the Mississippi Delta, emphasizing service to the Northern Delta counties and its campus centers in Clarksdale and Greenville in traditional and distance education formats. The University offers undergraduate, graduate and continuing education programs of study leading to baccalaureate and master's degrees in the Colleges of Arts and Sciences, Business, Education, and the School of Nursing, as well as the Educational Specialist degree and Doctorates in Education and Nursing Practice. Emphasis is placed on excellence in instruction, followed by service and research, in the creation of a community of scholars. With special attention to small classes, a friendly environment, and a broad liberal arts foundation, the University encourages significant student-faculty interactions. Delta State provides programs and services that promote intellectual, cultural, ethical, physical, and social development. Students from different cultural, socioeconomic, and ethnic backgrounds will develop the ability to respect and evaluate the thoughts of others; to develop, assess, and express their own thoughts effectively; and to use the techniques of research and performance associated with their disciplines.

### **GUIDING PRINCIPLES**

#### **Commitment to Quality in Academic Programs.**

Acknowledging its beginnings as a teacher's college, the University sustains excellence in teacher education while also continuing to expand offerings in traditional as well as new areas of study. From the core disciplines such as arts, humanities, and sciences to unique programs such as commercial aviation and community development, the University is committed to meeting the ever changing and evolving needs of the students it serves. It sustains quality in those programs by maintaining accreditation of all programs for which an accrediting agency exists.

#### **Commitment to Learning, Scholarship, and Student Engagement**

Delta State provides programs that cultivate intellectual curiosity and promote scholarship among its students. Through a state-of-the-art library supplemented by a campus network of computer labs, students have access to a full range of information resources in support of learning. The University also acknowledges the importance of student engagement as central to successful learning. Toward that end, the University has dedicated its quality enhancement plan as required for regional accreditation to increased student engagement. In support of community engagement and service-learning experiences for students, the University has created an office and a faculty role to sustain those efforts.

#### **Commitment to Teaching and Faculty Development**

The quality of Delta State's academic programs is central to its educational mission. That quality is affirmed through a dedicated faculty with credentials appropriate to their discipline. The University supports high standards of quality among its faculty and maintains those standards through the Technology Learning Center, a modern faculty development office dedicated to the application of technology to teaching, and through the Kent and Janice Wyatt Faculty Development Program, a University Foundation initiative that provides resources for faculty growth.

#### **Respect for People and Ideas**

Delta State promotes mutual respect, teamwork, fairness, and integrity. The University is diligent in working to create a climate where students, employees, and constituents are valued and nurtured. Through an ongoing re-engineering project the University converts these principles into action.

### **Commitment to Regional and Economic Development**

Delta State, in partnership with various organizations, will advance community and economic development in the Delta region to improve the quality of life and raise the educational level of its citizens. Special attention is given to collaboration with our educational partners: Mississippi Valley State University, Coahoma Community College, Mississippi Delta Community College, the Mississippi Department of Education, and the K-12 schools of the Delta. Moreover, the Delta Center for Culture and Learning, the Capps Archives, the Center of Business Research, and the Center for Community and Economic Development provide a structure to ensure University participation in promoting and celebrating the unique heritage of the Delta while also addressing the longstanding social, economic, and cultural challenges that inhibit advancement.

### **Encouragement of Innovation and Experimentation**

Delta State endorses the principles of innovation and experimentation, and makes them a part of its institutional culture. The University acknowledges the importance of an environment where students and faculty can undertake risks and experiment with new ideas.

### **Commitment to a Student-Centered Campus**

Delta State promotes a campus culture that fosters student development. From an array of student services to a nationally recognized athletic program, the University is dedicated to ensuring that the full ranges of student needs and interests are met.

### **Support for the Arts**

Delta State recognizes the need for a vibrant creative and performing arts program for its students and the region. The renovation of Jobe Hall provides a state-of-the-art theatre facility for student productions. Through the Bologna Performing Arts Center, the Delta Music Institute, the Janice Wyatt Summer Arts Institute, and a partnership with the Delta Arts Alliance, the University ensures the preservation and enhancement of the arts throughout the region.

### **Commitment to Health**

Delta State acknowledges the importance of physical health for its students and the region and extends its resources in support of that goal. Through undergraduate and graduate programs in nursing and pre-professional programs in the sciences, the University provides health care practitioners to serve the State. The University works as the leading partner in the Delta Health Alliance, a collaborative effort with other Delta stakeholders that conducts research and provides education on the health care needs of the region.

### **Commitment to Leadership**

Delta State is actively involved in providing programs that train leaders for the twenty-first century. Through partnerships with the Kellogg Foundation, Delta Council, the Delta Regional Authority, and other Delta organizations committed to advancement in the region, the University is confident it can make a difference in the quality and training of the leaders who will serve on behalf of future generations.

### **Commitment to Institutional Effectiveness**

Delta State acknowledges its role as a public institution funded largely by the citizens of Mississippi. In recognition of that public trust, the University is committed to high standards of excellence with appropriate emphasis on effectiveness and productivity.

*Approved by the Board of Trustees of State Institutions of Higher Learning, March 18, 2004.*

*Revised by IHL June 18, 2013*

**COMMENCEMENT/DEGREE FEE.** A fee of \$45 is charged to every graduating student and must be paid in Student Business Services before graduation. This charge is applied in November for the December commencement and in April for the May commencement and is not refundable.

**COUNSELING FEES.** Certain Counselor Education and Psychology courses have a fee.

**DMI LAB FEES.** Certain Delta Music Institute courses have a lab fee.

**FAMILY AND CONSUMER SCIENCE FEES.** Certain Family and Consumer Science courses have a fee.

**GIS FEES.** All courses in the GIS Center have an extra course fee.

**HOUSING.** A room reservation deposit of \$50 (check or money order by mail) is required. This deposit is forfeited if cancellation in writing is not received by the Housing Office before August 1 for the fall semester, December 1 for the spring semester, May 15 for summer term I, or June 15 for summer term II. Rooms not claimed by 5 p.m. on the first day of classes are reassigned and the \$50 deposit is forfeited. Room deposits will not be refunded the first two weeks of any session. A deposit of \$100 is required to be placed on the waiting list for a campus apartment. Scholarships and Financial Aid do not cover these deposits because the deposits become damage deposits when the student moves in and are usually refunded when the student leaves campus housing.

**INTERNATIONAL STUDENT ADMINISTRATIVE FEE.** A fee of \$225 is assessed to all international student accounts at the beginning of the fall and spring semesters to provide campus services and activities through International Student Services, a Division of the Student Success Center.

**iMBA PROGRAM FEES.** All students registered in iMBA courses will be charged a fee per credit hour.

**INTERNSHIP FEE.** All students who do their internships in teaching will be charged a fee.

**KEYBOARD LAB FEE.** Certain Music courses have a lab fee.

**LABORATORY BREAKAGE FEE.** Each laboratory science course charges a fee.

**LATE ADD FEE.** A student who is added in a course after registration has closed pays a late add fee of \$25 per course

**LATE REGISTRATION FEE.** A student who registers after classes begin pays a late registration fee of \$25.

**NO SHOW FEE.** A student who registers for a course, but does not attend the course will be charged a no show fee of \$50 per course.

**NURSING LAB FEES.** Lab fees are attached to many nursing courses. Contact the Robert E. Smith School of Nursing for the amount.

**PRIVATE MUSIC LESSON.** Special course fees are attached to some music courses. Contact the Department of Music for the amount.

**RE-REGISTRATION FEE.** Students who have not made arrangements to pay for school during the first week of each semester are purged from the class rolls. A \$100 re-registration fee is charged to reinstate their classes.

**SOCIAL WORK FEES.** Certain Social Work courses have a fee.

**SWIMMING FEES.** All swimming courses have fees attached to the courses.

**STUDENT INSURANCE.** All international students are charged student insurance each semester. The insurance is charged to the students' accounts and is non-refundable. International students with dependents at DSU are also charged insurance fees for their dependents.

**TRANSCRIPT OF CREDIT.** The fee for an official transcript is \$11.00 per copy.

### **REFUND POLICY**

**REFUND OF FEES.** The term "refund" is defined as a reduction of total charges resulting from withdrawal or drop below full-time. A student who officially withdraws from the university, a full-time student who drops below 12 undergraduate hours or 9 graduate hours, or a part-time student who drops a class may obtain a refund of University Fees and certain Special Fees as follows:

1st day of classes through 10th day .....	100%
11th day of classes through end of semester .....	0%

The effective date of withdrawal for refund purposes and the return of Federal Financial Aid funds (see below) is the date on which the student begins the official withdrawal process. For unofficial withdrawals, the date becomes the mid- point of the semester, unless the university can document a later date of attendance.

Notice of withdrawal, cancellation, and request for refund by a student must be made in writing, addressed to the University Registrar, with a copy filed with the University Student Business Services Office. Any refund due the student at the time of withdrawal will be processed within three weeks.

Return of Federal Financial Aid (Title IV) Funds. Unearned Title IV loan funds must be returned to the Title IV programs upon a recipient's withdrawal from school at any time during the first 60% of the semester. Refunds for these students are made according to the Higher Education Amendments, Section 484B, and are based on number of calendar days for each semester. If a student withdraws after completing more than 60% of the semester, it is assumed the student earned 100% of the Title IV aid for the period.

All refunds will be made in the following priority order:

1. Federal financial aid sources
2. Other sources of aid
3. To the student withdrawing

### Refund of Living Expenses

Students withdrawing from residence halls are entitled to an adjustment to room and board charges based on the number of calendar days since the residence halls officially opened without regard to the date the student actually moved in. The date residence halls open is listed in the calendar and should be very easy to identify and defend.

1<sup>st</sup> day through the 10<sup>th</sup> day...75%  
 11<sup>th</sup> day through the 20<sup>th</sup> day...50%  
 21<sup>st</sup> day through the 25<sup>th</sup> day...25%  
 After 25<sup>th</sup> day...0%

### BUSINESS REGULATIONS

**IDENTIFICATION CARDS.** All students are issued an Identification Card. This card is to be available for inspection at all times and is to be used as an Activities Card for use of all university facilities and admission to all university-sponsored events, such as athletic events, programs, concerts, etc. ID cards must be presented when called for by university officials.

The resident student Identification Card is the Okra Kard, which will be activated by Student Business Services (SBS). The activated card may be used for meal plans, as a debit card for use at all facilities accepting the Okra Kard, and for door access.

*Identification cards are nontransferable.* Violators are subject to disciplinary action.

**OKRA GREEN ACCOUNT RULES AND REGULATIONS.** The Okra Green Dining

Only and Okra Green Anywhere discretionary spending debit accounts are accounts of pre-deposited funds accessed by the cardholder for products and services. These accounts should not be confused with the Dining Services Meal Plans and Flex Dollars attached to those meal plans.

The Okra Green debit accounts will be activated automatically upon receipt of cash, check, or credit card. If the cardholder's check is returned for non-payment (NSF), a service charge will be assessed on the cardholder's account, and the account will be automatically suspended. The account will not be reactivated until the NSF check is reconciled and all appropriate fees have been reimbursed to the university.

Parents/patrons may add cash onto Okra Green Debit accounts by visiting the Card Value Center in the Roberts-LaForge Library or by visiting Student Business Services, Kent Wyatt Hall Office 131. Parents/patrons may also add funds to the Okra Green Debit Accounts by visiting the university's website at [www.deltastate.edu](http://www.deltastate.edu), MyDSU, Okra Kard.

These funds shall be applied against amounts debited to the cardholder's Okra Green Dining Only and Okra Green Anywhere accounts for goods and services purchased at point-of-sale locations and cash registers/readers on or off campus. There is no daily limit on the number of purchases made available. The cardholder understands and agrees the Okra Kard is currently not a credit card, nor can it be used to obtain cash or cash advances from the account under any circumstances.

Merchandise will be accepted for return according to the refund policy in force where the goods and services were purchased. Cash refunds will not be made for returned merchandise that was purchased with the Okra Kard. A credit will be made to the cardholder's account.

Statements of account are available upon request at Student Business Services.

Account Inactivity - Okra Green Debit Accounts can remain active indefinitely. Okra Green Accounts that remain inactive for a period of six (6) months will be charged a \$1.00 per month inactive fee for each inactive month thereafter.

Upon official withdrawal/graduation or termination of employment from the university, the cardholder may request his/her account be closed. Balances greater than \$5.00 will be refunded. The request must be in writing to Student Business Services. A \$5.00 processing will be assessed. All debts to the University must be satisfied prior to a check being processed for a refund. Any negative Okra Green Debit Account balances will be charged to the cardholder's Student Account or billed directly to the cardholder.

There is a \$25.00 replacement fee for each lost, stolen, or damaged Okra Kard. The Okra Kard ID Office is located in Student Business Services, (Hours: Monday-Friday 8 a.m.-5 p.m.) is where replacement cards are made. After business hours, contact the Campus Police.

**RESIDENCE HALL STUDENTS.** Living expenses of room, board, and laundry are paid by all residence hall students.

**DELINQUENT ACCOUNTS.** The University reserves the right to withhold readmission to a student until all delinquent accounts owed the University by the student have been paid. Transcripts of credits are not issued for students whose accounts are delinquent. Diplomas will be withheld for graduates who have delinquent accounts.

A past-due account becomes delinquent 30 days after a missed payment. At this time, the account will be referred to a collection agency unless arrangements are made with Student Business Services. Collection agency charges will be added to the account.

Regular student account balances, Perkins Student Loan balances, and fines accumulated as a result of failure to adhere to the established procedures of the University, such as Library and Security regulations, or any other policy establishing regulations for the protection of University property, become collectible by Student Business Services, and, if not collected, shall constitute a delinquent account.

**RECEIPTS.** A student receives and should keep a receipt for money paid on accounts. The University does not assume responsibility for a claim of remittance on account unless the claim is attested by a receipt.

**RETURN CHECK FEE.** A service fee is charged on all returned checks. Checks not paid within thirty days are subject to be turned over for collection. Student Business Services will deny the privilege of cashing checks when the privilege has been abused.

**DAMAGE TO PROPERTY.** Any University property damage caused by students or their guests is paid for by the student.

Periodic inspection of residence hall rooms and campus apartments is made. Missing or damaged property must be paid for by the occupants.

**EXCEPTIONS FROM PUBLISHED POLICY.** Any exception felt to be warranted by a student or a parent to the published fee charges and refund policy must be filed in writing with Student Business Services for due process and consideration.

### **FINANCIAL ASSISTANCE FOR GRADUATE STUDENTS**

Delta State University offers a comprehensive program of financial aid to assist graduate students. The following federal and institutional programs are available to DSU students:

1. Federal Unsubsidized Stafford Loans
2. Federal Work Study
3. Graduate Assistantships

#### **Application**

Delta State University accepts the Free Application for Federal Student Aid for all types of Title IV financial aid. This application is available on the web at [www.fafsa.ed.gov](http://www.fafsa.ed.gov).

Students must list Delta State University (002403) on the application to insure that the DSU Financial Aid Office receives notification of their interest in receiving financial aid funds.

#### **Deadlines**

The priority deadline for applying for financial assistance is March 1. Applications will be accepted throughout the year but funds may not be available at registration if the application is not filed prior to March 1. To avoid being included in the early class cancellation process for the fall semester, make sure **all financial aid forms** are in the financial aid office by July 31.

### Eligibility

**Students that are admitted as non-degree or undeclared degree are not eligible for federal financial aid.**

Graduate students who are eligible for the federal programs listed in this section of the university catalog must meet all of the following criteria:

1. Be a United States citizen or eligible noncitizen
2. Be registered with Selective Service, if required to do so
3. Have financial need as determined by an approved need-analysis
4. Be enrolled at least half-time (6 **graduate** hours) per semester (\*see note below)
5. Be fully admitted **in a degree granting program** (\*\*see note below)
6. Be making satisfactory academic progress as defined by Delta State University, toward a degree (see SAP policy following)
7. Not be in default on any loan or owe a refund on any grant made under Title IV of the Higher Education Act of 1965, as amended, at any institution.

Notes:

\*Nine (9) graduate hours is considered full-time enrollment for graduate students; however, six (6) graduate hours is considered half-time enrollment for federal student aid purposes. Only graduate level courses will count toward financial aid eligibility.

\*\*Official graduate program admission status will be verified in the DSU computer database. This will be the official record.

### WORK OPPORTUNITIES

**Graduate Assistantships.** Assistantships are available on a limited basis to full-time graduate students who have been accepted for admission to a degree program. In order to be considered for a graduate assistantship, the graduate student must register with the Graduate Studies Office prior to seeking employment or being re-employed at the onset of each academic year. Graduate assistants are employed, under faculty supervision, to assist in the conduct of the University's overall program, primarily in an academic area, by providing teaching assistance, research or other services. Contact the department/division in which you are majoring for more information.

**B.F. Smith Scholars Program.** The B.F. Smith Scholars Program consists of competitive graduate assistantships for students and provides support for faculty and students pursuing special coursework, seminars, lectures, travel, research in the field of business development and internships related to economic development and public service. The graduate assistantships may be awarded to students with a record of academic achievement and commitment to the region for pursuit of a degree related to the field of economic development such as finance, marketing, economics, political science, sociology, or public administration. For more details, contact the Graduate Studies Office.

**Federal Work-Study Program.** Graduate students who have demonstrated financial need and have met all other requirements may secure work under the work-study program. Graduate students who are employed as graduate assistants seldom receive additional employment under the Federal Work Study program.

### STUDENT LOANS

Low interest student loans are available to qualified graduate students at Delta State University. Student loans, in general, must be repaid under some type of deferred repayment plan. All graduate students who wish to apply for any student loan must first complete the **Free Application for Federal Student Aid (FAFSA)**.

Delta State University complies with all federal guidelines in providing loan counseling and information about loan consolidation. It is the philosophy of Delta State University to assist graduate students in keeping their graduate student loan debt at the lowest possible level. Policies and procedures developed at DSU are designed to keep the institution's default rate at a minimum.

**Federal Direct Unsubsidized Loans** are made by the Department of Education to students for educational expenses. These loans must be certified by the school. Eligibility is not based on financial need. Interest is charged during all periods.

### SATISFACTORY ACADEMIC PROGRESS

Graduate students who receive financial aid at Delta State University must conform to the standards of **Satisfactory Academic Progress** set by the University and outlined here. These guidelines encourage graduate students to successfully complete their educational goals in a timely manner. It is important to remember that this SAP Policy is administered by the Office of Student Financial Assistance and is separate from the Scholastic Standards, including **academic probation** and **academic suspension**, which is administered by the Office of the Vice President for Academic Affairs.

The minimum academic standards a graduate student must meet in order to receive financial assistance are illustrated in this chart:

#### Minimum Qualitative Academic Standards Minimum Qualitative Standards

<u>Overall hours attempted</u>	<u>Grade Point Average</u>	<u>Hours Attempted</u>	<u>Ratio of hours passed</u>
0-6	3.00	0-6	100%
7-11	3.00	7-11	100%
12+	3.00	12+	100%

Students who do not meet the standards of Satisfactory Academic Progress (SAP) at the end of a semester will automatically be placed on **Financial Aid Warning** for the following semester. Notification of **Financial Aid Warning** status will be communicated to the student. Financial Aid may still be received during the warning period. At the end of the warning period the student must have achieved satisfactory academic progress as outlined above or financial aid will be suspended. Students will be removed from **Financial Aid Warning** if they have achieved satisfactory academic progress.

**Repeated Courses:** Courses in which the student received a grade of “F” may be repeated and may be eligible for financial aid. Other courses in which the student received a passing grade may be repeated once and may be eligible for financial aid. When a course with a passing grade has been repeated, subsequent repeats of the course will not be included in the total number of credits for the semester when determining financial aid eligibility. Credits attempted in repeated courses will be included in the cumulative credits attempted.

**Withdrawn Courses:** Withdrawn courses count towards the cumulative credits attempted. However, if a student drops a course during the first 10 days in a semester, it does not count towards the cumulative credits attempted unless the student completely withdraws from school. Please view the Academic Catalog to determine the date by which Grades of W or F go into effect and the refund policy of tuition and fees each semester: <http://www.deltastate.edu/PDFFiles/Academic%20Affairs/2016-2017-GR-catalog-COMplete.pdf> (p. 8, 16). Students may retake courses from which they have withdrawn. When retaken, these courses will be included in the total number of credits for the semester when determining financial aid eligibility. Students who receive financial assistance and then withdraw from school will be placed on financial aid suspension. Students on suspension are not eligible to receive financial aid. W’s and F’s are not considered successful completions.

**Incomplete Courses:** Students who have earned I’s are ineligible for financial aid the following term because an I is not considered a passing grade. Financial aid will be reinstated once the student completes the course requirements and receives a grade. Should the student fail to obtain grades in the courses in question, he will be responsible for all fees.

**Grade Changes:** A student’s Satisfactory Academic Progress is re-evaluated at the time the Financial Aid Office is notified by the Registrar’s Office of a grade change.

**Audit Courses:** Audit courses receive no credit and do not influence grade point average. They are not counted in credits attempted and are not eligible for financial aid.

**Pass/Fail Courses:** Pass/Fail courses are not calculated in the cumulative GPA but will be included in credits attempted.

**Transfer Students:** Transfer credits that are accepted toward your educational program count as both attempted and completed credits. Transfer credits are calculated into the credits attempted and affect pace of progression and maximum timeframe. Please note, you must review how transfer credit has been accepted by DSU. Students who have accumulated a high number of credits at other institutions that do not apply to their degree program may risk loss of financial aid by meeting the 150% timeframe for their degree program earlier than anticipated.

All credits attempted at DSU and all transfer credits accepted by the University must be counted toward the calculation of SAP (including credits earned during winter and summer sessions) regardless of whether the student received federal aid while attempting the credits.

**Summer School:** Students attending in the summer semester will have SAP evaluated again at the end of the semester.

**Financial Aid Warning:** Students may receive financial aid for the semester they are on warning. If they fail to meet the necessary SAP requirements at the end of this period, their financial aid will be suspended until they have regained satisfactory progress status. When a student has been placed on financial aid warning for a semester and has regained SAP at the completion of that semester, that student will be removed from financial aid warning and will be eligible to receive financial aid.

**Financial Aid Suspension:** Financial aid suspension will result in the loss of all federal aid, including grants, loans and work-study. A student's financial aid may be suspended if their enrollment record indicates to the financial aid staff/director a recurring pattern. This may include, but is not limited to: course drops, withdrawal from school, and degree progress.

## SAP Appeal

### Appeal Process

Students who fail to meet satisfactory academic progress standards and lose financial aid eligibility can appeal this decision. Appeals should be made **within thirty days** after the student receives notification of their financial aid suspension status. Appeals must be made in writing and submitted to the Financial Aid Office for consideration by the Financial Advisory Committee. An appeal must be based on mitigating circumstances that affected academic performance. Mitigating circumstances are situations that are outside of the student's control that affect their academic performance. Examples of mitigating circumstances include: death of a relative, student/parent injury or illness, natural disaster, or other unforeseen circumstances. Acceptable reasons for an appeal include the following:

- Medical difficulty. Documentation may be requested.
- Family difficulty. Documentation may be requested.
- Emotional difficulty. Documentation may be requested.
- Learning disability. Documentation may be requested.
- Change in/or addition to a degree program requiring more than the maximum allowable Credits Attempted, documented by a statement from DSU's Registrar.
- Other special, significant or unusual circumstances.

**Student Notification:** Students who submit an appeal will receive a letter from the Financial Aid Office within 30 days from the receipt of the appeal stating the decision of the Financial Advisory Committee of financial aid Probation, placement on a financial aid Academic Plan, or financial aid Suspension.

**Appeal Approval:** If an appeal is approved a letter will be sent to the student detailing any specific requirements established by the Financial Advisory Committee to help the student achieve Satisfactory Academic Progress. It is the responsibility of the student to follow the stated requirements. Students should consult with a financial aid counselor if they have questions.

**Appeal Denial:** If an appeal is denied the student may choose to enroll without benefit of financial aid. If a student successfully completes a semester without receiving financial aid and is not meeting cumulative SAP requirements another appeal may be submitted. If a student successfully completes a semester without receiving financial aid and meets the cumulative SAP requirements the student will regain financial aid eligibility.

**Regaining Eligibility:** Students on financial aid Suspension may regain aid eligibility by meeting the Satisfactory Academic Progress minimum requirements as stated in DSU's Financial Aid Satisfactory Academic Progress policy available online or in the Financial Aid Office.

**If you wish to appeal your financial aid suspension status, please complete and submit the Request for Reinstatement of Financial Aid form.**

### Appeal Decisions

**Financial Aid Probation:** If a student completes their warning semester and is not meeting the SAP requirements, that student may appeal their status. If their appeal is approved they will be eligible to receive financial aid during the following semester. The student will be on financial aid probation status during this semester.

**Academic Plan:** If it is not possible for a student to meet the SAP standards in one semester, a student who appeals may be given an academic plan and be required to turn in a Program of Study. The first semester of a student's academic plan would be considered financial aid probation.

**Readmitted Students:** If a student is placed on financial aid warning or suspension status and does not return the following semester, they will be given the same status if they return at a later date. When a student withdraws or is dismissed from Delta State and is later readmitted, the semester in which they withdrew or were dismissed is included when the student's satisfactory academic progress status is evaluated.

**Student Notification:** Students who are not meeting the minimum Financial Aid Satisfactory Academic Progress standards will be notified by the Financial Aid Office of their Warning or Suspension status. Students who submit an appeal will receive a letter from the Financial Aid Office within 30 days from the receipt of the appeal stating the decision of the Financial Advisory Committee of financial aid Probation, placement on a financial aid Academic Plan, or financial aid Suspension.

**Change of Majors or Degrees:** If a student changes majors or degrees the credits earned under all majors or degrees will be included in the calculation of attempted and earned credits and affect pace of progression, maximum timeframe, and cumulative DSU GPA calculation.

**Second Degree:** Students who are pursuing a second graduate degree must submit a program of study required to complete their second graduate degree. This can be obtained from their advisor or Dean.

**Amendments to Policy:** This policy will be amended whenever applicable federal or state laws or regulations are changed. The Financial Advisory Committee is to be appraised of these changes. Other amendments to the policy, not required by changes in laws or regulations, will be considered through the revision procedures of the Financial Advisory Committee.

This policy is effective June 2017. All student receiving financial aid at Delta State University beginning June 1, 2017 are subject to these guidelines.

# **ADMISSION INFORMATION**

## **Admission Requirements**

In order for an applicant to be **completely** admitted to the graduate studies program, the applicant has to be admitted to the University and satisfy the standards set by the selected degree program. To be eligible the following requirements must be met:

1. An applicant must hold a baccalaureate degree from an accredited institution.
2. An applicant must meet departmental standards set for the selected program of study (see admission requirements under each degree program).
3. An applicant must be eligible to reenter in good standing the last college or university attended.
4. An applicant born after January 1, 1957, must present proof of immunization for measles and rubella. Proof of immunization of measles, mumps, and rubella is required (two doses of the MMR vaccine) of all students, unless exempt because of (a) actual or suspected pregnancy (measles or rubella vaccines are not required for females who are pregnant; if pregnancy is suspected, a valid certificate of medical exception from a health provider is required until pregnancy is resolved), (b) medical contraindication, or (c) birth prior to 1957. Temporary waivers may be granted for students enrolled in distance learning courses and/or programs where their time on campus is limited to a minimum number of hours as determined by the admitting IHL institution.

A student may be required to take additional coursework to meet the prerequisites of the particular degree program. A student with deficiencies in the major field or in written English may be required to take sufficient undergraduate coursework to correct these deficiencies.

A student denied admission may have his or her case reviewed. To initiate an appeal, the student should send a written request to the Provost/Vice President for Academic Affairs, Delta State University, Kent Wyatt Hall 228, Cleveland, MS 38733. Requests must be made within one year of the date of the denial.

### **Non-degree Students**

To enroll in coursework, a non-degree student must have permission from the department in which the courses are offered. There is no obligation on the part of the department offering a degree program to accept coursework taken by a student in non-degree status. A student enrolled as non-degree who decides to pursue a degree must make application in the Graduate Studies Office as a degree-seeking student.

### **Application Procedures**

To be considered for admission to the University, the applicant must submit to the Graduate Studies Office the following:

1. One completed copy of an application form, which can be obtained from the Graduate Studies Office or in online format. Applications received by the Graduate Studies Office at least twenty days prior to the beginning of the term in which the student plans to enroll receives priority.
2. Official transcripts of all graduate work; Official transcripts of most recent undergraduate degree. Delta State University students are not required to submit undergraduate transcripts.
3. The application fee: Applicants must submit an application fee of \$30.
4. Documented proof of required immunizations for measles and rubella on a certificate of compliance and signed by a physician or health department official.
5. Valid copies of test scores, certifications, and other materials as outlined under admission requirements for each graduate program.

### Undergraduate Enrollment for Graduate Level Courses

Undergraduate students who are within six hours of graduation may take up to nine hours of graduate course work prior to obtaining their baccalaureate degrees. Also, undergraduate students who are eligible for but lack only directed teaching may take up to nine hours of graduate coursework prior to obtaining their baccalaureate degrees.

To be eligible to take graduate courses, undergraduate students must have a grade point average of at least 2.75 overall and in their major field. Courses cannot be counted toward satisfying the requirements for the baccalaureate degree and must be approved by the graduate advisor, the department chair where the courses are to be taken, and the college or school dean.

### International Students

**Application for Admission.** The information for international student admissions for both undergraduate and graduate students is located at [www.deltastate.edu/undergraduate-admissions/internationalstudents](http://www.deltastate.edu/undergraduate-admissions/internationalstudents)

In addition to the application for admission, all international graduate students must submit the following:

**Official Transcripts and Test Scores.** Certified, attested, or translated copies of academic documents verifying certificates of degrees or diplomas received from all colleges and universities attended must be mailed to the International Student Admissions Office. Credentials written in a language other than English must be accompanied by a notarized or certified translation. List on the application the exact university degree(s) received. If detailed transcripts are not available, certificates must be accompanied by official transcripts showing the class or quality of the degrees and marks received on degree examinations, as well as maximum number of marks obtainable. Submit copies of credentials only if they have been validated by a university administrative officer, a government official, or a notary public. Graduate applicants must show documents proving award of either a bachelor's degree or equivalent, or a graduate degree. World Evaluation Services, Inc. (WES) and Educational Credential Evaluators (ECE) evaluate all transcripts and should include three components: (1) confirmation of receipt of a degree that is equivalent to a four-year degree in the United States, (2) the approximate translation of Grade Point Average (GPA) to a 4.0 system, and (3) verification of the authenticity of the international documents. All costs for credential evaluation service are the responsibility of the applicant.

**Documented Proof of English Language Proficiency.** International students from non-native English speaking countries are required to provide proof of proficiency in English. The following documents are acceptable:

\*The TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing System) is required for all applicants whose native language is not English. Applicants must submit an official copy of the TOEFL score to the International Student Admissions' Office. The minimum acceptable scores are: TOEFL (196-computer-based, 70-internet-based or 525- paper-based); and IELTS: 6.0. Delta State's school code for the TOEFL is 1163. Individual academic programs may require higher scores.

\*Certificate of completion of intensive English training at a U.S. college.

\*Senior Certificate listing English as the first language.

\*Transcript verifying study and degree completion from an accredited U.S. high school or university.

**Financial Documentation.** International students must submit a financial document showing that sufficient financial resources are available to cover the cost of attendance for one year. Official bank, income, and investment statements are acceptable documents provided they are dated within six months of enrollment. Students and sponsors are also required to submit a declaration of financial support, which is available online on the DSU website.

**Health Insurance.** International students and any dependents at DSU are required to participate in the international health insurance plan offered through the University. The fee for health insurance is charged per semester and is automatically assessed with tuition and other student fees. Enrollment is mandatory unless the student is covered under a health plan offered through a U.S. employer, either as the employee or the dependent of an employee. Proof of such coverage must be submitted prior to arrival at Delta State University. Students who lose employer provided coverage during the school year must inform the International Student Advisor immediately. The international student health insurance program is coordinated through International Student Services, a Division of the Student Success Center.

**Health Requirements.** Two dates, at least 30 days apart, for MMR vaccinations (Mumps, Measles, and Rubella) and a negative TB chest x-ray are required prior to admission and both must include an original physician's

signature. In addition, the MS Institutions of Higher Learning requires that all first-semester new international students must have proof of test screening for tuberculosis by a negative chest x-ray and IGRA (Interferon Gamma Release Assays) performed in the United States prior to the start of classes. International Student Services assists in arranging these screenings, and the fees for the x-ray and IGRA test are added to the student's DSU account.

**Issuance of Nonimmigrant Student Visa Documents.** Once a student who lives outside of the U.S. has been approved for admission to Delta State University, the International Student Admissions Office will review and issue the proper immigration document (Form I-20) and letter of acceptance via mail. To obtain an F-1 visa, students must contact the nearest U.S. embassy or consulate in their home country to determine application requirements, procedures, hours, fees, and processing times. Students must take the following documents with them to the meeting at the embassy: I-20, letter of acceptance to Delta State University, passport, a copy of the financial portfolio, and strong evidence of intent to return to their home country after completion of studies. Students who are already in the United States must contact the International Office for instructions on transfer procedures of their immigration status, and/or changes of status if necessary. Please note that it is the student's responsibility to be aware of the terms and conditions concerning his or her admission and authorized stay in the United States.

**International Students with F-1 Status Transferring to Delta State from another School in the United States.** Students who wish to transfer to Delta State from another school in the United States must have maintained their immigration status to be eligible for a transfer. They must submit a financial portfolio for their program of study along with copies of their current Form I-20, passport, visa, and I-94 card. When a student has been approved for admission to Delta State University, the Form I-20 (for F-1 Visa holders) will be mailed to the student with instructions for completing an immigration transfer. A transfer of F-1 status from one school to another may be accomplished by providing evidence that the student was "in status" the previous semester. The International Student Admissions Office has a School Transfer Form that must be completed and signed by their current school official.

**International Visitors in the United States on a Visa Other Than F-1.** Delta State University only accepts international students who hold an F-1 Visa. International visitors already in the United States with an immigration status other than F-1 must contact the International Student Admissions Office to determine whether a change of status is necessary and possible.

**Readmission**

Graduate students who have withdrawn in good standing from the University or who have been suspended for academic deficiencies or for other reasons should submit their application for readmission to the Graduate Studies Office. The college or school dean must approve applications for readmission by students who have been suspended for academic deficiencies.

## **GRADUATE INFORMATION**

### **FACULTY ADVISOR**

When accepted for admission to a degree program, the student is assigned a faculty advisor from the field of concentration. The faculty advisor assists the student in planning a program and schedule; however, the student must assume responsibility for meeting all requirements.

### **TIME LIMIT**

The master's and educational specialist degrees must be completed within six calendar years. Courses taken at Delta State prior to six years before completion of degree may not be applied to the master's or educational specialist degrees unless revalidated with permission of the graduate advisor, department chair, and the college or school dean. A student is eligible to revalidate up to two courses. In special cases, and with approval of the department chair, the college or school dean may waive revalidation and accept course work that is more than six years old. Guidelines for revalidation are available in the college or school dean's office. For the doctoral degree, all degree requirements, including the dissertation, must be completed within five years after the successful completion of ELR 888 (Dissertation Seminar).

### **COURSE NUMBERS**

Courses numbered 500 and above are classified as graduate level with those numbered 600 and above offered exclusively for graduate students. Some course work numbered 500-599 may be split-level and include upper-level undergraduate students who are enrolled in the 400-level counterpart. To receive graduate credit for a split-level course, additional assignments are required beyond those expected of undergraduate students. Courses taken for undergraduate credit at the 400-level cannot be repeated at the 500-level for graduate credit.

### **COURSE REQUIREMENTS**

The course requirements for a master's degree range from 30 to 60 semester hours, one-half of which must be in 600-level courses or above. The minimum requirement for the Educational Specialist degree is 30 semester hours above the master's degree, one-half of which must be in 700-level courses or above. For doctoral requirements, see separate entry.

### **TRANSFER OF CREDITS**

Graduate courses may be transferred from another accredited college or university. Transfer credit will be granted only for those courses in which the student received a B or better and which are listed on a program of study approved by the graduate advisor and the college or school dean. Transfer courses may be substituted for required courses if the catalog description reflects similar course content and each course is recommended by the student's advisor to the college or school dean. A maximum of 6 semester hours of the credit required for a master's degree or educational specialist's degree may be accepted as transfer credit from another accredited graduate school. When circumstances merit, a request for an exception to the policy allowing a maximum transfer of 6 semester hours may be submitted by the department chair. The request must be approved by the college or school dean.

The Doctor of Education Degree in Professional Studies in the College of Education and Human Sciences and the Masters of Science in Nursing (MSN) and Doctor of Nursing Practice (DNP) Degree programs in the Robert E. Smith School of Nursing have transfer policies that differ from those of other graduate programs. For the Doctor of Education in Professional Studies Degree, all courses within the 39-hour core curriculum must be taken at Delta State University. No more than two-thirds of the total hours required for the degree may be transferred from another institution. Only courses with an earned grade of B or higher will be accepted. Additionally, the request for transfer of courses must originate with the Coordinator of the Doctoral Program and be approved by the Chair of the Division of Teacher Education, Leadership, and Research and the Dean of the College of Education and Human Sciences.

The Robert E. Smith School of Nursing permits students to transfer six hours of grades of B or better for required and/or elective courses into either nursing graduate degree program (MSN or DNP). All transferred courses will be listed on the student's program of study. Applicants wanting to transfer credit for prior nursing course(s) taken at another institution must submit a written request with supporting documentation. The request

for credit must be submitted and negotiated before admission to a program and not after enrollment. The negotiation process may include revalidation, which could include refresher work followed by a remediation examination and/or competency check-off. Additionally, the Chair of Academic Programs (COAP) and/or advisor will request a course syllabus from each course under consideration for transfer to ensure the equivalency of course content. Only in unusual cases will more than six hours be approved and no more than two-thirds of the total hours required for the degree may be transferred from another institution. Transferring more than six hours requires the recommendation of the advisor, the Director of Nurse Practitioner Programs, the Chair of Academic Programs, and the approval of the Dean.

No graduate credit is accepted for courses completed by correspondence.

### **STUDENT RESPONSIBILITIES**

It is the responsibility of the student to become thoroughly acquainted with all graduate regulations, including admission and degree requirements. All graduate students should become familiar with the Graduate Bulletin and departmental program requirements. Students enrolling in graduate courses must possess satisfactory prerequisite experiences for each course taken. Students should consult their advisors, advisory committee, department chair, and/or the course instructor prior to enrollment in any course.

### **SECOND MASTER'S DEGREE REQUIREMENTS**

Students desiring to pursue a second master's degree at Delta State University shall have completed all requirements for the first master's degree at Delta State or another accredited university. In general, the same basic requirements for general admission, admission to candidacy, and other conditions previously stated in this catalog relative to the first master's degree are also applicable to the second degree.

Upon recommendation of the student's advisor and with approval of the college or school dean, a candidate for a second master's degree may transfer up to 9 semester hours of credit from the first degree program.

## **ACADEMIC HONESTY**

Delta State University expects all students to adhere to the highest moral academic standards. Unethical and dishonest behavior will not be tolerated and could invoke severe penalties. Academic dishonesty includes, but is not limited to, cheating, plagiarism, fabrication, falsification, forgery, and/or any misuse of university documents whether academic or administrative, tampering with any admission requirement documents to gain entrance into the university under a false pretense, selling or distributing written or oral information, and stealing, buying, or selling any administrative or academic document.

### **Cheating and Plagiarism**

#### **DEFINITIONS:**

Cheating - taking credit for work which has been completed by another person, or assisting others in the misrepresentation of their academic work. Examples include, but are not limited to the following:

- taking answers from another student's paper or allowing answers to be taken from one's own paper during an examination or quiz;
- the use of notes or any other aid not specifically allowed or approved by the instructor;
- unauthorized access to an un-administered examination or quiz and dissemination of the same;
- collaboration on take-home examinations unless specifically approved by the instructor;
- receiving editorial assistance on a course assignment beyond that expressly allowed by the instructor;
- collaborating with another person in the preparation of any assignment offered for credit when such collaboration is prohibited by the instructor; and
- submitting the same work for credit in more than one course, regardless of whether or not such submission occurs within the same term. An exception may be granted if the student receives written permission in advance from his/her instructor(s).

Plagiarism - the appropriation of ideas, facts, phrases, or additional materials (such as maps, charts, artwork, or computer programs) from any source without giving proper credit or offering appropriate documentation. Any material in a paper, report, art-work, or computer program which is not acknowledged is understood to be the original work of the author, unless the material is considered general knowledge. Students who are unsure whether they have used and documented source material correctly should consult with their instructor prior to submission of the assignment.

#### **PENALTIES FOR DISHONESTY**

If it is believed that an academic honesty violation has occurred, the instructor should schedule a conference with the student to present the violation and evidence. If, following the consultation, the faculty member still believes the student has committed an act of academic dishonesty, the faculty member may recommend an appropriate sanction, such as a grade of zero on the test, examination, or paper in question, retake of a test or examination, extra work, failure in the course, suspension, or a combination of these sanctions. The faculty member shall inform the student of the recommended sanction. The faculty member then shall submit a written report of the matter (including Cheating/Plagiarism Document) to the department/division chair, the dean of the school/college in which the course was offered, and, if different, the student's academic dean, and the Provost, with a copy to the student. In the case of a graduate student, the dean of the Graduate Studies shall be given a copy. This notification will remain confidential in compliance with policies protecting student privacy.

If the recommended sanction is dismissal, the provost shall inform the president, and the president shall direct the registrar to inform the student of the recommendation of the dismissal. In each case, copies of the notification of a recommended sanction shall be sent by the registrar to the faculty member, the department/division chair, the dean of the school or college in which the course was offered, and if different, the student's academic dean.

#### **STUDENT APPEAL OF RECOMMENDED SANCTION**

The student may appeal the sanction recommended by a faculty member by following the appeal process already in place in the Delta State University Undergraduate and Graduate Bulletins.

### **GRIEVANCE POLICY - ACADEMIC - GRADUATE STUDENT**

At any stage in the appeals process, should a decision necessitate a change in the official record (e.g. a grade change), the responsible party at that stage shall make the required change and record such action in the appeals file.

1. The student will discuss the grievance with the instructor and seek a solution. This discussion, the first step of the grievance process, must take place no later than the last working day of the next regular term after the course in question.
2. If the problem is not resolved to the satisfaction of the student in conference with the instructor, the student is entitled to submit an appeal in writing (with documentation) to the department/division chair within fifteen working days of the date of the conference. Upon receiving a student appeal, the department/division chair submits, within fifteen working days, a written request for a response in writing (with documentation) from the instructor. The instructor replies to the chair's request within fifteen working days. The department/division chair notifies the student and instructor in writing of his/her decision, within fifteen working days from the date the response is received from the instructor. All documents must be retained for a minimum of three years; upon sending the response to the student and instructor, the chair will ensure that the complete appeals file is delivered to the Office of Academic Affairs.
3. If the problem is not resolved to the satisfaction of the student, the student is entitled to submit an appeal in writing (with documentation) within fifteen working days of the date of the department/division chair's written response, to the college/school dean with administrative responsibility for the department in which the appeal originated. The college/school dean obtains the appeals folder from the Office of Academic Affairs and reviews the student appeal and the corresponding written responses from the instructor and chair. The college/school dean notifies the student and instructor in writing of his/her decision with a copy to the division/department chair, within fifteen working days from the date the appeal is received. All documents must be retained for a minimum of three years; upon sending the response to the student, instructor, and chair, the dean will ensure that the complete appeals file is delivered to the Office of Academic Affairs.
4. If the problem is not resolved to the satisfaction of the student, the student is entitled to submit a written request for a hearing with the Graduate Academic Appeals Committee within fifteen working days of the date of the dean's response. (Committee contact information available through the Graduate and Continuing Studies Office, 239 Kent Wyatt Hall 662-846-4700). The Graduate Academic Appeals Committee chair schedules a hearing date, within fifteen working days from the date the request for hearing is received, and notifies the student, instructor, and chair, and the chair obtains the appeals file from the Office of Academic Affairs. All parties may submit their cases in person to the committee. The Appeals Committee notifies the student, instructor, and chair in writing of its decision with a copy to the appropriate dean, within five working days from the date of the hearing. All proceedings of the Graduate Academic Appeals Committee are confidential. All documents must be retained for a minimum of three years; upon the Committee's sending the response to the student, instructor, chair, and dean, the Graduate Academic Appeals Committee chair will ensure that the complete appeals file is delivered to the Office of Academic Affairs.
5. If the problem is not resolved to the satisfaction of the student, the student is entitled to submit an appeal in writing to the Vice President for Academic Affairs within fifteen working days of the date of the Committee's notification. The Vice President for Academic Affairs reviews the appeals file. Within fifteen working days after receiving the appeal, the Vice President for Academic Affairs notifies the student, instructor, and chair in writing of his/her decision, which is final, with a copy to the appropriate dean and the chair of the Graduate Academic Appeals Committee. All documents must be retained for a minimum of three years; the Vice President for Academic Affairs will retain the appeals file in the Office of Academic Affairs.

Grievances shall not encompass the quality of instruction, the difficulty of testing, the rigor of grading, or the appropriateness of the course requirements. The judgment of what standards are appropriate resides with the instructor, unless there is compelling evidence that those standards are arbitrary or capricious.

At every step, the correspondences from the instructor, the chair, the dean, and the Committee shall designate the date by which the next step, if indicated, shall be initiated by the student or respondent.

## **GRADES**

Graduate students are awarded grades of A, B, C, D, or F on coursework but no graduate credit toward a degree is earned for a grade of less than C. The temporary mark of “I” (incomplete) is given when, for reasons acceptable to the instructor, course requirements cannot be completed during the enrollment period. An “I” must be removed within twelve months or the “I” will automatically become an F. This does not apply to thesis, dissertations, and other research or practicum courses. All “I” grades must be removed from the student’s transcript before the student can be processed for graduation. In certain research and practicum courses, a student may receive an “IP” (in progress) grade. This grade does not calculate in the grade point average. A grade of NS will be assigned to courses for which a student registers but fails to attend any class meetings.

## **REPEATING COURSES**

Graduate students may repeat a course only once but must have permission from their graduate advisor and the college or school dean to repeat a course. Repeating a course does not remove the grade previously earned in the course. The calculation of the cumulative grade point average is based on all grades received for graduate courses taken at Delta State University. Exceptions must be approved by the graduate advisor, department chair, and college or school dean.

## **ACADEMIC SUSPENSION AND DISMISSAL**

Students who earn three grades of “C” or one grade of “D” or “F” will be dismissed from their degree program. Also, master’s level students must maintain a 3.0 GPA during the first nine semester hours of graduate work in a degree program. Failure to do so will result in dismissal from that program unless otherwise stipulated by the department offering the program. If, at any time after completion of nine hours, a student’s overall grade point average on graduate courses drops below a 3.0, the student will be placed on probation. A student on probation is not a candidate for a degree. Probationary status is removed by raising the overall grade point average to 3.0 or better on all graduate work at the end of the next semester of enrollment after being placed on probation. (For students enrolled in the summer, both school terms will be used to determine if probationary status should be removed.) Failure to remove probation in the manner described will result in the student being dropped from the degree program whether the same program or two different programs.

Students who have been dismissed from a graduate degree program may be eligible to apply for re-admission, upon approval from their respective graduate program and school, after one full semester has passed since their dismissal. One full semester refers to one regular term (Fall or Spring) or both summer terms. During the dismissal term, students who intend to return to their graduate degree program are encouraged to address deficiencies in their academic work with their advisor and academic program. These deficiencies, whether in undergraduate or graduate course work, should be approved by the graduate program and the respective school. A student will not be eligible to seek readmission to the university after a second dismissal from a graduate degree program whether the same program or two different programs.

If, at any period of enrollment, a student demonstrates to the satisfaction of the advisor and the department chair that a consistently satisfactory level of achievement cannot be maintained, withdrawal from the graduate program is advised.

### **NON-ACADEMIC DISMISSAL**

All non-academic expulsions from Delta State University levied by the established University Judicial System will be noted on student academic transcripts.

Students expelled for non-academic reasons are permanently removed from all classes and will not be eligible for readmission to the university. A final grade of “W” will be posted on each registered course at the time of expulsion. These transcript notations will appear as “Non-Academic Disciplinary Expulsion” and will include the expulsion effective date. Expulsion notations will remain on the student transcript permanently.

## **SCHEDULE CHANGES**

The following regulations apply to change of program:

1. The last day to add a class is the sixth class day of a semester (second class day, summer term). (See University Calendar.)

2. To add or drop a course, a student must complete a Drop/Add form from the Registrar's office. Failure to observe this regulation results in a recorded grade of "F" in the course.
3. Courses dropped after the deadline printed in the University Calendar are recorded on the student's permanent record as "W" if the student's average grade is passing or "F" if failing at the time of withdrawal.
4. No course may be changed from Credit/Audit without permission of instructor after the last day to add a class. (See University Calendar.)
5. The last day to withdraw from a course will be the 75% point in the semester. (See University Calendar.)

### **CLASS ATTENDANCE**

In no case shall absences exceed 25 percent of the scheduled meetings of class. In such cases, the student shall receive a grade of F in the class. Particular policies and procedures on absences and makeup work are established for each class and are announced in writing at the beginning of the term. Each student is directly responsible to the individual professor for absences and for making up work missed.

A student who pre-registers for classes and is unable to attend must withdraw from the registration term. Failure to remove the registration or to notify the Registrar or Student Business Services will result in charges to the student account and financial obligations to the University.

A student who registers for classes and never meets the classes will be reported to the Registrar's Office by the instructors as a No Show. No Shows are reported to the Financial Aid Office and may affect the student's current and future financial aid. A grade of NS will be posted for these courses and students will be charged a fee for each course reported..

For purposes of financial aid and enrollment, a student will be considered to be in attendance in an online class when the individual 1) participates in online discussions about academic matters; or 2) initiates contact with faculty to ask questions about subject studies; or 3) completes assignments; or 4) takes tests. Logging into an online course without active participation does not constitute attendance.

The last date of attendance will be the date the student last logged into the course and met one of the four criteria above.

A student in an online course must follow the standard procedure for dropping the class.

NO-SHOW Status: Students who have never logged into an online course as well as students who have logged into an online class but have not actively participated will be reported as "No Shows" according to the university's No Show procedure.

### **ATTENDANCE BY PERSONS NOT ENROLLED IN A COURSE**

The University has the right to determine who is enrolled in a class and to control the presence of the person who is not enrolled in the class. A non-enrolled person is allowed in the classroom only at the discretion of the instructor.

### **COURSE LOAD LIMITS**

Students enrolled for 9 hours or more during a regular semester or 4 hours or more during a summer term are classified as full-time graduate students. Students may take up to 13 hours during a regular semester and up to 6 hours during a summer term. Exceptions to the upper limits must have the prior approval of the graduate advisor and the department chair. Students taking in excess of these upper limits will be assessed an overload fee.

### **THESIS**

The thesis is an original research project conducted by a candidate under the direction of an advisory committee appointed by the college or school dean upon recommendation of the department chair. A detailed instruction sheet for the preparation and submission of the thesis is available in the office of the college or school dean.

### **DISSERTATION**

The dissertation is an original research project conducted by a candidate under the direction of an advisory committee appointed by the Dean of the College of Education upon recommendation of the Coordinator of Doctoral Studies. Instructions for the preparation and submission of the dissertation are available in the office of the Coordinator of Doctoral Studies.

### **SCHOLARLY PROJECT**

The Doctor of Nursing Practice (DNP) scholarly project is a faculty-guided scholarly practice experience that provides evidence of student critical thinking ability to apply research principles, and ability to transfer practice through problem identification, proposal development, implementation, and evaluation of a clinical problem. Instructions for the preparation and submission of the scholarly project are available in the office of the Chair of Nursing.

### **WRITING PROFICIENCY**

If the writing standard of a graduate student is questioned, referral may be made to the Writing Center which is directed by the Division of Languages and Literature. Successful performance on a writing proficiency examination may be required for continuation in the degree program.

### **COMPREHENSIVE EXAMINATION**

A final oral and/or written comprehensive examination in the candidate's major field, or the equivalent thereof, is required of all candidates and must be completed at least two weeks before the graduation date. A committee to administer the comprehensive examination is appointed by the college or school dean upon the recommendation of the department chair. The examination covers all major field content including transfer and off-campus work. To be eligible to take the major field comprehensive the candidate must be enrolled in, or have completed, the final coursework, have a 3.0 average in the major field (3.25 for specialist and doctoral), and have approval from advisor.

Doctoral degree candidates in the College of Education and Human Sciences will follow guidelines in a separate publication available in the office of the Thad Cochran Center for Rural School Leadership and Research.

### **APPLICATION FOR THE DEGREE**

Application for a degree must be approved by the graduate advisor/coordinator. Graduation applications for the Registrar's Office must be submitted online via DSU Online Services.

In order for a graduate degree to be conferred, the candidate must attend graduation unless prohibited by mitigating circumstances.

# DEGREE PROGRAMS

## MASTER OF APPLIED SCIENCE IN GEOSPATIAL INFORMATION TECHNOLOGIES

*Purpose.* The MAS-GIT is a fully online degree program designed to meet the needs of students from a variety of academic and professional backgrounds who have completed an undergraduate degree and seek advanced academic training in geospatial information technologies.

Admission. Full admission to the MAS-GIT program may be granted to the applicant who:

1. Meets all requirements for admission to Graduate School.
2. a. Has earned a baccalaureate degree from an accredited institution in a related discipline (e.g., geography, biological and physical sciences, earth science, meteorology, ecology, environmental sciences, forestry, computer information systems, social sciences, interdisciplinary studies).  
OR  
b. Applicants may be considered for admission to the program if they have earned a baccalaureate degree in other disciplines from an accredited institution and have at least three years of successful relevant experience supported by three letters of recommendation from practitioners in the field.
3. Has earned GPA 2.75 or higher on all undergraduate coursework for full admission. GPA between 2.5 and 2.75 may be considered for provisional admission.
4. Candidates for admission must submit a written 1-2 page statement describing why they wish to enter the program and how the program can lead to career success.
5. Two letters of reference. The letters should be sent directly from the referees.

Application and all supporting materials are accepted for admission by August 1. Late applications between August 1 and August 15 will be up to the admission committee's decision for consideration of Fall enrollment.

*Degree Requirements.* A candidate for the Master of Applied Science in Geospatial Information Technologies is required to meet the following:

1. Fulfill general requirements for a graduate degree at Delta State University.
2. Complete a minimum of 30 semester hours of graduate credit consisting of 24 hours of required courses and 6 hours of approved electives.
3. A student who receives a grade of D or F or who acquires two grades of C will be removed from the graduate program.
4. Earn an overall GPA of at least 3.0.

*Student Responsibility.* The graduate student must accept full responsibility for knowing and following the policies and regulations of DSU graduate programs, as well as requirements specific to the degree program.

*Curriculum:* 24 hours required courses, and 6 hours approved electives.

## MASTER OF ARTS IN LIBERAL STUDIES

Delta State University awards a Master of Arts in Liberal Studies (MALS). The MALS degree program promotes an interdisciplinary approach to graduate education by offering a diverse set of humanities and social science tracks. This program is designed for students who want to pursue advanced understanding of the nature of societal values and ideals that influence the human condition in the context of past and present human behavior and institutions. Students are exposed to perspectives that are useful for solving real problems while deciphering major philosophical, cultural, and social concepts about the world around us. The program targets full-time and part-time students from diverse back- grounds and stages in their professional lives, whether they are or returning to school for graduate education as practicing lawyers, ministers of religion, policy makers, teachers, politicians, administrator or are recent graduates who want to sharpen their analytical, critical thinking, writing and research skills by working with a highly qualified and diverse group of faculty.

Students can choose from one of the following tracks that reflect an interdisciplinary approach to education:

1. Evolving Human Voices: Studies of the Written Word
2. Gender and Diversity Studies
3. Globalization Studies
4. Mississippi Delta Studies
5. Philosophy
6. Religious Studies

**Admission.** To be considered for admission, applicants must:

1. Have earned a baccalaureate degree from an accredited institution;
2. Have earned a grade point average of 3.2 or higher on all undergraduate coursework;
3. Candidates for admission must submit a written statement describing why they wish to enter the program and how the program can lead to career success.
4. Candidates must also submit three letters of recommendation from professors and/or employers. At least one letter should come from a professor who is familiar with the applicant's work.
5. Candidates must submit a resume.
6. Submit a graded writing assignment from an upper-level undergraduate class.

Applications will be considered by the MALS coordinating committee, which consists of the MALS program coordinator, the advisors for each track, and the chairs of the divisions of Social Science & History and Languages and Literature.

Applicants may be granted provisional admission status for the first nine (9) hours of graduate course work. All admission requirements must be met within these nine hours. Applicants must have an undergraduate GPA of 3.0 or above to be admitted provisionally.

**Degree Requirements.** A candidate for the Master of Arts in Liberal Studies is required to:

1. Fulfill the general requirements for a graduate degree at Delta State University;
2. Complete graduate work consisting of core courses and elective hours as specified;
3. Earn a grade point average of at least 3.0 overall;
4. Earn a grade of B or higher in GLS 600;
5. Pass an oral and/or written comprehensive exam administered by a committee appointed by the MALS coordinator;
6. With the consent of the advisor, elect to research and write a thesis for 6 hours credit;
7. Earn at least one-half of all hours toward the MALS degree at the 600 level.

- Secondary Education with concentrations in Art, English, History, Social Science (offered collaboratively through the College of Arts and Sciences and the College of Education)
- Special Education (Mild/Moderate Disabilities)
- M.Ed. programs are administered through various academic departments. Please note that some programs have admission requirements in addition to the minimum requirements indicated below.

*Admission.* Minimum requirements for admission are:

1. A baccalaureate degree from an institution fully accredited by one of the recognized accrediting agencies.
2. A Mississippi Class A teaching license, or an equivalent professional license. For the Master of Education in Special Education and in Counseling, a Class A teaching license is not required; candidates may apply for a Class AA license at the end of the program without a previous Class A license.

All other programs require a Class A license or its equivalent. However, upon the recommendation of the department chair, licensure requirements may be waived for those candidates who are currently employed by or preparing for employment in junior or senior colleges, or are seeking employment in other positions not requiring licensure. The candidate must sign a waiver stating that he/she recognizes that the M.Ed. will not lead to licensure. The candidate must still meet all field experience and other assessment requirements of the program.

The waiver will be kept on file in the department and a copy submitted to the office of the Dean of the College of Education.

In the event that the licensure requirement is waived, it is incumbent upon the candidate to recognize the potential limitation upon the scope of areas within which he or she might seek employment in the future.

3. An overall minimum undergraduate grade point average (UGPA) as established by each program.
4. An official score(s) from a standardized or departmental test(s) as required by the program. (See program requirements for acceptable test)

*Degree Requirements.* A candidate for the Master of Education degree is required to meet the following:

1. Fulfill the general requirements for a graduate degree at Delta State University.
2. Complete graduate work consisting of core courses, major field hours and elective hours as specified.
3. Earn a grade point average of at least 3.0 in the major field and overall.
4. Earn a B average in the prescribed core courses. (See also individual program requirements.)
5. Pass an oral and/or written examination in the candidate's major field administered by a committee appointed by the division chair.

*Thesis option:* With the consent of the advisor, a candidate may elect to write a thesis for the 6 semester credit hours in the major field. (See individual program requirements)

**COLLEGE OF EDUCATION AND HUMAN SCIENCES**

The following admission requirements are the same for all M.Ed. degree programs in the College of Education and Human Sciences. Please note that some programs have additional requirements.

*Admission.* Requirements for admission are:

1. A baccalaureate degree from an institution fully accredited by one of the recognized accrediting agencies
2. A Class A teaching certificate, or its equivalent.

A Master of Education degree applicant who does not yet qualify for an “A” certificate may be admitted to the Graduate School, but must meet the requirements of the State of Mississippi for an “A” certificate in teaching before the degree will be awarded. However, upon the recommendation of the department chair, the Dean of the College of Education may waive the requirements of satisfying certification requirements for those students currently employed or preparing for employment in junior or senior colleges, non-public institutions, or positions not requiring certification. (Waiver forms are obtained in the office of the department/division chair.) In the event that certification requirements are waived, it is incumbent upon the student to recognize this limitation upon the scope of the areas within which he or she might seek employment in the future.

Course work included in the Class A teaching certification program in Health and Physical Education or undergraduate course work taken by those seeking a waiver of the Class A teaching certificate rule in Health and Physical Education must include the following: anatomy and physiology, exercise physiology and measurement and evaluation in physical education or an approved statistics course. Students who do not have these prerequisite courses may take other graduate classes while they complete the undergraduate work.

3. An overall undergraduate grade point average (UGPA) of a minimum of 2.50 or 2.75 on the last 64 hours of required course work. (For counselor education, and health, physical education and recreation an overall GPA of 2.75 or 3.00 on the last 64 hours of required coursework)(For special education, a minimum overall undergraduate GPA of 3.0 or a minimum overall GPA of 3.0 on the last graduate program completed.)

Admitted students are required to enroll in 9 hours of initial course work as specified by the division. (Prior approval is required.) NOTE: A minimum grade of B is required for each course for the initial 9 hours. A student with a grade below B in any of the three initial required courses will be allowed to repeat that course(s) one time. No additional courses toward completion of the degree may be taken until the 9-hour grade point average requirement is fully met.

4. A satisfactory score on a nationally recognized, standardized test of writing skills.
5. M.Ed. in Elementary Education applicants must submit evidence of a passing score on PRAXIS II, Elementary Education: Curriculum, Instruction, & Assessment (K-5), or Elementary Education: Curriculum, Instruction, & Assessment (4-8); or passing score on test in Elementary Education approved by Mississippi State Department of Education.
6. M.Ed. in HPER applicants an overall UG GPA of 2.75 or 3.0 on last 64 hours is required. The following exams may be used to meet the writing admission requirement:
  - a. Collegiate Assessment of Academic Proficiency (CAAO) - 3.0

## MASTER OF ARTS IN TEACHING DEGREE PROGRAM

The Master of Arts in Teaching Program has a two-fold purpose. First, it is designed for promising individuals with non-education bachelor degrees who want to become classroom teachers in elementary grades 4-6, secondary grades 7-12, or special education K-12. Second, it allows for individuals who are interested in teaching, but not seeking licensure to earn a graduate degree. This second purpose enables individuals nationally and internationally to secure a graduate degree in education.

Candidates progress through the MAT Program as part of a cohort, a design that will enhance the delivery of University support and promote collaboration in planning, implementation, and evaluation.

The Mississippi Department of Education issues MAT Program licensure in the following areas: Art, Biology, Business, Chemistry, Elementary Education (grades 4-6), English, French, German, Home Economics, Marketing, Math, Music, Physical Education, Physics, Social Studies, Spanish, Special Education (grades K-12), Speech Communications, and Technology Education.

*Admission.* In addition to submitting an official application to the Delta State University Office of Graduate Studies and meeting general admission requirements for the Graduate School, applicants must submit a completed Master of Arts in Teaching Admission Portfolio that includes the following:

- A. Official verification of completion of a baccalaureate degree from a regional, national, or international accredited institution;
- B. Official documentation of having passed the Core Academic Skills for Educators Examination by making the scores required by the Mississippi Department of Education on the subtests of reading, writing and mathematics (Not applicable to the Non-Licensure track);
- C. Documentation of having passed the Praxis II Specialty Area test by making the score required by the Mississippi Department of Education in the content area (Not applicable to the Non-Licensure track); For those secondary elementary (4-6) license only, documentation of passing score on The Mississippi Foundations of Reading test;
- D. A minimum overall undergraduate GPA of 2.75;
- E. Three reference letters supporting the applicant’s character and teaching potential;
- F. A computer-generated essay of 250 words: Why you want to teach and what you think you have to contribute to the field of education;
- G. Admitted students are required to enroll in 6 hours of initial course work as specified by the program of study. (Prior approval is required). NOTE: A minimum GPA of 2.5 is required for the first 6 hours and a minimum of a 3.0 after the first 12 hours. A student who does not meet the minimum 3.0 GPA requirement will be removed from the program.

If a grade of “D” or “F” is earned in any course, the student will automatically be dropped from the MAT program.

Applications will be accepted and reviewed in the spring of each year, with a new cohort beginning study each June/first summer session.

*Degree Requirements.* A candidate for the Master of Arts in Teaching degree in the College of Education and Human Sciences is required to meet the following:

1. Fulfill the general requirements for a graduate degree at Delta State University;
2. Complete the courses outlined in the program of study;
3. Earn a grade point average of at least a 3.0 in the major field and overall;
4. Pass an oral and/or written examination in the candidates major field administered by a committee appointed by the division chair.
5. Must obtain a fulltime teaching position during the fall and spring semesters (internship) in their area of endorsement from the three-year non-renewable license.

## MASTER OF SCIENCE DEGREE IN SPORT AND HUMAN PERFORMANCE

The program functions to meet diverse needs of graduate students seeking advanced professional preparation in the areas of sports administration, sports management, exercise science, human performance, and physical education. The 36 credit-hour program has three concentrations; sports management, human performance, and exercise science. It typically entails two years of graduate study to prepare students for professional opportunities in athletic administration/management, human performance, exercise science and fitness management, as well as supervisory roles in the area of physical activity.

*Admission.* Requirements for admission are:

1. A baccalaureate degree from an institution fully accredited by one of the recognized accrediting agencies.
2. Prerequisite courses for the sport management concentration includes a course in statistics or measurement and evaluation; for the exercise science concentration a course in exercise physiology, and anatomy and physiology or kinesiology; and for the human performance concentration courses in statistics or measurement and evaluation, anatomy and physiology or kinesiology and exercise physiology.
3. An overall undergraduate grade point average (UGPA) of a minimum of 2.75 or 3.0 on the last 64 hours of required course work.
4. Admitted students are required to enroll in 9 hours of initial course work as specified by the division. (Prior approval is required.) NOTE: A minimum grade of B is required for each course for the initial 9 hours. A student with less than a grade point average of B in any of the three initial required courses will be allowed to repeat that course(s) one time. No additional courses toward completion of the degree may be taken until the 9-hour grade point average requirement is fully met.
5. The following exams may be used to meet the writing admission requirement:
  - a. Collegiate Assessment of Academic Proficiency (CAAO) - 3.0
  - b. Graduate Record Exam (GRE) Writing Portion - 3.5
  - c. PRAXIS Pre-Professional Skills Test (PPST) Writing Portion - 173 or core Academic Skills for Educators (CASE) Writing Portion - 162

*Degree Requirements.* A candidate for the Master of Science in Sport and Human Performance is required to meet the following:

1. Fulfill the general requirements for a graduate degree at Delta State University;
2. Complete graduate work consisting of core courses, major field concentration hours and elective hours as specified. At least one half of major field courses must be at 600-level or higher;
3. Earn a grade point average of at least 3.0 in the major field concentration and overall;
4. Earn a B average on the degree core courses (PER 601, 602, 611, 680 and ELR 605)
5. Pass an oral and/or written examination in the candidate's major concentration administered by a committee appointed by the division chair;
6. Optional. With the consent of the advisor, a candidate may elect to write a thesis for 6 semester hours credit in the major field.

### CONCENTRATIONS IN THE MASTER OF SCIENCE IN SPORT AND HUMAN PERFORMANCE

A. Sport Administration/Management Concentration .....	36
1. Core courses required PER 601, 602, 611, 680*; ELR 605 .....	15
2. Concentration required hours PER 571, 617, 670, 685; MKT 540** .....	15
3. Approved electives .....	6
B. Exercise Science Concentration .....	36
1. Core courses required PER 601, 602, 611, 680*; ELR 605 .....	15
2. Concentration required hours PER 560***, 561, 566, 638, 685; HSE 636*** .....	18
3. Approved electives .....	3
C. Human Performance.....	36
1. Core courses required PER 601, 602, 611, 680*; ELR 605 .....	15
2. Concentration required hours PER 571, 638, 670, 685; HSE 636*** .....	15
3. Approved electives .....	6

\* PER 680 requires a prerequisite of an undergraduate statistics or measurement and evaluation course.

\*\*MKT 540 requires a prerequisite of an undergraduate introduction to marketing course.

\*\*\* PER 560 & HSE 636 requires an undergraduate prerequisite of an undergraduate course in exercise physiology.

## MASTER OF SCIENCE DEGREE IN COMMUNITY DEVELOPMENT

*Purpose.* The Community Development program is designed to provide knowledgeable and skilled personnel for a variety of social organizations, including development corporations, for-profit entities, and state and local government agencies. The program synthesizes theories on the formation and modification of individual and group behavior patterns with opportunities for practical application through internships and research in diverse community settings.

*Admission.* Requirements for admission are

1. An undergraduate degree in the proposed area of study or a related area.
2. a. A minimum overall undergraduate grade point average of 3.0  
OR  
b. At least three years of successful relevant professional experience supported by three letters of recommendation from practitioners in the field.
3. An official GRE test score to be submitted within the first semester of graduate study.
4. Candidates for admission must submit a written statement describing why they wish to enter the program and how the program can lead to career success. They must also submit three letters of recommendation from professors and/or employers, and a resume. At least one letter should come from a professor who is familiar with the applicant's work.
5. Applications will be reviewed three times per year, no later than April 15, July 15, and December 15, by the Community Development Graduate Committee.
6. It is recommended that students enter the program with three completed hours in statistics and research methods and six completed hours in social sciences, or three completed hours in the social sciences and three completed hours in economics or management or finance.
7. The Community Development Graduate Committee may require that students take one or more undergraduate courses prior to their formal admittance into the MSCD program. The courses will be identified on the basis of need and will be recommended to the students upon notification of the status of the students' admission applications.
8. The CD Graduate Committee may also request formal interviews with prospective students prior to their formal acceptance.

*Degree Requirements:* A candidate for the Master of Science Degree in Community Development (MSCD) is required to:

1. Fulfill the general requirements for a graduate degree at Delta State University.
2. Complete a minimum of 36 semester hours of graduate work as specified. At least one half of major field courses must be at 600-level.
3. Earn a grade point average of at least 3.0 in the major field and overall.
4. In the first semester of graduate study, students are expected to consult with the Graduate Coordinator of the Master of Science in Community Development program who will serve as the advisor for the student. With the major professor, the student will complete a Plan of Study wherein the student will outline exactly what courses are to be taken and when over the course of his/her tenure as a graduate student.
5. Students who choose the thesis option will identify two faculty members to serve with a major professor on the thesis committee. At least one of the two additional committee members must be from within the graduate faculty of the MSCD program. The student must present a research proposal to this committee. Additionally, the student will write and orally defend the thesis before this committee.
6. Students who choose one of the non-thesis options must pass a written comprehensive examination administered by a committee determined by the Coordinator of the MSCD program. Each student is allowed three attempts at the comprehensive exam to be completed no later than three semesters after completing course requirements.

Students may pursue a track of study in either Sustainable Development or Economic Development. With the exception of COD 521, these courses count toward elective requirements

**Sustainable Development Track:**

Required: COD 521, 522, 526; SOC 580, and other courses approved by the graduate Coordinator

**Economic Development Track** (Note that students have to meet prerequisite requirements):

Required: ECO 560, 612, 623, 652

Approved electives: ECO 550; MGT 600, 605; FIN 600

**MASTER OF SCIENCE IN SOCIAL JUSTICE AND CRIMINOLOGY DEGREE**

*Purpose:* The Master of Science Degree in Social Justice and Criminology is a graduate degree designed for students who wish to pursue academic and/or professional roles in the criminal justice system.

*Admission:* Requirements for Admission are

1. An undergraduate degree in the proposed area of study or a related area.
2. a. A minimum acceptable overall undergraduate grade point average of 3.00 with a 3.00 GPA minimum on all major and other relevant course-work completed during the applicant’s last 64 undergraduate hours.
- OR
- b. Applicants *may* be considered for conditional admission to the program if they have at least three years of successful relevant experience supported by three letters of recommendation from practitioners in the field. In addition, candidates must also be interviewed by the Social Justice and Criminology Graduate Committee to determine eligibility.
3. An official GRE test score to be submitted within the first semester of graduate study.

*Degree Requirements:* A candidate for the Master of Science Degree in Social Justice and Criminology is required to:

1. Fulfill the general requirements for a graduate degree at Delta State University.
2. Candidates for admission must submit a written statement describing why they wish to enter the program and how the program can lead to career success. They must also submit three letters of recommendation from professors and/or employers, and a resume.
3. Complete a minimum of 36 semester hours of graduate work as specified. At least one half of major field courses must be at 600-level.
4. Earn a grade point average of at least 3.0 in the major field and overall.
5. In the first semester of graduate study, students are expected to consult with the Coordinator of the Master of Science in Social Justice and Criminology program who serves as the advisor for the students. The student will complete a Plan of Study (POS) wherein the coordinator will outline exactly what courses are to be taken and when, over the course of their tenure as a graduate student.
6. Pass the comprehensive examination in the candidate’s major field administered by a committee of faculty. Each student is allowed three attempts at the comprehensive exam to be completed no later than three semesters after completing course requirements. Note: Students who elect to complete a thesis as a requirement for graduation are exempt from the final comprehensive examination.

## MASTER OF SCIENCE IN NATURAL SCIENCES DEGREE

*Purpose.* This program of study provides specialized training in the biological or physical sciences beyond the baccalaureate level.

*Areas of Emphasis: Biological Sciences or Physical Sciences*

*Admission.* An applicant will apply for admission to either the Biological Sciences or Physical Sciences program.

**Full Admission and Non-degree Admission.** Admission requirements differ for each area of emphasis. Application does not guarantee admission to a graduate program. Admissions are selective and decision to admit or not admit an applicant is by department committee based on holistic evaluation of all required and other application materials as they relate to potential for successful completion of requirements of the graduate program. An applicant who is denied admission will be informed as to the reasons for denial and under what circumstances reapplication is advisable. It is strongly advised that an applicant consult with the department graduate coordinator concerning his/her qualifications for admission prior to initiating the formal application process.

### BIOLOGICAL SCIENCES EMPHASIS

*Full Admission.* This emphasis provides specialized training for science teachers. Full admission status to the Master of Science in Natural Sciences degree program with a Biological Sciences Emphasis may be granted to an applicant who:

1. Holds a baccalaureate degree from an institution fully accredited by one of the recognized accrediting agencies, and
2. Has completed, as a minimum, coursework equivalent to general biology, general botany, and general zoology along with a minimum of one course from each of the following subdiscipline areas: taxonomy/ecology; cytology/microbiology/genetics; anatomy/developmental biology/physiology, and
3. Has earned a minimum acceptable overall undergraduate grade point average of 2.75 with a 3.00 GPA minimum on all major and other relevant coursework completed during the applicant's last 64 undergraduate hours, and
4. Holds or qualifies to hold a Class A teaching certificate, or its equivalent based on a baccalaureate degree in biology. An applicant lacking a teaching certificate must sign a waiver stating that he/she realizes that the M.S.N.S. does not constitute certification.

A student must verify satisfaction of requirements 1-4 for full admission as described above through submission of appropriate documentation by completion of the first 9 semester hours of graduate level work. A student who fails to do this will be moved to Non-degree status for the next term of enrollment and prevented from enrolling in additional coursework applicable to the degree program. Requirements must be satisfied during that term of enrollment or the student will be dropped from the program. Furthermore, the student must complete the following tasks prior to completion of the first 9 hours of major subject coursework:

1. Establish a graduate advisory committee, and
2. File a tentative program of study approved by the advisory committee, the Department Chair, and the Dean of Arts and Sciences.

(A student who fails to complete #1 and #2 as specified will be moved to Non-degree status for the next term of enrollment and prohibited from enrolling in additional major coursework applicable to the degree program. Requirements must be satisfied during that term of enrollment or the student will be dropped from the program.)

*Non-degree Admission.* An applicant who is unable to satisfy requirements for full admission may be admitted on a non-degree, watch-care status to improve undergraduate credentials and to meet full admission requirements. No more than 9 graduate level semester hours earned while enrolled under non-degree status may be applied to the emphasis in Biological Sciences. Only credits earned with a grade of B or better may be applied to the emphasis in Biological Sciences.

*Degree Requirements.* A candidate for the Master of Science in Natural Sciences with a Biological Sciences Emphasis is required to:

1. Fulfill the general requirements for a graduate degree at Delta State University, and
2. Complete a minimum of 33 semester hours of graduate credit, one-half of which must be 600-level, and
3. Earn a minimum overall GPA of 3.0 in all coursework listed on the approved program of study and separately in all major courses in biology listed on the program of study, and
4. Pass a final oral comprehensive examination formulated and administered in part by the Department of Biological Sciences Graduate Program Committee and in part by the student's graduate advisory committee and covering the broad discipline of biology and the student's specific area of interest, and
5. Prepare a teaching portfolio to be presented during the oral comprehensive examination.

*Student Responsibility.* The graduate student must accept full responsibility of knowing and following the policies, regulations, and time lines of the College of Arts and Sciences and the Department of Biological Sciences requirements relevant to the M.S.N.S. degree program.

### PHYSICAL SCIENCES EMPHASIS

*Full Admission.* Full admission status to the Master of Science in Natural Sciences degree program with a Physical Sciences Emphasis may be granted to an applicant with a satisfactory score on a nationally recognized, standardized test of verbal skills AND who

1. Holds a baccalaureate degree from an institution fully accredited by one of the recognized accrediting agencies, and,
2. Has completed, as a minimum, coursework equivalent to two semesters general chemistry, two semesters of organic chemistry, one semester of quantitative analysis, and one semester of physical chemistry, and
3. Has earned a minimum acceptable overall undergraduate grade point average of 2.75 with a 3.00 GPA minimum on all major and other relevant coursework completed during the applicant's last 64 undergraduate hours, and
4. Submit a score for either the Graduate Record Examination (GRE) general test or the Praxis II Science Content Exam, and
5. Holds or qualifies to hold a Class A teaching certificate, or its equivalent based on a baccalaureate degree in chemistry (for the option A applicants only). An option A applicant who does not yet qualify for an A certificate may be admitted, but with the stipulation that the requirements of the State of Mississippi for an A certificate in physical science teaching must be met before the degree will be awarded. This requirement is not subject to waiver.

A student must verify satisfaction of all requirements for full admission as described above (except #5) through submission of appropriate documentation to the Graduate Studies Office by completion of the first 9 semester hours of graduate level work. A student who fails to do this will be moved to Non-degree status for the next term of enrollment and prevented from enrolling in additional coursework applicable to the degree program. Requirements must be satisfied during that term of enrollment or the student will be dropped from the program. Furthermore, the student must complete the following tasks prior to completion of the first 9 hours of major subject coursework:

1. Establish a graduate advisory committee, and
2. File a program of study approved by the advisory committee, the Division Chair, and the Dean of Arts and Sciences, and (A student who fails to complete #1 and #2 as specified will be moved to Non-degree status for the next term of enrollment and prohibited from enrolling in additional major coursework applicable to the degree program. Requirements must be satisfied during that term of enrollment or the student will be dropped from the program.)
3. Be accepted by a major advisor for research direction (for the option B - research applicants only). An applicant seeking a research focus should consult with appropriate faculty who have compatible interests prior to application. There can be no guarantee that the research option will be available unless it has been negotiated between the student and a graduate faculty member willing to serve as the research director. The faculty member must provide a written statement of acceptance for research direction to the student and the division Chair. Acceptance of a student for research direction by a given faculty member

is made only when the student is considered to have the potential to successfully complete an independent research program and with the knowledge that the faculty member and division have sufficient and appropriate resources available to support the needs of the student. Because of time and resource constraints, more applications for research direction are received than can be accepted. Thus, research option positions are very selective and competitive.

*Non-degree Admission.* An applicant who is unable to satisfy requirements for full admission may be admitted on a non-degree, watch-care status to improve undergraduate credentials and to meet full admission requirements. No more than 9 graduate level semester hours earned while enrolled under non-degree status may be applied to the emphasis in Physical Sciences. Only credits earned with a grade of B or better may be applied to the emphasis in Physical Sciences.

*Degree Requirements.* A candidate for the Master of Science in Natural Sciences with a Physical Science Emphasis is required to:

1. Fulfill the general requirements for a graduate degree at Delta State University, and
2. Complete a minimum of 33 semester hours of graduate credit, one-half of which must be 600-level, and
3. Earn a minimum overall GPA of 3.0 in all coursework listed on the approved program of study and separately in all major courses in chemistry listed on the program of study, and
4. Pass oral final comprehensive examination formulated and administered by the student's graduate advisory committee and covering the broad discipline of chemistry and the student's specific area of interest, and
5. Complete an approved research project in the field of chemistry and defend the research during the oral component of the final comprehensive examination for the option B research oriented student only. An option B student may substitute additional approved coursework in lieu of the research element.

*Student Responsibility.* The graduate student must accept full responsibility of knowing and following the policies, regulations, and time lines of the College of Arts and Sciences and the Department of Chemistry and Physics requirements relevant to the M.S.N.S. degree program.

## MASTER OF SCIENCE IN NURSING DEGREE

*Purpose:* The Master of Science in Nursing provides study beyond the baccalaureate in Nursing. The role specialties are administrator, educator, and practitioner. Clinical specialties are adult and family. The graduate student in the **administrator** role completes a minimum of 495 theory and 660 clinical clock hours. The graduate student in the **educator** role completes a minimum of 495 theory and 720 clinical practice clock hours. The graduate student in the **practitioner** role completes a minimum of 422 theory and 1,020 clinical practice clock hours.

*Admission:* Admission is competitive, based on an estimate of the ability of the applicant to complete the program of studies successfully and on the appropriateness of the requested program of studies to the applicant's stated goals. A limited number of applicants can be accommodated. In cases where there are more qualified applicants than slots available, the Robert E. Smith School of Nursing Graduate Program accepts the most qualified who apply. Specific role focus availability is dependent on sufficient enrollment in the specialty area. Full-time (four semesters) and part-time (six semesters) plans of study are an option for the nurse educator and nurse practitioner students. A full-time (four semesters) and part-time (eight semesters) plan of study is optional for the administrator student. MSN courses are online. All enrolled students must have access to a computer, Internet connection, and basic computer and Internet skills. Application deadline is February 1.

There are two types of admission available for the graduate program in nursing: Full Admission and Provisional Admission.

Students considered for Full Admission to the Graduate Program for both the MSN degree and Posts Master's Certificate in the Robert E. Smith School of Nursing must meet the following requirements:

- A. Apply to Delta State University Graduate School and meet admission requirements as outlined in the Delta State University Graduate Bulletin.
- B. \*Meet admission requirements to the Robert E. Smith School of Nursing Graduate Program as follows:

  3. Completion of Robert E. Smith School of Nursing Master of Science in Nursing Program Application.
  4. A combined verbal and quantitative score  $\geq 800$  ( $> 280$  for new test) on the Graduate Record Exam [score must have been obtained in the last 5 years]. (MSN degree requirement).
  5. An analytic score of  $\geq 3.5$  on the Graduate Record Exam [score must have been obtained in the last 5 years] (MSN degree requirement)
  6. At least one year of continuous clinical nursing experience as a Registered Nurse for Nurse Administrator and Nurse Educator.
  7. At least one year of continuous clinical nursing experience with patient contact as an RN within the past three years for Nurse Practitioner.
  8. Submission of a resume (further information included in application packet).
  9. Completion of an advanced role in nursing statement as noted in the Robert E. Smith School of Nursing Master of Science in Nursing Program Application.
  10. A copy of a current unencumbered license to practice as a Registered Nurse in Mississippi or in the state in which the student will perform clinical. Individuals who hold a restricted license may or may not be eligible for admission.
  11. Three current ( $< 1$  year) letters of professional/academic reference. At least one reference must be academic in nature.
  12. Completion of an interview conducted by Robert E. Smith School of Nursing faculty prior to admission with a score of 50 or better (application packet must be complete before an interview is scheduled).
  13. Writing sample may be required during interview.
  14. A grade of "C" or better on a graduate level pathophysiology course (prerequisite)(Applies only to Nurse Practitioner and Educator Tracks).
  15. A grade of "C" or better on an introductory course in Statistics (MSN degree requirement).

\*Exception to noted requirements may be considered by Graduate Nursing Program Committee.

- C. 1. Complete a health and immunization form provided by the Robert E. Smith School of Nursing, evidence of personal health insurance and malpractice insurance, and current BLS certification (infant, child, adult) after being accepted for admission.
2. Comply with Mississippi legislative statutes and regulations regarding criminal background checks by having fingerprints taken at an approved health care agency (not a police or sheriff's department) and a criminal background check completed. Any cost of this requirement will be the student's responsibility.

*Provisional Admission:* Students who are registered nurses with a Bachelors of Science degree in a health-related field may also be considered for provisional admission by the graduate faculty. Non-degree students seeking admission into the program who have earned a grade(s) of "C" in non-degree courses may be also considered for provisional admission.

Students with Provisional Admission will be granted Full Admission after completing at least 9 semester hours of course work, following admission to the program, with at least a grade of "B" on all courses and by meeting other requirements for progression. Students who are provisionally admitted and who do not make a grade of at least a "B" or better on all courses in the first 9 semester hours of work, following admission to the program, will be dismissed from the program.

In order to progress in the program, the student must maintain an overall GPA of 3.0. Students must demonstrate a safe level of practice at all times in order to remain and progress in the program. Clinical performance may be evaluated on a satisfactory/unsatisfactory basis.

Students must have all grades of "I" or "IP" removed on prerequisite courses before progressing into subsequent courses.

*Degree Requirements:* A candidate for the Master of Science in Nursing degree is required to meet the following:

1. Graduate students take all core courses, role specific courses, a research option, and electives to total 42-48 semester hours.
2. Depending upon the program of study the student must complete one of the following: a HESI APRN-FNP Exam with a score of 800 or better; and APEA Post-Predictor University Exam with a score of 70% or better; or complete a written comprehensive examination with a score of 83 or better during the last semester of the student's plan of study. The examination covers all major field courses including transfer and off-campus work. To take the comprehensive exam, the candidate must be enrolled in, or have completed, the final course work and have a 3.0 grade point average.
3. A grade point average of at least 3.0 is required in the major field and overall.
4. Students must complete a project for degree completion.

*Non-Degree Students.* The non-degree student is a student enrolled in graduate courses and who has not been admitted to a degree program in the Robert E. Smith School of Nursing. Students wishing to enroll as non-degree students in selected Robert E. Smith School of Nursing courses must seek admission to Delta State University and obtain Robert E. Smith School of Nursing permission to enroll in the course. A non-degree seeking student may enroll in non-clinical courses: NUR 601 Advanced Theoretical Issues in Nursing and Ethics, NUR 603 Advanced Pathophysiology (pre-requisite for Educator and Practitioner students), NUR 604 Advanced Healthcare Policy and Politics, NUR 607 Instructional Methodologies, NUR 686 elective(s). Non-degree seeking students must earn at least a 3.0 GPA each semester. Failure to maintain a 3.0 or better GPA each semester will result in the inability to enroll in other non-degree seeking courses until advisement and permission has been obtained by the Chair of Nursing.

*Transfer of Nursing Courses.* Applicants who want to receive credit for prior nursing course(s) taken at another institution must submit a written request with supporting documentation and credit be negotiated before admission to the Robert E. Smith School of Nursing and not after a student is enrolled.

## EDUCATIONAL SPECIALIST DEGREE IN COUNSELING

**Purpose.** The Educational Specialist degree in Counseling is a 30 credit-hour curriculum designed to provide advanced professional preparation for practicing school counselors in elementary, middle, and high school settings. It prepares students to meet the requirements for Mississippi Class AAA educator licensure and further updates and increases student knowledge and professionalism in the field of school counseling. The program also provides an opportunity for counselors in school settings to seek other advanced credentials, such as National Certified School Counselor (NCSC) status and licensure as a Mississippi Licensed Professional Counselor (LPC).

**Admission.** To be admitted into the Educational Specialist in Counseling program, prospective students must:

1. Meet all general requirements for admission to the graduate school of Delta State University.
2. Provide a transcript indicating a master's degree in Counseling or Counselor Education from a program accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) or an equivalent program from an institution fully accredited by one of the recognized accrediting agencies.
3. Obtain an overall master's minimum grade point average of 3.25 using a 4.0 scale.
4. Provide a copy of a Mississippi Class AA Educator License in School Guidance and Counseling (or an equivalent from another state)
5. Provide evidence of current employment as a professional school counselor in a public or private school with a minimum of two years of experience.
6. Provide evidence of a minimal score on a nationally recognized standardized test of verbal and written skills, consistent with the minimal scores currently used for admission in Delta State University's Educational Specialist degrees within the College of Education. Currently, these consist of:
  - a. Collegiate Assessment of Academic Proficiency (CAAP) - 3.00
  - b. Graduate Record Exam (GRE) Writing Portion – 3.5
  - c. Miller's Analogy Test - 30
  - d. Praxis I: Pre-Professional Skills Test (PPST) Writing Test - 174
  - e. Core Academic Skills for Educators (CORE) Writing - 162
7. Provide three letters of recommendation from:
  - a. a current or former supervisor in the field of education who can address the candidate's professional school counseling qualifications
  - b. a college instructor who can address the candidate's ability for successful graduate performance in this program
  - c. another professional reference who can address the candidate's professional counseling skills and identity.
8. Provide a curriculum vita demonstrating leadership and professional counseling identity and involvement.
9. Provide an academic writing sample.

**Degree Requirements.** A candidate for the Educational Specialist degree in Counseling is required to meet the following:

1. Fulfill the general requirements for a graduate degree at Delta State University;
2. Complete a minimum of 30 semester hours beyond a 48-hour Master's degree, consisting of 12 hours of core counseling courses and 18 hours of counseling electives at the 600-level and above, chosen in consultation with the student's academic advisor. At least 15 hours must consist of 700-level courses.
3. Maintain a grade point average of at least 3.0 on all graduate work attempted toward the Educational Specialist degree in Counseling. A grade point average of 3.25 must be achieved and maintained by the last semester in order to qualify for the comprehensive examination and graduation.
4. Pass a comprehensive examination in Counseling during the last term of course work.
5. Complete a capstone project in the student's school of employment.

**Grade Point Average.** Students who earn three grades of C or one grade of D or F will be dismissed from the degree program. Students must maintain a 3.0 average throughout their program. If a student's GPA drops below a 3.0, the student will be placed on academic probation. A minimum GPA of 3.25 on all course work taken in the Educational Specialist program is required to qualify for the comprehensive examination and for completion of the program.

*Comprehensive Examination.* The comprehensive written examination will be given after the student has completed the courses and studies required in the program, with the exception of those in progress at the time of the examination. It will cover the four core classes mandated for all students: CED 717: Advanced School Counseling, CED 735: Advanced Counseling Research Methods, CED 758: Advanced Counseling Practicum, and CED 790: Theories of Counseling Supervision. Other questions will be tailored to each student's professional goals and program of study. A student must have an overall GPA of 3.25 or better in the Educational Specialist program in Counseling in order to qualify for the comprehensive examination.

*Termination From or Denial of Readmission to the Educational Specialist in Counseling.* Each student's progress is evaluated periodically by a committee made up of counseling faculty and may include the Division Chair. Evaluation of the student's potential for the mastery of advanced counseling skills, including, but not limited to, adherence to professional counseling ethics and legal standards, interpersonal communication skills, personal and professional attributes, personal and professional growth, and advanced academic knowledge of the field of counseling. If at any time, the committee concludes that the student is not progressing satisfactorily, it may recommend to the program coordinator that the student be dropped from the program.

*Student Responsibility.* The graduate student must accept full responsibility for knowing the policies and regulations relevant to the Educational Specialist in Counseling degree program.

## **DOCTOR OF EDUCATION DEGREE**

*Purpose.* The Doctor of Education Degree in Professional Studies is designed to prepare educators to assume leadership roles in teaching in P-12 and higher education, educational leadership, and counselor education. Candidates choose to focus in one of four major tracks: Counselor Education, Educational Leadership, Elementary Education, or Higher Education.

*Application.* Prior to making application for the Doctor of Education program, a student must meet the following criteria:

1. Hold a master's or an educational specialist degree from a college or university accredited by the regional accrediting agency and/or by the National Council for Accreditation of Teacher Education;
2. Have a minimum of two years successful teaching experience or its equivalent.

Evidence supporting that the above criteria have been met must be attached to the application.

*Admission.* Admission to the doctoral program is contingent upon the student obtaining a minimum composite score on the following criteria:

1. Graduate Record Examination (Verbal and Quantitative Subscores);
2. Grade Point Average on all graduate work completed;
3. Portfolio. The student is to submit a portfolio to the Doctoral Program Coordinator according to the guidelines on the Doctoral Program website. A structured interview may be scheduled by the track coordinator as needed.

Refer to the doctoral handbook for an explanation of the criteria, weight assignments given to each criterion, procedures for scoring, and other admission procedures.

*Grade Point Average.* No more than two grades of "C" can be applied toward completion of doctoral coursework. If a student makes a third "C" or at any time makes a grade below a "C", he or she will be dismissed from the program. A course can be repeated only one time to remove a deficiency. A minimum 3.25 GPA on all coursework taken is a requirement for completion of the doctoral program.

*Comprehensive Examination.* The comprehensive written examination is given in the fields of study for which the student is responsible. The examination will be given after the candidate has completed the courses and studies required in the program, with the exception of those in progress at the time of the examination. The comprehensive examination must be successfully completed before the student will be allowed to take Dissertation Seminar (ELR 888).

*Coursework.* A student is required to complete admission requirements during the first six hours of doctoral coursework. The student's program of studies must be approved by his/her major committee, and courses taken prior to being admitted may or may not be applied toward degree requirements.

*Termination From or Denial of Readmission to the Doctoral Degree Program.* The candidate's advisory committee will periodically review and evaluate the student's progress in the program. If at any time the committee concludes that the student is not progressing satisfactorily, it may recommend to the program coordinator that the student be dropped from the program.

*Student Responsibility.* The graduate student must accept full responsibility for knowing the policies and regulations relevant to the degree program.

### **Dissertation**

An acceptable dissertation is a requirement for the completion of the doctoral program. The dissertation must embody the results of an extended research effort which is an original contribution. It should reflect the candidate's ability to conduct independent research and interpret in a logical manner the facts and phenomena revealed by the research. Each candidate must publicly defend the dissertation before an examining committee appointed by the division chair and approved by the Dean of the College of Education.

Detailed instruction concerning style, number of copies, fees and other matters relating to the dissertation, is available in the Office of the Coordinator of Doctoral Studies.

A handbook for doctoral students is available in the Office of the Coordinator of Doctoral Studies. Students employed full-time will be allowed to take no more than six hours per semester, unless approved by track coordinator.

  - At least one year of continuous clinical nursing experience with patient con- tact as an RN or advanced practice nurse within the past three years.
  - Submission of a resume`
  - Completion of an interview with the Robert E. Smith School of Nursing faculty members prior to admission with a score of 50 or better (application packet must be complete before an interview is scheduled)
  - Writing sample may be required during the interview
  - A grade of "C" or better on a graduate level pathophysiology (prerequisite) course prior to enrolling in all other graduate level courses.

\* Exception to the noted, admission requirements may be considered by the Graduate Nursing Program Committee.

**Scholarly Project**

Each student will complete an evidence-based scholarly project related to a specific topic of interest in advanced nursing practice. The project allows the student to utilize and apply the concepts and skills learned while enrolled

in the DNP program. The intent of the project is to improve health care outcomes through the systematic application of existing research evidence to nursing practice and designed to benefit a group, population, or community rather than an individual patient.

Each student will identify a problem or need and develop an in-depth understanding of the issue through extensive review of the research literature.

Successful, sustainable projects must be developed in partnership with the targeted system or community. Therefore, students will need to involve the system and stakeholders that will be impacted in each phase of the project. The project implements innovations in clinical practice, applies evidence-based interventions, and proposes changes to care delivery models. With implementation of the project, the student must be able to demonstrate the impact through measurable outcomes.

The project is faculty-guided and will demonstrate evidence of critical thinking and ability to apply research principles through problem identification and proposal development, implementation, and evaluation. The scholarly project will take on many forms but will be unique to the student's area of specialization and designed by the student in collaboration with a faculty advisor, committee members, and clinical mentor(s).

**Examples of doctoral projects:**

- \*a program needs assessment with program development and evaluation of an existing program
- \*development of an assessment instrument/protocol
- \*a cost/benefit analysis of program models
- \*construction of a practice model or an innovation for practice
- \*database creation to track direct care assessment or outcome
- \*implementation of an evidence based guideline for clinical practice
- \*other scholarly projects as approved by faculty

During the admission process and/or the first semester of study post BSN, the scholarly project topic will be determined and students will be matched, based on the topic of interest and faculty experience and expertise, with appropriate faculty members to guide the project. The student is responsible for assuming the leadership role for the development, implementation, evaluation, and dissemination of the scholarly project.

***Degree Requirements:***

A candidate for the Doctor of Nursing Practice (DNP) degree is required to meet the following:

1. Take all core and role specific courses, and the scholarly project to total specific semester hours for program of study.
2. Either score 800 or better on an APRN-FNP exam, 70% or better on an APEA Post-Predictor University Exam, or pass a written comprehensive exam with a score of 83 or better during the last semester of the student's plan of study. The examination covers all major field courses including transfer and off-campus work. To take the comprehensive exam, the candidate must be enrolled in, or have completed the final course work and have a 3.0 grade point average. (Required only for Post RN, Post BSN, and Post MSN [non-FNP]).
3. A grade point average of at least a 3.0 in the major field and overall.
4. Successfully present the project proposal, implement the project, defend the project, complete a Final Report of the project, and submit a DNP Portfolio to the DNP Scholarly Project Advisory Committee.

**Transfer of Nursing Courses**

Applicants who want to receive credit for prior nursing course(s) taken at another institution must submit a written request with supporting documentation and credit be negotiated before admission to the Robert E. Smith School of Nursing and not after a student is enrolled.

# COURSES OF INSTRUCTION

Both graduate and undergraduate students are allowed to enroll in 400/500 level courses. To receive graduate credit towards the master's degree for a 500-level course the graduate student must do special work in addition to that required of undergraduate students. 500-level course descriptions are found in the General Catalog under the corresponding 400-level course.

Courses numbered 600 and above are for graduate students only. For the master's degree a minimum of fifty percent of the courses in the major field must be 600-level courses. For the Educational Specialist degree a minimum of fifty percent of the courses must be in 700-level courses; no 500-level courses are acceptable for the Educational Specialist degree.

**BIO 601. PROBLEMS IN TEACHING BIOLOGY IN THE SECONDARY SCHOOLS.** Methods of teaching biology and trends and recent concepts in biology education as they relate to teaching in the junior and senior high schools. 3

**BIO 614. PROBLEMS IN TEACHING SCIENCE IN ELEMENTARY SCHOOLS.**

Practical problems handled on an individual basis, while potential problems are being analyzed through research and discussion. Scientific methods of instruction used as foundation techniques for all instruction at elementary school level. 3

**BIO 615. TOPICS IN ECOLOGY: \_\_\_\_\_.** Survey and discussion of a specific area of ecology. May be repeated for credit. 3

**BIO 618. DNA SCIENCE.** Methods to isolate, amplify, manipulate, and analyze DNA sequences. Societal implications of DNA technology are considered. Each student must design and perform an independent laboratory experiment supported by a scholarly paper. Prerequisites: One semester of organic chemistry and cell biology or biochemistry. Lecture 3 hours. Laboratory 3 hours. 4

#### **Geospatial Information Systems**

**GIS 551. BUSINESS GEOGRAPHICS. 3**

**GIS 570. PROGRAMMING GIS WITH VISUAL BASIC AND PYTHON. 3**

**GIS 580. GIS FOR THE INTERNET AND SPATIAL DATABASES. 3**

**GIS 602. INTRODUCTION TO GEOSPATIAL SCIENCE AND GIS (GIS I).** This course provides students with an introduction to the theory and practice of spatial science. Fundamental concepts include geodesy, coordinate systems and projections, basic computer science, the scientific methods. Students will gain basic competency in the use of GIS, GPS, remote sensing hardware and software packages and learn to apply

these skills in coordination with the scientific method to solve problems/answer questions. 3

**GIS 610. ADVANCED GIS (GIS II).** Students will gain advanced concepts about GIS techniques and the underlying spatial data structures used by geographic information systems (GIS). Prerequisite: GIS 602. 3

**GIS 631. PHOTOGRAMMETRY.** Advanced photogrammetric systems for production of highly accurate digital map products and three-dimensional representations for use and modeling. 3

**GIS 661. GEOSPATIAL MATHEMATICS, ALGORITHMS, AND STATISTICS.** This is a geo-statistics and geo-mathematics course, presenting the underlying principles and theory of GIS operations (raster, vector or other data models), such as surface analysis, interpolation, network analysis, path optimization, topology, etc. 3

**GIS 681. COMMUNITY GROWTH.** The use of remote sensing and GIS technologies to facilitate urban planning and infrastructure development for community growth. Topics include: urban growth, the effect of urbanization on local and regional environments, the impact of urbanization on the biophysical characteristics that influence human health, urban growth and economic development, public health and safety, traffic and transportation infrastructure, and quality of the life. 3

**GIS 690. GIS CAPSTONE.** Students will learn how to give a technical presentation, manage GIS projects, and perform deadline-sensitive work through a GIS project in partnership with the Center and local/national businesses/government. Prerequisites: REM 616, GIS 661. 6

#### Remote Sensing

**REM 611. DIGITAL IMAGE PROCESSING.** This is an advanced remote sensing course about technology and skills for quantitative analysis of remote sensing data to solve real-world problems. The class focuses on a wide range of concepts and techniques key to understanding remote sensing data acquisition, display, restoration, processing, enhancement, and data interpretation. Student will learn digital remote sensing image manipulation and analysis for Earth study. 3

**REM 616. REMOTE SENSING.** This course covers basic concepts, terminology, and theories of remote sensing science as well as remote sensing applications. Student will acquire hands-on experience in interpreting and implementing remote sensing data acquired from various sensor systems. Lab components are designed to lead students through key steps in processing satellite and aerial images and extracting quantitative information about the Earth's surface. 3

**REM 631. INFORMATION EXTRACTION FROM MULTI-, HYPER-SPECTRAL AND LIDAR.** 3

**REM 641. ADVANCED SENSOR SYSTEMS AND DATA COLLECTION.** 3

### DEPARTMENT OF CHEMISTRY AND PHYSICS

#### Chemistry

**CHE 504. ADVANCED INORGANIC CHEMISTRY.** The fundamental principles of inorganic chemistry with an emphasis on coordination compounds, solid state, structures, and contemporary inorganic reactions and characterization techniques. Prerequisite: permission of the instructor. Lecture 3 hours, laboratory 3 hours. 4

**CHE 531. MODERN METHODS OF ORGANIC ANALYSIS.** Analysis and identification of organic compounds using such modern techniques as IR, NMR, UV, and mass spectrometry. Prerequisite: Permission of the instructor. Lecture 2 hours, laboratory 4 hours. 4

**CHE 532. INTRODUCTION TO POLYMER SCIENCE.** Basics of polymer terminology, major synthesis routes for all polymers, special properties of polymers that make them unique materials, and the relationship of polymer structure to bulk properties. Prerequisite: Permission of the instructor. Lecture 3 hours. 3 (S)

**CHE 534. ENVIRONMENTAL CHEMISTRY.** Chemical applications to solutions of such environmental problems as air and water pollution and solid waste disposal; the chemistry of pollutants; chemical and physical removal of pollutants. Permission of the instructor. Lecture 3 hours, laboratory 3 hours. 4 (S)

**CHE 540. BIOCHEMISTRY I.** Principles in general biochemistry. Prerequisite: permission of the instructor. Lecture 3 hours, laboratory 3 hours. 4 (F)

**CHE 541. BIOCHEMISTRY II.** A continuation of CHE 540. Subjects covered will include bioenergetics and metabolism, biosynthesis of primary metabolites and nucleic acid biochemistry. Modern methods in biochemistry will also be discussed. Prerequisite: CHE 540 or permission of the instructor. Lecture 3 hours. 3 (S)

**CHE 542. CHEMICAL BIOLOGY.** Modern methods in the use of chemical applications relevant to biological systems. Topics such as laboratory procedure, keeping a laboratory notebook, DNA manipulation, immunological techniques and protein structure and function will be discussed. Prerequisite: CHE 540 or permission of instructor. Lecture 3 hours, laboratory 3 hours. 4

**CHE 543. BIOCHEMISTRY III.** A continuation of the CHE 541. Subjects covered will include metabolism of DNA, RNA and Proteins. Text materials will be supplemented with the current literature as needed. Prerequisite: CHE 541 or permission of the instructor. Lecture 3 hours. 3 (F)

**CHE 546. PRINCIPLES OF PHARMACOLOGY.** The interaction of drugs with living systems; biotransformations, dose-effect relationships, receptor concepts, and toxic effect. Prerequisite: CHE 540 or permission of the instructor. Lecture 3 hours. 3

**CHE 560. INSTRUMENTAL ANALYSIS.** Survey and interpretation of spectrometric methods of analysis. Prerequisite: CHE 311. Lecture 3 hours, laboratory 3 hours. 4(S)

**CHE 564. SCIENCE SEMINAR.** Presentation of papers on current scientific developments and special problems of interest to students and faculty. Utilization of the library and scientific journals to yield experience in evaluation, abstracting, bibliographic methods, and writing the scientific paper. Prerequisite: permission of the instructor. 1 (S)

**CHE 575. THEORETICAL CHEMISTRY.** Advanced treatment of fundamental principles of chemistry, with introduction to various areas of current chemical research. Prerequisite: permission of the instructor. 3 (S)

**CHE 581. INDEPENDENT RESEARCH IN CHEMISTRY.** Research involving library and laboratory work on problems of interest to student and instructor. For junior and senior students majoring in chemistry. Prerequisite: permission of the instructor. 1 to 3 hours credit per semester not to exceed 6. 1-3 (F,S)

**CHE 592. SPECIAL TOPICS IN CHEMISTRY.** Current developments in Chemistry. Prerequisite: permission of the instructor. 1-6

**CHE 601. PRINCIPLES AND TECHNIQUES IN THE PHYSICAL SCIENCES.** History, theory, trends, and recent concepts. Emphasis on demonstrations, testing, planning and laboratory procedures. 3

**CHE 612. TOPICS IN ANALYTICAL CHEMISTRY.** Specialized areas in analytical chemistry including AA, IR, NMR, GC/MS, X-Ray diffraction. 3

**CHE 618. DNA SCIENCE.** Methods to isolate, amplify, manipulate, and analyze DNA sequences. Societal implications of DNA technology are considered. Each student must design and perform an independent laboratory experiment supported by a scholarly paper. Prerequisites: One semester of organic chemistry and cell biology or biochemistry. 4

**CHE 625. TOPICS IN ORGANIC CHEMISTRY.** A continuation of the study of organic chemistry with emphasis on mechanism, theory, and modern synthetic techniques. Special attention will be focused on topics of current interest. 3

**CHE 630. TOPICS IN INORGANIC CHEMISTRY.** Special topics including ligand field theory, x-ray diffraction, and x-ray fluorescence. 3

**CHE 640. FORENSIC SCIENCE METHODS.** Specific instrumental methods and techniques utilized in forensic science to examine physical evidence. Prerequisite: General chemistry and survey of organic chemistry. 3

**CHE 660. MODERN BIOCHEMISTRY.** Specialized topics and current trends in biochemistry. Prerequisite: consent of instructor. 3

**CHE 674. CHEMICAL AND PHYSICAL THERMODYNAMICS.** Advanced treatment of fundamental principles of thermodynamics, including classical and statistical thermodynamics. Prerequisite: Consent of instructor. 3 (F)

**CHE 680. TOPICS IN PHYSICAL CHEMISTRY.** Special topics including, theoretical chemistry, quantum chemistry, spectroscopy, kinetics, electrochemistry, and chemical physics. Prerequisite: Consent of instructor. 3

**CHE 689. CHEMICAL RESEARCH.** Special problems in chemical research. Prerequisite: Consent of instructor. 3 (S)

**CHE 690. THESIS.** 6

### Physics

**PHY 531. MEDICAL AND BIOLOGICAL PHYSICS I.** The physics of human and biological systems to include mechanics, exponential growth and decay, particle systems, transport mechanisms, transport through membranes, nerves and muscles, exterior potential and electrocardiograms, biomagnetism, and electricity and magnetism at the cellular level. Prerequisite: permission of the instructor. Lecture 3 hours. 3.

**PHY 532. MEDICAL AND BIOLOGICAL PHYSICS II.** The physics of medical and biological instrumentation, including biological feedback and control mechanisms, least squares and signal analysis, imaging, ultrasound, atomic interactions with light, medical x-rays, nuclear medicine, and magnetic resonance imaging. Prerequisite: PHY 531 or permission of instructor. Lecture 3 hours. 3

**PHY 592. SPECIAL TOPICS IN PHYSICS.** 1-6 (may not be used for major field credit in the master's degree program)

**CENTER FOR INTERDISCIPLINARY GEOSPATIAL INFORMATION TECHNOLOGIES**

Talbot J. Brooks, Director  
tbrooks@deltastate.edu  
662-846-4520

The Center for Interdisciplinary Geospatial Information Technologies is an independent unit of the College of Arts and Sciences. The mission of the Center is to provide geospatial services, accessible education and training, and institutional knowledge for geospatial information technologies to the widest possible audience, and particularly, the mid-Delta region. The Center is organized around three core areas: Education and Training, Business and Community Development, and Institutional Knowledge and we encourage the participation of all members of the University community, novices and experts alike.

**Geospatial Information Systems**

**GIS 500. COMPUTER MAPPING/CARTOGRAPHY. 3**

**GIS 520. GIS AND COMMUNITY. 3**

**GIS 530. SPATIAL SOLUTIONS TO NATURAL RESOURCE ISSUES. 3**

**GIS 541. ARTIFICIAL INTELLIGENCE AND GEOPROCESSING. 3**

**Remote Sensing**

**REM 501. ORBITAL MECHANICS.** Uses elementary principles of mathematics, physics, and mechanics to introduce traditional science required to place a spacecraft into orbit, keep it there, determine its position, and maneuver it. Course provides a basic understanding of orbital mechanics. Prerequisite: MAT 205 and 206, PHY 231 and 232 or equivalents.

**REM 511. REMOTE SENSING OF THE ENVIRONMENT. 3**

**REM 521. INFORMATION EXTRACTION USING MICROWAVE DATA. 3**

**REM 551. APPLICATIONS OF REMOTE SENSING TO ECOLOGICAL MODELING. 3**

**REM 561. FORESTRY MONITORING AND MANAGEMENT.3**

**REM 571. AGRICULTURAL APPLICATIONS IN REMOTE SENSING. 3**

**REM 581. LAND USE AND LAND COVER APPLICATIONS. 3**

**REM 591. REMOTE SENSING OF WATER. 3**

**DMI—ENTERTAINMENT INDUSTRY STUDIES**

Tricia Walker, Director  
[twalker@deltastate.edu](mailto:twalker@deltastate.edu)  
 662-846-4579

The DMI is an independent unit of the College of Arts and Sciences. Entertainment Industry Studies at the DMI encourages exploration and embraces the entrepreneurial spirit. DMI students study a variety of professional areas in the recording and entertainment industry, including recording arts, audio technology, songwriting, artist management, promotions, copyrights and contracts, and music marketing of entertainment goods and services. DMI, in conjunction with the College of Business, offers an Entertainment Industry Studies emphasis in the Master of Business Administration program.

**DMI 603. THE BUSINESS OF ENTERTAINMENT.** An overview of the business of the entertainment industry. Concentration is on the legal, marketing, and financial aspects of different areas of the industry, focusing primarily on the recording, publishing, and film/television industries, exploring the roles of interrelated areas within the entertainment industry. This course is cross-listed with MGT 603. 3

**DMI 635. MANAGING LIVE ENTERTAINMENT.** An introductory course designed to give students an overview of tour management and event production in the live entertainment industry. Students become familiar with various artist, client, production, vendor, and facility contracts and agreements commonly used in the industry. This course is cross-listed with MGT 635. 3

**DMI 665. ENTERTAINMENT LEGAL ISSUES.** Basic entertainment business and legal principles in the areas of music publishing, recording contracts, booking agreements, artist management, touring, and merchandise. Course material will include contracts, intellectual property licenses, copyright registration, trademark information, and practical checklists. This course is cross-listed with MGT 665.

**PHI 592. SPECIAL TOPICS IN PHILOSOPHY.** 1-6

**PHI 601. PHILOSOPHY: AN ADVANCED INTRODUCTION.** A graduate-level introduction to the discipline of philosophy: epistemology, metaphysics, ethics, politics, and religion including an overview of the history of philosophy. 3

**PHI 605. PHILOSOPHY AND SCIENCE.** This course explores how natural philosophy broke away from philosophy and eventually became the separate study of science. Special attention is given to the empirical observations of Copernicus, Galileo, Newton and others who challenged the Aristotelian view of the natural world. 3

**PHI 608. PHILOSOPHY IN THE MODERN ERA.** The study of philosophy from the 19th and 20th century including an in depth examination of the rise of American philosophy and the impact of Continental philosophy including the new horizons of such figures as William James, the Vienna Circle, Ludwig Wittgenstein, and Jean Paul Sartre as well as contemporary figures as Daniel Dennett and John Searle. New theories in language and consciousness will also be explored. 3

**PHI 610. PHILOSOPHY AND FAITH.** A focus on the complex questions that the "faith versus reason" debate has raised during the history of philosophy. 3

**CEL 613. COMMUNICATIVE ARTS.** Enlargement of basic language arts instruction with emphasis on all communicative media. Linguistics and creative language expression stressed as essentials to rhetoric. 3

**CEL 614. METHODS OF INSTRUCTION IN ELEMENTARY SCHOOLS.** A study of the characteristics of effective teaching in the elementary school with emphasis on current research and literature in the field. 3

**CEL 617. SOCIAL STUDIES IN ELEMENTARY EDUCATION.** Current practices and procedures for teaching social studies in the elementary school. Emphasis placed on unit organization as a basic instructional procedure. 3

**CEL 618. CURRICULUM THEORY DEVELOPMENT AND REVISION IN ELEMENTARY EDUCATION.** Formation and revision of curriculum from early childhood through the eighth grade level with supporting theories. 3

**CEL 620. FUNDAMENTALS OF EARLY CHILDHOOD EDUCATION.** Identification and analysis of various aspects of early childhood education including theories, instructional practices and developmental stages. Major emphasis on current research. 3

**CEL 621. EDUCATION IN THE INTERMEDIATE GRADES.** Analysis of various aspects of education for children in grades four through eight. Discussed will be theories, instructional strategies, and developmental stages. 3

**CEL 625. ISSUES IN ELEMENTARY EDUCATION.** Analysis of various current topics in elementary education. Emphasis on current research in field. 3

**CEL 630. PRACTICUM IN ELEMENTARY EDUCATION.** Analysis of problems in elementary education from a classroom perspective. 3

**CEL/CUR 649. TEACH MISSISSIPPI INSTITUTE INTERNSHIP: DIMENSIONS OF LEARNING.** Supervised internship. Emphases will include applying educational principles and theories to field experiences; understanding the link between theory and practice; and exploring current issues in education. Prerequisites: CUR 611, CEL/CUR 612; CSP 546; CEL/CSD 614. 3

**CEL/CUR 650. DIMENSIONS OF LEARNING/INTERNSHIP.** Supervised Internship. Emphases will include applying educational principles and theories to field experiences, understanding the link between theory and practice, and exploring current issues in education. Prerequisites: CEL/CUR 611, CEL/CUR

612; CSP 546; CEL/CSD 614. 3

**CEL 665. SPECIAL TOPICS IN ELEMENTARY EDUCATION.** Study of selected topics central to the needs of majors in elementary education. Prerequisite for major field elective: consent of advisor and division chairman. May be taken for a maximum of 6 hours credit. 1-6

**CEL 689. INDIVIDUAL STUDIES. 3**

**CEL 690. THESIS. 6**

**CEL 705. PRACTICUM IN EARLY CHILDHOOD EDUCATION (K-3).** Emphasis on dealing with children in an early childhood setting. Development of in-service activities, attendance at conferences, professional publications, and professional presentations also emphasized. 6

**CEL 706. PRACTICUM IN UPPER ELEMENTARY/MIDDLE SCHOOL (4-8).**

Emphasis on dealing with children in an upper elementary/middle school setting. Development of in-service activities, attendance at conferences, professional publications, and professional presentations also emphasized. 6

**CEL 711/811. INSTRUCTIONAL STRATEGIES IN ELEMENTARY EDUCATION.** In depth study of major instructional approaches and operational demands. 3

**CEL 712/812. LEADERSHIP ROLES IN ELEMENTARY EDUCATION.** Study and identification of leadership roles in elementary education for teachers, supervisors, administrators and special personnel. 3

**CEL 789. ACTION OR FIELD RESEARCH.** Investigation and reporting of some significant problem encountered by the individual using professional research and reporting skills. 3

**CEL 790. THESIS. 6**

**CEL 810. INNOVATIONS IN ELEMENTARY SCHOOLS.** Vital trends and issues affecting elementary school programs. 3

#### Media-Library Science

**CML 509. TECHNOLOGY IN EDUCATION.** Utilization of the computer and other media services in instruction. Techniques and methods of application in school settings are emphasized. 3

**CML 532. CHILDREN'S LITERATURE.** Emphasis on the importance of books, electronic text, and reading in the life of young children. This course will address how children's literature, including multicultural works, should be incorporated into the 4-8 reading program. 3

**CML 801. EDUCATIONAL TECHNOLOGY: THE COMPUTER AND MEDIA SERVICE.** Utilization of the computer and other media services in instruction and supervision. Techniques and methods of coordinating these services in the school district. 3

#### Reading

**CRD 505. ISSUES AND TRENDS IN TEACHING READING. 3**

**CRD 622. FUNDAMENTALS OF TEACHING READING.** Basic skills in teaching reading from grades 1-12; techniques, methods, and materials in a complete reading program. 3

**CRD 624. LITERACY INSTRUCTION IN THE ELEMENTARY SCHOOL.** Selection and use of materials and teaching strategies for systematic reading and writing instruction utilizing the essential elements of reading, specific to phonic awareness, phonics, vocabulary, fluency, and comprehension in grades 1-6; study of appropriate instructional strategies for diverse learners; selection and use of materials and instructional strategies for teaching reading and writing in the content areas. 3

**CRD 626. ANALYSIS AND CORRECTION OF READING DIFFICULTIES.** Examination of a variety of diagnostic instruments useful for planning remedial instruction; practice in administration of instruments and interpretation of results; study of appropriate remediation procedures based upon diagnosis. Prerequisites: CRD 622; CRD 624; CRD 625 or consent of instructor. 3

**CRD 627. READING PRACTICUM.** Laboratory experience with students under supervision. Prerequisites: CRD 622; CRD 624 or CRD 625; CRD 626 or permission of instructor. 3

**CRD 628. READING AND WRITING ACROSS THE CURRICULUM.** Study of current theory and knowledge about reading and written communication. The course will integrate knowledge and practice to increase understanding of various methods for the use of reading and writing skills across the curriculum. 3

**CRD 630. PSYCHOLOGY OF READING.** Psychological bases for reading abilities and difficulties; selection of methods according to the nature of the individual child. 3

**CRD 632. ADVANCED DIAGNOSIS.** Examination and evaluation of assessment instruments used in the area of diagnosis; study of levels of diagnosis appropriate for classroom and clinic. Prerequisites: CRD 626; CRD 627 or permission of instructor. 3

**CRD 689. INDIVIDUAL STUDIES. 3**

### Secondary Education

**CSD 527. TRENDS IN SECONDARY CURRICULUM DEVELOPMENT. 1-6**

**CSD 614. METHODS OF INSTRUCTION IN SECONDARY SCHOOLS.** A study of characteristics of effective teaching in the secondary school with emphasis on current research and literature in the field. 3

**CSD 632. SECONDARY SCHOOL CURRICULUM THEORY, PLANNING, ORGANIZATION AND DEVELOPMENT.** Utilization of current educational theory to develop and implement curriculum planning in grades 7-12. 3

**CSD 689. INDIVIDUAL STUDIES. 3**

**CSD 711. STRATEGIES IN TEACHING SECONDARY EDUCATION.** Intensive study and analysis of current major instructional approaches and operational demands used in secondary education. Emphasis on the development, advantages, limitations, and practical consideration of each strategy. 3

**CSD 736. PRACTICUM IN SECONDARY EDUCATION.** Supervised practical experiences designed to facilitate the development of teaching competencies. 3

**CSD 790. THESIS IN MAJOR DISCIPLINE. 6**

### Special Education

**CSP 545. SPECIAL EDUCATION ASSESSMENT.** Assessment strategies and instruments, both formal and informal, used in special education. Requires a field-based component. 3

**CSP 546. ADVANCED SURVEY OF EXCEPTIONAL CHILDREN.** Discussion, study, and research of issues in special education: legislation, legal mandates, policies and procedures, characteristics and identification, and service delivery. For non-majors only; Special Education M.Ed. candidates are to take CSP 646. 3

**CSP 547. INTERNSHIP IN SPECIAL EDUCATION I.** Capstone course. Supervised internship in special education for majors who do not hold an undergraduate degree in education with student teaching. Candidates will take a year-long internship for 6 hours, registering for 3 hours each semester. Waivers may be available for those with alternative licensure and teaching experience. Credit/noncredit course. Prerequisite/Corequisite CSP 640 and CSP 643. 3

**CSP 550. PROGRAMMING FOR INDIVIDUALS WITH SEVERE/MULTIPLE DISABILITIES.** Diagnosis and programming for individuals with severe multiple disabilities, as well as individuals with specialized health care needs, assistive technology needs, and/or special communication needs. 3

**CSP 557. INTERNSHIP IN SPECIAL EDUCATION II.** Capstone course. Part two of supervised internship in special education for majors who do not hold an undergraduate degree in education with student teaching. Candidates will take a yearlong internship for 6 hours, registering for 3 hours each semester. Waivers may be available for those with alternative licensure and teaching experience. Credit/noncredit course. 3

**CSP 583. DEVELOPMENTAL DISABILITIES.** Educational, community planning and service delivery for individuals with developmental disabilities including governmental, social service, mental health and educational services. 3

**CSP 584. LEARNING DISABILITIES.** Issues in the education of individuals with exceptional learning needs. 3

**CSP 585. EMOTIONAL DISABILITIES.** Educational and community based services for individuals with emotional/behavioral disorders. 3

**CSP 616. BEHAVIORAL MANAGEMENT.** Systems of behavior management for school and community. 3

**CSP 640. EDUCATION OF YOUNG CHILDREN WITH EXCEPTIONAL LEARNING NEEDS.** Assessment techniques, preparation of material and development of individualized educational programs appropriate to the learning style of preschool and elementary children with exceptional learning needs. 3

**CSP 643. PROGRAMMING FOR ADOLESCENTS WITH MILD/MODERATE EXCEPTIONAL LEARNING NEEDS.** A study of instructional strategies, service delivery systems, transition issues, and alternative procedures in programming for adolescent students with mild/moderate exceptional learning needs. Requires a field-based practicum. 3

**CSP 647. ACTION RESEARCH IN SPECIAL EDUCATION.** Supervised interaction with individuals with exceptional learning needs. Includes candidate self evaluation and research based field study. Prerequisite: Undergraduate degree in education with student teaching. 3

**CSP 648. PARENT-TEACHER-STUDENT RELATIONSHIPS IN SPECIAL EDUCATION.** A study of parent involvement in special education with emphasis on conferencing, counseling and training parents/guardians to meet their child's individual needs. 3

**CSP 649. SPECIAL TOPICS IN THE STUDY OF INDIVIDUALS WITH EXCEPTIONAL LEARNING NEEDS.** Special topics relevant to the study of individuals with exceptional learning needs. This course is used for specific special topics. The designated topic is listed in the course bulletin when offered. 3

**CSP 651. FOUNDATIONS OF SPECIAL EDUCATION IN INCLUSIVE SETTINGS.** Discussion, study, and research of issues in special education: legislation, legal mandates, policies and procedures, characteristics and identification, and service delivery. Provides overview of the field of special education for those seeking a Master of Education in Special Education. For M.Ed. candidates in special education only. 3

**CSP 672. FUNDAMENTALS OF EFFECTIVE TEACHING IN SPECIAL EDUCATION.** This course is designed for graduate candidates without undergraduate training in education. It will introduce the candidates to writing lesson plans, Bloom's taxonomy, stages of learning, knowledge forms, learning style and accommodation and modification of teaching for individuals with exceptional learning needs. 3

**CSP 674. ADVANCED INSTRUCTIONAL PLANNING IN SPECIAL EDUCATION.** This course is designed for graduate candidates with undergraduate training in education. It will introduce candidates to advanced concepts on lesson planning, curriculum development, IEP development, taxonomics of learning, stages of learning, knowledge forms, learning style and accommodation and modification of teaching of individuals with exceptional learning needs. 3

**CSP 686. TEACHING FOR INCLUSION.** Exploring the role of special education and general education teachers in inclusive settings. Developing skills in differentiated instruction, Response to Intervention (RTI), collaboration and co-teaching, classroom and behavior management. Requires a field-based practicum. Appropriate for special education and elementary education teachers. 3

**CSP 689. INDIVIDUAL STUDIES.** 3

**CSP 690. THESIS.** 6

**DIVISION OF HEALTH, PHYSICAL EDUCATION, AND RECREATION**

**Health Education Interest Area**

**HSE 539. SCHOOL HEALTH INSTRUCTION.** Principles, methods, and materials for teaching elementary and secondary health based on the National Health Education Standards. Extensive literature review of health risk behaviors confronting today's K-12 students. 3 (F)

**HSE 549. PREVENTION AND TREATMENT OF ATHLETIC INJURIES.** 3

**HSE 560. DRUG USE AND ABUSE.** Physiological and pharmacological effects of chemical substances of abuse on the human body. Behavior of users, alternatives to use and abuse, and coping strategies will be included. Extensive research of drug categories and/or effects of drug use and abuse are part of this course. 3 (S)

**HSE 626. TRENDS AND ISSUES IN HEALTH EDUCATION.** Recognition, discussion, systematic analysis and solutions of controversial issues and problems in health education. 3

**HSE 636. ADVANCED PHYSIOLOGY OF EXERCISE.** Physiological effects of activity on human body with special emphasis on research and practical applications to athletics and physical education. 3

**HSE 637. MOTOR LEARNING AND HUMAN PERFORMANCE.** Nature, problems, instruction, and guidance of motor learning. Application of mechanical principle to development of motor skills. 3

**HSE 740. CONTEMPORARY PROBLEMS IN HEALTH.** Current personal, community, and world health problems, through critical analysis of literature and research. 3

**Physical Education and Recreation, and Sports Administration Interest Areas**

**PER 531. ADMINISTRATION OF RECREATION IN PRIVATE SECTORS.** 3

**PER 533. COMMUNITY CENTERS AND PLAYGROUNDS.** 3

**PER 535. RECREATION SEMINAR.** 3

**PER 542. PHILOSOPHY AND PSYCHOLOGY OF COACHING.** 3

**PER 544. SPORTS IN AMERICAN CULTURE AND SOCIETY.** 3

**PER 545. OUTDOOR EDUCATION IN RECREATION.** 3

**PER 550. PRINCIPLES OF BODY CONDITIONING.** 2

**PER 560. EXERCISE TESTING.** Physiological responses and adaptations to the stress of exercise. Measurement and evaluation of cardiorespiratory functions, body composition, strength, muscular endurance, and flexibility. Includes emphasis on clinical and research testing methodologies as well as diagnostic and functional testing with contraindications to testing. Prerequisite: HSE 336; Corequisite: PER 561. 3 (F)

**PER 561. EXERCISE PRESCRIPTION.** A process of designing a person's suggested program of physical activity systematically and individually; basing the exercise regimen on established training principles (overload, progression, specificity, individuality, reversibility, and retrogression) and the factors which activate the overload principle (intensity, duration, frequency, mode, and skill and fitness level); emphasis will be given to clinical aspects and research related to the development of training principles and guidelines. Corequisite: PER 560. 3 (F)

**PER 566. STRENGTH AND CONDITIONING PROGRAM DESIGN.** A study of the anatomical, physiological, biomechanical, musculoskeletal, and neuromuscular concepts and application of these concepts in the design of training programs for performance, rehabilitation, and fitness. 3 (Sum)

**PER 570. SPORTS ADMINISTRATION.** 3

**PER 571. SPORTS MANAGEMENT.** A study of the history and theories of sports management, the organizational and management concepts utilized, and discussion of techniques, problems and current issues involved with the direction of today's sports and recreational programs. 3 (F)

**PER 585. IMPROVEMENT OF ELEMENTARY SCHOOL PHYSICAL EDUCATION.** 3

**PER 601. ADMINISTRATION AND SUPERVISION OF PHYSICAL EDUCATION.** Policies and procedures of administration on the secondary and collegiate levels. Special emphasis on construction and care of facilities, equipment, and personnel. 3 (F)

**PER 602. RISK MANAGEMENT IN SPORTS.** This course focuses on the legal concepts relevant in human resource management, sport governance, and risk management common in physical education. 3 (F)

**PER 611. CURRENT LITERATURE AND TRENDS IN PHYSICAL EDUCATION.**

Literature in physical education, including all major periodicals and books, special emphasis on new trends, concepts, and direction of the profession. 3 (S)

**PER 617. ORGANIZATION AND SUPERVISION OF RECREATIONAL SERVICES.** Organization and supervision of recreational programs, marketing of recreational services, selection and supervision of staff, equipment, activities and preparation and administration of budgets. 3 (S)

**PER 622. PHYSICAL EDUCATION FOR THE EXCEPTIONAL INDIVIDUAL.** Physical diagnosis, adapted and corrective exercises. Nature of certain mental, emotional, and physical handicaps and physical education program best adapted to each type. 3

**PER 638. BIOMECHANICS.** Scientific principles of physics, mathematics, anatomy, and physiology as employed in the detailed analysis of sports skills. 3 (F)

**PER 670. FACILITIES AND EVENT MANAGEMENT.** A study of the principles and practices of planning, funding, managing, and maintaining facilities associated with sports participation. The material in this course includes but is not limited to professional sports, college sports, parks, recreational sports, and health/fitness clubs. 3 (S)

**PER 680. ADVANCED TESTS AND MEASUREMENTS IN PHYSICAL EDUCATION.** Administering, scoring, and developing tests; uses to be made of results obtained, evaluation of test materials and testing programs, and utilization of tests and measurements in research in physical education. 3 (S)

**PER 684. METHODS IN CURRICULA AND PROGRAMS OF PHYSICAL EDUCATION.** Foundations and source materials on which curriculums are built. Organizing curriculum offerings for sequence and continuity. 3

**PER 685. PRACTICUM IN HEALTH EDUCATION, PHYSICAL EDUCATION, OR RECREATION.** Practicum with experience in the area of health, physical education, or recreation. Experience will be in the area of emphasis for the program. The practical experience will be under the supervision of a field based professional in collaboration with the instructor of record. Students enrolled in the MEd program will contract to complete specific objectives and complete a teacher work sample project during the practicum. 3 (F,S)

## SCHOOL OF NURSING

Semester hours are computed on the basis of one 50 minute class equals one semester hour of credit and four clinical hours are equal to one semester hour of credit.

**NUR 601. ADVANCED THEORETICAL ISSUES IN NURSING AND ETHICS.** Focuses on synthesizing theoretical and ethical concepts in the development of nursing knowledge. Theory 2 hours per week. 2

**NUR 602. ADVANCED HEALTH ASSESSMENT.** This course builds on the basic physical assessment skills of registered nurses and prepares the student to complete comprehensive and episodic health assessments. Students utilize patient data to detect signs and symptoms of pathophysiological change and psychosocial variations from an individual, family or community perspective. The synthesis and application of anatomical-physiological, psychosocial, cultural, spiritual health concepts, growth and development, aging process, and ethical practice are emphasized to achieve competence in comprehensive and episodic health assessments as an advanced practice nurse. Effective strategies will be developed to address health care issues, including health promotion, disease prevention, communication and patient-teaching skills using a holistic approach. Prerequisites: Official admission to nursing graduate program and NUR 603. Corequisite: NUR 625. Theory 3 hours per week. 3.

**NUR 603. ADVANCED PATHOPHYSIOLOGY.** This course analyzes the biophysical rationale for selecting and interpreting data used in planning and managing nursing care for clients throughout the lifespan. Prerequisite to program admission for educator and practitioner students. Theory 3 hours per week. 3

**NUR 604. ADVANCED HEALTHCARE POLICY AND POLITICS.** An in-depth analysis of trends and issues of concern to advanced nursing practice, with emphasis on health care delivery trends, socioeconomic issues, and cultural diversity. Theory 2 hours per week. 2

**NUR 605. ADVANCED PHARMACOLOGY.** Application of clinical pharmacotherapeutics in selecting appropriate therapeutic nursing interventions. Prerequisites: NUR 602, 606, 625. Corequisites: NUR 630, 631. Theory 3 hours per week. 3

**NUR 606. ADVANCED NURSING RESEARCH AND EVIDENCE BASED PRACTICE.** In depth examination of research methodologies. Analysis of research design appropriate for various research questions. Prerequisite or Corequisite: Official admission in the nursing graduate program and NUR 601. Theory 3 hours per week. 3

**NUR 607. INSTRUCTIONAL METHODOLOGIES.** Analysis and application of selected theories of learning and teaching maintenance across the life span, with emphasis on program development. Theory 2 hours per week. 2

**NUR 612. ADULT EDUCATION I.** Focuses on implementation of advanced teaching concepts. Prerequisites: NUR 601, 602, 606, 623, 625. Corequisite: NUR 642. Theory 3 hours per week. 3

**NUR 613. ADULT EDUCATION II.** Focus on the utilization of technology and course management methods in classroom, clinical, and distance learning. Prerequisite: NUR 604, 605, 612, 642. Corequisite: NUR 643. Theory 2 hours per week. 2

**NUR 614. ADULT EDUCATION III.** Focus on concepts of evaluation and remediation in varied teaching/learning environments. Prerequisite: NUR 613, 643. Corequisite: NUR 644. Theory 2 hours per week. 2

**NUR 615. ADMINISTRATIVE CONCEPTS.** Focuses on analysis of basic concepts related to administration and management of systems, including selected financial concepts. Prerequisites: Official admission to the nursing graduate program. Corequisite: NUR 645. Theory 2 hours per week. 2

**NUR 616. NURSING ADMINISTRATION I.** Focuses on evaluation of the administrative role in a selected system, including analysis of internal and external forces influencing the nursing administrative role. Prerequisites: NUR 601, 606, 615, 645. Corequisite: NUR 646. Theory 1 hour per week. 1

**NUR 617. CURRICULUM DESIGN AND EVALUATION.** A study of concepts and theories basic to content and curriculum development and evaluation in teaching in an academic or client centered setting. Theory 3 hours per week. 3

**NUR 618. NURSE EDUCATOR PRACTICUM.** Students function in the role of nurse educator with an approved preceptor in academic programs and/or health care settings; serves as the capstone course for nurse educator students. Prerequisites: NUR 613, 643, 617; Corequisite: NUR 614, 644. Clinical 16 hours per week. 4

**NUR 619. NURSING ADMINISTRATION II.** Focuses on innovations, emerging changes, and restructuring in nursing and health care systems. Analysis and design of innovations in nursing or health system delivery. Prerequisites: NUR 616, 646. Corequisite: NUR 649. Theory 1 hour per week. 1

**NUR 620. ROLE SYNTHESIS (NURSE PRACTITIONERS).** Focus on role synthesis in advanced nursing practice. Prerequisite: Official admission to the nursing graduate program. Theory 2 hours per week. 2

**NUR 621. ROLE SYNTHESIS (NURSE EDUCATORS).** Focuses on role synthesis in advance nursing education. Prerequisite: Official admission to the nursing graduate program. Theory 2 hours per week. 2

**NUR 622. NURSING ADMINISTRATION III-ROLE SYNTHESIS.** Focuses upon the analysis of health policy, legal, ethical, and community issues of particular concepts to the nurse administrator. Prerequisites: NUR 619, 649. Corequisite: NUR 652. Theory 2 hours per week. 2

**NUR 623. TEACHING AND LEARNING THEORY.** Focus on theories and processes of teaching and learning to facilitate learner development and socialization. Prerequisite: Official admission to the nursing graduate program. Theory 3 hours per week. 3

**NUR 624. DIFFERENTIAL DIAGNOSIS IN PRIMARY CARE.** This course focuses on increasing knowledge and skills in the diagnostic reasoning and critical thinking process for assessing individuals and families across the lifespan. The course content builds upon the student's foundational knowledge of pathophysiology, microbiology and anatomy that is relevant to understanding diagnostic and treatment decision-making in advanced practice nursing. Students differentiate abnormal from normal findings using advanced assessment techniques, interpret diagnostic study results, and use clinical reasoning to formulate diagnoses for culturally diverse individuals and families across the lifespan utilizing case studies. Health promotion and disease prevention strategies are introduced. Prerequisites: Official admission to the nursing graduate program and NUR 603. Corequisites: NUR 602, 625. Theory 2 hours per week. 2

**NUR 625. ADVANCED HEALTH ASSESSMENT PRACTICUM.** This clinical practicum course provides 180 hours of clinical practice under the preceptorship of a certified Nurse Practitioner in primary care settings. During supervised clinical practicum experiences, emphasis is placed on the application of theoretical knowledge and advanced practice nursing skills to perform comprehensive and episodic health assessments on patients in primary care settings. The practicum provides clinical opportunities to further refine and practice the history taking and physical examination skills necessary for competence as an advanced practice nurse. Prerequisites: Official admission to the nursing graduate program and NUR 603. Corequisite: NUR 602. Lab/Clinical 12-16 hours per week. 3

**NUR 630. FAMILY NURSE PRACTICE I.** This course is designed to prepare the student to apply evidence-based principle of health promotion and disease prevention for individuals, families, communities, and aggregate/clinical populations. Basic principles of epidemiology will be introduced. Quality improvement models will be described. Diversity will be examined relative to social and communication patterns, roles and values/beliefs underlying health-illness behaviors. The course assists the student in expanding, synthesizing, and utilizing current theoretical and research based frameworks regarding family systems. Strategies to promote health and prevent disease for patients across the lifespan in urban and rural primary care settings are explored with an emphasis on utilization of evidence-based clinical practice guidelines. The impact of lifestyle, cultural, and environmental factors on health and/or health disparity are discussed. Assessment and care of individuals and families at all developmental stages will be highlighted throughout the course through the use of case studies and discussion forums. Prerequisites: NUR 601, 602, 606, 625. Corequisites: NUR 605, 631. Theory 3 hours per week. 3

**NUR 631. FAMILY NURSE PRACTICE I PRACTICUM.** This clinical practicum course provides 240 hours of clinical practice under the preceptorship of a certified Nurse Practitioner in primary care settings. Emphasis is placed on health promotion and disease prevention, patient teaching, problem management, family involvement, and interprofessional collaborative practice among healthcare professionals. Concepts of primary, secondary and tertiary care are introduced. The student is expected to assume increasing responsibility for primary health care services of individuals and families through history taking, differential diagnosis,

treatment/management of health care problems, and documentation of findings. Prerequisites: NUR 601, 602, 606, 625. Corequisites: NUR 605, 630. Clinical 16-20 hours per week. 4

**NUR 634. FAMILY NURSE PRACTICE II.** This course focuses on theoretical components for the diagnosis, treatment, and management of acute illnesses across the lifespan and the health promotion management of women, expectant families, and children. Acute illnesses across the lifespan commonly seen in primary care will be studied. Well-woman care, family planning, and reproductive tract disorders are also included in the course content. Prerequisites: NUR 604, 605, 630, 631. Corequisite: NUR 635. Theory 3 hours per week. 3.

**NUR 635. FAMILY NURSE PRACTICE II PRACTICUM.** This clinical practicum course provides 300 hours of clinical practice under the preceptorship of a certified Nurse Practitioner or Physician in gynecologic, pediatric, and primary care settings. Students apply theoretical and evidence-based knowledge gained in previous course work to the care of patients and families experiencing acute health alterations. Emphasis is placed on detailed history taking, diagnosis, treatment, management and documentation of health care problems. Students manage common acute illnesses in individuals across the lifespan in a variety of clinical settings. Application of primary prevention strategies and health maintenance is incorporated in the care of the well-woman, expecting families, and children. Clinical practicum hours in this course will include 90 hours in an OB-GYN clinical setting, 90 hours in a pediatric clinical setting, and 120 hours in a primary care setting. Prerequisites: NUR 604, 605, 630, 631. Corequisite: NUR 634. Clinical 16-24 hours per week. 5

**NUR 638. FAMILY NURSE PRACTICE III.** This course focuses on the diagnosis, treatment and management of chronic disease and complex care needs of patients across the lifespan. Concepts will be applied to meet the biological, psychosocial, mental and spiritual needs of patients across the lifespan. Students will combine history taking, physical examination techniques and diagnostic interpretation with problem-solving and clinical strategies to develop management plans for patients across the lifespan. Concepts of primary, secondary and tertiary care are incorporated into management plans with an emphasis on the utilization of the interprofessional collaborative team approach to arrange and evaluate care for patients across the lifespan with chronic disease and/or multiple co-morbidities. Prerequisites: NUR 634, 635. Corequisite: NUR 639. Theory 2 hours per week. 2

**NUR 639. FAMILY NURSE PRACTICE III PRACTICUM.** This clinical practicum course provides 300 hours of clinical practice under the preceptorship of a certified Nurse Practitioner in primary care and specialty clinic settings. The course provides students with the skills to function as an advanced practice nurse in addressing health promotion, disease prevention, acute, chronic and complex alterations in health of patients across the lifespan. Students have opportunities to practice in an increasingly independent role as a Family Nurse Practitioner. All clinical practicum hours may be completed in a primary care setting. Students have an option to complete a specified number of clinical hours in specialty clinics, if desired. Clinical practicum hours in this course total 300 hours and may include up to 90 hours in a specialty clinical setting. Prerequisites: NUR 634, 635. Corequisite: NUR 638. Clinical 16-24 hours per week. 5

**NUR 640. INFORMATICS IN CLINICAL PRACTICE.** This course provides an introduction to the field of nursing informatics. The social, ethical and legal issues in nursing and healthcare informatics will be presented. The course focuses on the impact of information systems and emerging information technology roles in the dynamic field of healthcare. Emphasis is placed on developing an understanding of how automation is used to manage information in healthcare its applications within healthcare settings, the value of technology for managing healthcare data and the role of the advanced practice nurse in the process. This graduate-level overview course provides required informatics knowledge and skills for all learners as well as the foundation for all additional informatics courses. Prerequisites: Official admission to the nursing graduate program and NUR 603. Theory 2 hours per week. 2.

**NUR 642. ADULT EDUCATION I PRACTICUM.** Focuses on development of objectives, teaching plans, and evaluation techniques in various settings within nursing. Prerequisite: NUR 601, 602, 606, 623, 625. Corequisite: NUR 612. Clinical 8 hours per week. 2

**NUR 643. ADULT EDUCATION II PRACTICUM.** Focuses on technology utilization and course management methods in various settings within nursing. Prerequisites: NUR 604, 605, 612, 642. Corequisite: NUR 613. Clinical 8 hours per week. 2

**NUR 644. ADULT EDUCATION III PRACTICUM.** Focuses on evaluation and remediation methods in various settings within nursing. Prerequisites: NUR 613, 643. Corequisite: NUR 614. Clinical 8 hours per week. 2

**NUR 645. ADMINISTRATIVE CONCEPTS PRACTICUM** Focuses on implementation of basic concepts related to administration and management of healthcare systems. Prerequisite: Official admission to nursing graduate program. Corequisite: NUR 615. Clinical 4 hours per week. 1

**NUR 646. NURSING ADMINISTRATION I PRACTICUM.** Focuses on implementation of the administrative role in a healthcare system. Prerequisites: NUR 601, 606, 615, 645. Corequisite: NUR 616. Clinical 12 hours per week. 3

**NUR 649. NURSING ADMINISTRATION II PRACTICUM.** Focuses on design of an innovative health delivery system. Prerequisites: NUR 616, 646. Corequisite: NUR 619. Clinical 12 hours per week. 3

**NUR 652. NURSING ADMINISTRATION III-ROLE SYNTHESIS PRACTICUM.** Focuses on evaluation of innovations in nursing/health care delivery; serves as the capstone course for nurse administrator students. Prerequisites: NUR 619, 649. Corequisite: NUR 622. Clinical 16 hours per week. 4

**NUR 680. FAMILY NURSE PRACTITIONER REVIEW COURSE.** This course focuses on transition into the advanced practice nursing role. The emphasis is placed on preparation for entry into advanced practice including Family Nurse Practitioner course content review for national board certification. The course will also include reviews of the scope of practice, standards of care, and legislative rules and regulations governing advanced practice nursing. Prerequisites: NUR 634, 635. Corequisites: NUR 638, 639. Theory 2 hours per week. 2

**NUR 686. NURSING SEMINAR (ELECTIVE).** Seminar regarding various topics currently related to the health care system. Theory 3 hours per week. 3

**NUR 687. RESEARCH PROJECT.** The MSN program culminates in the successful completion of a research project to demonstrate synthesis of the students' work from previous courses and lays the foundation for future scholarship. Directed research study topics are selected to meet the particular needs and interests of the students. The project development, implementation, and dissemination of findings is completed over the 2-year program. Students will earn either credit or no credit. One credit hour per semester for a maximum of 3 credit hours. Prerequisites: NUR 601, 606. 1-3

**NUR 689. INDIVIDUAL STUDIES.** 1-6

**NUR 801. ADVANCED THEORY AND ETHICAL ISSUES IN ADVANCED NURSING PRACTICE.** This course focuses on theoretical perspectives and foundations for inquiry into advanced nursing practice and provides a foundation in ethics as it applies to the health professions. The student will draw on clinical experiences to promote moral reflection and personal values clarification. Theory 3 hours per week. 3

**NUR 804. HEALTH CARE POLICY AND ECONOMICS IN CLINICAL PRACTICE.** This course provides an overview of health care policy and selected policy models. Economic, legal, and social factors impacting policy development are addressed. The policy making processes at the organizational, local, state, national, and international level are explored. The role of an advanced practice nurse in influencing policy in health care delivery, outcomes, and professional nursing is emphasized. Students develop leadership skills and are actively involved in field experiences. Theory 3 hours per week. 3

**NUR 806. EVIDENCE BASED NURSING PRACTICE: THEORY, DESIGN AND METHODS.** This course explores the philosophical underpinnings for nursing knowledge relevant to the role of the DNP. Quantitative and qualitative research methods related to the generation of evidence will be analyzed. Students will examine selected research studies, gain skills in analyzing methods, and apply research findings to practical problems. Students will also begin to design their own scholarly project reflecting their topic of interest. Theory 3 hours per week. 3

**NUR 808. ADVANCED STATISTICS FOR CLINICAL PRACTICE.** This course provides an overview of the logic and appropriate use of statistical techniques most commonly reported in the research literature of the health professions. Across the varied topics, emphasis is placed on: (1) becoming knowledgeable of the underlying logic of each statistical technique, (2) the appropriate use and underlying assumptions of the procedure, (3) interpretation of results from statistical software, and (4) evaluation of published results using

statistical procedures. Pre-requisites: NUR 806. Theory 3 hours per week. 3

**NUR 810. EPIDEMIOLOGY AND POPULATION HEALTH.** This course provides an overview of fundamental topics in clinical epidemiology and how these concepts are applied in the measurement and evaluation of population health. A historical perspective of epidemiology provides a background for current practices. Basic concepts, study design, data sources, and statistical measures are examined and applied. Emphasis is placed on the practical applications of epidemiology in the work setting and the global environment. Theory 3 hours per week. 3

**NUR 820. LEADERSHIP AND ROLE DEVELOPMENT IN ADVANCED NURSING PRACTICE.** This course synthesizes leadership theory and organizational models within the context of the health care industry. Systems leadership and organizational behavior concepts are also reviewed as they relate to leadership. Based on these theories, models, and behaviors the student will derive the DNP's role in complex health care organizations. Pre-requisites: NUR 801. Theory 3 hours per week. 3

**NUR 822. BUSINESS MANAGEMENT AND QUALITY CARE IN CLINICAL PRACTICE.** This course builds upon the leadership and organizational change course to examine health care economics and the business of clinical practice as it relates to the delivery of quality health care services. The course will analyze the interplay between the driving forces of economics, health policy, quality improvement, and standards of care in the delivery of health care services to maximize health outcomes. Within a quality improvement framework, students will explore economic concepts and measurement tools to critically appraise a health care issue, design strategies to improve clinical outcomes and evaluate the achievement of the improvement goals. Pre-requisites: NUR 804, 820. Theory 3 hours per week. 3

**NUR 824. INFORMATION MANAGEMENT AND DECISION SUPPORT IN CLINICAL PRACTICE.** This course examines the essential knowledge needed to understand information systems and technologies that are transforming health care. The student gains the ability to critique informatics program proposals, understand the role of the informatics specialist in managing health care information for decision-making and program planning, and analyze the utility and functionality of technology. The course prepares the student to use available technology tools to present, interpret, and organize data. Theory 3 hours per week. 3

**NUR 887. SCHOLARLY PROJECT DEVELOPMENT.** This course provides the student with mentored opportunities to identify, develop, implement, evaluate and disseminate an independent scholarly project focusing on problems of practice within specific populations. Students are supported by a Scholarly Project Advisory Committee in translating research/theory into teaching and evidence-based practice. The range of projects will be varied as they relate to the unique clinical practices of each DNP student. The student is expected to practice a minimum of 60-120 hours in a clinical area related to their topic of interest. Clinical 4-8 hours per week. 1-2.

**NUR 890. SCHOLARLY PROJECT.** The DNP program culminates in the successful completion of a scholarly project that demonstrates synthesis of the student's work and lays the groundwork for future scholarship. Students will engage in scholarly inquiry to analyze, evaluate, or transform a relevant aspect of clinical practice. The intent of the scholarly project is to demonstrate the student's understanding of new DNP concepts/knowledge and the ability to lead and practice at the highest level of professional, clinical practice.

The scholarly project may take on many forms but will be unique to the student's area of specialization and designed by the student in collaboration with their faculty advisor and clinical mentor(s). The project should make a significant, evidence-based contribution to existing nursing knowledge.

Examples of scholarly projects include: (1) a program needs assessment with program development and evaluation, (2) evaluation of an existing program, (3) development of an assessment instrument/protocol, (4) a cost/benefit analysis of program models, (5) construction of a practice model or an innovation for practice, (6) database creation to track direct assessment or outcome, (7) implementation of an evidence-based guideline for clinical practice, (8) or other scholarly projects as approved.

Students will also integrate DNP role behaviors into clinical practice, analyze practice-based issues from the DNP perspective, and generate a portfolio that documents their achievement of the DNP program objectives. The student is expected to practice a minimum of 300 hours in a clinical area related to their topic of interest. Pre-requisites: NUR 887. Clinical 4-12 hours per week. 1-7
