WHO ARE WE?

The Delta Educational Opportunity Center is a federal TRIO program designed to assist qualified adults, who desire to enter or continue a program of postsecondary education, with information about educational and career opportunities. Funding through the U.S. Department of Education has made it possible to provide services to 1,000 participants. Our vision is to serve as the ABE/GED networking hub of the Mississippi Delta for increased enrollment in postsecondary education institutions.

"You can change your life's path at any time. The past cannot be changed, but the future can be redirected. It's up to you."
