

Delta Area Writing Project's Summer Institute

The *Delta Area Writing Project's Summer Institute* will be held at Delta State University in Cleveland, MS. Participants will receive 6 hrs of graduate credit and a stipend.

The *Delta Area Writing Project's Summer Institute* is closely aligned with Competencies 3 & 4 of the MS Language Arts Framework, but will also meet Competencies 1 & 2, since we will integrate reading as a way to teach writing. These activities will help teachers know how to deliberately plan for rigorous and deep learning experiences, create a learning environment that fosters deep thinking, engagement of students, integration of subject areas, and problem-based learning experiences, therefore also addressing the Common Core State Standards. The activities are aligned with the Mississippi Department of Education's Math, Science, and Social Studies Framework by using writing as a tool to teach and assess the subject matter in each core area.

June 4th - 23rd

8:30 am – 4:30 pm
