Sample Journals:

Journal of Instructional Psychology

Acceptance Rate: 65%

The journal publishes original articles dealing with issues related to instruction and educational management and gives preferences to manuscripts focusing on bilingual and multicultural issues, at-risk youth, and educational technology.

International Journal of Instructional Technology and Distance Learning

Acceptance Rate: 66%

Research and innovation in teaching and learning are prime

Research and innovation in teaching and learning are prime topics for the Journal of Instructional Technology and Distance Learning. The Journal was initiated in January 2004 to facilitate communication and collaboration among researchers, innovators, designers, producers, practitioners, and administrators of education and training. The Journal is monthly, refereed, and global. *IJITDL* is committed to publish significant writings of high academic stature for worldwide distribution to stakeholders in distance learning and technology.

Come to the Thad Cochran Center for assistance finding the right journal for publishing your ideas, papers, presentations, and research. (Receive issue copies, manuscript guidelines, required length, themes, deadlines, editor email addresses, website, sample articles, etc.)
