

Cause & Effect Envelopes

Have these strips in the cause envelope:

A blizzard hit the city

I planted sunflower seeds

My sister stayed up past midnight

Lilly spilled milk all over the floor

David signed up for guitar lessons

Have these strips in the effect envelope:

And all schools are closed today.

Now they are growing

And she fell asleep in class.

And her mom fell from slipping on the milk.

Now he can play the guitar with ease.

Let the student match the cause and effect pairs up.
