Customizing Your Course Drop-Down Menu

1. Select Courses from the Global Navigation

In the Courses drop-down menu, click the View All or Customize link.

2. Choose Courses

Click the star next to a course to add or remove the course from the Courses drop-down menu. Courses with yellow stars indicate a favorite course and are included in the Courses and Groups drop-down menu. Current courses are starred by default. You can toggle the stars to favorite or unfavorite a course.

Your favorite courses will appear in your Courses and Groups drop-down menu after you make your selection(s).
**Note:** You can see all your present, past, and future courses by clicking the **View All or Customize** link [3]. You will only see future courses if the start date is in the future, the course is published, and you have been enrolled in the course.

**Unpublished Courses**

Only instructors can favorite unpublished courses [1]. Students can hover over a star icon for an unpublished or concluded course and view a message indicating that the course cannot be added as a favorite [2].
