Spring 2008
Welcome to the Criminal Justice Program at Delta State University. It is the goal of this graduate degree program to engage students in a course of study that will be both thought-provoking and academically challenging. Through this endeavor students will develop critical thinking, writing, and analytical skills that will prepare them for a vast assortment of future careers. Students will be provided a diverse curriculum composed of 36 hours of rigorous course work designed to provide them with an opportunity to specialize in a variety of areas of criminal justice. Graduates are prepared for professional careers in law enforcement, corrections, the legal system, and academia.

The faculty of the Criminal Justice Program and the Division of Social Sciences are excited about your participation in this program. The information included in this manual is intended to assist you as you take part in the graduate program here at Delta State University. Ultimately, however, the responsibility for success rests with you the student, as it is your responsibility to take full advantage of all opportunities available for you here at Delta State University. Members of the faculty are always available to assist you with any questions or problems you may encounter. Once again, welcome to the Online Masters of Criminal Justice Program and we look forward to your participation in the program.

Sincerely,

COMPREHENSIVE EXAMINATION GUIDELINES

The comprehensive examination is designed to test the graduate student on materials obtained from courses in the Online Masters of Science in Criminal Justice Degree program. The questions are designed in such a manner that any student successfully completing the course is capable of passing the examination. To ensure that both students and faculty have time to prepare for the administration of the examination, students desiring to sit for the exam and graduate must make arrangements with the Graduate Coordinator for the Master of Science in Criminal Justice program at least one semester prior to their taking the examination.

Questions on the examination will not be instructor-specific. Therefore students should not be concerned about passing a section merely because they did not have the instructor who is currently teaching the course. All questions from each section will be selected through the
Criminal Justice graduate committee, and other faculty members in the Division of Social Sciences. The core areas tested will be:

- CRJ 630  Theories of Criminal Behavior
- CRJ 635  Research Methods in Criminal Justice
- SSC 669  Statistics
- CRJ 650  Organization and Philosophy of Criminal Justice
- CRJ 655  Professional and Institutional Ethics
- CRJ 670  Historical Analysis of the Criminal Justice System
- CRJ 675 Seminar in Criminal Justice
- CRJ/PSC/SOC Electives

The examination will take approximately 4 to 6 hours. Students who have questions concerning the administration of the comprehensive exam are asked to contact Dr. Albert Nylander at (662) 846-4065 or nylander@deltastate.edu.

The exam will be graded on a Pass/Fail basis. Members of the examination committee will meet and discuss the strengths and weaknesses of each exam and determine whether it is a pass or fail.

The Criminal Justice Graduate Coordinator will provide students with a study guide for the comprehensive examination upon their registering for the exam. This study guide should not be misconstrued as being the exact questions that will be asked on the examination. However, the questions on the study guide are designed to be representative of the types of questions that will be asked on the examination. Therefore, a student who is capable of answering each question on the study guide should have no problem successfully completing the comprehensive examination when it is administered.
