COURSE SYLLABUS

Course Description

FCS 488 Internship in (area of Family and Consumer Sciences). Supervised professional experience in selected area, including child development. Prerequisite: meet specified criteria. 3 or 6.

General course objectives:

- 1. Gain profitable learning experiences through working closely with professionals in the field.
- 2. Attain greater depth of learning by application of course material to on-the-job experiences.
- 3. Understand the significance of academic courses and their application to work experience.
- 4. Understand position responsibilities through interaction with personnel on a formal and informal basis.
- 5. Understand the relationship between the internship course and career goals.
- 6. Develop a better understanding of career professionalism.
- 7. Establish contact with professional personnel.
- 8. Think in terms of a variety of job possibilities.
- 9. Make a wise career selection based on firsthand knowledge.

Guidelines for Tardy Work

Points will be deducted for late work. Late is defined as being turned in after the scheduled due date. Work turned in after the due date will be drop a letter grade for EACH day turned in late.

Assigned Requirements

All written assignments are to be completed by word processing. Computer labs are available on campus in Kethley, Jobe, and Ewing. Any students needing assistance with writing skills should visit the Writing Center on campus. Students may turn in all assignments by e-mail.

University Policy on Cheating and Plagiarism

Cheating and plagiarism are not to be tolerated. If it is established beyond a reasonable doubt that a violation has occurred, instructors may determine the penalty, or may report the offense to the division/department chair and the dean of the school. The usual penalty involves a grade of zero on the test, examination, or paper in question. If cheating or plagiarism is suspected, but not established beyond a reasonable doubt, the instructor may require the student to take another test or submit another paper. A second offense by any student should be reported immediately for more stringent action.

Accommodation of Disabilities

It is the responsibility of students who have professionally diagnosed disabilities to notify the instructor so that necessary and/or appropriate modifications can be made to meet any special learning needs.

THE INTERNSHIP PROGRAM

An internship is a "temporary period of supervised work that provides opportunities to develop skills to test abilities and carrer interest, and to systematically examine institutional cultures in a chosen academic field of study." (Zauderer) This manual provides criteria for eligibility and other information to enable students to apply for and complete an internship in Child Development.

Internship Supervisor

Mrs. Stephanie Farris, MEd Division of Family and Consumer Sciences Box 3273 Delta State University Cleveland, MS 38733 Office Phone: 662-846-4320

sfarris@deltastate.edu
Office Fax: 662-846-4314

Credit Hours

3 hours: 200 working hours, (5 weeks at 40 hours or similar) 400 working hours, (10 weeks at 40 hours or similar)

BACKGROUND INFORMATION

Child Development

The program in Child Development originally required a student teaching experience, after which the graduates received N-K certification. When the State Department of Education deleted the N-K certification, the Division realized the benefit of students spending an extended period of time in a "real-world" situation. The internship was encouraged for a number of years and later was required. The program provides opportunities to apply a field experience in which the sudent assumes major responisbility for a full range of teaching and caregiving duties for a group of young children.

Students with a concentration in Child Development who are interested in taking the Praxis II can enroll to take the Early Childhood Education (Child Development Pre-K and K only) test number (0021). Individuals receiving a scaled score of 550 or better will receive a license to teach from the Mississippi State Department of Education.

CRITERIA FOR ELIGIBILITY FOR THE INTERNSHIP

- 1. Junior or senior standing
- 2. Family and Consumer Sciences major with concentration in Child Development
- 3. 2.5 cumulative GPA in all coursework **OR** a 3.0 in Family and Consumer Sciences coursework
- 4. Previous work experiences courses highly recommended
- 5. Completion of specified coursework*
- 6. Completion of internship application **two semesters** prior to expected internship.
- 7. Completion of required faculty/teacher recommendation **two semesters** prior to expected internship.
- 8. FBI Fingerprint letter
- 9. Background check
- 10. Form 121 (Shot Record)
- 11. Current Transcript
- 12. Appoval for internship by an Internsip Committee

* Required Coursework for Child Development

Child Development

FCS 270	Individual & Family Development
FCS 326	Child Development
FCS 330	Infant Devlopment
FCS 377	Methods and Materials for Preschool Programs
FCS 378	Principles and Procedures for Preschool Programs

REQUIREMENTS FOR ADMISSION INTO THE INTERSHIP PROGRAM

- 1. During the freshman or sophomore year, try to obtain work experience related to your field. However, work experience of any kind is a positive factor in preparation for the internship.
- 2. Complete the Admission Form and return to the appropriate faculty supervisor or to the Chair of the Division of Family and Consumer Sciences. Submit admission form during week of pre-registration according to the following schedule.

At preregistration in the Fall: students apply for internships to be performed the following **Summer**

At preregistration in the Spring: students apply for internships to be performed the following **Fall** or **Spring**

- 3. Secure faculty recommendations for admssion into the intership program. Child Development majors must have one Faculty Recommendation from Mrs. Stephanie Farris, Child Development Center Director, two from other Family & Consumer Sciences faculty members, and five from the Child Development Center teachers.
- 4. Completed applications will be reviewed by an Internship Committee and the student will be notified of acceptance or denial of admission before the completion of the semester in which the application is made. A negative evaluation from a Child Development teacher will probably prevent a student from being admitted into the Internship program.
- 5. Admission will be determined by the Internship Committee using these criteria as gudelines:
 - A. Eligibility requirements
 - B. Students's abilities
 - C. Students's career interests and preferences
 - D. Faculty & Teacher Recommendations
 - E. In Child Development, internship candidates <u>must be approved</u> by teachers in the Child Development Center.
- 6. <u>One semester before</u> the planned internship experience, schedule a conference with the faculty supervisor to discuss placement.
- 7. All students will be placed in the Child Development Center classrooms unless there are extenuating curcumstances.
- 8. For Child Development majors, payment of \$50.00 for fingerprinting is required by licensure. This is due the first week of enrollment in FCS 377 or FCS 330. We will not accept letters or e-mails from previous employers. We must have the original letter.

ENROLLMENT PROCEDURES FOR THE INTERNSHIP

- 1. Enroll in the internship course FCS 488, the Child Development section. As part of the course, all students must participate in a seminar before they begin their internship.
- 2. Students are discouraged from taking other courses during the 5 or 10 week internship work period. In rare circumstances, work experiences may be approved for the Fall or Spring semester. In such cases, students who need to take another course should discuss these scheduling problems with the faculty supervisor of the internship program. Under no circumstances during the work experience may a student take more than twelve hours, including the intership. Students in internship need to be able to schedule blocks of uninterrupted work time. This uninterrupted time should be a minimum of 5 hours per day. Inability to do this will negatively impact the internship experience for the student and for the employer. This will reflect negatively on Delta State. Under no circumstances should a student try to maintain outside employment in addition to the internship experience. It interferes with the student's availability for the internship experience.
- 3. An FBI letter, background check, current transcript, and Form 121 (shot record) must be completed **before** a student can be accepted for internship.
