Start: 7/1/2011
End: 6/30/2012

User Outcome

Job postings will be processed within two business days from receipt of an approved Requisition for Employee form. By processing requisitions for employee forms within two days will enhance institutional effectiveness and to assure high-quality, diverse faculty and staff are recruited.

Data Collection (Evidence)

- Job postings will be documented in Excel according to the date the Requisition for an Employee is approved and the date the position is posted. Excel will calculate the number of days to process a job posting.
- The number of applications received will be tracked through Excel.
- Data collection will begin each new fiscal year and will be analyze three to four times a year to ensure positions are posted within two days from date of approval.
- Modifications will be made and research will be conducted to determine why job postings are not processed within two business days and documented accordingly.
- PeopleAdmin will record when a job is initiated to the time it is posted.

Results of Evaluation

- 48 (53%) job announcements were posted the same day once.
- 27 (29%) job announcements were posted within 1 day.
- 5 (5%) job announcements were posted within 2 days.
- 12 (13) job announcements were posted within 3 days.

92 job announcements were posted from July 2011 – June 2012

- 87% job postings were processed within 2 business days or less.
- 13% job posting were processed 3 days or greater.

Use of Results and Recommendations
Results show that 87% of the job announcements approved were posted within two days. Human Resources is committed to enhancing institutional effectiveness by ensuring qualified candidates are recruited. With the implementation of PeopleAdmin, the number of days to post a position has decreased compared to last year. The automation of job posting has made the workflow process more efficient. Documentation is needed to address the issues as to why 13% of the job postings took longer than 3 days to post. The University community experienced a learning curve with the new PeopleAdmin system which caused a delay in posting the positions. With the proper training and assistance, the number of days to post a position will decrease. Recruiting guidelines and policies are established to ensure that an approved position is posted within two business days. Qualified candidate is hired for an approved position.

Results show that Human Resources is dedicated to ensure all employees are processed timely and efficiently. Human Resources will continue to process EAF forms that are submitted before the payroll deadline within three business days to ensure that the employee(s) is/are timely paid and/or changes to the employees’ accounts are reflected within that particular payroll cycle. HR 2012_03: Compensation Plan for Faculty and Staff
Start: 7/1/2011
End: 6/30/2012

Unit Goal
Implement a classification and compensation plan for faculty and staff.

Evaluation Procedures
Human Resources and the University administration will review the request for proposals submitted and choose three vendors to present their compensation plan. One vendor will be chosen and communications pieces will be distributed to each employee. Each employee will be required to submit a job content questionnaire and group meetings will be held to define key aspects of the job.

Actual Results of Evaluation
A compensation study is still in progress. Employees have completed a job analysis questionnaire and the compensation company, Centre Group, has conducted an analysis on all jobs and compared data to the market using CUPA and SRB surveys. The Centre Group has prepared a draft of the recommendations for each position and has assigned a salary structure. Meetings have been scheduled to present the results of the evaluation and recommendations with Cabinet before the plan is presented to the University community.

Use of Evaluation Results
University administration will determine if budget will allow for market adjustments and/or a plan will be developed for the implementation of the compensation plan.

HR 2012_04: PeopleAdmin Implementation
Start: 7/1/2011
End: 6/30/2012

Unit Goal
Implement PeopleAdmin for online submission of employment applications and job postings.

Evaluation Procedures
Implementation of PeopleAdmin will be coordinated with the consultant and Human Resources. A timeline will be created to ensure the steps and procedures are completed within the estimated implementation of three to four months.

Actual Results of Evaluation
The Human Resources staff began the necessary trainings and set-up to implement PeopleAdmin from January - April 2012. PeopleAdmin went live on May 1, 2012 and has improved the application process. PeopleAdmin will collect the necessary data needed for compliance with Affirmative Action. Employment applications are electronically transferred to the appropriate departments, eliminating the use of paper copies. Job announcements are posted by the department heads online, which creates the electronic job posting. When a position is closed and filled, regret letters are generated improving the communication process between internal and external constituents.

Use of Evaluation Results
Human Resources is viewed as a strategic partner. PeopleAdmin alleviates the non-qualified applicants which results in compliance with qualifications listed on the job descriptions. A better pool applicant database is being created, and the recruitment strategy has a more defined process. PeopleAdmin collects the data needed for affirmative action reports.
