FMGT 01: UO Work Orders

Start:7/1/2012

End: 6/30/2014

User Outcome

Facilities Management work orders completed during the past fiscal year.

Data Collection (Evidence)

School Dude reports generate the number of work orders completed, work orders pending, and the number of days for the work order to be completed. Monthly reports are generated and reviewed to determine the amount of work on hand and to determine whether overtime is needed or whether work should be contracted out. The reports are also reviewed to determine the average number of days to complete the work orders.

Results of Evaluation

During the period between 7/1/12 and 6/24/13, a total of 8,546 work orders were completed according to the SchoolDude work order tracking system.

Use of Results and Recommendations

Facilities Management works to accomplish work orders in a timely manner despite the number and / or velocity. Each work order varies in complexity.
