Narrative

The assignment of rooms in the residence halls is made arbitrarily for those students who do not specify a roommate. This is done on a basis of chronological order as applications with $50.00 deposits are received. In the event that an assignment is unacceptable to a student, the individual may request a change in room assignment the first week of school, also after the first week if desired space is available. No room assignment is made until a student's application for admission to the university is received and provisionally approved by the Office of Admissions.

The procedure for assigning students to family housing is designed for fairness to all students and with no consideration given to race, creed, color or national origin. Current policies involved with the assignment of students to apartments are as follows:

1. A deposit of $100.00 is made to Student Business Services.
2. The student's name is placed on the waiting list according to the date on the Student Business Services receipt.
3. As apartments become available, those on the waiting list are notified in the order in which their names appear on the list.
4. A student must be married or a single parent with a minor child in residence and enrolled as a full time student.
