 **BIS 2014_03: Encourage Students to Work with Other Faculty to Complete Projects**

Start: 7/1/2013

End: 6/30/2014

Unit Goal

Encourage students in working/research relationships with faculty in their various concentration areas in order to build students' resumes and develop partnerships so that students will have access to career advice and references from advisors in various academic areas.

Evaluation Procedures

- Director held conferences with students during advising to determine interaction rate with other faculty.
- Faculty held conferences with students during capstone proposal semester to determine interaction rate with other faculty.
- Graduation exit survey determines the student satisfaction with contact with faculty members in all disciplines.

Actual Results of Evaluation

All students graduating Fall 13 and Spring 14 were actively involved in collaborations with faculty in one or more areas or units. (Students choose two or three areas of concentration; collaborations are possible with any and all of the areas). Collaborations were variously staged between or among student and faculty or staff in Delta Music Institute and Business; Social Sciences Division and Department of HPER; Sociology department and Capps Archives; Interdisciplinary Geospatial Information Technologies and Business; Family/Consumer Sciences and Business; Political Science and Social Science.

Use of Evaluation Results

Collaborations with faculty are deemed successful with completion of Capstone project.

 **BIS 2014_05: Increase Awareness of Degree/Recruitment**

Start: 7/1/2013

End: 6/30/2014

Unit Goal

Increase awareness of the BSIS program in the recruiting, admission, and orientation departments so that all students will be suitably advised as to major, degree, and advisor in order to ensure timely progress towards degree completion.

Evaluation Procedures

Measures to increase in enrollment continued; Incoming students will meet with BSIS advisor, declare BSIS major, choose concentration areas, and proceed to graduation in a timely fashion.

Actual Results of Evaluation

Overall enrollment has decreased somewhat since the Delta Music Institute now offers its own degree (BS – MIS). The BSIS program has a more prominent presence on campus and for prospective students. Students' initial contact with BSIS advisor, in relationship to time at DSU, will be tracked in advisee folders.

Use of Evaluation Results

Working with recruiting, admission, and orientation personnel will continue. BSIS transcript evaluation form has been disseminated to Registrar and Admissions. Work with the university's Communication and Marketing unit to create a BSIS brochure.

 **BIS 2014_06: Scholarships**

Start: 7/1/2013

End: 6/30/2014

Unit Goal

Initiate a fundraising campaign through the DSU Foundation to raise scholarship monies for Interdisciplinary Studies majors.

Evaluation Procedures

Track scholarship monies.

Actual Results of Evaluation

Mrs. Jutta Ferretti has donated monies to establish a BSIS scholarship. The John and Jutta Karnstedt Ferretti BSIS scholarship will be presented to one student each year. There was no recipient this year. There were no students who met the requirements of the scholarship.

Use of Evaluation Results

Progress in scholarship fundraising will be measured by actual monies and numbers of students assisted to determine best practices in campaigning and distribution of assistance. Scholarship applications were determined in consultations among the Directors of BSIS, DMI and GIS. Effort will continue with goals assessed and revised yearly.

 **BIS 2014_07: Student Awareness of Program/Recruitment**

Start: 7/1/2013

End: 6/30/2014

Unit Goal

The BSIS director will track how students become aware of the program.

Evaluation Procedures

Each student in the BSIS program is asked to fill out an information form. A line has been added to the form asking how students became aware of the Interdisciplinary

Studies program. In addition, the semester the student enters the program is entered on the form.

Actual Results of Evaluation

Of 23 students that entered the program 2013-2014, 17 students provided the following data: 2 students found out about BSIS through a faculty member; 11 students found out about BSIS through family or friends; 2 students found out about the program through BSIS graduates; 1 student found out about BSIS through the Student Success Center; and 1 student found out about BSIS through the program's webpage.

Use of Evaluation Results

Recommendations:

Word of mouth advertising of the program is wide spread across campus. The program's director will work with the university's Communications and Marketing unit to develop a brochure for recruiting purposes and work on the webpage. The Director of BSIS will be able to track how students come to the program and will be able to tailor recruiting material based on these findings.

Data Standards

1. The official graduate numbers provided by IRP will be used for the annual report when reporting on Degree and Community
2. Student files are divided by active, stopped out, graduated and left the program. This gives the director a more accurate understanding of the student's status. Stopped out students may be contacted to urge them to reenroll and finish their degrees.
