<b>User Outcomes</b>	<b>Data Collection &amp; Analysis</b>	<b>Results of Evaluation</b>	<b>Use of Eval Results</b>
Students will be offered federal financial aid funds within seven days of submitting all required documentation.	Data will be collected from the Banner database each month. Date of final document submission will be compared to date of offering aid to determine if students are being offered aid in a timely manner.	Fewer students enrolled and fewer students turned in application data early. However, students were offered aid with 7 to 10 days of submitting final documentation.	We will continue to award aid to students in a timely manner and will contact students even more to request required documentation. Early 2013-14 data already shows an improvement in documentation received and applications finalized.

## **Unit Goals**

### **1\_1415: SFA\_1415\_Workforce\_Investment\_Act**

**Start:** 7/1/2014

**End:** 6/30/2015

#### **Unit Goal**

Do more advertising for the WIN Job Center money that is available to our students.

- a. This is the WIA scholarship that offers to pay up to \$2000 a semester for a student who is within the last 3 semesters of graduating and enrolled in an eligible program.
  - i. Notify all Jr/Sr through email to make sure they are aware of the scholarship opportunity.
  - ii. Have a flyer that lists all eligible majors
  - iii. Notify the deans and teachers of eligible majors to make sure they inform the students in their programs
  - iv. Work with Student Business Services and the WIN Job center to promote the scholarship

#### **Evaluation Procedures**

Students were notified of the program by mass emails, social media, and flyers on campus and in the deans and chairs mailbox and word of mouth. Student Business Service sent information forms to deans and chairs asking for cost of programs, description of jobs students could get once they graduated, students enrolled in the majors, requirements for students to be admitted, etc. They then sent that information to the WIN Job center to get more programs added, so more students would be eligible for the WIA money.

#### **Actual Results of Evaluation**

Starting in the Fall 2014 SBS went from 10 students in the program (previously) to 42 eligible students and in Spring 2015 they had 128 students who were eligible for WIA money. They were also able to go from 10 programs in 2013-2014 to 41 programs 2014-2015 with hopes to add 10 more in 2015-2016. DSU went from receiving \$18,000 in the Spring 2014 to \$178,000 in the Spring 2015. I have attached a chart of the growth in funding for WIA for the past year, a chart of the Spring 2015 recipients and the Major in which they were enrolled. I have also included a breakdown of each program and they number of enrolled participants.

 **2\_1415: SFA\_1415\_Coordinate\_with\_Student\_Success\_Center**

**Start:** 7/1/2014

**End:** 6/30/2015

**Unit Goal**

Work more closely with the student success center in helping students who are identified as a risk for failure.

- a. Offer our services to the success center to talk to and communicate with at risk students.
  - i. Probation students
  - ii. Suspended students
  - iii. First generation college student
  
- b. Attend study skills sessions and provide additional information to students
  - i. Reminders for probation students about completing hours and keeping high GPA
  - ii. Information for Suspended students about how to get their financial aid reinstated
  - iii. Information for other at risk students who may be on the verge of losing their financial aid.
  
- c. Work with the Developmental Coordinator and offer to present to developmental students an explanation of the SAP Policy
  
- d. Continue to work with the Orientation classes and present financial awareness information during the Fall semesters.

**Evaluation Procedures**

Get list from Student Success Center on students reported to them and then check to make sure students were successful and were not suspended or lost.

**Actual Results of Evaluation**

During the Fall 2014 and the Spring 2015 we only had 3 students who were turned into the Student Success Center. We have turned in 11 students for the Summer 2015 and Fall 2015. We are still working on this. Of the 3 that were turned in... 1 did not return for the Spring, 1 did return but did not pass, 1 did return and did pass, but is still on probation because of overall GPA being under 2.0.

 **3\_1415: SFA\_1415\_Teach\_Grant**

**Start:** 7/1/2014

**End:** 6/30/2014

**Unit Goal**

Research the TEACH grant to determine if DSU students will benefit from the grant.

a. The grant is a scholarship/Loan and if the student does not complete the program or work in the teaching field the scholarship turns into an Unsubsidized loan and interest is added to the loan from the creation of the loan. Freshman are eligible for this grant.

i. Research how many students start the program and drop, how many actually get jobs within the teaching field once they graduate.

ii. If we had awarded the TEACH grant to students during the first year it was implemented, how many students would have to pay it back.

iii. Would it be better to offer this grant to Juniors instead of Freshman.

iv. What are the pro's and con's to offering this grant to DSU students.

v. What are the regulations for this grant

1. Entrance and Exit counseling

2. Extra forms to complete

**Evaluation Procedures**

Were we able to implement TEACH grant during the 15-16 Aid year?

**Actual Results of Evaluation**

We have looked into implementing this program. At this time we are not ready to implement and will continue looking into adding this program during the next year. New Director did not think her first year should include a new program and all that goes along with implementing it. She will talk to other schools and then make a decision about implementation. This will continue to be a goal.
