THE INTERNSHIP PROGRAM
An internship is a “temporary period of supervised work that provides opportunities for develop skills and to test abilities and career interest, and to systematically examine institutional cultures in a chosen academic field of study.” (Zauderer) This manual provides criteria for eligibility and other information to enable students to apply for and complete an internship in Fashion Merchandising.

BACKGROUND INFORMATION

**Fashion Merchandising**

In 1976, a fashion merchandising option was added to the offerings of the School of Business at Delta State University. This specialized program was an interdisciplinary effort with the Department of Art, the Division of Management and Marketing, and the Division of Family and Consumer Sciences working together to prepare students for positions in the retailing field with special emphasis placed on fashion retailing. In the fall of 1984, the program in fashion merchandising was moved to the Division of Family and Consumer Sciences. The internship course, FCS 488, was first offered in the spring of 1979. At that time, internships were highly recommended but were optional. In the 1988-89 Delta State University catalog, FCS 488 Internship for 3 or 6 hours was listed as a required course. Students completing this program will receive a Bachelor of Science in Family and Consumer Sciences, (B.S.) with a concentration in Fashion Merchandising.

REQUIREMENTS FOR ADMISSION INTO THE INTERNSHIP PROGRAM

1. During the freshman or sophomore year, try to obtain work experience related to your field. However, work experience of any kind is a positive factor in preparation for internship.

2. Complete the Admission Form and return to the appropriate faculty supervisor or to the Chair of the Division of Family and Consumer Sciences. Submit admission form during week of pre-registration according to the following schedule.
   - **At preregistration in the Fall:** students apply for internships to be performed the following **Summer**
   - **At preregistration in the Spring:** students apply for internships to be performed the following **Fall** or **Spring**

3. Secure faculty recommendations for admission into the internship program. Fashion Merchandising majors must have two Faculty Recommendations. At least one recommendation must come from an FCS faculty member.

4. Completed applications will be reviewed by an Internship Committee and the student will be notified of acceptance or denial of admission before the completion of the semester in which the application is made.

5. Admission will be determined by the Internship Committee using these criteria as guidelines:
   - A. Eligibility requirements
   - B. Student's abilities
   - C. Student's career interests and preferences
   - D. Faculty Recommendations

6. One semester before the planned internship experience, schedule a conference with the faculty supervisor to discuss placement.

7. Placement will be contingent upon acceptance of the intern by an appropriate supervising agency/company with the approval of the Internship Committee.
ENROLLMENT PROCEDURES FOR THE INTERNSHIP

1. Enroll in the internship course FCS 488. As part of the course, all students must participate in a seminar before they leave campus to do their internship.

2. Students are discouraged from taking other courses during the 5 or 10 week internship work period. In rare circumstances, work experience may be approved for the fall or spring semester. In such cases, students who need to take another course should discuss these scheduling problems with the faculty supervisor of the internship program. Under no circumstances during the work experience may a student take more than twelve hours, including the internship. Students in internship need to be able to schedule blocks of uninterrupted work time. This uninterrupted time should be a minimum of 5 hours per day. Inability to do this will negatively impact the internship experience for the student and for the employer. This will reflect negatively on Delta State. Under no circumstances should a student try to maintain outside employment in addition to the internship experience if it interferes with the student’s availability for the internship experience.

NOTE: The student is responsible for making most of the contacts with prospective establishments regarding internship appointment. Placement must be with an agency, business, or institution approved by the Internship Committee.
