*Annual Percentage Rate (APR) for Purchases	Standard Variable APR: between <b>13.99%</b> and <b>19.99%</b> . The APR you receive is determined based on your creditworthiness.
Other APRs	<u>Balance Transfers</u> : <b>0%</b> or <b>2.99%</b> Introductory APR for the first 12 statement Closing Dates following the opening of your account for all Balance Transfers and Direct Deposits. The Introductory APR you receive is determined based on your creditworthiness. The Introductory APR will end sooner if your payment is late or the account balance is over the credit limit. After that, the Variable APR for any balances that were subject to the Introductory APR is between <b>13.99%</b> and <b>19.99%</b> , based on creditworthiness. The Standard Variable APR for Balance Transfers is between <b>13.99%</b> and <b>19.99%</b> , based on creditworthiness. See <sup>1</sup> and <sup>5</sup> below for explanation. <u>Cash Advances</u> : Standard Variable APR is <b>24.24%</b> for all Direct Deposits, Check Cash Advances, ATM Cash Advances, Bank Cash Advances, Overdraft Protection and Cash Equivalent transactions. See <sup>6</sup> below for explanation.
Variable-Rate Information	Your APRs may vary. For each billing cycle, we determine each APR by adding a margin to the prevailing U.S. Prime Rate. The margin for the Standard Variable APR for Purchases and Balance Transfers is between 10.74% and 16.74%. The margin for the Standard Variable APR for Cash Advances is 20.99%. See <sup>2</sup> below for explanation.
Grace Period for repayment of balance for Purchases	At least 25 days from the statement Closing Date (provided you fully paid your New Balance Total from the previous statement by its Payment Due Date). See <sup>3</sup> below for explanation.
Method of computing the balance for Purchases	Average Daily Balance (including new purchases).
Minimum Finance Charge	\$1.50
Annual Fee	None
Transaction fee for Purchases	Transaction fee for the purchase of wire transfers from a non-financial institution: 4% of each such transaction (minimum \$10).
Foreign Transactions	Transaction Fee for any transaction made in a foreign currency and any transaction made in U.S. Dollars that is processed outside the United States: 3% of the U.S. Dollar amount of each such transaction. This fee will be in addition to any other applicable fee.

**Fee for Balance Transfers and Direct Deposits that are subject to the Introductory APR:** 3% of each such transaction (minimum \$10). See <sup>4</sup> and <sup>5</sup> below for explanation.

**Standard Balance Transfer Fee:** 4% of each such transaction (minimum \$10).

**Overdraft Protection Cash Advances (if enrolled):** 3% of each such transaction (minimum \$10).

**Late Fee:** Based on your balance as of the day the fee is assessed - \$15 if \$0 - \$100; \$29 if between \$100.01 - \$250; \$39 if \$250.01 or over.

**Overlimit Fee:** None.

If your account has balances with different APRs, payments are applied to the balance with the lowest APR before any payments are applied to balances with higher APRs. This means that balances with higher APRs are not reduced until balances with lower APRs have been paid off. Effective February 13, 2010, only the amount of your payment equal to the Total Minimum Payment Due will be allocated to the lowest APR balances first. Any amount of your payment that is greater than the Total Minimum Payment Due will be applied to balances with the highest APR.

<sup>1</sup> The Introductory APR is effective upon the opening of your account and does not apply to Purchases or Cash Advances, other than Direct Deposits. When the Introductory APR ends, the Standard (non-introductory) Variable APR is calculated using the Variable-Rate Information and is applied to new and outstanding balances (consisting of Balance Transfers). If your payment is late (i.e., not received by 5 p.m., E.T., on its Payment Due Date) or the account balance is over the credit limit, the Standard Variable APR will be applied to those balances as of the first day of the billing cycle in which the payment was late or the balance exceeded the credit limit. We reserve the right to change the APRs in our discretion including, for example, the margins.

<sup>2</sup> The U.S. Prime Rate used to determine your APRs for each billing cycle is the highest rate appearing in *The Wall Street Journal* on the last publication date of the calendar month that ends within that billing cycle. On November 30, 2009, the U.S. Prime Rate was 3.25%.

<sup>3</sup> The number of days between your statement Closing Date and your Payment Due Date (the grace period) may vary from one billing cycle to another.

<sup>4</sup> We include Transaction Fees when computing finance charges. Incurring Transaction Fees results in an APR exceeding 0% for the billing statement on which those fees appear. The Daily Periodic Rate (DPR) will remain 0% for the accounts approved at the 0% Introductory APR as disclosed.

<sup>5</sup> For purposes of the Introductory APR offer on Balance Transfers, the three checks accompanying the Guide to Benefits materials we send to you will also be treated as Balance Transfers. Any Direct Deposits that post to your account after the Introductory APR ends will be Cash Advances with a **24.24%** Standard Variable APR.

<sup>6</sup> Cash Equivalent transactions are defined as money orders, foreign currency, and travelers checks from a non-financial institution, person to person money transfers, bets, lottery tickets, casino gaming chips and bail bonds.
