The University of Mississippi
University, MS 38677

To Whom It May Concern,

I am inquiring about your opening in the position of Coordinator of Facilities (#10000493) for the University, and I have included my resume with this letter. I was told of the position by a fellow employee here at Delta State University and also obtained information from the human resources page on your web site.

In working with the facilities the past four years at Delta State, I am confident that I have the skills necessary to operate and further improve the facilities at the University of Mississippi. It has always been a goal of mine to be employed at a major university and continue to live in Mississippi. My reputation for first class work, eagerness to improve, and exceptional people skills will definitely be a perfect fit at the well reputable University of Mississippi. A few of my many qualifications are the development of the intramural complex, sand volleyball court, numerous facility improvements, and involvement with building and planning of the new natatorium.

I thrive in an atmosphere of challenge and excitement such as that offered at the University of Mississippi, and look forward to discussing with you personally how my abilities can best serve your needs. I can be contacted at any time at the following numbers: 662-846-4569 (w) and 662-843-2117 (h). An interview may be set up at any time to discuss the contributions I could make to this position.

Your consideration is greatly appreciated.

Cordially,

Douglas B. Pinkerton
