NONDISCRIMINATION: As an institution of higher education and in the spirit of its policies of equal employment opportunity, the University declares its policy of equal educational opportunity. All applicants for admission will be considered without regard to an applicant's race, color, religion, sex, national origin, disability related to program performance, disabled veteran status, or Vietnam era veteran status.
BOARD OF TRUSTEES
of the Institutions of Higher Learning of the
State of Mississippi

Under Section 213-A of the State Constitution, the governance of Delta State University and of the other public institutions of higher learning of the State of Mississippi is vested in a Board of Trustees appointed by the Governor with the advice and consent of the Senate. The twelve members of this Board are appointed to terms of twelve years, in groups of four each four years. One member is appointed from each of the old seven Congressional Districts, one from each of the three Supreme Court Districts, and two from the State-at-Large. There are no exofficio members. The Board of Trustees selects officers from its membership and appoints the Executive Head of Delta State University.

MEMBERS WHOSE TERMS EXPIRE MAY 7, 2012
L. Stacy Davidson, Cleveland, Third Congressional District
Bettye Henderson Neely, Grenada, Fourth congressional District
Scott Ross, West Point, Third Supreme Court District
Amy Whitten, Oxford, Second Congressional District

MEMBERS WHOSE TERMS EXPIRE MAY 7, 2008
Thomas W. Colbert, Jackson, State-at-Large
James Roy Klumb, Gulfport, Sixth Congressional District
D. E. Magee, Jr., Jackson, Central Supreme Court District
Virginia Shanteau Newton, Gulfport, Southern Supreme Court District

MEMBERS WHOSE TERMS EXPIRE MAY 7, 2004
William S. Crawford, Meridian, Fifth Congressional District
Carl Nicholson, Jr., Hattiesburg, State-at-Large
Ricki R. Garrett, Clinton, Seventh Congressional District
Bryce Griffis, Starkville, First Congressional District

GENERAL INFORMATION

CLEVELAND

Cleveland, with a population of around 15,600, has a lot to offer. This fact was recognized by Norman Crampton in both issues of his book, The 100 Best Small Towns in America—a nationwide guide to the best in small-town living. It is a vibrant community blending tradition with progress to create an exceptional Delta lifestyle. Despite its size, Cleveland is packed with wonderful surprises! Among them is the wide variety of restaurants, providing culinary pleasures to satisfy anyone's palate—from elite dining at our four-star restaurant, K.C.’s, to the “down home” country cooking of the Country Platter. There is no shortage of entertainment either, from the cultural entertainment of the Delta State University Bologna Performing Arts Center to the fascinating performances of our talented locals at the Cleveland Community Theatre. When it comes to shopping, Cleveland is the “Mecca of the Delta” offering an abundance of captivating specialty shops. If recreation is a high priority, be assured that Cleveland’s recreational facilities are the best of any town of its size in the South. Among these facilities are the Performing Arts Center, Planetarium, and Sillers Coliseum at Delta State; a cinema theater with four movie screens; one amateur theater; twelve parks; ten ball fields; one bowling lane; three swimming pools; twenty-five tennis courts; two golf courses; a country club, and an Expo Center. And, Cleveland’s medical clinics and hospital provide the best possible healthcare. As Cleveland has grown, so have healthcare needs, and our hospital has expanded accordingly. The Bolivar Medical Center works closely with Delta State to meet the medical needs of the University and provide training for nursing students. In every area, City officials, the Chamber of Commerce, and Delta State University work in unity, making Cleveland’s continued growth and development inevitable.

HISTORICAL SKETCH

Delta State University was created as Delta State Teachers College by Senate Bill Number 263, Chapter 284, entitled An Act to Create and Establish the Delta State Teachers College. Governor Henry L. Whitfield signed the bill on April 9, 1924. Cleveland and Bolivar County provided the College's first physical facilities in the form of three buildings that formerly housed the Bolivar County Agricultural High School. The institution opened for its first regular session on September 15, 1925, with a faculty and staff of eleven and a student body of ninety-seven.

The College’s first president, Mr. James Wesley Broom, died during Delta State’s first session. He was succeeded by Dr. W. M. Kethley, who served as president from 1926 to 1956. Dr. James M. Ewing became the third president on September 1, 1956, and served until his retirement on July 31, 1971. Dr. Aubrey K. Lucas served as the institution’s fourth president from August 1, 1971, until June 30, 1975. On July 1, 1975, Dr. Forest Kent Wyatt became the fifth president, and he served until his retirement on June 30, 1999. He was succeeded by Dr. David L. Potter on July 1, 1999.

The growth and expanding mission of the institution were evidenced by its name change in 1955 to Delta State College. In 1969 Delta State was authorized to reorganize its academic structure into four schools. The School of Arts and Sciences and the School of Business were activated in 1969 and the School of
Education and School of Graduate Studies were implemented in 1970. A School of Nursing was authorized in 1977 and began operation in 1978. On March 15, 1974, the institution was officially designated Delta State University to reflect its continued growth and expanded scope.

When created in 1925, Delta State was authorized to offer only the Bachelor of Science degree in Education. The first such degrees were conferred in June 1928. Undergraduate degrees are now offered in the arts, sciences, humanities, business, nursing, commercial aviation and education.

In 1965, the University initiated a graduate program and the first Master of Education degrees were conferred in May, 1966. Delta State University now offers Master’s degrees in the areas of business, commercial aviation, education, natural and social sciences, and nursing, as well as the Educational Specialist degree and Doctor of Education in professional studies.

From a small teacher-training institution in the 1920’s, Delta State has grown into a multi-purpose university which focuses strongly on quality classroom instruction. Enrollment has increased to more than 4,000 students, and corresponding growth has occurred in physical facilities. The growth and success of the University are tributes to the dedication of the faculty and staff, the hard work of the students, and the strong support of the Delta community and state legislature.

INSTITUTIONAL MISSION

Delta State University, a regional university in Cleveland, Mississippi, serves as an educational and cultural center of the Mississippi Delta. The University offers broad undergraduate, graduate, and continuing education programs of study leading to degrees at the baccalaureate through doctoral levels. Emphasis is placed on excellence in instruction, followed by service and research, in the creation of a community of scholars. With special attention to small classes, a friendly environment, and a broad liberal arts foundation, the University encourages significant student-faculty interactions. Delta State provides programs and services which promote intellectual, cultural, ethical, physical, and social development. Students from a broad range of cultural, socioeconomic, and ethnic backgrounds have the opportunity to develop the ability to respect and evaluate the thoughts of others; to develop, assess, and express their own thoughts effectively; and to use the techniques of research and performance associated with their disciplines.

Approved by the Board of Trustees of State Institutions of Higher Learning, February 19, 1998.

UNIVERSITY GOALS

Delta State University strives to fulfill the following goals:

Instruction

1. Review and update undergraduate and graduate programs to address adequately basic skills, knowledge, and competencies necessary for students to be prepared properly in their chosen fields, to complete licensure requirements, enter the work force, and/or continue advanced study in graduate or professional school.
2. Attract and retain qualified and diverse students, faculty, and staff.

3. Promote faculty development through a comprehensive program designed to strengthen the faculty in teaching, service, and research.

4. Provide sufficient faculty in all disciplines to maintain a student-teacher ratio that ensures opportunities for meaningful intellectual interaction between students and faculty.

5. Accommodate non-traditional students and the general public by offering a comprehensive program of continuing education, including off-campus classes, independent study courses, non-credit courses, conferences, and workshops.

6. Optimize the effective use of technology in support of the education process.

Service

7. Strengthen the cooperative relationships with business, industry, community groups, government, and other educational institutions.

Research

8. Enhance educational experiences at all levels by encouraging student and faculty research and other creative work.

Support Operations

9. Provide a rich campus life with a variety of cultural and extracurricular activities and other opportunities for personal development.

10. Increase student retention and graduation rates by providing a support program which includes, but is not limited to, the following attributes: a comprehensive support program of advising and other services to enhance student development; increased financial support to students through scholarships, assistantships, grants, and loans; a developmental studies program for underprepared students; and, opportunities to meet or communicate with prospective employers or admission personnel from graduate or professional schools.

11. Provide the resources, facilities and the physical environment which contribute to the intellectual, cultural, ethical, physical, and social growth and development of the student and of the surrounding community.

12. Provide administrative services and auxiliary enterprises (student housing, bookstore, food services, etc.) which are effective and efficient in the support of the institutional mission.

13. Provide opportunities for the professional and personal development of staff.

External Affairs

14. Expand the pursuit of external funding for instruction, public service, research, student financial assistance, and other needs.

15. Increase the involvement of alumni in the life and support of the University.
PURPOSES OF GENERAL EDUCATION

General education is the foundation that supports success at Delta State University and prepares the student for professional careers and lifelong learning and service. Development of breadth and depth of knowledge, thinking and communication skills, and diverse approaches to understanding will promote a useful, happy, and productive life. The General Education Curriculum provided by Delta State University encompasses the following:

Critical and Creative Thinking - Developing sound analytical and reasoning skills and the ability to use them to think critically, solve problems, analyze logically and quantitatively, and effectively respond to change

Communication - Developing skills to communicate effectively through reading, writing, speaking, and listening

Quantitative Skills - Enhancing abilities for symbolic and numeric reasoning and the ability to use and understand statistical and other quantitative techniques to interpret data

Inquiry and Technology - Building the skills for the search, discovery, evaluation, and application of information, including an understanding of the nature and limits of appropriate technologies

Self - Developing a fundamental understanding of the intricate nature of humans and the knowledge, interests, and skills to promote well-being and health

Social Institutions - Understanding the major institutions of society and the contemporary world, including families, work, voluntary associations, and government

Cultural Awareness - Developing an understanding and appreciation of the diverse cultures that form the global community

Perspectives - Gaining a knowledge and appreciation of human endeavors in all aspects of life - including artistic, scientific, historic, economic, psychological, and social

Cross-disciplinary Appreciation - Developing an understanding of the concepts of various disciplines and their interdependence

Values - Facilitating the search for moral, social, and ethical values and their roles in making decisions and assuming personal responsibilities.

EXPECTATIONS OF STUDENTS FOR UNIVERSITY IMPROVEMENT

At Delta State University faculty and administrators hold high expectations for students who have chosen this university. They ask students to assume important responsibilities for their own intellectual growth and personal development, taking full advantage of the many opportunities for interaction and support that the University provides.

The faculty and administration also expect the students to contribute to the improvement of the University by assisting in the evaluation and assessment of its
programs and services by responding honestly and conscientiously to course evaluations, opinion surveys, comprehensive examinations, and other means of University assessment.

STUDENT RESPONSIBILITY FOR DEGREE REQUIREMENTS

It is the responsibility of each student to become familiar with degree requirements, graduation requirements, and all other aspects regarding academic progress. Each student is assigned an advisor who will assist the student in planning course schedules and will give advice which assists the student toward timely graduation. However, the ultimate responsibility for understanding and completing degree and graduation requirements lies with the student, not the advisor.

PHYSICAL FACILITIES

BUILDINGS AND FACILITIES

The campus of Delta State University consists of 274.16 acres of land within or adjoining the western corporate limits of Cleveland.

The original site has been modified and enlarged to care for a growing enrollment and for expanding educational activities. All buildings are centrally heated and air-conditioned. Campus drives and walks, controlled parking areas, and landscape gardening in harmony with the open spaces of the alluvial Delta have been used to unify and blend old and new facilities. State agencies and University authorities strive continuously to provide the physical facilities and the setting for wholesome living and high academic attainment.

THOMAS L. BAILEY HALL. Bailey Hall, renovated during the 1981-1982 school year, houses the Department of History, portions of the Departments of Psychology and Music, the Speech and Hearing Clinic, Campus Police, Student Affairs, the Office of Student Housing, and a child development center. The name honors the late Thomas L. Bailey, Governor of the State of Mississippi from 1944 until his death in 1947.

AMES W. BROOM AND KATHRYN KEENER HALL. Broom and Keener Hall, formerly Broom Memorial Administration Building, bears the name of the late James W. Broom, the first president of Delta State University, and Kathryn Keener, a beloved professor of business. The building provides classroom and office facilities for the College of Business.

CHARLES W. CAPPS, JR. ARCHIVES AND MUSEUM. This facility serves Delta State and the region as a depository for historical, political, social, and geographical documents and artifacts of importance to the Delta area and the State of Mississippi. The three-story structure houses a museum gallery and reception/seminar room. The second floor serves as the archives collection and research area. The third floor houses the Social Work Department until needed for the archives collection.
R.L. CAYLOR HALL. Part of the science complex, R.L. Caylor Hall, houses the biological sciences. R.L. Caylor Hall memorializes the leadership of Dr. R.L. Caylor, who served the University in the area of the sciences from 1931 until his death in 1958. While he was a member of the faculty of Delta State University, he conceived the creation of the Gulf Coast Research Laboratory and lived to see it become a reality.

CHADWICK-DICKSON INTERCOLLEGIATE ATHLETIC BUILDING. A field house for intercollegiate athletics and physical education instruction was occupied in December, 1975, and dedicated in November, 1976. This facility houses offices for the athletic director, sports information director, football, baseball, men’s and women’s cross country, and softball coaches. Also, there are meeting rooms, dressing rooms, a training room, weight room and a laundry room. The name honors two outstanding former coaches: Eugene Berkley Chadwick, who served Delta State University from 1946 until his retirement in 1973, and Alex D. Dickson, who served as athletic director and head coach in all sports from 1936 to 1943.

GIBSON-GUNN AVIATION BUILDING. This modern facility was accepted in August, 1989, and dedicated to instruction of Commercial Aviation on September 19, 1990. Home to the Department of Commercial Aviation, the building is equipped with the latest in flight simulators and audio visual aids. Funds for this facility were granted to Delta State University by the Federal Aviation Administration. It is named after Dr. John C. Gibson, Dean of the College of Business for 36 years, and Dr. Jack W. Gunn, Dean of the University for 16 years.

COMMERCIAL AVIATION FLIGHT INSTRUCTION BUILDING. This hangar and office complex was occupied in August, 1989, and dedicated in September of 1990. This 15,000 square foot facility is located at the Cleveland City Airport. The complex serves as the center for housing the instructional airplanes, and it provides offices and meeting space for flight instruction conferences.

JAMES M. EWING HALL. This facility serves the College of Education. The Audiovisual Center and the Center for Teaching and Learning (CTL) also operate from this building. It is named for the late Dr. James Milton Ewing, third president of Delta State University, who served for fifteen consecutive years.

FERRISS FIELD. The baseball facility for Delta State University was completed in 1971. The facility includes a 1,500 seat structural steel stadium, masonry press box, concession stands, restrooms, and dugouts. The playing field itself is touted as one of the best collegiate fields in the nation. The facility was named after the legendary Delta State coach, Dave Boo Ferriss, in July of 1988.

HOLCOMBE-NORWOOD HALL. An addition to the Wright Art Center contains 12,000 square feet of additional space for the Art Department. Within this space is a sculpture studio and shop, painting and drawing studio, large lecture hall, photography studio and darkrooms, and exhibiting areas for art work. The names honor Maxine Boggan Holcombe and Malcolm Norwood, who served alternately as the Head of the Art Department for over twenty-eight years.

E.R. JOBE HALL—SPEECH-DRAMA. Jobe Hall houses the experimental theatre with a 306-seat auditorium, a complete stage area with counter-weight system, orchestra pit, dimmer light controls, make-up and dressing area, and fully equipped shop for scenery construction. The second floor is used primarily as office and classroom space for computer information systems and office adminis-
tration, including a computer classroom/laboratory. Dr. E.R. Jobe, veteran Mississippi educator whose name the building memorializes, served as first executive secretary of the Board of Trustees, State Institutions of Higher Learning, and held the position for twenty-three years.

W.M. KETHLEY HALL. Kethley Hall honors the late President W.M. Kethley, who came to the University in 1926 and served the institution continuously for thirty years. The first floor of the building houses administrative offices and facilities, while the second floor provides offices and classrooms for languages and literature and the social sciences. Other features of the structure include a language laboratory and a computer laboratory and classroom.

MARSHALL HOUSE. This facility, formerly the Marshall Home Management House, operated by seniors in consumer science as part of their training in applied home management, is now a residence for the Vice President for Academic Affairs. The consumer science training is now accomplished in Ewing Hall. The name recognizes the services of the late Arthur L. Marshall of Ruleville, Mississippi, who, with Senator W.B. Roberts of Rosedale, Mississippi, introduced the bill to establish Delta State University.

SCHOOL OF NURSING BUILDING. The City of Cleveland donated the Old City Hospital to Delta State University in 1985. In 1988 and 1989 the Legislature made renovation funds available to convert this facility into the School of Nursing. This building provides a self-contained atmosphere of faculty offices, classrooms, and labs, for the educational purposes of Delta State University graduate and undergraduate student nurses. The 12,000 square foot facility was occupied in June, 1991.

BOLOGNA PERFORMING ARTS CENTER. This architectural masterpiece graces the Northwest border of our campus. The facility includes a state-of-the-art theatre that seats 1200 and a 135-seat recital hall. The facility covers 37,000 square feet and includes an 85-foot high flyway, orchestra pit with lift, acoustical treatments, modern sound, lighting, and projection equipment. The building is named for the family of Dr. Nino Bologna of Greenville, Mississippi in recognition of their outstanding support of the performing arts.

TRAVIS E. PARKER FIELD. The football playing field of Delta State University is known as Travis E. Parker Field. A site completed in 1970 contains a new concrete frame stadium, which is amply lighted for night football and surrounded by adequate parking facilities. The stadium has 400 chair seats and sufficient pre-stressed concrete seats to accommodate approximately 7,000 persons. A press area provides space also for visiting coaches and dignitaries. Seating for approximately 2,000 guests are provided on the visitors' side of the stadium. The field was named in honor of Travis E. Red Parker, who was the first Delta State University alumnus to serve on the Board of Trustees, State Institutions of Higher Learning, serving from 1972 to 1984. He was president in 1981-82.

W.B. ROBERTS LIBRARY. This imposing stone and brick library building occupies a commanding position on the southeastern edge of the campus. The library carries the name of the late Senator W.B. Roberts of Rosedale, Mississippi, in recognition of his service to the State and University. It houses a growing and well-chosen collection of books, periodicals, and government documents, as well as serving as the gateway to a large and expanding number of electronic resources selected to support the academic programs of Delta State University. A recently completed expansion and renovation of this facility resulted in a beautifully furnished and well equipped library that provides expanded collection and study
space, a bibliographic instruction facility, two computer labs, the Instructional Resources Center.

**THE LENA ROBERTS SILLERS CHAPEL.** The University Chapel was established in the fall of 1979. The Chapel, named for Lena Roberts Sillers, is located in the renovated heating plant, the oldest structure on campus. Made possible through a grant from Mrs. Walter Sillers, the Chapel is used for religious activities as well as for social activities, weddings, and meditation.

**WALTER SILLERS COLISEUM.** The coliseum is a round structure 182 feet in diameter. For basketball and arena events, there are seats for more than 3,500; for platform and stage events the seating exceeds 5,000. In addition to classrooms and offices, the coliseum provides adequate dressing room facilities for participants in major and minor sports, and for visiting athletic teams. The name bespeaks appreciation of the role of the late Walter Sillers of Rosedale as a primary proponent of legislation which authorized the University in 1924, and who was largely responsible for its location in Cleveland.

**THE H. L. NOWELL UNION.** A centrally located, three-story student union building situated at the south end of the quadrangle was completed in 1974. At the second-floor level, a balcony encircles the building and provides a panoramic view of campus buildings and the landscape. Lounges, patios, study areas, meeting rooms, and banquet rooms are provided for student use and campus meetings. Service areas provide for a bookstore, grill and vending machines, and post office. The union also houses offices which provide various student services. The building encompasses Scott Hall which first served as the dining hall and later the cafeteria from 1930 to 1966, and from the summer of 1966 to 1974 as the student center. The building is named after H. L. Nowell, who served the university 38 years in a variety of student services positions.

**GEORGE B. WALKER NATATORIUM.** The natatorium, completed in 1969 and dedicated in 1970, houses an indoor-outdoor pool and auxiliary facilities. Classes are taught here in swimming, lifesaving, and water safety. The natatorium, which meets AAU specifications is open each day for recreational use by students and faculty. The name commemorates the tremendous public service of Mr. George B. Walker to the State of Mississippi and especially to Delta State University when he served as a member of the Board of Trustees, State Institutions of Higher Learning, from 1936 to 1940.

**HUGH ELLIS WALKER ALUMNI FOUNDATION HOUSE.** Delta State Alumni and friends raised the necessary funds and constructed this facility as a gift to the University. The facility contains over 4,500 square feet for staff offices, work area and a large social hall for meetings, banquets and other occasions serving not only the needs of the University and its Alumni but the surrounding communities as well. The facility was completed and deeded to Delta State in 1990. In 1996, the facility was named for Hugh Ellis Walker, the long time Director of the Alumni Foundation for Delta State University.

**ELEANOR BOYD WALTERS HALL.** Part of the science complex, Eleanor Boyd Walters Hall, houses the physical sciences and mathematics. Walters Hall honors Dr. Eleanor Boyd Walters, who served the University from 1943 to 1979 in the area of mathematics.
THE WEST CARILLON. The West Carillon now housed in the Chapel was a gift to the university from Mr. and Mrs. C.J. Richardson, Jr., of Cleveland, in honor and memory of her parents, Mr. and Mrs. J. Parker West.

WHITFIELD GYMNASIUM. The Gymnasium, located in a tree-shaded setting, accommodates classes in physical education, health education, and recreational activities. The concrete structure is brick veneered. General renovation of the building in 1974 included the addition of central heating and cooling. Here the first general meeting of Delta Council was held in 1938. The name honors the late Governor Henry L. Whitfield, who signed the bill creating Delta State Teachers College on April 29, 1924.

ROY LEE WILEY PLANETARIUM. The Roy Lee Wiley Planetarium, located in Walters Hall, is named in honor of Mr. Roy Lee Wiley. Mr. Wiley served the University as a teacher of physics from 1942 to 1975. The Planetarium is used for university astronomy classes and special showings for school students and the general public.

FIELDING L. WRIGHT ART CENTER. Renovated in 1997, the Fielding L. Wright Art Center houses Art Department studio classrooms and contains two galleries for hanging exhibitions of art, and the permanent collection of the University Art Department. There are studios for computer graphics, graphic design, general design, interior design, fiber design, ceramics, and printmaking. There are also rooms for art education and introduction to art. The Art Center houses a growing permanent collection of art, including original works by Salvadore Dali, Kathe Kollwitz, Leonard Baskin, Marie Hull, William Hollingsworth, Jr., Walter Anderson, and others. Visitors are welcome to view exhibitions in the galleries daily from 8:00-5:00 and during openings of shows on announced schedule. The building is named in recognition of the contribution to education made by the late Governor Fielding L. Wright.

FOREST EARL WYATT GYMNASIUM. The Wyatt Gymnasium honors Mr. Forest Earl Wyatt, who was the guiding force in the development of a strong Physical Education Department. The Wyatt Gymnasium, occupied in the summer of 1980, houses the Division of Health, Physical Education, and Recreation. It includes excellent facilities for the teaching of the modern health and physical education program.

YOUNG-MAULDIN CAFETERIA. The Young-Mauldin Cafeteria, a circular structure, provides pleasant up-to-date dining facilities. The Young Wing honors thirty-three years of dedicated teaching and personal counsel by Dr. Albert Leon Young, a member of the faculty when the University opened in 1925. The Mauldin Wing is named for Miss Katie Durelle Mauldin, who served the University in the capacities of dean of women, teacher of history, and registrar from 1929 until her retirement in 1961.

WILLIAM H. ZEIGEL MUSIC CENTER. This spacious, well-lighted building provides facilities for music. There is a large rehearsal room for band, a recital hall which seats two hundred people, seventeen studio offices, fifteen practice rooms, and classrooms for music. The name memorializes the significant influence on the academic program of the university of the late William Henry Zeigel, who came in 1925 as the first academic dean and served until his retirement in 1947.

DRIVER EDUCATION RANGE. The Driver Education Range was authorized and constructed under a Federal Highway Safety grant. The facility is composed of
two trailers housing classrooms, multi-media response system, and driver education simulation system. In addition, there is a driver education range and direction tower.

**STUDENT HOUSING.** Modern and well-equipped residence halls are maintained for both men and women. Televisions and other recreational activities are provided in lobby areas. Residence halls for women include Cain-Tatum, Cleveland, Fugler-Hamnett, Ward, Lawler-Harkins, and Brumby-Castle Hall to house over 900 female students. Residence halls for men include Bond-Carpenter, Hugh L. White, Whittington-Williams, Woolfolk, and a four-wing Court of Governors (Earl Brewer Hall, Charles Clark Hall, A. H. Longino Hall, and E.F. Noel Hall) and a new men’s residence hall to house over 900 male students. For family housing, the E.B. Hill apartments and other housing provide 76 apartment units.

**Hugh Cam Smith, Sr. Physical Plant Facility.** Maintenance facilities are centralized in an area located on the south side of Maple Street extended between Canal Street and Bishop Road. These headquarters, occupied in January, 1975, provide offices, conference rooms, lock and key rooms, warehouse areas, specific shops for each of the trades, and a garage to service all campus vehicles and equipment. The building honors Hugh C. Smith, Sr., who served as Financial Secretary for 40 years.

**Other Buildings and Facilities.** Available services and regulations are described in more detail under sections titled STUDENT SERVICES AND RESIDENCE PROCEDURES AND REGULATIONS. A University laundry is operated for the convenience of students and faculty. A year-round University-operated swimming pool and numerous tennis courts provide recreational facilities. A nine-hole golf course on the north side of the campus is available to faculty, staff and students who present student or faculty/staff activity cards.

**Residence Procedures and Regulations**

University residence halls are provided for both men and women who are full-time students. Men’s and women’s residence halls are under the supervision of the Director of Housing and Residence Life. Each hall has a hall director who lives in and is in charge of the building. On-campus living provides living and learning experiences that enhance the total philosophy of higher education. All residence halls are smoke free.

**Room Reservations.** An application for a room reservation should be addressed to the Housing Office. A deposit of $50 (check or money order by mail) should accompany this application. Assignment is made in the order of receipt of applications, except that a student in residence has first choice both in reservation and room. The Director of Housing supervises the assignment of rooms and notifies applicants when assignments are made. If an applicant finds it necessary to cancel a reservation, the deposit is refunded only if the written cancellation reaches the Housing Office before August 1st for the fall semester, December 1st for the spring semester, May 15th for Summer Term I or June 15th for Summer Term II. Bedrooms have beds or bunks, chests of drawers, desk, chairs, t.v. cable, telephone, internet access, adequate closet space, and blinds or shades on the
windows. Each student is required to furnish sheets, pillowcases, pillow, blankets, bedspreads, towels, laundry bags, mattress cover, and shower curtain (if applicable), all of which should be plainly marked with the owner’s name. Curtains are optional.

PRIVATE ROOMS. Housing does not guarantee private rooms upon request. All students requesting housing must be assigned and the initial room change process completed before private rooms are offered. A private room contract will be issued to all residents living alone on the first Friday of each term, regardless of the circumstances that caused the single occupancy. The contract offers two options: (1) Pay an additional fee to guarantee the private room for the semester only, (2) Reassignment to a new room with a roommate or have a roommate move into your room. Upon receiving the contract, the resident must respond immediately either by accepting the private room charge or coming immediately to the Housing Office for assistance in reassignment with a roommate. Failure to follow this process will result in an automatic charge for the private room.

OCCUPANCY OF RESIDENCE HALLS. The opening and closing of halls at the beginning of the fall semester, at the end of the University year, and at holidays is announced in sufficient time for a student to make necessary arrangements. The residence halls are closed during regular University holidays, including Thanksgiving, Christmas and Spring Vacation and interim periods between semesters. Your room rent does not include vacation periods or interim periods. If you have extenuating circumstances, permission may be granted to live on campus during holidays and semester breaks for an additional charge. You must request permission ONE WEEK prior to the closing for the holiday or interim period.

RESIDENCE HALL REGULATIONS. Only full-time graduate students (enrolled for 9 or more semester hours) and full-time undergraduate students (enrolled for 12 or more semester hours) may live in University housing. Undergraduate students whose hours fall below twelve must secure permission from the Director of Housing and Residence Life to live or remain in the residence hall. A room occupant is not permitted to remove any furniture from a room, nor is an occupant permitted to dismantle any furniture. Breakage or mutilation of furniture and equipment is charged to the individual student. Students are expected to keep their room clean and orderly at all times. No change in residence halls may be made without securing approval of the Director of Housing and Residence Life. A more detailed set of regulations is given each student upon occupancy.

APARTMENT RESERVATION. Application for an apartment for the use of a married student or single parent should be made to the Office of Housing and Residence Life and be accompanied by a deposit of $100 (check or money order by mail). Assignments are made in order of receipt of application and only after admission to the University. At the present time there is a waiting list, so apply as soon as possible.

CONDUCT. The act of registration obliges a student to abide by the rules and regulations of the University and to observe the standards of conduct expected of Delta State University students. Students are expected to be familiar with and abide by the rules, regulations, and code of conduct contained in the University catalog and the Student Handbook.

IDENTIFICATION CARD. Students are required to have their ID card on their person at all times when outside their place of University residence.
STUDENT ACTIVITIES

Student organizations at Delta State University – leadership, departmental, religious, social, and honorary – affords opportunities to develop organizational skills, responsibility, and cooperation, as well as, experiences in social, recreational, and cultural activities. In certain groups, membership is by invitation only. In others, membership is offered to any student with common interests. Students are urged to discuss organizations in which they are interested with their academic advisors, the Dean of Student Development or the Vice President for Student Affairs.

STUDENT GOVERNMENT ASSOCIATION. All students enrolled at Delta State University automatically become members of the Student Government Association. The association functions through three branches: executive, judicial, and legislative. Its purpose is to deal effectively with all matters of student affairs, to organize the student body in order that it may work collectively toward the betterment of the University, and to uphold the best traditions at Delta State University. The Vice President for Student Affairs and Dean of Student Development serve as advisors for the executive, legislative, and judicial branches of the Student Government Association. All actions of the Student Government Association are subject to review by the President of the University.

STUDENT HANDBOOK. The Delta State Student Handbook, which is distributed to all students upon their arrival, contains information and regulations applicable to all students. Students are expected to familiarize themselves with and abide by established regulations as stated in both the Student Handbook and University bulletin.

STUDENT COURT. As provided for in the Student Government Association Constitution, the Student Court is responsible for the disposition of assigned student judicial hearings and for interpretations of the Student Government Association Constitution. The Student Court consists of ten student justices and a Chief Justice. The Chief Justice of the Student Court is elected from the student body-at-large during the general elections in the spring. The Chief Justice of the Court and the President of the Student Government Association jointly select justices who, with the approval of the Student Senate, constitute the Student Court for the next full calendar year.

## STUDENT PUBLICATIONS

Confidante, University literary magazine, provides a format for students who write drama, essays, fiction, and poetry by publishing works entered in the annual Confidante Literary Contest, a preliminary contest of the Southern Literary Festival.

The Delta Statement, a newspaper published by the students of Delta State University, is designed both to record the life of the University, and to afford training for students interested in the principles of journalism.

The Broom, University yearbook, is representative of the student body and presents a cross-section of the life of students and faculty on the Delta State University campus.
ATHLETICS

Delta State University is a member of the National Collegiate Athletic Association Division II, Gulf South Conference and the new South Intercollegiate Swim League. The institution competes intercollegiately in men’s cross country, football, basketball, baseball, swimming, diving, tennis, and golf. The women’s intercollegiate program consists of basketball, tennis, fast-pitch softball, cross-country, swimming, and diving.

ALUMNI ASSOCIATION

The purpose of the Delta State University Alumni Association is to foster the bonds of affection and loyalty between Delta State and its former students. The Alumni Office maintains an active file of names and addresses of graduates and former students. It is also responsible for planning homecoming and class reunions. The first full-time Alumni Secretary was employed by Delta State University on July 1, 1964. Since that time, alumni chapters have been formed in Mississippi and in other states where sufficient numbers of Delta State alumni reside. The Association publishes the Delta Currents magazine to keep former students informed of alumni activities and campus events. The Alumni Association was instrumental in chartering the Delta State University Foundation. The Foundation is the receptacle for all gifts and contributions made to the University. For more information write: DSU Alumni and Foundation, Box 3141, Cleveland, MS 38733.

UNIVERSITY PRESS OF MISSISSIPPI

The University Press of Mississippi was founded in 1970 to encourage the dissemination of the fruits of research and study through the publication of scholarly works. Functioning as the scholarly publishing arm of the state-supported universities in Mississippi, the University Press is governed by a Board of Directors comprised of two representatives from each of the eight state universities, one representative from the Board of Trustees of Institutions of Higher Learning, and the Director of the Press.

The University Press publishes between fifty-five and sixty books each year. Primary areas of interest are folk music, folk art, Southern literature, medicine and history, but manuscripts in all areas of study are welcomed.

Administrative offices of the University Press are located in the Education and Research Center of Mississippi, 3825 Ridgewood Road, Jackson, Mississippi 39211.
REGULATIONS GOVERNING ASSEMBLIES AND PUBLICATIONS

Any student parade, serenade, demonstration, rally, and/or other meeting or gathering for any purpose conducted on the campus of Delta State University must be scheduled with the President or his designated agent at least forty-eight hours in advance of the event. Names of the responsible leaders of the group must be submitted to the institution at the time of scheduling. The terms and conditions, including all audio-visual aids used to promote such assemblies and demonstrations, are determined by the institution. The use of any statements, signs, and/or pictures that are normally considered in poor taste are not permitted. Organizations which meet at regular times and places may, at the beginning of each semester, schedule such meetings with the designated official. Students assembling for meetings not authorized in accordance with these regulations are subject to disciplinary action. A student present at such unauthorized meetings is considered to be a participant.

A student found guilty at any time of a violation of law including, but not limited to, destroying or damaging property on the campus under any circumstances is subject to disciplinary action which may result in dismissal from Delta State University.

Students are required to have their ID cards on their persons at all times when on the campus. Failure of students to have the ID card on their persons or giving false information concerning identification is grounds for disciplinary action.

Any non-student parade, serenade, demonstration, rally, and/or other meeting or gathering for any purpose conducted on the campus of Delta State University must be scheduled with the President or his designated agent at least ten days in advance of the event. Names of the responsible leaders of the group must be submitted at time of scheduling. The terms and conditions of all authorizations for such assemblies are determined by the institution. Persons who assemble for any such meetings and who fail to comply with these requirements are deemed guilty of trespassing.

Before any published material is distributed on the campus of Delta State University, prior approval should be obtained through the President or his designated representative.

STUDENT SERVICES

THE UNION. As the nucleus of the campus, the H. L. Nowell Union houses many university support services and offers a wide-range of activities. Through the Student Director and the Union Program Council, cultural, social, and recreational programs are provided for students, faculty, staff, alumni and guests.

ORIENTATION. Delta Discovery is a program designed to acquaint new freshmen and transfer students with the university structure, policies, procedures, and campus life. It also provides an opportunity to be advised academically by faculty and student leaders and pre-register for fall classes. In addition, opportunities for new students to socialize with faculty, staff, and other in-coming students are provided. Two overall goals of the program are to assist students’ transition to university life and to help them feel that they are a vital part of Delta State University prior to their arrival in the fall.
COUNSELING AND TESTING. Counseling and Testing provides University students with individual assistance in choosing a vocation, selecting a major, and solving personal, social, and educational difficulties. In a confidential relationship, the student may express his/her thoughts and feelings, and an experienced counselor helps the student gain insight into problems and explore possible solutions. With the assistance of the counselor a student may select tests to appraise abilities, interest, and personal characteristics. A library of occupational, educational, and personal information is available. National standardized admission tests for Graduate School, Professional School and Teacher Certification such as the GRE, MAT, MCAT, GMAT, LSAT, Praxis I: PPST, Praxis II: PLT, and Praxis II: Subject Assessments and Specialty Area Tests are administered by the Office of Counseling and Developmental Studies.

ACADEMIC SUPPORT LABORATORY. Any student needing help may take advantage of the tutoring services available each semester through the Academic Support Laboratory located in the Union, Room 311.

STUDENT HEALTH SERVICES. The University operates a 16-bed health care facility with well-qualified medical personnel. Four doctors and a nurse practitioner make regular calls for ill students and are on call twenty-four hours a day. Services are available to full-time students. Student ID cards are to be presented at time of services. Expenses incurred for special care outside those provided by the University are the responsibility of the student.

HEALTH COUNCIL. The Health Council is made up of a University physician, school nurse, dietitian, and a faculty-student health committee. This committee shares with the administration the responsibility for environmental conditions and other factors conducive to health. This participation and sharing of responsibility helps develop a much desired health consciousness.

HOUSING AND RESIDENCE LIFE. See Residence Procedures and Regulations.

LAUNDRY. A campus laundry is provided for the benefit of University students and personnel. Residence hall students are allowed an ample bundle each week. An itemized laundry list must accompany each parcel. ID cards are used to pick up laundry bundles.

MAIL AND EXPRESS. Students' mail should be addressed to Delta State University, Cleveland, Mississippi 38733. Students receive their mail through post office boxes. For residence hall students, the cost is included in the general fees. For day students, the cost is $12 per year or $5 per semester and $1 each summer term.

RECREATION. In an endeavor to provide wholesome recreation for all students, Delta State University sponsors a program of recreational activities. Facilities are provided for tennis, racquetball, gymnastics, golf, basketball, and swimming. Through these activities, the University seeks to provide relaxation for students and to prepare them for adult leisure.

INTRAMURALS. A continuous program of intramurals for men and women carried on throughout the year gives the student body an opportunity to participate in the various competitive sports. Delta State University offers twelve team and fifteen individual activities in a comprehensive intramural program designed for both the athletic and non-athletic individual.
NATATORIUM. The pool is available for the use of the students, faculty, and staff throughout the year. Lifeguards are on duty at all times while the pool is in use.

HAMILTON-WHITE CHILD DEVELOPMENT CENTER. Children of DSU students may attend the Hamilton-White Child Development Center under the direction of the Division of Family and Consumer Sciences. Applications for the Center may be obtained from the Division Office. (For further information about the Center services, see Hamilton-White Child Development Center under Special Instruction Services).

BOOKSTORE. The Jimmy R. Williams Bookstore is housed in the Union. Textbooks as well as certain reference books are stocked for all classes. Used texts may be resold at the bookstore at certain publicized times. The bookstore also stocks school supplies, art supplies, sundries, greeting cards, Delta State University decals and other university specialties including sportswear, and other miscellaneous items.

THE MILL. The Mill is located in the Union for the convenience of students, faculty, and staff members. The food service area offers a self-service area and a conventional short order section.

CAFETERIA. The University operates a large and well-equipped cafeteria. A sincere effort is made at all times to serve well prepared, high quality food in attractive surroundings. Balanced meals are served resident students cafeteria style, as well as a fast food concept; pizza, burgers, and a deli style service.

STUDENT EMPLOYMENT. See Employment.

CAREER SERVICES AND PLACEMENT. The University provides a centralized Career Services and Placement Office (located on the third floor of the Student Union) for undergraduate students, graduate students, and alumni who seek career employment in education, business, industry, and government. Registration is voluntary: students are encouraged to register with the Career Services and Placement Office prior to graduation. Career Services and Placement orientation workshops are scheduled during the fall and spring semester to assist those who wish to utilize this service. Other services include: workshops on resume writing, interviewing and job search. Resume critiquing and resume referral are also provided as well as a job board where part time and full time jobs are listed. The Career Services and Placement Office sponsors a Fall and Spring Career Fair, Teacher Recruitment Day, and an annual Health Care Day. These events are open to undergraduates, graduate students, and alumni providing opportunities to explore careers, schedule interviews, and discuss internships. The website is www.deltast.edu/placement.

SPECIAL PROGRAMS. Through the Special Programs Committee, the University provides outstanding concerts, speakers, and other programs for students, faculty, staff and the Delta community. Students are admitted by ID card.

CHURCH ATTENDANCE. Students of the University are welcomed into the churches of Cleveland. Students are encouraged to attend regularly the church of their choice.
SPECIAL INSTRUCTIONAL SERVICES AND CENTERS

HAMILTON-WHITE CHILD DEVELOPMENT CENTER. The Hamilton-White Child Development Center under the direction of the Division of Family and Consumer Sciences provides educational experiences for preschool children, ages 6 weeks to 5 years. Children ages 3 to 5 years are located in Bailey Hall. The infant-toddler rooms located in Ewing Hall accept children ages 6 weeks to 3 years. Lead teachers in each class have a degree in Child Development or a related field. Breakfast, lunch, and midafternoon snacks are provided. The center operates on the university calendar during the fall and spring semesters only. Majors in Family and Consumer Sciences, as well as other students who elect courses in child development, gain experience in working with preschool children at both center locations. Students observe and guide the social, emotional, cognitive, and physical development of preschool children as the laboratory requirement for child development courses. The Center also is available to students desiring short-term observation and participation relating to their chosen major (e.g. Elementary Education, Music Education, Psychology, Social Work.)

MISSISSIPPI LOUIS STOKES ALLIANCE FOR MINORITY PARTICIPATION (MLSAMP). MLSAMP is a state-wide alliance among the eight publicly funded institutions of higher learning. The purpose of MLSAMP is to increase access for minority students to higher education in the fields of science, mathematics, engineering, and technology (SMET). Our objectives are (a) identifying and recruiting minority high school students who have demonstrated an aptitude for SMET; (b) providing activities which enhance overall academic performance in SMET; (c) providing opportunities for student interaction with professionals; (d) providing a Summer Bridge Program to assist minority students with the transition from high school to college both academically and socially. IMAGE scholarships are also available to qualified students. The MLSAMP office is located in Walters 150B.

CONTINUING EDUCATION. Delta State University offers a variety of supplemental and nontraditional educational activities designed to meet public and community service demands. These activities include independent study, off-campus classes, conferences, workshops, institutes, and special interest noncredit classes.

Individuals, groups, organizations, or businesses interested in any particular area of nontraditional study should write to the Director of Continuing Education.

COOPERATIVE EDUCATION. Delta State University has students in cooperative education programs with the Internal Revenue Service, the Social Security Administration, and with the U.S. Department of Agriculture. Students in these programs (juniors and seniors) alternate between working six months and attending Delta State University six months. Other cooperative education programs will be added as needed.

STUDENT NURSE CLINICAL LEARNING. Beginning in the first semester of nursing school, all nursing students are required to take part in clinical experiences. Under the supervision of the University’s nursing faculty, students have the opportunity to practice what they have learned in the classroom through guided clinical experiences in a variety of settings. Students must have health and liability insurance, school uniforms, health care equipment, and meet
immunization and other disease prevention requirements of the agencies before their first clinical learning experience. Students are responsible for their transportation to and from the clinical agencies. Students admitted to the School of Nursing must have successfully completed training in cardiopulmonary resuscitation and show documentation of current CPR Certification.

SPEECH AND HEARING CLINIC. The Speech and Hearing Clinic provides a wide range of services for children and adults, including speech, language, and audiological examinations and therapy. Students with speech and/or hearing problems are encouraged to contact the clinic early in their first semester of residence. In addition, the Speech and Hearing Clinic offers assistance to students for whom English is a second language.

STUDENT TEACHING. Persons preparing to teach in the elementary or secondary schools are required to do student teaching in cooperating schools in the Delta area. All student teachers are under the close supervision and direction of a cooperating public school teacher and a University supervising teacher. Students teaching in schools other than those in commuting distance of Delta State University live in the communities in which they do student teaching and pay their own expenses. They do not pay board and laundry at the University during this period. Students teaching in cooperating schools which are near enough for commuting may live on the campus but must furnish their own transportation to and from the school in which they do student teaching.

SUMMER SESSION. The summer session consists of two terms during which courses are offered in the academic, professional, preprofessional, and graduate fields. Special attention is given to the needs of teachers in the field and to regular students on the campus who desire to advance the date of their graduation. Some social and recreational events are scheduled during the summer.

The University issues a summer session bulletin in March of each year. Copies may be secured by writing the Director of Admissions.

WRITING CENTER. The Writing Center, under the direction of the English faculty, provides tutorial support for any undergraduate or graduate student in all aspects of writing.

CENTER FOR COMMUNITY DEVELOPMENT. The President of Delta State University established the Center for Community Development in August of 1994 to create a proactive stance in the University to address major development issues facing the region. The Delta State University Center for Community Development pursues excellence in its programs and activities as it seeks to improve the quality of life for the citizens of the Delta. The Center encourages faculty and staff of Delta State University to develop and conduct practical research projects, to provide public service educational programs, and to provide technical assistance to public and private sector organizations. The Center emphasizes on-campus teamwork and collaboration and seeks to develop partnerships with other private and public sector organizations and agencies with vested interests in leadership development and in community and economic development in the Delta region. The Center staff believes in the importance of education and in the power of all individuals, families, groups and institutions to act collectively to meet the needs of their communities. Therefore, the mission of the Center for Community Development is Building and empowering relationships that strengthen communities.
SMALL BUSINESS DEVELOPMENT CENTER. The Small Business Development Center was established to link together the resources of business, industry, government, and universities. The SBDC is a resource center designed to provide delivery of up-to-date assistance in all areas of small business management. The mission of the center is to provide “one-on-one” assistance to current and potential small business owners which can improve the prospects for success in today’s complex business environment. In addition, the center hosts many conferences, workshops and training events across the Delta to keep business owners current on issues important in assuring small business success. A special effort is made to reach members of minority groups, veterans, women, the handicapped, and other current or potential small business owners.

FINANCIAL INFORMATION

EXPENSES

It is the intent of the University to keep necessary student expenses at a minimum. Subject to the order of the Board of Trustees of Institutions of Higher Learning, University Fees and/or Living Expenses may be increased.

ITEMS OF GENERAL EXPENSE

<table>
<thead>
<tr>
<th>Expenses Each Semester</th>
<th>Residence Hall</th>
<th>Commuter</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time Student</td>
<td></td>
<td></td>
</tr>
<tr>
<td>UNIVERSITY FEES</td>
<td>$1,550</td>
<td>$1,550</td>
</tr>
<tr>
<td>LIVING EXPENSES* (Room, Board, Laundry)</td>
<td>1,605</td>
<td></td>
</tr>
<tr>
<td>Total Cost First Semester</td>
<td>$3,155</td>
<td>$1,550</td>
</tr>
<tr>
<td>Total Cost Second Semester</td>
<td>3,155</td>
<td>1,550</td>
</tr>
<tr>
<td>TOTAL COST, SCHOOL YEAR</td>
<td>$6,310</td>
<td>$3,100</td>
</tr>
<tr>
<td>Non Residents Add Per Semester</td>
<td>$2,137</td>
<td>$2,137</td>
</tr>
</tbody>
</table>

The above schedule of fees is based on 12-19 semester hours for an undergraduate student and 9-13 semester hours for a graduate student.

Total Cost does NOT include special fees which are payable on entrance.

BOOKS and SUPPLIES should cost approximately $250 each semester, the amount varying with the courses pursued, the number of books and supplies required, and whether second-hand books are available and purchased.

*Includes $11 Elected Student Activity Fee and $5 Student Library Fee per semester. These fee charges were established by the students.
PART-TIME FEES

These fees are per semester hour for both on and off campus locations:

<table>
<thead>
<tr>
<th>Category</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate</td>
<td>$110</td>
</tr>
<tr>
<td>Graduate</td>
<td>$144</td>
</tr>
<tr>
<td>Out-of-State Undergraduate</td>
<td>$288</td>
</tr>
<tr>
<td>Out-of-State Graduate</td>
<td>$382</td>
</tr>
</tbody>
</table>

Part-time fees apply to undergraduates taking fewer than 12 semester hours or graduates taking fewer than 9 semester hours in fall and spring.

A part-time student may purchase an activities card on a semester-by-semester basis at a cost of $125 per semester ($62.50 for each summer term). This card entitles the holder to the use of all University facilities and admission to all University sponsored events, such as athletic events, programs, and concerts. The student's spouse may be included for an additional $25 per year; the student's immediate family for $40 per year.

PAYMENT OF TUITION AND FEES

To be officially registered, total tuition and fees are due and payable the first day of class. Payment in full should be made or student may choose the payment plan outlined below that carries a $30 service charge per semester. The following payment plan is available for all students:

- At or before fall registration: 50% payment of tuition and fees plus $30 service charge
- September 25th: 25% payment of tuition and fees
- October 25th: Final 25% payment of tuition and fees
- At or before spring registration: 50% payment of tuition and fees plus $30 service charge
- February 15th: 25% payment of tuition and fees
- March 15th: Final 25% payment of tuition and fees

Students with financial aid (loans, grants, or scholarships) may apply those funds to payment plan installments.

The University accepts payment by cash, check, money order, or Visa, MasterCard, or Discover credit cards.

OVERLOAD FEES

Undergraduate on or off campus resident or nonresident pays $110 per semester hour for each hour over 19.

Graduate on or off campus resident or nonresident pays $144 per semester hour for each hour over 13.
SPECIAL FEES

AUDIT FEE. A person not enrolled in the University as a regular student who registers to audit a course without credit pays the regular "Part-time Student Fees." No laboratory courses may be audited.

GRADUATION FEE. A fee of $45 is charged to every graduating student and must be paid in the Bursar’s Office before graduation. This charge is applied in October for the December commencement and in March for the May commencement.

INDEPENDENT STUDY. Independent study courses are offered through the Division of Continuing Education. The student pays $110 per semester hour for such courses.

HOUSING. A room reservation deposit of $50 (check or money order by mail) is required. This deposit is forfeited if cancellation in writing is not received by the Housing Office before August 1 for the fall semester, December 1 for the spring semester, May 15 for summer term I, or June 15 for summer term II. Rooms not claimed by 5 p.m. on the first day of classes are reassigned and the $50 deposit is forfeited. Room deposits will not be refunded the first two weeks of any session.

A deposit of $100 is required to be placed on the waiting list for a campus apartment.

Scholarships and Financial Aid do not cover these deposits because the deposits become damage deposits when the student moves in and are usually refunded when the student leaves campus housing.

LATE REGISTRATION FEE. A student who registers after classes begin pays a late registration fee of $20.

MUSIC LESSONS, PRIVATE. For private lessons in individual performance, a non-music major pays $50 per semester hour credit.

TRANSCRIPT OF CREDIT. The first official transcript of credit is $4. Extra copies cost $3 each.

REFUND POLICY

REFUND OF FEES. The term “refund” is defined as a reduction of total charges resulting from withdrawal or drop below full-time. A student who officially withdraws from the university, a full-time student who drops below 12 undergraduate hours or 9 graduate hours, or a part-time student who drops a class may obtain a refund of University Fees and certain Special Fees as follows:

<table>
<thead>
<tr>
<th>Period of Enrollment</th>
<th>Refund Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st day of classes through 5th day</td>
<td>100%</td>
</tr>
<tr>
<td>6th day of classes through 10th day</td>
<td>80%</td>
</tr>
<tr>
<td>11th day of classes through 15th day</td>
<td>60%</td>
</tr>
<tr>
<td>16th day of classes through 20th day</td>
<td>40%</td>
</tr>
<tr>
<td>21st day of classes through end of semester</td>
<td>0%</td>
</tr>
</tbody>
</table>

The effective date of withdrawal for refund purposes and the return of Federal Financial Aid funds (see below) is the date on which the student begins the official withdrawal process. For unofficial withdrawals, the date becomes the mid-
point of the semester, unless the university can document a later date of attendance.

Notice of withdrawal, cancellation, and request for refund by a student must be made in writing addressed to the University Registrar, with a copy filed with the University Bursar’s Office. Any refund due the student at the time of withdrawal will be processed within three weeks.

Return of Federal Financial Aid (Title IV) Funds. Unearned Title IV loan or grant funds must be returned to the Title IV programs upon a recipient’s withdrawal from school at any time during the first 60% of the semester. Refunds for these students are made according to the Higher Education Amendments, Section 484B, and are based on number of calendar days for each semester. If a student withdraws after completing more than 60% of the semester, it is assumed the student earned 100% of the Title IV aid for the period.

All refunds are made in the following priority order:
1. Unsubsidized Loan
2. Subsidized Loan
3. Perkins Loan
4. PLUS Loan
5. Pell Grant
6. SEOG Grant
7. Other sources of funds

REFUND OF LIVING EXPENSES
A resident student withdrawing from the University is entitled to a refund of room, board and laundry charges as follows:

- 1st day of classes through 10th day ............................................................75%
- 11th day of classes through 20th day..........................................................50%
- 21st day of classes through 25th day ..........................................................25%

BUSINESS REGULATIONS
IDENTIFICATION CARDS. All students are issued an Identification Card. This card is to be available for inspection at all times and is to be used as an Activities Card for use of all university facilities and admission to all University sponsored events such as athletic events, programs, concerts, etc. ID cards must be presented when called for by University officials.

The resident student Identification Card will be activated by the Bursar Office to show that living expenses have been paid. The activated card must be PRESENTED AT EACH MEAL.

Part-time students are issued an Identification Card, good only for library and verification of enrollment.

A lost Identification Card or one mutilated beyond recognition may be replaced by the University Bursar Office at a cost of $15.

Identification cards are nontransferable. Violators are subject to disciplinary action.

RESIDENCE HALL STUDENTS. Living expenses of room, board, and laundry are paid by all residence hall students.
DELINQUENT ACCOUNTS. The University reserves the right to withhold readmission to a student until all delinquent accounts owed the University by the student have been paid. Transcripts of credits are not issued for students whose accounts are delinquent. Diplomas will be withheld for graduates who have delinquent accounts.

A past due account becomes delinquent after 30 days. At this time, the account will be referred to a collection agency unless arrangements are made with the Bursar Office. Collection agency charges will be added to the account.

Regular student account balances, Perkins Student Loan balances, and fines accumulated as a result of failure to adhere to the established procedures of the University, such as Library and Security regulations, or any other policy establishing regulations for the protection of University property, become collectible by the Bursar Office, and, if not collected, shall constitute a delinquent account.

RECEIPTS. A student receives and should keep a receipt for money paid on accounts. The University does not assume responsibility for a claim of remittance on account unless the claim is attested by a receipt.

CASHING PERSONAL CHECKS. As a special accommodation to students, personal checks or checks from students' parents may be cashed in the University Bursar Office and University Bookstore upon proper identification. All checks should be made payable to “DSU” and contain the student's social security number. Check cashing limit on all checks is $50.

A charge of $30 is made on all returned checks. Checks not paid within fifteen days are subject to be turned over for collection.

The University Bursar Office and the University Bookstore will deny the privilege of cashing checks when the privilege has been abused.

DAMAGE TO PROPERTY. Any University property damage caused by students or their guests is paid for by the student.

Periodic inspection of residence hall rooms and campus apartments is made. Missing or damaged property must be paid for by the occupants.

EXCEPTIONS FROM PUBLISHED POLICY. Any exception felt to be warranted by a student or a parent to the published fee charges and refund policy must be filed in writing with the University Bursar Office for due process and consideration.

STATE RESIDENTIAL STATUS

LEGAL RESIDENCE OF A MINOR. The residence of a person less than twenty-one years of age is that of the father. After the death of the father, the residence of the minor is that of the mother. If the parents are divorced, the residence of the minor is that of the parent who was granted custody by the court; or, if custody was not granted, the residence continues to be that of the father. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent's death unless the minor lives with a legal guardian of his/her person duly appointed by a proper court of Mississippi, in which case his/her residence becomes that of the guardian.

LEGAL RESIDENCE OF AN ADULT. The residence of an adult is that place where he/she actually physically resides with the intention of remaining there indefinitely or of returning there permanently when temporarily absent.
REMOVAL OF PARENTS FROM MISSISSIPPI. If the parents of a minor who is enrolled as a student in an institution of higher learning move their legal residence from the State of Mississippi, their minor is immediately classified as a nonresident student.

TWELVE MONTHS OF RESIDENCE REQUIRED. No student may be admitted to any institution of higher learning as a resident of Mississippi unless his/her residence, as defined hereinabove, has been in the State of Mississippi for a continuous period of at least twelve months immediately preceding his admission.

NON-RESIDENT MAY PETITION INSTITUTION FOR CHANGE OF RESIDENCY CLASSIFICATION. A person who enters the State of Mississippi from another state and enters an educational institution is considered a non-resident. Any person who has attained twenty-one (21) years of age and has thereafter actually established residency and resided within the State of Mississippi for twelve (12) consecutive months after attaining twenty-one (21) years of age, upon sworn affidavit and other representation, may petition the particular institution for a change in residency classification for the purposes of fees and tuition assessment. (1) The institution may make reasonable inquiry into the validity of the petitioner’s claim. (2) Such petition for change of residency must be made on or before the last day a student may register at the particular institution without penalty.

RESIDENCE STATUS OF A MARRIED STUDENT. A married student may claim the residence of his or her spouse, or may claim independent residency status under the same regulations as any other adult.

CHILDREN OF PARENTS WHO ARE EMPLOYED BY INSTITUTIONS OF HIGHER LEARNING. Children of parents who are members of the faculty or staff of any institution under the jurisdiction of the Board of Trustees may be classified as residents without regard to the residence requirement of twelve months for the purpose of attendance at the institution where their parents are faculty or staff members.

MILITARY PERSONNEL ASSIGNED AN ACTIVE DUTY STATION IN MISSISSIPPI. Members of the armed forces on extended active duty and stationed within the State of Mississippi, except those military personnel whose active duty assignment in the State of Mississippi is for educational purposes, may be classified as residents, without regard to the residence requirement of twelve months, for the purpose of attendance of State-supported institutions of higher learning and junior colleges of the State of Mississippi. Resident status of such military personnel who are not legal residents of Mississippi, as defined under Legal residence of an adult shall terminate upon their reassignment for duty in the continental United States outside the State of Mississippi.

CHILDREN OF MILITARY PERSONNEL. Resident status of children of members of the Armed Forces on extended active duty shall be that of the military parent for the purpose of attending State-supported institutions of higher learning and junior colleges of the State of Mississippi during the time that military parents are stationed within the State of Mississippi and shall be continued through the time that military parents are stationed in an overseas area with last duty assignment within the State of Mississippi, excepting temporary training assignments en route from Mississippi. Resident status of minor children shall terminate upon reassignment under Permanent Change of Station Orders of their military parents for duty in the continental United States outside the State of Mississippi, excepting temporary training assignments en route from Mississippi.
CERTIFICATION OF RESIDENCE OF MILITARY PERSONNEL. A military person on active duty stationed in Mississippi who wishes to avail himself or his dependents of these provisions must submit a certificate from his military organization showing the name of the military member; the name of the dependent, if for a dependent; the name of the organization of assignment and its address (may be in the letterhead); that the military member be on active duty stationed in Mississippi on the date of registration at the State-supported institution of higher learning or junior college of the State of Mississippi; that the military member is not on transfer orders; and the signature of the Commanding Officer, the Adjutant, or the Personnel Officer of the unit of assignment with signer’s rank and title. A military certificate must be presented to the registrar of the State-supported institution of higher learning or junior college of the State of Mississippi each semester or trimester at (or within ten (10) days prior to) registration each semester for the provisions hereof to be effective.

ALIENS. All aliens are classified as nonresidents, unless they claim residential status under the above regulations.

STUDENT FINANCIAL ASSISTANCE

Delta State University offers a comprehensive program of financial aid to assist students in obtaining a college education. The following federal and state aid programs are available to DSU students:

**Federal Pell Grants**
**Federal Supplemental Educational Opportunity Grants (SEOG)**
**Federal Work Study (FWS)**
**Federal Perkins Loans**
**Federal Stafford Student Loans**
**Federal Unsubsidized Stafford Loans**
**Federal PLUS loans**
**Leveraging Educational Assistance Partnership Program (LEAP)**
**Mississippi Tuition Assistance Grant (MTAG)**
**Mississippi Eminent Scholars Grant (MESG)**

In addition, Delta State University has a campus employment program and an extensive scholarship program.

APPLICATION

Delta State University accepts the Free Application for Federal Student Aid for all types of Title IV financial aid. This packet is available through the Office of Student Financial Assistance on campus or in most high school counseling centers.

Students must list Delta State University (002403) on the application to insure that the DSU Financial Aid Office receives notification of their interest in attending.

DEADLINES

Students are encouraged to apply early in the spring prior to the start of the fall semester in order to complete the process and receive their awards early. However, DSU will accept and process applications throughout the school year. Certain programs do specify deadlines. For example, students must apply for the Federal Pell Grant by May 1 of the academic year and each semester the student loan program has a cut-off for processing. More information on deadlines is available in the Office of Student Financial Assistance and is published regularly in the student newspaper on campus.
ELIGIBILITY

Students who are eligible for the federal and state programs listed in this section of the university catalog must meet all of the following criteria:

**be a U.S. citizen or eligible noncitizen.
**be registered with Selective Service if required to do so.
**have financial need as determined by an approved need-analysis.
**be enrolled at least half-time in a degree granting program (see note below).
**be making satisfactory academic progress as defined by Delta State University toward a degree or certificate.
**not be in default on any loan or owe a refund on any grant made under Title IV of the Higher Education Act of 1965, as amended at any institution.

note: Students admitted under the Over-21 Program are not eligible to receive financial aid until they have successfully completed twelve (12) hours and their admission status has been changed to regular student.

GRANTS

Grant aid is available to undergraduate students who do not have a Bachelor's degree. Grants do not have to be repaid.

FEDERAL PELL GRANT. The Federal Pell Grant is considered the foundation of all need-based financial aid packages at Delta State University. The maximum Pell Grant at DSU in 2000-2001 was $3300. This maximum amount is established by law each year.

Eligibility for the Federal Pell Grant is based on information submitted by the student about his family's financial strength. The Federal Pell Grant is an entitlement; eligible students must be at least half-time. Students working on a second undergraduate degree are not eligible for a Federal Pell Grant.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT. FSEOGs are available to students with excessive financial need and are automatically awarded to students who meet guidelines established in the Office of Student Financial Assistance. Full-time students receive priority in the awarding of FSEOG funds. At Delta State FSEOGs are typically $400-800 per year. FSEOG funds are limited and are included in the aid package of the neediest students.

GENERAL ELIGIBILITY FOR THE MISSISSIPPI TUITION ASSISTANCE GRANT AND THE MISSISSIPPI EMINENT SCHOLARS GRANT

(1) STUDENT must be a current legal resident of Mississippi (no less than one year preceding award year).
(2) STUDENT must be accepted for enrollment on a full-time basis at any two-year or four-year, public or nonprofit, regionally accredited, state approved, college or university in Mississippi.
(3) STUDENT must maintain continuous enrollment of not less than two semesters in each successive academic year unless granted an exception for cause.
(4) IF A STUDENT drops below full-time status during a semester of the academic year, that student is ineligible to receive funds during the following semester of the regular academic year.
(5) NO STUDENT may receive a MTAG or MESG for longer than the equivalent semesters or quarters required to complete one undergraduate degree per institution [i.e. eight semesters for a four year degree; ten semesters for a five year degree; four semesters for a two year degree].
(6) AWARDS are dependent on availability of funds and are subject to proration.
(7) STUDENT must not be currently in default on an educational loan.
Specific requirements for the MTAG. (1) STUDENT must complete a Free Application for Federal Student Aid form to determine eligibility each year; or, complete a Statement of Certification with notarized signatures (forms are available at high schools or institutions). (2) STUDENT must be receiving less than the full Federal Pell Grant. (3) STUDENT must have a minimum cumulative high school GPA of 2.5 on a 4.0 scale and a minimum ACT of 15; or must have satisfactorily completed the GED and a minimum ACT of 15; or successfully completed the International Baccalaureate program with a minimum cumulative GPA of 2.5 on a 4.0 scale and minimum ACT of 15; or attended a Home Education Program (9th-12th) and have a minimum ACT of 15. (4) STUDENT must maintain progress toward a degree with a minimum cumulative GPA of 2.5 on a 4.0 scale. (5) AMOUNT of AWARD - Freshman/Sophomore: $500 [subject to proration] per year; Junior/Senior: $1,000 [subject to proration] per year. (6) Under no circumstances shall any student receive any combination of student financial aid that would exceed the cost of attendance.

Specific Requirements for the MESG. (1) STUDENT must reapply for award annually. (2) STUDENT must enroll as a “first-time-in-college” student. (3) STUDENT must be recognized as a semifinalist or finalist by the National Merit Scholarship Program or National Achievement Scholarship Program and have a minimum GPA or 3.5 on a 4.0 scale; or have a minimum score of 1200 on the SAT or the ACT equivalent of 29, and have a minimum GPA of 3.5 on a 4.0 scale; or attended a Home Education Program during grade levels 9th through 12th and have a minimum score of 1200 on the SAT or the ACT equivalent of 29. (4) STUDENT must maintain a minimum cumulative GPA of 3.5 on a 4.0 scale. (5) AMOUNT OF AWARD - Cost of tuition and fees not to exceed $2,500 [subject to proration] per year.

LEVERAGING EDUCATIONAL ASSISTANCE PARTNERSHIP PROGRAM. The LEAP is a federal/state matching grant and is available to full-time students who are Mississippi residents. The typical award at DSU is $200-$800 per year. LEAP funds are limited and are automatically included in the aid package of the neediest students.

EMPLOYMENT

FEDERAL WORK STUDY. Eligible students may earn money to pay for college costs by working on the Federal Work-Study program. Approximately 300 students are employed at Delta State University under this federal/institutional match program; each student earns approximately $1550 per year.

Students who request Federal Work Study will be notified of their eligibility on their Award Notification Letter.

DSU reserves FWS funds for full-time students and gives priority to those students who demonstrate the greatest financial need. More information about the FWS program is available in the Office of Student Financial Assistance.

REGULAR STUDENT EMPLOYMENT. Approximately 100 other campus jobs are available through institutional employment. Students may be employed in various departments and offices on campus. The Regular Student Employment (RSE) program is not a need-based program.
For more information about RSE jobs, interested students should contact the department where employment is desired.

**STUDENT LOANS**

Low-interest student loans are available to qualified students at Delta State University. Student loans, in general, must be repaid under some type of deferred repayment plan. DSU offers student loans to both undergraduate and graduate students. All students who wish to apply for any student loan must first complete the Free Application for Federal Student Aid.

Delta State University complies with all federal and state guidelines in providing loan counseling and information about loan consolidation. It is the philosophy of Delta State University to assist students in keeping their student loan debt at the lowest possible level. Policies and procedures developed at DSU are designed to keep the institution’s default rate at a minimum.

**FEDERAL PERKINS LOANS.** Federal Perkins Loans are automatically awarded to students who demonstrate extreme financial need through the application process. A Federal Perkins Loan is a low-interest (5 percent) loan. Full-time students receive priority in the awarding process. Students working on a second undergraduate degree are not eligible for Federal Perkins Loans. Federal Perkins Loans are made through the financial aid office—DSU is your lender. You must repay this loan.

Federal Perkins Loans are typically $600-1000 per year. Questions about repayment and deferment may be directed to the Student Loan Department in the H. L. Nowell Union Building, Room 203, 846-4649.

**FEDERAL STAFFORD LOANS.** Federal Stafford Loans are made by a bank, credit union, or savings and loan, or other lender. These loan applications MUST be certified by the Office of Student Financial Assistance. Eligibility for the Federal Stafford Loan is based on financial need. Maximum amounts are determined by the federal government. To determine eligibility for the Federal Stafford Loan, students must first complete the Free Application for Federal Student Aid.

**UNSUBSIDIZED FEDERAL STAFFORD LOAN.** Unsubsidized Federal Stafford Loans are also made by banks, credit unions, and savings and loans, or other lenders. These loan applications must also be certified by the Office of Student Financial Assistance. Eligibility for the Unsubsidized Federal Stafford Loan IS NOT BASED ON FINANCIAL NEED. When awarded alone or in combination with a Federal Stafford Loan, this loan cannot exceed maximum amounts determined by the federal government.

To determine eligibility for the Federal Unsubsidized Stafford Loan, students must first complete the Free Application for Federal Aid.

**FEDERAL PLUS LOANS.** Federal PLUS loans are for parents who want to borrow to help pay for their children’s education. PLUS loans provides additional funds for education expenses and, like Federal Stafford Loans, are made by a lender such as a bank, credit union, or savings and loan association. This loan MUST be certified by the Office of Student Financial Assistance. Before you can receive a Federal PLUS Loan, the financial aid office must determine your eligibility for a Federal Stafford Loan, Federal Unsubsidized Stafford Loan, and for a Federal Pell Grant. If you’re eligible for aid from any of those programs, that amount may affect the amount you can borrow under the Federal PLUS program.
To determine eligibility for the Federal PLUS loan, students must first complete the Free Application for Federal Aid.

SATISFACTORY ACADEMIC PROGRESS

Students who receive financial aid at Delta State University must conform to the standards for Satisfactory Academic Progress set by the university. These guidelines (listed below) are designed to encourage students to successfully complete their educational goals in a timely manner.

Students who have been granted Full Admission With Academic Deficiencies must participate in a summer developmental program to remove those academic deficiencies. If deficiencies are still evident after completion of the summer developmental program, a student will not be eligible for re-admission.

The minimum academic standards an undergraduate student must meet in order to receive financial assistance are illustrated in this chart:

<table>
<thead>
<tr>
<th>Minimum Qualitative Academic Standards</th>
<th>Minimum Quantitative Standards</th>
</tr>
</thead>
<tbody>
<tr>
<td>Overall Hours Attempted</td>
<td>Grade Point Average</td>
</tr>
<tr>
<td>0-29</td>
<td>1.50</td>
</tr>
<tr>
<td>30-59</td>
<td>1.75</td>
</tr>
<tr>
<td>60+</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Academic progress will be evaluated at the end of each semester. Students will be notified in writing of any action taken regarding their loss of eligibility for financial assistance.

In general, undergraduate students must complete an undergraduate degree within a 150% time frame. (Example: Degree requires 130 credit hours - maximum of 195 hours allowed). They must also adhere to a program of academic advisement and maintain scholastic standing consistent with the university’s requirements for graduation.

Students may use financial aid funds to cover the first repeat of a course. Up to 12 hours may be repeated during the undergraduate career under financial aid guidelines.

Students who withdraw - officially or unofficially - are not eligible for aid the remainder of that semester or the following semester.

I’s, W’s, and F’s are not considered successful completions. Financial aid is not awarded for audits or correspondence courses.

A copy of the complete Satisfactory Academic Progress Policy is available upon request.

FINANCIAL ASSISTANCE FOR SUMMER SESSION

Students who plan to attend summer session and wish to receive financial aid must: 1) have the Free Application for Federal Student Aid for the prior aid year on file in the Office of Student Financial Assistance; 2) complete a separate DSU Summer Financial Aid Application prior to April 1 each year. (Example: If the student will attend summer 2001, he should have the 2000-2001 FAFSA on file.) All awards, including student loan applications, will be processed between April 1 and May 15. Applications received after the April 1 deadline, will not be pro-
cessed nor available by first term registration. The Federal Stafford Loan and Federal Unsubsidized Stafford Loan are the primary sources of aid available during the summer session.

**FEDERAL REGULATIONS**

Delta State University complies with all state and federal regulations in the awarding and disbursement of student aid funds. Policy and procedures are implemented to insure compliance with pertinent regulations.

**UNIVERSITY SCHOLARSHIP POLICY**

Institutional, foundation, and state funded scholarships are all subject to a maximum yearly amount not to exceed the actual cost of tuition, room and board, and a $300 per semester book allowance.

**ACADEMIC SCHOLARSHIPS**

These scholarships DO NOT need an application. They are automatically awarded once an official transcript is received and all qualifications are met. The student is notified by letter from the Director of Admissions.

**ENTERING FRESHMAN ACADEMIC.** These scholarships are awarded on the basis of a student's high school academic record and ACT score. Students who have a cumulative high school GPA of 3.0 on a 4.0 scale and score 26 or better on the ACT qualify and are automatically awarded an academic scholarship.

(For ACT after Oct. 89)

**Merit Scholarships**

- National Merit Finalist: 20,000
- National Merit Semi-Finalist: 12,000
- Valedictorian: 3,000
- Salutatorian: 2,200

**ACADEMIC OUT-OF-STATE SCHOLARSHIPS** are available to the following students: Entering freshman who (1) have a minimum ACT composite of 21 and cumulative GPA of 3.50, (2) Graduated from a Mississippi high school or a member MPSA school with a minimum cumulative GPA of 3.0 and (4) are National Merit Finalists or Semi-finalists; and Transfer students who: (1) attended a Mississippi Community College and completed 54 or more transferable hours with a 3.0 GPA and (2) are members of Phi Theta Kappa with 54 or more transferable hours.

**PHI THETA KAPPA SCHOLARSHIPS.** Students with community college hours only who are members of Phi Theta Kappa may receive a scholarship in the amount of $5,000, payable $1,250 per semester for four consecutive semesters, not including summer sessions. This scholarship is payable as long as the student maintains a 3.00 GPA. Recipients must have 54 or more community college academic hours and meet all transfer student admission requirements. This scholarship will be awarded upon receipt of an application for admission and an official transcript showing "Phi Theta Kappa Member".
SCHOLARSHIPS LISTED BELOW ARE NOT NECESSARILY AVAILABLE EVERY YEAR. SCHOLARSHIP APPLICATIONS ARE DUE APRIL 1. A SEPARATE APPLICATION MUST BE COMPLETED FOR EACH SCHOLARSHIP.

COLLEGE OF ARTS AND SCIENCES

The following scholarships pertain to the College of Arts and Sciences. Applications and information concerning these scholarships are available through the address that follows the description of each scholarship.

DISTRICT II DENTAL SOCIETY SCHOLARSHIP. This $500 scholarship was established by the District II Dental Society of Mississippi. The scholarship is awarded annually to a senior pre-dental student who has an overall grade point average of 3.0 or higher and is a resident of Mississippi; however, preference is given to candidates who reside in District II. Also, financial need is a consideration in the selecting of the recipient. The Pre-Professional Committee at Delta State University and a representative of the District II Dental Society will serve as the selection committee for picking the recipient. Contact the Department of Biological Sciences, Box 3262.

R.W. JOHNSON DENTAL SCHOLARSHIP. Awarded to an outstanding graduating pre-dental major who has been accepted to dental school. The scholarship is donated by the Johnson Dental Clinic in memory of Robert Wray Johnson, D.D.S. Contact the Department of Biological Sciences, Box 3262.

SANDERS SCHOLARSHIP. This scholarship was established in 1975 by Jimmy Sanders, an alumnus of Delta State. This is an endowment fund, the interest of which is available for an annual scholarship. The recipient must be enrolled in the Department of Biological Sciences and is selected on the basis of scholarship, character, and initiative. Contact the Department of Biological Sciences, Box 3262.

ELLEN DOUGLAS SCHOLARSHIP. Named for Mississippi novelist Ellen Douglas, this $1,000 scholarship is awarded each year to an outstanding entering freshman majoring in English. Application must be made through the Division of Languages and Literature, Kethley 217.

ROBERT L. ELLIOTT, M.D. AND MARY C. ELLIOTT, M.D. SCHOLARSHIP. Established by Dr. Robert L. Elliott and Dr. Mary C. Elliott in 1992. The nominee must be an outstanding full time student, currently enrolled at Delta State University, majoring in biology or physical science, be of good character, and have a GPA of 3.5 or higher. Nominees must be recommended to the Elliott Committee by a biological or physical science faculty member. Recipients, known as “Elliott Scholars”, shall receive a supplementary scholarship in an amount necessary to assure full coverage of tuition, fees, room and board, and a book allowance. This scholarship is renewable by recommendation of the Elliott Committee. Contact the Department of Biological Sciences, Box 3262.

FUGLER-HAFTER SCHOLARSHIP. This scholarship is named in honor of Mrs. Madge Quin Fugler, who was on the first Board of Trustees at Delta State Teachers College from 1924-31 and her daughter, Mrs. Mary Margaret Hafter, who was the first speech teacher at Delta State and also founder of the Delta Playhouse in 1930. This is an honor scholarship to encourage interest of superior students majoring in Speech Pathology/Audiology. This is an endowment fund, the interest of which is available for an annual scholarship. Contact the Department of Audiology and Speech Pathology, Box 3372.
JUDGE ED GREEN & MARGARET ALLEN GREEN SCHOLARSHIP. This scholarship was established in 1992 to honor two outstanding members of the Cleveland community, the late Judge Edward H. Green, Circuit Court Judge, and his wife, the late Margaret Allen Green, civic leader and educator. Two $500 scholarships are awarded each semester to a sophomore, junior or senior. One recipient must have an emphasis in History and the other must be in the College of Education. The awards are based on academic excellence and need. Those interested may apply through the office of the Chair of the History Department or the office of the Dean of the College of Education. Contact the Department of History, Box 3162.

WILSON AND ELOISE DAVIS MATHEMATICS SCHOLARSHIP. The scholarships are given from an endowment established by Dr. Wilson Davis and his wife, Eloise. The recipients must have graduated from public high schools in Mississippi and be in the top 10% of their graduating classes or possess a 3.0 on a 4.0 academic grading system. Also, the recipients must be majoring in mathematics and must demonstrate a need for scholarship aid. The scholarships are renewable each year. All applicants should apply through the Scholarship Committee in the Department of Mathematics, Box 3242.

MATHEMATICS SCHOLARSHIPS FOR NATIONAL MERIT FINALISTS AND VALEDICTORIANS. These scholarships are available for National Merit finalists and high school valedictorians who plan to major in mathematics. To qualify for the National Merit Finalist scholarship, the student must also have a composite score of 28 or better on the ACT and a minimum sub-score in mathematics of 26. This scholarship is renewable each academic year as long as the student maintains a GPA of 3.0 on all academic work, a 3.0 GPA in mathematics, and is enrolled in at least 12 semester hours of course work per semester. This scholarship is a full scholarship—tuition, fees, books, living expenses.

To qualify for the valedictorian scholarship, the student must also have a composite score of 28 or better on the ACT and a minimum sub-score in mathematics of 26. This scholarship is a full tuition and fees scholarship and is renewable each academic year as long as the student maintains a GPA of 2.5 on all academic work, 2.5 GPA in mathematics, and is enrolled in at least 12 semester hours of course work per semester.

To apply for the scholarship the student should submit an application to the mathematics department as early in the spring semester of the senior year as possible but no later than June 1. For more information, contact the chairman of the mathematics department, DSU Box 3242.

 McCUTCHEON SCHOLARSHIP. This scholarship is given each year to a student who will be studying music at Delta State University. This scholarship was established by Mr. James McCutcheon because of his strong belief in music in public education. The recipient of this scholarship is chosen each year by the music faculty. Contact the Department of Music, Box 3256.

U. S. AIR FORCE RESERVE OFFICER TRAINING CORP (ROTC) SCHOLARSHIP. Any high school or college student meeting the requirements have an opportunity to compete for Air Force ROTC Scholarships. The majority of the scholarships pay full college tuition, and most textbook, lab, and incidental fees, plus a minimum $250 tax-free monthly subsistence allowance during the school year. Scholarships are available in technical and some non-technical fields.
High school students should contact their counselor or the professor of aerospace studies at Delta State University for details on application procedures. Contact the Air Force ROTC, Box 3304 or at (662) 846-4179.

**ELEANOR WALTERS MATHEMATICS SCHOLARSHIP.** This scholarship was established in 1979 by alumni and friends in honor of Dr. Eleanor Boyd Walters who served Delta State as Chair of the Mathematics Department and Professor of Mathematics. This is an endowment fund, the interest of which is available for an annual scholarship. The recipient is to be a student majoring in mathematics education and is selected by the Department of Mathematics on the basis of scholarship, character, and need. Contact the Department of Mathematics, Box 3242.

**MELVIN F. COHEN MEMORIAL SCHOLARSHIP.** This scholarship was established in 1988 as a memorial tribute to Melvin F. Cohen, a 1950 graduate of Delta State University. This scholarship endowment was established by his sister, Louise Cohen Chiz of Shaw, Mississippi, and her three children. This is an endowed scholarship given to a worthy student in the Department of Biological Sciences. One $500 a year scholarship will be awarded annually. Contact the Department of Biological Sciences, Box 3262.

**DAVIDSON SCHOLARSHIP.** The Dr. L. Stacy Davidson and Mrs. Fay Spruill Davidson scholarship was established in 1995 by the L. Stacy Davidson family. The scholarship will cover the entire cost of tuition, room and board, and books to an incoming freshman interested in the liberal arts area. Candidates must have been officially accepted to Delta State, obtain full-time status, demonstrate good character, project above average academic potential, possess high scores on the ACT (29 or higher) and/or SAT, and exhibit an appreciation for extra-curricular activities. The student must maintain academic excellence to retain the scholarship for subsequent years. Contact the Dean of the College of Arts and Sciences, Kethley 215.

**JOHNNY DREW OUZTS MEMORIAL SCHOLARSHIP.** This endowed scholarship was established in memory of the former professor and chair of the Department of Biological Sciences, Associate Dean of the College of Arts and Sciences, and Delta State alumus. The recipient will be a biology or environmental science major demonstrating excellence in scholarship and character, with a sincere interest in agricultural applications of biology. Contact the Department of Biological Sciences, Box 3262.

**MELBOURNE MILLER MEMORIAL SCHOLARSHIP.** This scholarship was established in 1998 in memory of Melbourne Miller, a former professor in the Department of Biological Sciences. The recipient will be a full-time sophomore biology education major in good academic standing. One scholarship will be awarded annually. Contact the Department of Biological Sciences, Box 3262.

**I. DEAN SPRADLING SCIENCE SCHOLARSHIP.** This scholarship was established in 2001 by I. Dean Spradling, a science alumus of Delta State. This renewable scholarship is funded through the Endowment for the Sciences which was established through Mr. Spradling’s initiative. The recipient must be a natural science major and is selected based on need, initiative, character, and scholarship. Selection decisions are made by departmental committee. Contact the Department of Biological Sciences, Box 3262, or the Department of Physical Sciences, Box 3255.

**W. WAYNE WALLEY PREMEDICAL SCHOLARSHIP.** This scholarship was established in 2001 in recognition of Dr. Walley’s 20 years of service as Prehealth Advisor, Professor, and Chair of the Department of Biological Sciences. The recipient will be a full-time premedical major in the department, will display
good character, and will project excellent academic potential (29 or higher ACT). Additionally, the recipient must establish and maintain eligibility for the Premedical Science Option under the biological sciences major to annually renew the scholarship. This scholarship is supported by an endowment initiated by departmental alumni who completed medical degrees at the University of Mississippi Medical Center. Selection is by departmental committee. Contact the Department of Biological Sciences, Box 3262.

**Jesse White Science Scholarship.** This scholarship was established in 1979 by alumni and friends in honor of Dr. Jesse White who served on the Delta State faculty as Professor of Biology. This is an endowment fund, the interest of which is available for an annual scholarship or stipend for advanced study. The recipient is to be a current DSU science major and is selected on the basis of scholarship, character, and need. Contact the Department of Biological Sciences, Box 3262, or the Department of Physical Sciences, Box 3255.

### College of Business

The following scholarships pertain to the College of Business. Applications and information concerning these scholarships are available through the address that follows the description of each scholarship:

**The Raynold Chiz Memorial Scholarship.** This scholarship was established in 1986 by the family of Raynold Chiz in honor of the late Mr. Chiz, an outstanding business and civic leader of Shaw. This is an endowment fund, the interest of which is available for a scholarship for a worthy student in the College of Business. Application should be made through the Dean of the College of Business, Box 3294.

**The Cleveland State Bank's N.L. "Nap" Cassibry, Jr. Memorial Endowed Scholarship.** This scholarship was established in 1999 in memory of the late Mr. Cassibry, who was chairman of the board for Cleveland State Bank and an active business and community leader in Cleveland. Full-time students majoring in degree programs in the College of Business, who demonstrate financial need, qualities of community service, and who have attained an overall GPA of 2.75 are eligible for this award. Contact the Dean of the College of Business, Box 3294.

**Gibson-Yurkow Scholarships.** These scholarships were established to honor the late Dr. John C. Gibson, Dean Emeritus of the Delta State University College of Business and the late John Yurkow, Jr., Chair Emeritus of the Delta State University Department of Accountancy. The scholarship is to be awarded to incoming freshmen who are outstanding student(s) enrolled in the College of Business, demonstrating good character, projecting above-average academic potential, and possessing high scores on the ACT and/or the SAT. Contact the Dean of the College of Business, Box 3294.

**Barnstormer's Scholarship.** This scholarship was established by Mr. Jimmy Chrestensen, owner of C & C Aviation, LLC of Cleveland, Mississippi and Mr. Jim Keller, pilot with the Red Baron Acrobatic Team. The $1000 annual scholarship is available to a student majoring in flight operations. Applications should be made through the Dean of the College of Business, Box 3294, Cleveland, MS 38733.
HOLIDAY INNS-CIS SCHOLARSHIP. This scholarship fund was established in 1980 with a gift from Holiday Inns Corporation honoring employees who graduated from Delta State. Eligible applicants are junior or senior computer information systems majors who will graduate no sooner than the fall semester following the award. Other qualifications require that recipients have a minimum 3.0 GPA and possess outstanding character and leadership attributes. In 1992, the use of the fund was expanded to provide professional development opportunities for both students and faculty in the CIS Department. Contact the Division of Accountancy and Computer Information Systems, Box 3222.

HAYDEN MITCHELL COLLEGE OF BUSINESS ENDOWED SCHOLARSHIP. This scholarship was established in January 1999 by Mr. Hayden Mitchell, a 1975 honor graduate of Delta State University. This scholarship is available to sophomore through senior students majoring in any program in the College of Business. Applications should be made through the Dean of the College of Business, Box 3294.

CAPTAIN JAMES F. OUZTS, SR. MEMORIAL SCHOLARSHIP. The Captain James F. Ouzts, Sr. Memorial Scholarship was established in 1999 by Mrs. James F. Ouzts, Sr. of Gainesville, Georgia, and son Mr. James F. Ouzts, Jr. of Irvine, California. Captain Ouzts, Sr., a United States army veteran of World War II, enjoyed a 32-year career with Delta Airlines, logging over 29,000 hours. Captain Ouzts, Sr., died on February 22, 1999. The scholarship provides two awards of $2,500 each for an undergraduate student majoring in flight operations. Recipients are selected on the basis of scholarship, character, and need. Applications should be made through the Chair of the Department of Commercial Aviation, Post Office Box 3203, Cleveland, Mississippi 38733.

THE MC DONALD'S RETZER AND RETZER SCHOLARSHIP. This scholarship was established by Mr. and Mrs. Mike Retzer in honor of Dr. Lawton K. Owens. This is an annual scholarship of $500 presented to a junior or senior student majoring in Management and Marketing. Applications for this scholarship should be made through the Division of Management and Marketing in the College of Business, Box 3275.

B. F. SMITH OUTSTANDING ENTREPRENEUR AWARD. This scholarship will be awarded to a current College of Business junior who exemplifies the spirit, values, and ideals essential to small business. An annual award of $1000 will be presented to a junior business student with an overall GPA of 3.0 or better. Additional selection criteria include campus involvement, civic involvement, number of hours working outside the University, and evaluation of a short, one-page essay on the importance of small business in the formation and success of the United States. For further information contact: Dean, College of Business, Box 3294.

SOUTHEASTERN AIRPORT MANAGERS ASSOCIATION SCHOLARSHIP. This scholarship was established by the Southeastern Airport Managers Association in 1992. Those interested must be an aviation management major, have a classification of junior or above, and must have a cumulative GPA of 2.5 with a 3.0 in their major. To apply, contact the Chair of the Department of Commercial Aviation, Box 3204.

ORRIN SWAYZE SCHOLARSHIP. Each year the Mississippi Bankers Association awards a $2,500 scholarship to a student in the junior class. Selection of the student is made on a competitive basis from state supported institutions offering
majors in Finance or Banking and Finance. The scholarship is awarded to the student whose record of achievement best exemplifies the high academic and moral standards characteristic of Orrin Swayze, for whom the scholarship is named. Contact the Division of Economics and Finance, Box 3334.

**JAMES L. WILLIAMS MEMORIAL BUSINESS SCHOLARSHIP.** This scholarship was established in 1998 by the family of James Williams as a memorial tribute to James L. Williams, an outstanding business and civic leader in Cleveland. This is an annual scholarship of $500 presented to African-American juniors or seniors majoring in finance, general business, or insurance and real estate. Applications for this scholarship should be made through the Division of Economics and Finance in the College of Business, Box 3334.

**COLLEGE OF EDUCATION**

The following scholarships pertain to the College of Education. Applications and information concerning these scholarships are available through the address that follows the description of each scholarship.

**JUDGE ED GREEN & MARGARET ALLEN GREEN SCHOLARSHIP.** This scholarship was established in 1992 to honor two outstanding members of the Cleveland community, the late Judge Edward H. Green, Circuit Court Judge, and his wife, the late Margaret Allen Green, civic leader and educator. Two $500 scholarships are awarded each semester to a sophomore, junior or senior. One recipient must have an emphasis in History and the other must be in the College of Education. The awards are based on academic excellence and need. Those interested may apply through the office of the Chair of the Department of History or the office of the Dean of the College of Education. Contact the College of Education, Box 3121.

**MERLE LEWIS LITTLE SCHOLARSHIP.** This scholarship was established in honor of Mrs. Merle Lewis Little by members of her family. It is given annually at the Honors Day Program to a senior undergraduate student studying in the field of education. The recipient must have a 3.0 grade point average and be recommended by three faculty members in the Teacher Education Program. To apply for this scholarship, one should contact the office of the Dean of the College of Education, Box 3121.

**DR. & MRS. A. L. YOUNG MEMORIAL SCHOLARSHIP.** This scholarship was established in 1979 by Marjorie Young and Leon Young in honor of their father and mother. Dr. Young served on the Delta State faculty as Professor of Education. This is an endowment fund, the interest of which is available for an annual scholarship. The recipient is selected by a committee from the College of Education on the basis of scholarship, character, need, and the student’s intention to teach. Contact the College of Education, Box 3121.

**THE MANNING SCHOLARSHIP.** This scholarship was established in the spring of 1996 by the Manning Family in honor of George W. Manning, Sr., his wife Mattie Hughes Manning, and their daughter, Doris Manning of Drew, Mississippi. This is an endowment fund, the interest of which is available for an annual scholarship. Sophomore, junior, or senior students in elementary and/or secondary education are eligible for this scholarship. Recipients are eligible to receive the scholarship until graduation provided the student maintains a full-time course load and a 3.0 GPA. Those interested are to make application through the Education Dean’s Office at Box 3121.

**WALKER-LINE-HEARD SPECIAL EDUCATION SCHOLARSHIPS.** This scholarship was initially established in 1978 by Mrs. Saralie Heard, Mrs. Cheryl Line,
Mr. Leslie Walker. An additional scholarship was added in 1998. The recipients are selected by a committee from the Department of Special Education on the basis of scholarship, character, need, and the student's intention to major in special education. Contact the Division of Behavioral Sciences, Box 3142.

McQUAGGE SCHOLARSHIP. The McQuagge Scholarship, established by Mrs. Atwell McQuagge in 1980, is awarded to a student from Mississippi who will study Child Development. The recipient is required to maintain a 2.5 grade point average and show a strong desire to work with pre-school children. The scholarship is awarded through the Division of Family and Consumer Sciences. Contact the Division of Family and Consumer Sciences, Box 3273.

STUDENT ASSOCIATION OF FAMILY AND CONSUMER SCIENCES SCHOLARSHIP. Established and funded by the DSU student chapter of the American Association for Family and Consumer Sciences, this scholarship is awarded to a member of SAFCS and is presented on the basis of leadership in SAFCS, membership in AAFCS, academic standing, evidence of character and initiative, and financial need. Application may be made through the Chair of the Division of Family and Consumer Sciences. The recipient is selected annually by the Family and Consumer Sciences faculty. Contact the Division of Family and Consumer Sciences, Box 3273.

HAMILTON SCHOLARSHIP. This scholarship was established by Albert G. Hamilton in honor of his parents, A. G. and Velma Shelton Hamilton. The endowed scholarship provides for students majoring in Child Development in the Division of Family and Consumer Sciences. The recipients are chosen by the faculty of that Division. To apply for this scholarship, contact the Chair of the Division of Family and Consumer Sciences, Box 3273.

GRUETZEMACHER MEMORIAL SCHOLARSHIP. This scholarship was established in 1975 by the family of Richard R. Gruetzemacher in honor of the late Mr. Gruetzemacher, who served on the Delta State faculty as Assistant Professor of Education and Psychology. This is an endowment fund, the interest of which is available for an annual scholarship. The recipient is selected by the Division of Curriculum and Instruction on the basis of scholarship, character, need, and the student's intention to teach. Contact the Division of Curriculum and Instruction, Box 3112.

MARY LONG SCHOLARSHIP. This scholarship was established in 1976 by the family and friends of Miss Mary Long to honor Miss Long who served on the Delta State staff as Dean of Women. This is an endowment fund, the interest of which is available for an annual scholarship. The recipient is selected by the Division of Curriculum and Instruction on the basis of scholarship, character, need, and the student's intention to teach. Contact the Division of Curriculum and Instruction, Box 3112.

ELOISE STRATTON WALKER SCHOLARSHIP. This scholarship was established in the spring of 1998 in honor of Eloise Stratton Walker who served as associate professor and coordinator of the undergraduate elementary education program from 1970 to 1993. Sophomore, junior, and senior students in elementary education are eligible for this scholarship in the amount of $100 per semester. Recipients are eligible to receive the scholarship until graduation provided the student maintains a full-time course load and a 3.0 GPA. Those interested are to make application through the Education Dean's Office at Box 3121.
THE ANDY AND LIBBY JONES SCHOLARSHIP. This endowed scholarship is established in the names of former College of Education faculty member Dr. Andrew Jones and his wife Elizabeth Jones. The scholarship is awarded annually to an outstanding education major with at least a 3.0 GPA in Curriculum and Instruction to be selected by a committee of Curriculum and Instruction faculty. Application is made to the Division of Curriculum and Instruction.

THE HUGH CAM AND MATTIE REEVES SMITH MEMORIAL ENDOWED SCHOLARSHIP. The Hugh Cam and Mattie Reeves Smith Memorial Endowed Scholarship was established in 1999 by their daughters, Vera E. Smith, a 1945 graduate of Delta State, and Gladys Smith Gilmore, a 1942 graduate of Delta State. The scholarship was established in memory of their parents whose goal was for all four of their children to receive a college education. The scholarship is awarded to a financially needy student in their sophomore through senior year majoring in the field of education. To apply for this scholarship, contact the office of the Dean of the College of Education, Box 3121, Cleveland, MS 38733.

SCHOOL OF NURSING

Applications and information concerning the following scholarships should be sent to the School of Nursing, Box 3343 unless otherwise specified by the individual scholarship.

AMERICAN LEGION AUXILIARY, #165 SCHOLARSHIP. The American Legion Auxiliary #165 awards this $500 scholarship to a student nurse in the senior year. The selection is made by the American Legion Auxiliary #165 on the basis of recommendations from the faculty of the School of Nursing. Any student may apply, but preference is given to a veteran, or relative of a veteran. Applicant must have a grade point average of 2.5 and must provide a statement of need for financial assistance and professional goals. The recipient of this award will continue to receive the annual award until graduation with the maintenance of 2.5 GPA. Application should be made directly to the Cleveland American Legion.

BOARD OF TRUSTEES’ NURSING EDUCATION SCHOLARSHIP FOR STUDY IN NURSING EDUCATION. Provides funds to assist students in need who are in good standing with their nursing school. Eligibility requirements are state residency and full-time enrollment. Nursing Education Loan/Scholarship Program benefits Mississippi residents pursuing a degree in Nursing who are already enrolled in a school of nursing. Award is based on cumulative grade point average of eligible applicants. Funds available for BSN students, RN/BSN students and M.S.N. students. Additional information is available from the Mississippi Office of State Student Financial Aid, 3825 Ridgewood Road, Jackson, Mississippi 39211-6453

ARLENE WARD BRADSHAW COMMUNITY HEALTH NURSING AWARD. One scholarship/award of $100 will be given annually to a senior nursing student. The student must plan either graduate study in community health or employment in a health department; must demonstrate by performance the understanding of the principles of community health nursing and the complexities of communities, systems, and citizens; and must exhibit enthusiasm, good will, good sense in effecting better public and personal health. First consideration is given to students from the nine-county area of Public Health District III: Attala, Bolivar, Carroll, Holmes, Humphreys, Leflore, Montgomery, Sunflower, and Washington. Otherwise, student must reside in Mississippi and have 3.0 overall G.P.A.
DR. THOMAS F. AND DELIA FEWELL CLAY MEMORIAL ENDOWED SCHOLARSHIP. This $500 scholarship was established by Alice Clay Smith in memory of her parents, Dr. Thomas F. and Delia Fewell Clay. The student selected for this scholarship must be enrolled as a full-time student in the School of Nursing, a resident of Mississippi, and in good academic standing. The scholarship may be awarded once in the fall semester and once in the spring semester. Applications for scholarship may be mailed to the School of Nursing, Box 3343.

ELAINE CORDER MEMORIAL SCHOLARSHIP. This scholarship in the amount of $100 was established by the King's Daughters School of Nursing Alumni in 1988. This scholarship will be given to one student in the Spring semester of the junior year who is nominated by the Delta State University Nursing faculty. The student must reside in Washington or Sunflower County, demonstrate above average abilities in nursing clinical practice and classroom theory, demonstrate ethical behavior in all courses in the nursing program, and have at least a 3.0 G.P.A. in nursing course work.

DSU FOUNDATION NURSING SCHOOL SCHOLARSHIP FOR BOLIVAR COUNTY. This scholarship is a five semester scholarship for a Bolivar county resident enrolled in the School of Nursing. It awards $500 per semester for 5 semesters. The recipient must maintain a 3.0 GPA during each academic year. Additional information is available from the School of Nursing.

FERRETTI-KARNSTEDT SCHOOL OF NURSING SCHOLARSHIP. This $1000 scholarship was established in November of 1999 by John and Jutta K. Ferretti. It is given in memory of Josephine Ferretti Schmid, Margaret Karnstedt, and Kathe Wahlstab Karnstedt in honor of Jill Winzen Skyles, R.N., M.B.A. The scholarship is available alternately to a senior and a graduate student enrolled in the School of Nursing and has maintained a GPA of 3.5. Applications for this scholarship may be mailed to the School of Nursing, Box 3343.

BRYAN HAFTER/MARCH OF DIMES NURSING SCHOLARSHIP. One scholarship of $500 will be given annually to a senior nursing student. The scholarship is given by Mr. and Mrs. Jerome C. Hafter and their son, Bryan, in appreciation for the nursing care he received at the University of Mississippi Medical Center Neonatal Intensive Care Unit. The scholarship is administered through the March of Dimes and is given annually to a senior student who has expressed a desire to enter the field of neonatal or pediatric nursing and has maintained a 3.0 GPA.

DR. R.T. AND KATHRYN M. HOLLINGSWORTH SCHOLARSHIP FUND. The Dr. R.T. and Kathryn M. Hollingsworth Scholarship Fund is awarded to a junior or senior nursing student (School of Nursing) and a junior or senior pre-med student (College of Arts and Sciences) enrolled at Delta State University. The recipient will be selected based on the academic requirement of a 3.0 GPA or higher and residency in the North Bolivar County School District.

THE KING'S DAUGHTERS AND SONS CIRCLE NUMBER TWO, INC. SCHOLARSHIP. This scholarship was established April 2000 for full time DSU School of Nursing undergraduate students. The student must exhibit good character, have an above average academic record and demonstrate involvement in activities that benefit the community and/or the work setting. A brief resume that addresses the stated criteria and three (3) references are required. Additional information is available at the School of Nursing.

SHERRY VAN LIEW BOLIVAR MEDICAL CENTER AUXILIARY SCHOLARSHIP. The Bolivar Medical Center Auxiliary awards each year a $2000 scholarship to a
junior nursing student at Delta State University. The scholarship is in honor of Sherry Van Liew and is administered by the faculty of the School of Nursing. The Auxiliary prefers the student be a resident of Bolivar county. The student selected for this scholarship must: (1) have at least a 3.0 grade point average, (2) demonstrate a dedication to excellence in clinical practice, (3) provide a statement of need. This statement must be written in his/her own words, and (4) provide a statement of personal goals for his/her practice as a professional nurse.

ELIZA PILLARS REGISTERED NURSES' STATE ASSOCIATION SCHOLARSHIP. The scholarship(s) are presented annually in the Spring at the Mississippi Black Professional Convention. The amount of the scholarship(s) will be determined by the availability of funds. The recipient must be recommended by the School of Nursing. Selection of recipient(s) is made on a competitive basis with equal opportunity offered each applicant. The student must have completed one year of nursing courses and have a minimum overall 3.0 G.P.A.

KENNEDY JOLI SMITH MEMORIAL NURSING SCHOLARSHIP FUND. The Kennedy Joli Smith Memorial Nursing Scholarship Fund is awarded to a junior or senior nursing student enrolled at Delta State University. The recipient will be selected based on writing of an essay on an assigned topic. The scholarship may be renewed on a yearly basis if the student remains in good academic standing with the University.

ROBERT E. SMITH PRE-NURSING SCHOLARSHIPS. Robert E. Smith of Cleveland, Mississippi created these scholarships to assist worthy nursing students. These scholarships in the amount of $1000 each are awarded annually to pre-nursing or nursing students. The student must be enrolled full time, demonstrate good character, exhibit involvement in activity that benefits the community, and maintain a grade of “B” or higher.

U.S. AIR FORCE ROTC SCHOLARSHIP. Any high school or college student wanting a bachelor's degree in nursing and meeting the requirements may apply for a one- to four-year Air Force ROTC scholarship. The majority of the scholarships pay full college tuition, $216 per semester textbook stipend, lab, and incidental fees, plus a minimum $250 tax-free monthly subsistence allowance during the school year. High school students should contact their counselor or the Professor of Aerospace Studies at Delta State University for details on application procedures. College students should apply directly to the Professor of Aerospace Studies at Delta State University, Box 3304, Phone (662) 846-4179.

AFROTC nurses also compete for entry into the nurse supervisor/internship program as their initial assignment. AFROTC nurses enjoy a marked advantage when competing for USAF sponsored programs such as nurse anesthetist, flight nurse, midwifery and ob-gyn practitioner as well as graduate education program. For entry, student nurse cadets or student nurse applicants must meet the following criteria: meet minimum grade point average of at least 2.50 or higher on a 4.00 scale. Applicants must submit a resume, selected references, and recommendations. The Professor of Aerospace Studies on campus will assist in securing this recommendation.

SCHOLARSHIP/LOAN PROGRAMS. Several health care agencies offer a variety of financial assistance plans for student nurses who will repay the assistance through a work commitment after graduation. Please contact the School of Nursing for a current listing of agencies and designated contact persons for student application.
Applications and information concerning the following Presidential scholarships may be obtained through the Delta State University Alumni and Foundation Office, Box 3141, Cleveland, MS 38733:

**ZORA CAMPBELL ANDERSON SCHOLARSHIP.** The Zora Campbell Anderson Scholarship is an annual $300 scholarship established by Dr. Zo Brown, a 1974 graduate of Delta State. The scholarship is established in honor of her mother, Zora Campbell Anderson of Greenville. This scholarship is awarded to a full-time female student who demonstrates financial need.

**CLARK E. AND AUREOLA BOYD SCHOLARSHIP.** In 1997, Mrs. Aureola Boyd of Cleveland, established a scholarship to assist a financially needy student to attend Delta State University. Mr. Boyd, a native of El Paso, Texas, moved to Cleveland in 1947 when her husband, Clark, was hired to teach English at Delta State. Mr. Boyd died in April of 1973. Mrs. Boyd, who earned a bachelor of science in education in 1933 from the University of Michigan, retired in 1977 after 27 years as a chemist with Baxter Healthcare in Cleveland.

**MARIETTA D. CREAR MEMORIAL ENDOWED SCHOLARSHIP.** Marietta D. Crear of Marion County Indiana provided a bequest in her will to establish scholarships at Delta State for needy and deserving students. Ms. Crear died on December 15, 1991. The scholarships are given in memory of Ben F. Mitchell, Sr.

**MINNIE LEE HERVEY MEMORIAL SCHOLARSHIP.** Mrs. Minnie Lee Hervey, formerly of Memphis, Tennessee, who died in July of 1994, established a scholarship with a $25,000 gift through her will. The Hervey Scholarship is available to deserving students.

**JO ADAMS SOWELL SCHOLARSHIP.** Jo Adams Sowell, a 1972 graduate of Delta State, established this annual scholarship in 1997 to assist a financially needy student to attend Delta State University. Mrs. Sowell, a stockbroker with J. C. Bradford & Company in Memphis, Tennessee, lives in Senatobia, Mississippi.

**AWARDS**

**KELLY CLARE BELENCHIA SCHOLARSHIP.** The Kelly Clare Belenchia Scholarship is presented each year in memory of art major Kelly Clare Belenchia whose courage, personal dignity, and joyful spirit inspired her colleagues to establish this award in 1980. Based on academic and artistic excellence, this scholarship is presented to an art major whose grade point average is 3.0 or above. Contact the Department of Art, Box D-2.

**MARTHA DAVIS BILES WORLD CIVILIZATION HISTORY AWARD.** This cash award honors Professor Emeritus of History Martha Davis Biles, who taught at Delta State University for 28 years, and is made available by friends of Dr. Biles. It is awarded annually to an outstanding student in the fall World Civilization survey classes chosen from among three nominees selected by a committee including the faculty who teach World Civilization. (Do not apply for this award; it is based on faculty nominations.)

**ROSE DRAKE BURRELL SCHOLARSHIP.** This scholarship is awarded to a deserving student who is majoring in English or History and demonstrates excellence in scholarship, citizenship, and character. For information contact the Division of Languages and Literature or the Department of History.
JEFF ROSS CAPWELL MUSIC SCHOLARSHIP. They are endowed scholarships established by Jeff Ross Capwell, a 1960 Delta State graduate. They were established to promote instrumental music education by providing financial assistance and incentives to promising undergraduate instrumental music education majors. All applicants should apply through the Scholarship Committee in the Department of Music, Zeigel 106.

WILLIAM MCKINLEY CASH UNITED STATES HISTORY AWARD. This cash award honors Professor Emeritus of History William McKinley Cash, who taught at Delta State University for 33 years, and served as Chair of the Department of History for 24 years. Made available by friends of Dr. Cash, it is awarded annually to an outstanding student in the fall United States History survey classes chosen from among three nominees selected by a committee including the faculty who teach United States History. (Do not apply for this award; it is based on faculty nominations.)

ANNE CAULFEILD-WINSTON SCHOLARSHIP. Awarded to the outstanding currently enrolled junior or senior majoring in English. The recipient is selected by the English faculty. This award was donated by the Winston family in 1930, in honor of Anne Caulfield-Winston, a member of the original English faculty. Contact the Department of Languages and Literature, Kethley 217.

WEAVER BETTS COTTON SCHOLARSHIP. This scholarship was established by Dr. Patricia A. Thrash in memory of her mother, Weaver Betts Cotton, who demonstrated throughout her life a keen interest in books and people and established a WPA town library and recreation center in Boyle during the depression years. The scholarship will be awarded to a junior or senior woman student who is majoring in English and demonstrates excellence in scholarship, citizenship, and character. The recipient is selected by the faculty of the Division of Languages and Literature, Kethley 217.

SAMMY ORREN CRANFORD HISTORY TEACHER AWARD. This is a cash award given annually to an outstanding junior or senior student majoring in Social Science Education or History who intends to teach history. This award honors the memory of Dr. Sammy Orren Cranford, who was a member of the Delta State University faculty for 25 years, served as university archivist for 19 years, and received two degrees from Delta State. The award is made available by his family and friends, and is based on character and academic achievement. The recipient is chosen by a committee including faculty from the Department of History and the Division of Social Science. (Do not apply for this award; it is based on faculty nominations.)

NEIL DENNIS BASEBALL ACADEMIC ACHIEVEMENT AWARD. This cash award is given annually to the freshman baseball player who compiles the best grade-point average on a minimum of fifteen academic hours during his first semester at Delta State. This award honors the memory of Neil Dennis (father of DSU professor Allen Dennis), who loved baseball and its significance in American culture. It is made possible by contributions from his family and friends.

DAVE “BOO” FERRISS SCHOLARSHIP. This scholarship was established by Mr. and Mrs. George C. Wofford in honor of Coach “Boo” Ferriss. This is an endowment fund, the interest of which is available for an annual scholarship for a baseball player. The recipient is selected by the head baseball coach on the basis of scholarship, character, and athletic ability. Contact the Department of Athletics, Head Baseball Coach, Box A-3.
FLACK SCHOLARSHIP. This scholarship was established by James M. Flack, a graduate of Delta State University and a member of the Delta State Sports Hall of Fame. This is an endowment fund, the interest of which is available for an annual scholarship. The recipient is a baseball player who is selected on scholarship, character, and need. Contact the Department of Athletics, Head Baseball Coach, Box A-3.

THE EVELYN ALLEN HAMMETT SCHOLARSHIP. This endowed scholarship was established by Mr. and Mrs. George C. Wofford of Drew in honor of Ms. Evelyn Allen Hammett, Professor Emeritus of English at Delta State. Ms. Hammett served on the faculty as an English teacher from 1927 to 1959 and chair of the English Department from 1948-1954. This is a cash award presented annually at the Honors Day Program to an English major who has completed the junior year at Delta State University. The recipient is selected on the basis of writing ability by the faculty of the Division of Languages and Literature, Kethley 217.

MAXINE BOGGAN HOLCOMBE ART SCHOLARSHIP. This scholarship is awarded to an art education major who has a minimum overall quality point average of 2.5 and a 3.0 in art courses. The endowment fund was established by friends of Maxine Boggan Holcombe, former Associate Professor of Art. The recipient is selected by the faculty of the Department of Art, Box D-2.

LUCY SOMERVILLE HOWORTH SCHOLARSHIP. This scholarship was named by the Cleveland Business and Professional Women’s Club to honor Judge Lucy Somerville Howorth. It is a $200 per semester award presented to a woman particularly “re-entry” residing in the Cleveland area on the basis of need, character and interest in promoting women. The recipient is selected by the BPW Scholarship Committee. Contact the Cleveland Business and Professional Women’s Club.

DR. WILLIAM F. AND JEANNE C. LAFORGE SCHOLARSHIP. This cash award is given annually to an outstanding junior, senior, or graduate student pursuing a degree in history. The recipient must exhibit an outstanding academic record, demonstrate good character, have a unique devotion to and appreciation for the study of history, and show significant academic potential for advanced work in history. The selection is made by a committee of faculty from the department of History. The LaForge Scholarship is made available by the LaForge children - William N., Laurence E., and Suzanne M. - and by numerous family friends. (Do not apply for this award; it is based on faculty nominations.)

L.Q.C. LAMAR PHI ALPHA THETA HISTORY SCHOLARSHIP. This scholarship was established in 1970 by Mr. and Mrs. L.Q.C. Lamar of McComb, Mississippi. The endowed scholarship, averaging a minimum of $500, is awarded annually to a junior or senior member of the Delta State University Tau Delta Chapter of Phi Alpha Theta, the international honor society which recognizes conspicuous attainment and scholarship in the field of history. The recipient, to be of good character and moral standing, must possess a 3.0 overall grade-point average on the 4.0 scale and must have a 3.3 or above grade-point average in history courses. Faculty and student members of the Tau Delta Chapter select the recipient of this substantial scholarship. (Do not apply for this award; it is based on faculty nominations.)

CLIFTON L. LANGFORD SCHOLARSHIP. The Clifton L. Langford Scholarship is awarded to the editor of the campus newspaper, The Delta Statement. This scholarship is made available through contributions from the Clifton L. Langford family and friends, and is given in memory of Mr. Langford, the long-time editor, publisher, and owner of The Bolivar Commercial, the local Cleveland newspaper. Contact the Office of Public Information, Box D-3.
NORWOOD ART SCHOLARSHIP. The Norwood Art Scholarship has been established by the Cleveland Crosstie Arts Council in honor of Malcolm Norwood, former Chair of the Department of Art at Delta State University, for a DSU art major. It is awarded competitively on the basis of participation in the annual Crosstie Festival. Contact the Department of Art, Box D-2.

REBIE HAMILTON POWELL SCHOLARSHIP. This endowed scholarship was established by Mrs. Lottie Armstrong Allen in memory of her aunt, Mrs. Rebie Hamilton Powell, and in honor of her daughter, June Allen Pegues. This award is presented annually to a senior majoring in social work. The recipient is selected by the faculty of the Department of Social Work, Box 3172.

QUON UNDERGRADUATE ACCOUNTANCY AWARD. This cash award is given to a student who is a junior or senior student majoring in General Accounting at Delta State University. This award, established by John Quon, aims to strengthen the accounting profession and encourage accounting graduates to become better citizens. The recipient of this award is chosen by the Accountancy faculty.

DAVID SANDERS MEMORIAL SCHOLARSHIP. This scholarship was established in 1970 by the family of David Sanders, a member of the Delta State baseball team. This is an annual scholarship of $100 for a baseball player who is selected on the basis of scholarship, character, and need. Contact the Department of Athletics, Head Baseball Coach, Box A-3.

THEO K. SCOTT MEMORIAL SCHOLARSHIP. This scholarship was established in 1979 by Mrs. Theo K. Scott in honor of Theo K. Scott. This is an endowment fund, the interest on which is available for an annual scholarship for student-athletes participating in baseball and women's basketball. The recipients are selected by the respective head coaches on the basis of scholarship, character, and athletic ability. Contact the Department of Athletics, Box A-3.

SEELBINDER SCHOLARSHIP. This scholarship for baseball was established by Mrs. Rubye Rovenhorst as a memorial tribute to her parents, Emil and Sophie Seelbinder. This is an endowment fund, the interest of which is available for an annual scholarship. The recipient is a baseball player selected by the head baseball coach on the basis of scholarship, character, and athletic ability. Contact the Department of Athletics, Head Baseball Coach, Box A-3.

EVELYN F. SMITH PROFESSIONAL DEVELOPMENT. This scholarship is to help a MSN/FNP student become an active participant in changing client outcomes, verifying the necessity of nurse practitioners and actively negotiating the legislative system for the betterment of Advanced Practice Nursing.

JOHN HARGROVE TATUM MEMORIAL SCHOLARSHIP. Established in memory of Dr. John Tatum, who served for 20 years as Professor of German and Coordinator of International Studies, the scholarship is awarded annually to a deserving German or international undergraduate student. The annual scholarship was endowed by family and friends of Dr. Tatum. Recipients are selected by members of the Languages and Literature faculty.

THE LEOLA GREGORY WILLIAMS AWARD. This scholarship was established in memory of Mrs. Leola Williams, instructor in English. It is awarded to students who have written outstanding papers in general education courses.
FOREST E. WYATT SCHOLARSHIP. This scholarship honors the memory of Forest E. Wyatt who served Delta State as Head of the Division of Health, Physical Education and Recreation for 14 years. Made available by family and friends of Mr. Wyatt, the scholarship is awarded annually to an outstanding, full-time junior, senior, or graduate student pursuing a degree in Health, Physical Education and Recreation. Candidates must demonstrate exemplary citizenship and character, possess a 3.0 overall grade point average, exhibit an appreciation for extra-curricular activities, and show promise for future achievement in the field of Health, Physical Education and Recreation. Contact the Department of Health, Physical Education and Recreation, Box B-2.

MUSIC

BAND SCHOLARSHIPS are awarded in varying amounts based on the results of an audition. Contact the Department of Music, Box 3256.

ARTIST SCHOLARSHIPS are awarded each year to outstanding musicians whose piano or opera performance predicts artist caliber. Grantees are also eligible for Band Scholarships. Contact the Department of Music, Box 3256.

CHORALE SCHOLARSHIPS are awarded on the basis of a successful audition for membership in the University Chorale, the select touring choir for the University. Contact the Department of Music, Box 3256.

ENROLLMENT SERVICES - RECRUITING

Applications and information concerning the following scholarships may be obtained through the office of Enrollment Services-Recruiting, Union 208, Box C-3, Delta State University.

ALUMNI-CHILD SCHOLARSHIP. These scholarships waive the non-resident fee for children of Delta State alumni who reside out of the state of Mississippi.

ANNIE LENOIR CASSITY SCHOLARSHIPS. The late Mrs. Annie Lenoir Cassity of Beulah, Bolivar County, Mississippi, established three $200 scholarships in memory and honor of distinguished members of her family. The late Mr. Guy Lenoir, nephew of Mrs. Cassity, named executor of her will and estate, immediately made financial arrangements to fulfill the scholarship awards. Each of the awards is made on the basis of excellence in scholarship, sterling character, need, and general culture. A separate application should be completed for each of the three scholarships listed below:

*THE WILLIAM TRIBBETT CASSITY SCHOLARSHIP given in memory of Mrs. Cassity’s husband, merchant, banker and planter of Beulah.

*THE EMMA CLARK LENOIR COOPER SCHOLARSHIP given in memory of Mrs. Cassity’s mother, one of Bolivar County’s pioneer women, daughter of General and Mrs. Charles Clark.

*THE HAUGHTON CLARK LENOIR SCHOLARSHIP given in memory of Mrs. Cassity’s brother, a prominent planter and businessman of Bolivar County.

C. M. GOOCH SCHOLARSHIP. The late Mr. C. M. Gooch and Mrs. Gooch of Memphis, Tennessee, have provided a limited number of scholarships for Delta State students. The scholarship awards are based upon need and scholarship. The student may receive up to $300 per year from the C. M. Gooch Scholarship.

HARTLEY SCHOLARSHIP. This scholarship was established by William R. Hartley in honor of his parents, Maurice W. and Mary Collins Hartley. The
endowed scholarship is a four year scholarship at $500 per semester and is only awarded once every four years to an entering freshman. The recipient must have exhibited high academic qualities and have tremendous leadership abilities.

**WILLIAM MARION KETHLEY SCHOLARSHIP.** A fund was established in 1956 by the Delta State Alumni Association and interested citizens of the Cleveland area and state of Mississippi in honor of the late Dr. W. M. Kethley, who served as active President of Delta State University for thirty years. This scholarship is awarded to a first semester junior, preferably a community college transfer, for a two year period.

**LEADERSHIP SCHOLARSHIP.** Leadership scholarships, payable $300 per year, are awarded on the basis of the student's overall achievements, including extra-curricular activities, leadership roles, and academic record.

**McCORD AND TAYLOR MEMORIAL SCHOLARSHIP.** This scholarship was established in 1973 by Mrs. Pauline Taylor Hadd and Mrs. Christine Taylor Young, both graduates of Delta State, in honor of their uncle and aunt, James W. and Lexa Nelms McCord, and their father and mother, John Thomas and Lydia Nelms Taylor. This is an endowment fund; the interest of which is available for an annual scholarship. The recipient is to be a student from Calhoun County, Mississippi, and is chosen on the basis of scholarship, character, and need.

**REGIONAL SCHOLARSHIP.** These limited number of scholarships are awarded to students who reside out of the state of Mississippi and are payable on either a full or partial basis to help defray the non-resident fee. These awards are made on the basis of academics, leadership, and need.

**SYLVIA WIGGINS ENDOWED SCHOLARSHIP.** This scholarship is awarded to a deserving and worthy entering freshman for one year.

**MISCELLANEOUS SCHOLARSHIPS**

Applications and information concerning the following scholarships are available to interested students by writing to the address at the end of each description.

**BETA SIGMA PHI EXEMPLAR SCHOLARSHIP.** This scholarship was established in 1978 by Xi Alpha Eta Chapter of Beta Sigma Phi, Cleveland’s Exemplar Chapter of the international women’s organization. The $100 scholarship is awarded in the spring to a second semester freshman female who graduates from a Cleveland School on the basis of scholarship, character, and need. Contact Mrs. Aulene Brumfield, Box 3275.

**WATTIE AND IONE BISHOP MEMORIAL ENDOWED SCHOLARSHIP.** The Wattie and Ione Bishop Scholarship will be awarded to a minority student from Cleveland, Mississippi who will pursue a degree at Delta State University. This scholarship was established in November of 1995 by Ray M. and Ann Bishop Ruscoe of Cleveland in memory of Mrs. Ruscoe’s parents, Wattie and Ione Bishop. Mr. Bishop was mayor of Cleveland for nineteen years. Applications should be made through the Recruiting Office, Box C-3, Cleveland, MS 38733.

**BROOM MEMORIAL FUND SCHOLARSHIP.** The Broom Memorial fund, contributed by the Exchange Clubs of the State, is in honor of the first president of the University, James (Jim) W. Broom. This is an endowment fund, the interest of which is available for scholarships. Awards are made by state Exchange Club officials. The Exchange Club of Cleveland is responsible for choosing the recipient(s) of this scholarship each year. To apply the student must be enrolling at
Delta State University for the first time, i.e. not currently enrolled. Application for this scholarship must be made through the officers of a local Exchange Club.

CLEVELAND ROTARY CLUB SCHOLARSHIP. The Cleveland Rotary Club awards two $500 scholarships annually. This scholarship of merit is created to benefit undergraduate students who are classified as first or second year students enrolled at Delta State University. Priority is given to dependents of Cleveland Rotary Club members. Contact Cleveland Rotary Club for details.

DREW ROTARY SCHOLARSHIP. The Drew Rotary Scholarship will be awarded annually to a Drew High School senior and a North Sunflower Academy senior with the highest American College Test (ACT) score. The awarder must be accepted and must attend Delta State University. Contact Drew Rotary Club for details.

EPHIFIC WOMAN’S CLUB SCHOLARSHIP. The Ephfic Woman’s Club awards one $150 scholarship each semester to a student in his junior or senior year at Delta State University. The award is presented to a resident of Cleveland on the basis of character, citizenship, academic standing, and need. Application may be made through Mrs. Diane Blansett, Box 3206, Delta State University.

FIRST CHRISTIAN CHURCH SCHOLARSHIP. The First Christian Church Scholarship is to be awarded to a deserving student(s) officially accepted at Delta State University. Candidates should be full-time students, demonstrate good character, have an average or above average academic record, and demonstrate a need for financial assistance. Recipients are eligible to retain the scholarship for subsequent years provided they maintain scholarship guidelines. Contact the Delta State University Foundation, Box 3141.

JIM HARVEY AND DAN MCQUAGGE SCHOLARSHIP. This scholarship was established in 1998 by Jim and Suzanne Harvey of West Palm Beach, Florida, in honor of Jim Harvey and Dr. Dan McQuagge. The recipient shall be an out-of-state student demonstrating excellence in character and scholarship. The award is to cover out-of-state tuition for one year. Applications for this scholarship should be made through the Admissions Office, Kethley Hall, Room 105.

RAY HAWKINS MEMORIAL MOOSE LODGE #1532 SCHOLARSHIP. The Ray Hawkins Memorial Moose Lodge #1532 Scholarship is to be awarded to a freshman who has been officially accepted to Delta State University or Mississippi Delta Community College. This scholarship shall be applicable for both two-year and four-year colleges and/or universities. Candidates should be a full-time student, demonstrate good character, have an average or above average academic record, exhibit an appreciation for extra-curricula activities, and be a dependent of a Moose Lodge #1532 member. Contact Moose Lodge #1532, P. O. Box 925, Cleveland, MS 38732, for details.

NORTH SUNFLOWER COUNTY SCHOLARSHIPS. These scholarships were established in 1983 by Delta State Alumni in North Sunflower County. Three scholarships are given annually to a senior from each of the three high schools in North Sunflower County. The recipients are selected by the officers of the alumni chapter. Contact the principal at either Ruleville High School, Drew High School, or North Sunflower Academy for details.

H. L. NOWELL SCHOLARSHIP. The H. L. Nowell scholarship is awarded to a student that has attended DSU for the two previous semesters on the basis of character, service to others, and need. The scholarship was established by friends
of Mr. Nowell in recognition of his 42 years of service to Delta State in a variety of student services positions. Contact Alumni Foundation for information and applications, Box 3141.

**POLICE CORPS SCHOLARSHIP PROGRAM.** Qualified students may receive up to $30,000 toward an undergraduate or graduate degree in any major. For details, contact the Office of the Police Corps at 1-800-767-7334.

**CARY SANDIFER SCHOLARSHIP.** Established in the spring of 1999 by friends of the late Cary Sandifer to honor his years of service as staff member at Delta State University, this $500 scholarship is nonrestrictive and need-based and is to be awarded annually to a worthy Delta State student. Contact the Office of Alumni and Foundation, Box 3141.

**JO ADAMS SOWELL SCHOLARSHIP.** Mrs. Jo Adams Sowell, a 1972 Delta State graduate, has agreed to sponsor an annual scholarship to assist needy students who desire a college education. Candidates should be officially accepted, demonstrate good character, have need of financial assistance, and be academically eligible to attend Delta State University. Recipients of the scholarship may retain the scholarship for subsequent years provided they maintain compliance with scholarship guidelines. Contact the Delta State University Foundation, Box 3141.

**LOWRY TIMS SCHOLARSHIP.** The Lowry Tims Scholarship is offered to sons and daughters of employees of Quality Steel Company, Cleveland, Mississippi. The amount of the scholarship is based upon the length of service of the employee. The award is made to high school graduates who plan to attend Delta State University and who have indicated by the academic record that they are capable of successfully pursuing university work.

**U.S. AIR FORCE ROTC SCHOLARSHIP.** (See the Department of Aerospace Studies)

**HUGH E. WALKER ALUMNI ASSOCIATION SCHOLARSHIP.** This scholarship was established in 1992 by the Delta State Alumni Association to honor Hugh E. Walker who served as Alumni Director for 24 years. A limited number of $500 scholarships are given annually, funded by the Delta State Alumni Association. Those interested may apply through the Alumni Association, Box 3141.

**WILKINSON SCHOLARSHIP.** The Wilkinson Scholarship was endowed for $25,000 in May, 1992 with the sale of Wilkinson properties that were donated by Dr. Charles E. Wilkinson to the University in September, 1981. This scholarship fund honors Clarence L. and Betty Rowena Wilkinson. Consideration and selection will be based on scholarship, leadership, need, activities, and service. Community college transfers and incoming freshmen are eligible. Contact the Office of Admissions, Box C-3.

**WOMEN OF THE MOOSE SCHOLARSHIP.** The Cleveland Chapter Number 1459 Women of the Moose Scholarship is a scholarship for a deserving female given in memory of deceased co-workers of the Cleveland Chapter Number 1459. Female students from Bolivar and Sunflower Counties in Mississippi are eligible to apply for this scholarship. The female student chosen for this scholarship must have exceptional need as well as academic and leadership potential. Contact the Cleveland Chapter #1459, Women of the Moose, 150 North Street, Cleveland, Mississippi 38732.
ADMISSION AND CLASSIFICATION

A new student seeking admission to Delta State University must complete the following procedure:

1. **Complete a formal Application for Admission.** Application should be received by the Director of Admissions at least **twenty days** prior to the opening of the term in which the student desires to enroll.

2. **Request a copy of all previous school records** be sent to the Office of Admissions at least **two weeks** prior to the date of entrance. All records must be mailed **DIRECTLY** from official records office of the school or college the applicant previously attended to: Office of Admissions, Delta State University, Post Office Box C-3, Cleveland, Mississippi 38733.

3. **Submit official results of the American College Test or Scholastic Aptitude Test.** These scores submitted on an **OFFICIAL** high school transcript received **DIRECTLY** from the records office of the school will be accepted. If official scores are not available, they can be acquired by writing to ACT Records, Post Office Box 451, Iowa City, IA 52243-0451 or by calling (319) 337-1313.

4. Documented proof of required immunizations for measles and rubella submitted on a Certificate of Compliance and signed by a physician or health department official.

**ADMISSION REQUIREMENTS FOR FRESHMEN:**

**English:** (4 Carnegie Units) Courses must require substantial communication skills (i.e., reading, writing, listening, and speaking).

**Mathematics:** (3 Carnegie Units) Algebra I, geometry, and algebra II. A fourth course in higher level mathematics is highly recommended.

**Science:** (3 Carnegie Units) Biology, advanced biology, chemistry, advanced chemistry, physics, and advanced physics or any other science course with comparable rigor and content. One Carnegie Unit from a physical science course with content at an introductory level may be used. Two of the courses chosen must be laboratory-based.

**Social Studies:** (3 Carnegie Units) United States history (1 unit), world history (1 unit with substantial geography component), government (1/2 unit), and economics (1/2 unit) or geography (1/2 unit).

**Advanced Electives:** (2 Carnegie Units) Foreign language, world geography, 4th year laboratory-based science, or 4th year mathematics. One unit must be in foreign language or world geography.

**Computer Applications:** (1/2 Carnegie Unit) The course should include use of application packages, such as word processing and spreadsheets. The course should also include basic computer terminology and hardware operation.

**Eighth Grade Units:** Algebra I or first-year foreign language taken in the eighth grade will be accepted for admission provided course content is the same as the high school course.
ADMISSION STANDARDS

Full admission to the university will be granted if the student meets the following requirements:

Beginning with the class of 1996, there are four ways to gain admission to a university in Mississippi.

1. Complete the College Prep Curriculum with a minimum 3.2 gpa
   or
2. Complete the College Prep Curriculum with a minimum 2.5 gpa and score at least 16 or higher on the ACT (at least 760 on the SAT) or rank in the upper 50% of your class and score at least 16 or higher on the ACT (at least 760 on the SAT),
   or
3. Complete the College Prep Curriculum with a minimum 2.0 gpa and score 18 or higher on the ACT (at least 860 on the SAT),
   or
4. Satisfy the NCAA standards for student-athletes who are “full qualifiers” under Division I guidelines.*

Students who do not meet the full admission requirements to the University may be admitted if they successfully complete the Board of Trustees approved intensive summer Developmental Studies Program designed to remediate deficiencies in reading, writing and mathematics.

International Students

The deadline for international applicants is four months earlier than the standard deadline. This allows time to mail all necessary paperwork required to obtain admission and visa.

Transcript, Certificate of Record and Tests Scores. Submit records (transcripts) from each high school, college, or university attended and certificates of degrees or diplomas received. Credentials written in a language other than English must be accompanied by a notarized or certified translation. List on the application the exact university degree(s) received. If detailed transcripts are not available, certificates must be accompanied by official statements showing the class or quality of the degrees and marks received on degree examinations, as well as the maximum number of marks obtainable. Submit copies of credentials only if a university administrative officer, a government official, or a notary public has validated them.

All costs for a credential evaluation service are the responsibility of the applicant. The evaluation should include (1) confirmation of receipt of a degree that is equivalent to a four-year degree in the United States, (2) the approximate translation of Grade Point Average (GPA) to a 4.0 system, and (3) verification of the authenticity of the international documents.

Official results of the American College Test (ACT), minimum composite score of 21, or the Scholastic Aptitude Test (SAT), minimum score of 970, must be mailed to Delta State University prior to admission.

Test of English as a Foreign Language (TOEFL). The TOEFL is required for all applicants whose native language is not English. TOEFL is not required for applicants who have studied and received a degree from a university in the United States. Submit an official copy of your TOEFL score to the Admissions Office. A
minimum score of 525 on the paper-based test or a 196 on the computer-based test is required. For score reporting purposes, Delta State University’s institutional code is 1163. Students with scores less than the minimum may be considered for admission, but are required to enroll and demonstrate satisfactory performance in English as A Second Language (ESL) coursework during the first semester of enrollment.

Financial Documents Required. International students must submit bank statements showing that sufficient financial resources are available to cover the costs of the first year of study. Bank statements must be current; documents older than six months are not acceptable.

Health Requirements. Submit documented proof of required immunizations and documentation signed by a physician stating that the student is free and clear of tuberculosis.

Issuance of Nonimmigrant Student Visa Documents. Once a student has been approved for admission to Delta State University and has submitted acceptable proof of funding, the International Students Office (ISO) will review each case and issue the proper immigration document (Form I-20 or IAP-66). The student takes the immigration document and a copy of the financial statement to the U.S. embassy or consulate in their home country to apply for the appropriate visa. Students who are already in the United States must contact ISO for instructions on transfer procedures of their immigration status, and/or changes of status if necessary.

International students outside of the United States. Students who are outside of the United States will be mailed either Form I-20 (for F-1 visa) or IAP-66 (for J-1 visa), depending on the sources of funding and sponsorship. Generally, students who finance their studies through personal or family funds should enter the United States on an F-1 visa. Some students who are under the sponsorship of their home government, or by the U.S. government, may be required to enter the United States on a J-1 visa. To obtain a visa, students must contact the nearest U.S. embassy or consulate to find out about application requirements, procedures, hours, fees, and processing times. Students should be prepared to show the following documents: I-20 or IAP-66, passport, letter of admission or invitation to Delta State, proof of financial support, and strong evidence of intent to return to their home country after completion of studies. Please note that it is the student’s responsibility to be aware of the terms and conditions concerning his or her admission and authorized stay in the United States.

International students with F-1 or J-1 status transferring to Delta State from another school in the United States. Students who wish to transfer to Delta State from another school in the United States must have maintained their immigration status to be eligible for a transfer. They must submit proof of financial support for their program of study along with copies of their current Form I-20 or IAP-66, passport, visa, and I-94 card.

When a student has been approved for admission to Delta State University and has shown adequate proof of funding, the Form I-20 (for F-1 visa holders) will be mailed to the student with instructions for completing an immigration transfer. A transfer of F-1 status from one school to another may be accomplished by providing evidence that the student was “in status” the previous semester. ISO has a School Transfer Form that may be used for this purpose. Transfer students should contact ISO for the form, which must be completed and signed by their current school.

International students in the United States on a visa other than F-1 or J-1. International students already in the United States with an immigration status other than F-1 or J-1 must contact ISO to determine whether a change of status is necessary and possible. Please note that those present on a B-2 tourist visa may
have difficulties in changing their status in the United States. Those who have entered on the visa waiver program must return to their home country in order to obtain a student visa before they can start their studies at Delta State University.

**International Student Orientation.** All new international students (including transfers) are encouraged to attend an international orientation. International student orientation is held a few days before the beginning of each semester. The orientation covers immigration issues, employment opportunities and regulations, health insurance, academic policies, and cultural adjustment to life in the United States. Contact the ISO for dates and times.

**IMMUNIZATION REQUIREMENTS:**

All students (including transfers) entering Delta State for the first time and enrolling for academic credit must document proof of immunization for two measles and one rubella. A student will not be allowed to register without a complete immunization form.

a. Proof of immunization may be documented in the following manner:
   (1) Documentation (month and year) of immunization which was received after the first birthday, signed by a physician;
   (2) Positive measles and rubella serology titer with date;
   (3) Physician-documented history of having had measles with date of the disease. History of rubella is not acceptable.

b. Temporary exceptions - one semester:
   (1) Pregnant women, with documentation from a physician
   (2) Women suspecting pregnancy;
   (3) Women anticipating pregnancy within three months with documentation from a physician

c. Permanent exception:
   (1) Medical disease which will cause a permanent contraindication to immunization, documentation from a physician.

**DEVELOPMENTAL COURSE REQUIREMENTS:**

Students who have not demonstrated adequate readiness in English, Reading, or Mathematics will be granted admission with academic deficiencies to the summer developmental program. This is an intensive ten-week program that concentrates on those high school subject areas (English, Mathematics, and Reading) that are applicable to success in first-year college courses. Students who successfully complete the summer program, by passing the developmental English, developmental Mathematics, developmental Reading and the Learning Skills Laboratory courses, will receive admission to the Fall term with mandatory participation in the Year-Long Academic Support Program. These courses carry institutional credit but do not count toward graduation.
INTERMEDIATE COURSE REQUIREMENTS

All entering freshman enrolled at an IHL university are required to successfully complete specific college preparatory course work during their first semester of college if their ACT subtest scores fall within one of the following categories:

ACT English subtest score of 16 or less will be required to take Intermediate English.

ACT Mathematics subtest score of 16 or less will be required to take Intermediate Mathematics.

ACT Reading subtest score of 16 or less will be required to take Intermediate Reading. Students taking Intermediate Reading should not be permitted to take courses in Literature and Social Sciences.

Students taking two or more intermediate courses must enroll in the year long Academic Support Program and will not be permitted to take more than 15 semester hours, including intermediate courses and the Academic Support Program.

ADMISSION REQUIREMENTS FOR TRANSFERS

A student who was eligible for admission to the freshman class at Delta State but chose to attend another institution, may transfer at any time as long as the student has a “C” average or better, and is eligible to return to that institution.

Any student who was not eligible for admission to the freshman class must attend an accredited institution of higher learning other than one of Mississippi’s eight state-supported universities, and attain a “C” average (2.0 G.P.A. on a 4.0 scale) in the following 24 semester credit hours.

If you have questions concerning the admission requirements for transfer students, please contact the Office of Admissions at (662) 846-4020.

ADMISSION OF NON-DEGREE STUDENTS. Students over 21 years of age who do not meet minimum admission requirements may register as a non-degree student. They may register for a maximum of twelve (12) semester hours for one semester. Full admission status may be achieved by meeting the regular admissions standards (including ACT) or by completing a minimum of twelve (12) semester hours with a “C” average.

TRANSFER CREDIT. A community college graduate who transfers to Delta State University and who has pursued a sound academic program in the community college should be able to meet the additional requirements to graduate from Delta State University in two academic years. Each department chair, with the approval of an appropriate school dean, is authorized to make any reasonable substitutions in course requirements in order not to prolong the residence of community transfers. Any community college transfer who seems to suffer an undue loss of credit is invited to confer with the Vice President for Academic Affairs. It is understood that any student graduating from Delta State University must have an...
overall grade of "C" on all academic hours required toward the degree. A student enrolled in a community college for the first two years who plans to enter Delta State University upon graduation should follow the general requirements outlined in the Delta State University catalog for the degree sought. The last half of the total hours applied toward graduation must be earned at a senior college. Exceptions to this policy must be approved by the college or school dean.

CREDIT BY EXAMINATION. A maximum of 30 semester hours of undergraduate credit may be earned from the following sources: The Advanced Placement Test, College Level Examination Program (CLEP), the American College Testing Program, and correspondence courses.

CREDIT FOR MILITARY SERVICE. A student with military service may submit the appropriate military documents and receive credit for military service schools and activities. Recommendations of the American Council on Education are used in determining credit.

CLASSIFICATION OF STUDENTS. The following schedule is used in classifying students:

- Freshmen .................................................................0-29 semester hours
- Sophomores .............................................................30-59 semester hours
- Juniors ........................................................................60-89 semester hours
- Seniors ........................................................................90 and over semester hours
- Part-time Undergraduate ...........................................fewer than 12 semester hours
- Part-time Graduate ......................................................fewer than 9 semester hours

ACADEMIC PROCEDURES AND REGULATIONS

A student is held responsible for a knowledge of regulations regarding scholastic requirements and should read carefully the information which appears in the catalog and on the schedule of classes.

Students starting their collegiate training during the period covered by this catalog are subject to the curricular requirements as specified herein. The requirements herein will extend for a five-year period from the date of entry for baccalaureate programs. If students have not met their undergraduate educational objectives by that time, they will then become subject to current curricular requirements.

REGISTRATION

Registration covers all the steps necessary for admission to classes. The time schedule of registration events is published under the University Calendar found in the front section of this bulletin. In planning their program of studies, each student has the personal counsel of a faculty advisor. Detailed procedures are explained to students when they present themselves for registration.

Students who are not present at the first class meeting will be dropped from the roll unless they have paid their fees or have contacted the teacher.
PROGRAM OF STUDIES

DEFINITION OF UNIT OF CREDIT. The University year is divided into two semesters and a summer session of two terms. Credit is reckoned in semester hours. For example, a course pursued once a week for a semester carries one semester hour of credit; one pursued three hours a week for a semester carries three hours of credit, etc. A student who attends both semesters and the summer session each year may graduate in three years.

STUDENT LOAD. Sixteen academic hours is considered the normal load each semester. A student with a quality-point average of 2.5 for his latest previous semester of residence may be allowed to take eighteen hours of academic work if he secures approval of his advisor. A student with a quality-point average 3.5 for his latest semester of residence may be allowed to take more than eighteen academic hours if he obtains permission of the chair of the department in which he is majoring and the appropriate college or school dean.

CHANGE OF SCHEDULE

A program of studies should be chosen with extreme care. After a choice has been made, the student should exert every possible effort to carry the program selected and to complete its several courses.

Fee penalties applicable to program changes are given in the section titled Financial Information, Special Fees.

The following regulations apply to change of program:

1. The last day to add a class is the sixth class day of a semester (second class day, summer term). (See University Calendar.)

2. To add or drop a course, a student must complete a Drop/Add form from the Registrar's office. Failure to observe this regulation results in a recorded grade of "F" in the course. Students will not be allowed to drop required general education courses.

3. Courses dropped after the deadline printed in the University Calendar are recorded on the student's permanent record as "W" if the student's average grade is passing or "F" if failing at the time of withdrawal.

4. No course may be changed from Credit/Audit without permission of instructor after the last day to add a class. (See University Calendar.)

5. The last day to withdraw from a course will be the 75% point in the semester. (See University Calendar.)

WITHDRAWAL FROM THE UNIVERSITY

Students wishing to withdraw from the University must confer with their advisor prior to completing the required withdrawal form offered by the department chair.

Proper signatures from the Director of Student Financial Assistance, Director of Counseling, Director of Library Services, Dean of the appropriate college or school, Director of Housing and Residence Life, Vice President for Student Affairs, Registrar, and the Bursar must be affixed to the withdrawal form. The completed form must be presented to the Bursar's office before the student is officially withdrawn.
When students withdraw, they are expected to vacate their rooms and turn in their identification cards on the day of withdrawal. Refund or any payment due is made in the University Bursar’s Office. Honorable dismissal is withheld from those who do not conform to these regulations.

A student who withdraws from the University after the fourth week of the semester and who is not passing at least nine hours, is subject to Academic Probation or Academic Suspension.

**CLASS ATTENDANCE**

**CLASS ATTENDANCE AND ABSENCE.** Students who are not present at the first class meeting will be dropped from the roll unless they have paid their fees or have contacted the teacher. Regular and punctual attendance at all scheduled classes and activities is expected of all students and is regarded as integral to course credit. University policy holds that students must attend a minimum of 75 percent of all scheduled classes and activities. When, for any reason, a student accumulates absences greater than 25 percent of the scheduled meetings of class, the student receives a grade of F in the class.

Particular policies and procedures on absences and makeup work are established for each class and are announced in writing at the beginning of the term. Each student is directly responsible to the individual professor for absences and for making up work missed. A student absent from class when a test is scheduled is entitled to a makeup test if evidence is presented to the instructor that absence was due to illness or death in the immediate family.

Official absences are granted to students required to miss class for University sponsored events such as athletics, performing groups, and student government groups. Commuting students are excused from classes during periods of time when the Weather Bureau has issued a weather advisory of hazardous driving conditions. For these absences, which are authorized by the Vice President for Academic Affairs, students are entitled to make up any work missed.

A student who has been reported as having excessive absences has the right to appeal to the Attendance Committee and may continue to meet class with the permission of the Committee during the appeal period. For more information about the appeal process, contact the Vice President for Academic Affairs.

**DEAD WEEK**

Dead week will begin five school days prior to the beginning of final exams and will end at the completion of exams and is designated to maximize a student’s opportunity to prepare for final exams. During Dead Week, no official school functions are held, no campus/student organization activities are scheduled, and no teacher may give unscheduled tests or additional assignments. Long-range assignments or previously scheduled tests will not be affected by this policy.

**EXAMINATIONS AND GRADING**

**EXAMINATIONS.** Examinations are given at the close of each semester and at such other times as instructors deem necessary. Absence from final examination, except in case of unusual emergency is automatically construed and recorded as a failure.
SYSTEM OF GRADING. The grading system for academic courses at Delta State University is on a five-letter basis and makes use of the following letters: A, excellent; B, good; C, satisfactory; D, poor; F, failure. To these marks, the following quality point values are assigned: A, 4; B, 3; C, 2; D, 1; F, 0. These values are termed quality points per semester hour of credit. Grading policies specific to an individual course are found in the course syllabus. The letter I indicates that work is incomplete due to providential causes that kept the student from taking the final examination. A grade of I must be removed within twelve months.

A student may repeat a course for the purpose of improving a previous grade earned, but such repetition must be approved by the head of the department in the field in which the student is majoring and by the appropriate college or school dean. The last grade is the final grade.

SCHOLASTIC HONORS

DELTA SCHOLARS. The president's list of Delta Scholars is issued each semester and is made up of students whose quality point average is 3.8 or higher with no grade below a B. A student must be carrying twelve hours of academic work to be considered as a Delta Scholar unless s/he is student teaching.

DEAN'S LIST. The Dean's List, published at the close of each semester, is made up of students who have earned a quality point average of 3.5 to 3.79 for the semester. To qualify for the Dean's List, a student must be carrying at least twelve academic hours unless s/he is student teaching.

FACULTY SCHOLARS. Students of high academic achievement or potential are nominated as Faculty Scholars by faculty ballot. In addition to being recognized for scholarship, members of this group participate in the honors courses, in supervised independent study, and are encouraged to plan for graduate work.

GRADUATION WITH HONORS. Delta State University recognizes academic achievement with awards termed Four-Year Honors and Two-Year Honors.

To qualify for Four-Year Honors, a student must have earned at least 112 semester hours of academic credit at Delta State University with a quality point average of 3.5. The student qualifying for this honor with the highest academic average is awarded the first diploma in this category.

To qualify for Two-Year Honors, a student must have at least 60 semester hours of academic credit at Delta State University with a quality point average of 3.5. The student qualifying for this honor with the highest academic average is awarded the first diploma in this category.

ACADEMIC STANDARDS

GOOD ACADEMIC STANDING. A student will be classified in good academic standing if the institutional grade point average on Delta State University work and the overall grade point average are 2.00 or greater at the end of each semester. Academic standing is noted on the student's permanent record and on student grade reports.

Some programs may have higher grade point average standards for admission or completion of the program.

ACADEMIC PROBATION. Academic probation serves as a notice that academic suspension from the university will follow unless the quality of academic work
improves. Students are placed on academic probation under the following conditions: (1) at the end of any regular semester in which the institutional grade point average on Delta State University work or the overall grade point average is less than 2.00, or (2) at the beginning of the semester of readmission following academic suspension, or (3) at the beginning of the regular semester of admission for transfer students whose grade point average is less than 2.00.

The probationary status may be removed by achieving an institutional grade point average and an overall grade point average of at least 2.00 at the end of the next regular semester of enrollment. Students who achieve an institutional grade point average of at least 2.00 at the end of the next regular semester, but whose overall grade point average remains less than 2.00, may enroll in the University, but will remain on probation.

For the purpose of this standard, the summer session is not considered a regular semester.

It is strongly recommended that students on academic probation take no more than 12 semester hours credit. The student will be expected to use the resources of the University for assistance in returning to good standing.

ACADEMIC SUSPENSION. Students on probation are suspended through the end of the next regular semester if they do not achieve at least a 2.00 institutional grade point average on the coursework taken during the probation semester. Students having two academic suspensions are suspended for two regular semesters. Students readmitted after suspension must achieve at least a 2.0 grade point average each semester to continue enrollment.

REINSTATEMENT. Suspended students who have met the conditions for readmission should contact the Office of Academic Affairs regarding reinstatement. Students with extenuating circumstances who wish a hearing should contact the appropriate college or school dean. Appeals may be filed with the Vice President for Academic Affairs.

ACADEMIC DISMISSAL. Students having three academic suspensions are dismissed from the University. They may appeal to the Vice President for Academic Affairs for readmission after a period of three years.

GENERAL REGULATIONS REGARDING GRADUATION

1. At least one year of residence or the equivalent is required for the completion of a degree program. A minimum of 25 percent of credit semester hours must be completed at Delta State University. In addition, the successful candidate for an undergraduate degree must have earned a quality-point average of 2.0 which must include a minimum of 2.0 quality-point average on all courses attempted at Delta State University and on all courses in the major. Some degree programs have higher grade requirements.

2. Two bachelor degrees are not granted students until they have met the requirements for the second degree and have earned a minimum of twenty-four semester hours in addition to the requirements for the first degree.

3. Candidate for graduation shall make application at least two semesters in advance, and such candidates must be approved at the beginning of the semester in which graduation is expected.
4. Candidates must have completed all courses required for graduation at least two weeks prior to the date of graduation or been enrolled in residence in all courses necessary for the completion of degree requirements during the semester in which graduation is proposed.

5. Candidates for degrees must pass either ENG 300 (the Writing Proficiency Examination) or ENG 301 or the CAAP Writing Essay Examination. Teacher Education candidates who pass the Praxis PPST/CBT Writing Exam meet the University’s writing proficiency requirement. Students who are enrolled in the first semester of their junior year should take ENG 300 (the Writing Proficiency Examination) administered by the Division of Languages and Literature. Students whose performance on the Writing Proficiency Examination is below reasonable standards must enroll in ENG 301. Students who receive a grade of NC (no credit) on the exam may not take it again; however, appeals for reconsideration may be made through the University Writing Proficiency Examination Appeals Committee. Candidates for the Bachelor of Social Work degree who enroll in ENG 301 must earn at least the grade of “C”. Students with an earned degree from an accredited four-year college or university are exempted from the Writing Proficiency requirement.

6. Before any student may be approved as a candidate for graduation at the end of a designated semester, such student must have earned prior to the beginning of this semester an average of C in scholastic grades in the major field and must maintain this average during the final semester. A student may repeat a course for the purpose of improving a previous grade earned but such repetition must be approved by the chair of the department in the field in which the student is majoring and by the dean of the appropriate college or school. The last grade in the repeated course is the final grade.

7. The successful candidate for a bachelor’s degree must have earned in residence 24 of the last 30 hours. This regulation does not apply to students in medical technology, premedical, and predental curricula.

8. Students preparing to teach in the high school should choose, under the guidance and direction of the departments concerned, their fields of teaching. Students meeting requirements in a second teaching field must take at least six semester hours in that field at Delta State University.

9. A student who transfers to Delta State University should note that in the curricula for the high school teacher a minimum of nine hours in a teaching field must be earned at Delta State University.

10. A student who transfers to Delta State University should note that for the Bachelor of Arts degree, the Bachelor of Science degree, the Bachelor of Fine Arts degree, and the Bachelor of Science in General Studies degree, a minimum of nine hours in a major and six hours in a minor must be earned at Delta State; for the Bachelor of Business Administration degree, a minimum of nine hours in the area of concentration must be earned at Delta State University. For the Bachelor of Social Work degree, the second and third methods courses and the two field experience courses must be completed at Delta State University. For the Bachelor of Science in Nursing degree, all Level III courses (15 hours) in the nursing major must be completed at Delta State University. The last half of the total hours applied toward graduation must be earned at a senior college. Exceptions to this policy must be
approved by the college or school dean.

11. A minor may not be taken in the same field as the major for the Bachelor of Arts degree, the Bachelor of Science degree, or the Bachelor of Science in General Studies.

12. Candidates for the Bachelor of Science in Education degree may not offer more than thirty-two semester hours in education without approval of the dean of the appropriate college or school.

13. A maximum of thirty hours of non-traditional credit is accepted from approved institutions. Twenty-four hours of the thirty hours of non-traditional credit may be taken by independent study through correspondence and applied toward a bachelor’s degree. However, no more than six hours of independent study can be taken during the last thirty hours. Students taking independent study courses for credit toward a degree at Delta State University must meet the regular admission requirements of the University. Admission to independent study does not constitute admission to Delta State University. Furthermore, any correspondence work taken after a student has entered Delta State University must be approved by the student’s advisor and the dean of the appropriate college or school.

14. Courses are divided into lower level, numbered 100 and 200, and upper level, numbered 300 and 400. Candidates for a degree must offer at least forty hours in courses numbered 300 or above; these courses must have been completed at a senior college.

15. The date of the bulletin by which requirements are checked may not be more than five editions earlier than the date of the issuance of the degree (including the current edition), and a student may not check by a bulletin dated earlier than the time of entrance into a university or college.

CHEATING AND PLAGIARISM

Cheating and plagiarism are not tolerated. If it is established that a violation has occurred, instructors may determine the penalty and/or may report the offense to the division/department chair, the student’s advisor, and dean. The usual penalty involves a grade of zero on the test, examination, or paper in question. A second offense by any student should be reported immediately for more stringent action.

STUDENT ACADEMIC GRIEVANCE POLICY

Students who feel that they have been treated unfairly may appeal as follows:
1. Discuss the problem with the instructor.
2. Discuss the problem with the department/division chair.
3. Discuss the problem with the school dean.
4. If the problem has not been satisfactorily resolved after these three steps, the student may make written appeal to the Vice President for Academic Affairs.

Academic appeals by students must be filed no later than the end of the next regular term after the grievance occurred.

AMERICANS WITH DISABILITIES ACT

Delta State University fully complies with all the provisions of the Americans with Disabilities Act of 1992. No qualified disabled student shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be
subjected to discrimination under any academic, research, occupational training, housing, health insurance, counseling, financial aid, physical education, athletics, recreation, transportation, other extracurricular, or other postsecondary education program or activity.

A student with a disability applying to Delta State University for admission shall also submit a current evaluation of the disability by a specialist. This current evaluation will remain on file in the Office of the University Coordinator of the Americans with Disabilities Act in the O.W. Reilly Student Health Center.

**INSTRUCTIONAL PROGRAM**

**INSTRUCTIONAL ORGANIZATION**

The instructional program at Delta State University is organized into the following colleges or schools:

- College of Arts and Sciences
- College of Business
- College of Education
- School of Nursing

The interdepartmental Honors Courses are carried in the College of Arts and Sciences. The School of Graduate Studies is described in a separate bulletin.

**COURSE NUMBERS**

Courses numbered 100-199 are primarily for freshmen; courses numbered 200-299 are primarily for sophomores; courses numbered 300-499 are for juniors and seniors and are not open to freshmen and sophomores except by special permission of the instructor. Upper level courses numbered 500-599 are acceptable for graduate credit if approved by the Dean of the College as appropriate for the student's curriculum. Courses numbered 600-899 are for graduate students only.

Upper level courses numbered 500-599 have counterparts in the 400-499 range and are described thereunder in this bulletin. Exclusively graduate courses (numbered 600-899) are described in the Graduate Bulletin.

**COURSE CREDITS**

Credit in semester hours is indicated by a figure or figures following each course description.

**LIBRARY SERVICES**

Associate Professor: T. Latour (Director)
Assistant Professors: M. Evans, Torgerson,
Instructors: Dobbins, J. Jones, Salinero, Slagell, Stump,

The primary function of the W.B. Roberts Library is to serve the information needs of the students, faculty, and staff of Delta State University through the provision of an adequate collection of books, journals, electronic, and other information resources to support the academic program. In addition, the library has the responsibility to provide a wide range of information sources for the personal and cultural enrichment of students and the faculty.
A recently completed expansion and renovation of the library resulted in a beautifully furnished and well equipped library that provides expanded collection and study space, a bibliographic instruction facility, two computer labs, and the Instructional Resources Center, and the Faculty Technology Learning Center.

The library staff of ten professional librarians and ten staff members welcomes the opportunity to provide efficient informational and instructional service to the university community. Library users have open access to the reference collection, bound journals, more than 3,100 electronic journals, and to the research collection of over 300,000 volumes, and more than 735,000 microforms and 31,000 items in the Instructional Resources Center. Also available is a United States Government and Mississippi State Documents Depository collection. The reference staff is available for assisting in the use of the library and to provide information to patrons. In another area, 1,376 current journals are shelved alphabetically by title, along with a selection of local, regional, national, and foreign newspapers. Journal indexes and abstracts, in both paper and electronic form, are available to enhance access to the collection. The library is a member of the Southeastern Library Network and the OCLC Online computer Library Center.

The book collection is kept up to date by systematic purchases and by gifts. Gift collections include the Dr. Blanche Colton Williams collection numbering over eight hundred titles; the Willis Collection, consisting of titles used by Dr. Kenneth Daugherty in preparing the biographical sketch of Nathaniel Parker Willis for the Dictionary of American Biography; the Austin, the Scott, the Bell Collections and the Hastings Lyon Collection of over 500 titles; and the Samuel McKinley Johnson Memorial Collection and Garrard Family Memorial Collection devoted to art works and books.

**Instructional Resources Center**

**Instructor:** F. Quon *(Librarian)*

The IRC (Instructional Resources Center) is located within Roberts Library. It provides a wide range of non-book materials in support of the general curriculum, as well as books and other types of instructional materials in support of the teacher education program. The collection includes video and audiotapes for all disciplines, educational software, a large collection of music in various formats, and access to databases and specialized Web Sites focusing on K-12 education. The IRC has study carrels and tables for individual or small group use, two group listening/viewing rooms, individual audiovisual listening and viewing stations, computers for use with educational software, as well as scanning and color printing equipment.

**Technology Learning Center**

**Associate Professor:** L. Lambert *(Director)*

The Technology Learning Center provides instructional resources and support for classes at Delta State University. Audiovisual equipment is available for loan to all university faculty and students (through a faculty member). In addition, the Center provides training and technical support for distance education -- scheduling of interactive video classroom and faculty development for online courses. Staff also assists faculty in the production of instructional materials for classroom use, desktop presentations and tape duplication. The Technology Learning Center is located on the second floor in Ewing Hall.
The Delta State University Archives, located in the Capps Archives and Museum Building, exists for the purpose of supporting the teaching, research, and service missions of the University. This goal is accomplished through the collection, preservation, and provision of access to primary source materials relating to the history and culture of Mississippi, in general, and to the Delta region of Mississippi specifically. The exhibit galleries offer semi-permanent and changing exhibits which reflect on the history of Mississippi and Delta State University, as well as provide a venue for special exhibitions and public programs.

**THE GRADUATE PROGRAM**

In August, 1964, the Board of Trustees of the State Institutions of Higher Learning approved a graduate program leading to the Master of Education degree. This program was initiated in the summer of 1965 with majors in eleven academic areas. The graduate program has expanded to include the Master of Business Administration degree, the Master of Science in Natural Science degree, the Master of Music Education degree, the Master of Professional Accountancy degree, the Master of Commercial Aviation degree, the Master of Science in Criminal Justice degree, the Master of Science in Nursing degree, the Master of Science in Community Development, and the Master of Social Work degree.

In August, 1972, the Board of Trustees of the State Institutions of Higher Learning approved a graduate program leading to the Educational Specialist degree. This degree program includes two major fields.

In August, 1980, the Board approved a graduate program leading to the Doctor of Education degree in Professional Studies. The area of emphasis in the degree is curriculum and supervision.

The minimum requirement for a Master’s degree varies from 30 to 60 semester hours of work beyond the baccalaureate depending on the program entered. Requirements for full admission to a master’s degree program include a baccalaureate degree with a satisfactory grade average from a fully accredited institution, an adequate score on a graduate admissions test (depending on the degree program requirement), sufficiently strong background in the chosen field of concentration, and fulfillment of the usual requirements for admission to Delta State University.

The minimum requirement for the Educational Specialist degree is 30 semester hours of graduate work beyond the master’s degree. Requirements for full admission to the Educational Specialist degree program include a master’s degree from an accredited institution, a Class AA certificate in the same field, and fulfillment of the usual requirements for admission to Delta State University.

The Doctor of Education degree requires the completion of up to 90 semester hours of approved graduate courses beyond the baccalaureate degree. Two consecutive semesters of full-time study after admission to candidacy are required. Candidates for admission must hold a graduate degree from an accredited institution, have satisfactory undergraduate and graduate grade point averages, provide satisfactory graduate admissions test scores, and have three years of teaching experience or its equivalent.

Undergraduate students who are within six hours of graduation may take up to nine hours of graduate course work prior to obtaining their baccalaureate de-
degrees. Also, undergraduate students who are eligible for, but lack only directed
teaching may take up to nine hours of graduate course work prior to obtaining
their baccalaureate degrees.

To be eligible to take graduate courses, undergraduate students must have a grade
point average of at least 2.75 overall and in their major field. Courses cannot be
counted toward satisfying the requirements for the baccalaureate degree and must
be approved by the student’s advisor, the department chair, and the Dean of the
College or School where the courses are to be taken.

For a copy of the graduate bulletin and additional information about admission,
degree requirements, and other features of the graduate program, write to the
Admissions Office, Delta State University, Cleveland, Mississippi 38733.

UNDERGRADUATE
DEGREES OFFERED

BACHELOR OF ARTS DEGREE. The Bachelor of Arts degree is offered to those
who are interested primarily in the cultural advantages and opportunities afford-
ed by a liberal education.

BACHELOR OF BUSINESS ADMINISTRATION DEGREE. The Bachelor of Business Administration degree is for those who desire a broad general business
background and an area of specialization within the field of business.

BACHELOR OF COMMERCIAL AVIATION DEGREE. The Bachelor of Commercial Aviation degree has been developed to prepare majors for professional posi-
tions in aviation and aviation-related areas.

BACHELOR OF FINE ARTS DEGREE. The Bachelor of Fine Arts degree is for those
who desire preparation for a professional career in the field of art.

BACHELOR OF MUSIC DEGREE. The Bachelor of Music degree is for students
interested in vocal, keyboard, or instrumental performance.

BACHELOR OF MUSIC EDUCATION DEGREE. The Bachelor of Music Education degree is for the teacher of music.

BACHELOR OF SCIENCE DEGREE. The Bachelor of Science degree is for those
who desire opportunity for introduction to the fundamental fields of learning and
for a measure of specialization in professional fields.

BACHELOR OF SCIENCE IN CRIMINAL JUSTICE DEGREE. The Bachelor of Science in Criminal Justice degree is for those who desire preparation for profes-
sional careers in law enforcement, or adult or juvenile corrections.

BACHELOR OF SCIENCE IN EDUCATION DEGREE. The Bachelor of Science in Education degree is based on the completion of credits as outlined in the curric-
ula for the elementary school teacher, in the curricula for high school teacher,
and in the curricula for the special subject teacher.

BACHELOR OF SCIENCE DEGREE MAJOR FASHION MERCHANDISING. The Bachelor of Science degree major Fashion Merchandising is for those desiring
preparation for professional careers in the field of fashion merchandising.
BACHELOR OF SCIENCE IN GENERAL STUDIES DEGREE. The Bachelor of Science in General Studies degree is offered to those who are interested primarily in health, physical education, and recreation, but not teacher education.

BACHELOR OF SCIENCE DEGREE MAJOR FAMILY AND CONSUMER SCIENCES. The Bachelor of Science degree major Family and Consumer Sciences has four concentrations: Child Development, Consumer Relations, Family and Consumer Sciences Education, and Nutrition/Dietetics. The degree is offered for those who are preparing for careers in working directly or indirectly with families as professionals in child development or consumer relations, or for those who are preparing for a career as a teacher at the secondary level, or for those wanting to become a Registered Dietitian and work in the field of nutrition and dietetics.

BACHELOR OF SCIENCE IN NURSING DEGREE. The Bachelor of Science in Nursing degree is for those who desire a professional degree in nursing. Requirements for this degree include classroom instruction and clinical experiences. Candidates for this degree must meet admission requirements for the School of Nursing in addition to those of Delta State University.

BACHELOR OF SOCIAL WORK DEGREE. The Bachelor of Social Work degree is for those who desire a professional degree in social work and requires classroom and agency experiences. Candidates for this degree must meet admission requirements for the Social Work Program in addition to those of Delta State University.

PRE-LAW PROGRAMS

The American Association of Law Schools does not recommend a specific pre-law major, but rather suggests that an undergraduate who plans to go to law school should select the major of their choice and excel in that field. A minor in pre-law is available. Courses should be taken for balance and diversity and to remedy weaknesses. Pre-law advice and information are available from the pre-law advisor, Dr. Garry Jennings.
COURSE REQUIREMENTS

Depending upon the student's choice of major, minor, and electives, the total number of semester hours required for the degree may exceed 128.

BACHELOR OF ARTS DEGREE

The Bachelor of Arts degree is offered to those who desire the cultural opportunities of a liberal arts education. Those who desire to teach in the public schools of Mississippi must elect the appropriate required courses in the Teacher Education Program.

ACADEMIC MINORS (Bachelor of Science in General Studies Degree)

1. Candidates for the Bachelor of Science in General Studies degree must select one or a combination of two minor fields of concentration.

2. Minors must be elected from the listing of minors following the B.S. degree with the following restrictions and/or exceptions:
   a. The minor for Sports Management major is stipulated as the 27 hours which are prerequisite for the MBA.

3. The semester-hour minimums for the minor(s) are in addition to those credits used for fulfillment of general education requirements and must total 15 hours.

4. Any course with the proper disciplinary prefix will meet minor requirements unless otherwise specified in the course description.

5. If a single minor is selected, 6 hours must be completed in residence.

6. If two minors are selected, no less than 6 semester hours may be offered in fulfillment of either minor requirement and a minimum of 3 semester hours in each minor must be completed in residence.

### VI. Non-degree seeking students may enroll in the following courses with permission of the instructor. (NUR 310, NUR 311, NUR 492). Each non-degree student will seek advisement from the instructor and the School of Nursing Coordinator of Academic Programs each semester of enrollment. Registered nurses are particularly encouraged to enroll in the above listed courses prior to being admitted to the School of Nursing BSN Program. These courses are offered by the School of Nursing through the Greenville Higher Education Center. Delta State University credit is awarded.
Delta State University School of Nursing is accredited by the National League for Nursing Accrediting Commission and by the Commission on Collegiate Nursing Education.

These agencies are a resource for tuition, fees, and length of programs. Information may be obtained from National League for Nursing Accrediting Commission, 61 Broadway, New York, New York 10006; telephone: 212-363-5555; and from Commission on Collegiate Nursing Education, One Dupont Circle, NW, Suite 530, Washington, DC, 20036-1120, telephone: 202-887-8476.

*All general education courses and special degree requirements must be completed prior to admission to the School of Nursing.

**English Proficiency Exam-ENG 300, 1 semester hour or ENG 301, 3 semester hours must be successfully completed prior to the second semester junior year in the School of Nursing.

***From an accredited associate degree nursing program

All Nursing courses have WebCT ONLINE Components. Students must have skills in use of the computer and the Internet. Access to this technology is required.

## IV. ACADEMIC MINOR

(The minor requirement is optional for this degree and may be selected, from those listed under the Bachelor of Science degree.)

## V. ELECTIVES TO TOTAL

(Elective courses should emphasize the social and behavioral sciences and other areas that will strengthen social work competencies.)

TOTAL ELECTIVES TO TOTAL

128
The mission of the College of Arts and Sciences is to provide learning opportunities in which students may increase knowledge; develop creativity, communication skills, critical thinking, and problem solving abilities; and deepen their understanding of themselves, their society, and the environment. Through programs in the humanities, fine arts, mathematics, social sciences, and natural sciences, students are prepared to demonstrate competence in their chosen fields of study. Additionally, the College provides a strong liberal arts foundation for all degree programs through the general education core, defining for society what it means to be an educated person.

The College of Arts and Sciences is composed of two divisions and nine departments: the Department of Aerospace Studies, the Department of Art, the Department of Audiology-Speech Pathology, the Department of Biological Sciences, the Department of History, the Division of Languages and Literature, the Department of Mathematics, the Department of Music, the Department of Physical Sciences, the Division of Social Sciences and the Department of Social Work.

 Majors in the College of Arts and Sciences may earn the Bachelor of Arts degree, the Bachelor of Science degree, the Bachelor of Science in Education degree, the Bachelor of Fine Arts degree, the Bachelor of Music degree, the Bachelor of Music Education degree, the Bachelor of Social Work degree, and the Bachelor of Science in Criminal Justice degree. The teacher education program within the College of Arts and Sciences provides its majors with the opportunity to earn teacher certification through the Bachelor of Science in Education degree (biology and general science, English, mathematics, social sciences); the Bachelor of Music Education degree (music); the Bachelor of Arts degree (art, English, and foreign languages); and the Bachelor of Science degree (chemistry and general science). The College of Education cooperates with professional education courses and field experiences.

**INTERCULTURAL EXPERIENCE**

From time to time the University provides students with an opportunity to engage in first hand study of various cultural groups through foreign or domestic travel. Credit for these experiences may be earned through various courses offered by Divisions/Departments in combination with HUM 392 or through HUM 392 alone.

**HUM 392. INTERCULTURAL FIELD EXPERIENCE.** Personal experience and study in the society, politics, geography, and culture of designated peoples. General elective credit only. 1-6

**HUM 400. SEMINAR IN __________.** Ideas, events, or texts that changed or shaped the western world. 3

**INTERDISCIPLINARY HONORS PROGRAM**

The honors programs at Delta State University, designed to serve the needs of students of exceptional scholarship, consists of several types of functions and activities. It has included the Faculty Scholars program, the annual Academic Honors Day, advanced placement, and an interdisciplinary honors course for outstanding students at or above the junior level.
The honors course (HON 401, 402) is designed to be broad and flexible with respect to theme and content, and to be challenging and thought-provoking. To achieve these objectives, the course (HON 401, 402) employs a reading program, discussion sessions dealing with assigned readings, and possibly a scholarly paper as the general pedagogical procedure. The teaching staff is drawn from the resources of several departments and divisions. Credit for the course does not apply to the requirements for any major. No letter grades are given for the course.

The Honors Program offers to especially capable students a challenging program which fosters independent thought and emphasizes critical analysis, stressing intellectual rigor and curiosity as well as advanced scholarship. Students cultivate the ability to express their ideas clearly and effectively, both orally and in writing. The Honors Program fosters the notion of a community of learners which takes an interdisciplinary approach to knowledge and scholarship. The ultimate purpose of the Honors Program is to produce enlightened individuals who are able to think for themselves and make a significant contribution to the larger society.

The Honors Program offers small class size, special lectures, field trips, cultural events, and special recognition at graduation. Entering freshmen may apply for the four-year program and transfer students may apply for the two-year program through the Associate Vice President for Academic Affairs.

HONORS

HON 100. INTERDISCIPLINARY STUDIES. Seminar topics to be announced, subject to approval by the Vice President for Academic Affairs. 1-6

HON 101. EXPLORING LEADERSHIP. Enrollment by selection through the Statesmen Leadership Fellows Program. Leadership development will be explored by careful analysis of responsibilities and commitments in the context of leadership for the common good and purposeful change. The course is designed to develop personal leadership potential. 1

HON 401. HUMAN NATURE AND THE PHYSICAL ENVIRONMENT. The efforts of humans to understand themselves from physical, psychological, metaphysical, aesthetic, and religious perspectives, as reflected in texts and works of art from the fields of chemistry, astronomy, physics, mathematics, biology, psychology, philosophy, literature, art, music, theology, and languages. Prerequisites: Junior standing, Faculty Scholar or permission of instructor. 3

HON 402. HUMAN NATURE AND SOCIETY. Human organization through a study of selected social, political, and economic texts and themes. Prerequisites: Junior standing and Faculty Scholar or permission of instructor. 3

HON 499. SENIOR HONORS THESIS IN ________. Writing and defending a scholarly research paper with the supervision of the faculty. Prerequisite: Senior status and membership in the Honors Program. 3

GENERAL STUDIES

GST 100. EMERGING SCHOLARS. Activities designed to maximize the student's potential to achieve academic success and to adjust responsibility to the individual and interpersonal challenges presented by collegiate life. 1
GST 200. MENTORING AND TUTORING ACTIVITIES. Awarded to students who assist in the Academic Support Laboratory or who are scholarship recipients in the Americorp Campuslink Center. 1

THE GREAT BOOKS PROGRAM

The Great Books Program is based on reading the classic texts of the Western tradition. These are the works which have influenced the civilization to which we belong and include literature, philosophy, history, and the natural and social sciences. The Great Books Program aims to have students read and grapple with the ideas presented in these books, and to promote the understanding that knowledge comes in a unified whole. The focus of these courses is discussion of the readings, rather than lecture. In order to promote rigorous examination and analysis of these works, each course will require a significant amount of writing.

GBK 401. THE CLASSICAL TRADITION. Influential works of the Ancient World. 3

GBK 402. THE JUDEO-CHRISTIAN TRADITION. Influential works of the Judeo-Christian tradition. 3

GBK 403. THE BEGINNINGS OF THE MODERN WORLD. Influential works of the Early Modern period. 3

GBK 404. THE MODERN WORLD. Influential works of the Modern period. 3

AEROSPACE STUDIES

Professor: Evans (Chair)
Assistant Professors: Joseph, Pica-Bosco
(662) 846-4179 and
(662) 254-3480

Air Force Reserve Office Training Corps (AFROTC) offers students the opportunity to attain a commission and serve on active duty in the U.S. Air Force. There are two AFROTC divisions – The lower division for freshmen and sophomores is termed General Military Course (GMC). The upper division, called the Professional Officer Course (POC), is designed to continue the training of juniors and seniors so as to provide a four year officer preparatory program. Entry into the POC is limited to those individuals who meet academic and physical prerequisites. The Aerospace Studies curriculum is designed to commission qualified young men and women who possess competency in leadership skills and strong motivation for active duty and an Air Force career in addition to strong academic qualifications.

ELIGIBILITY CRITERIA

General Military Course (GMC). In order to be eligible for the GMC, an individual must: (a) be a full-time student in good academic standing; (b) be age 14 or older; (c) be a U.S. citizen; (d) be of good moral character; (e) meet the school’s medical standards for admission; (f) not be disqualified by disenrollment from an officer training program; (g) complete appropriate application forms.

Students who have completed at least 60 days honorable military service or participated in a high school ROTC program may be awarded GMC credit. Contact
the AFROTC staff for details. STUDENTS ENROLLED IN GMC COURSES INCUR NO MILITARY OBLIGATION.

Professional Officer Course (POC). In order to be eligible for the POC, an individual must: (a) be a full-time student in good academic standing; (b) complete the applicable Field Training course or have the training deferred; (c) be a U.S. citizen either by birth or naturalization; (d) be at least age 17 (maximum ages are established by category, i.e., Pilot/Navigator candidates must be commissioned before reaching age 26 1/2. Age waivers may be granted.); (e) be of good moral character; (f) attain a qualifying score on the Air Force Officer Qualifying Test; (g) meet prescribed medical standards; (h) complete applicable contract, statement of understanding and other documents; (i) undergo drug abuse screening; (j) obtain conditional release from Reserves or National Guard, if applicable; (k) enlist in the Air Force Reserves; (l) obtain a Social Security Account number.

LEADERSHIP LABORATORY

Leadership Laboratory is taken one hour per week throughout the student's enrollment in AFROTC. Instruction is conducted within the framework of an organized cadet corps with a progression of experiences designed to develop each student's leadership potential. Leadership Laboratory involves a study of Air Force customs and courtesies; drill and ceremonies; career opportunities in the Air Force; and the life and work of an Air Force junior officer. Students develop their leadership potential in a practical supervised laboratory, which typically includes field trips to Air Force installations throughout the United States.

FIELD TRAINING

AFROTC Field Training is offered during the summer months at selected Air Force bases throughout the United States. Students in the four-year program participate in four weeks of Field Training during the summer, usually between their sophomore and junior year. Students applying for entry into the two-year program must successfully complete six weeks of Field Training prior to enrollment in the Professional Officer Course.

The major areas of study in the four-week Field Training program include junior officer training, aircraft and aircrew orientation, career orientation, survival training, base functions and Air Force environment, and physical training. The major areas of study included in the six-week Field Training program are essentially the same as those conducted at four-week Field Training and in the General Military Course, including Leadership Laboratory.

TRANSFER CREDIT

Transfer credit is permitted for cadets entering the Air Force ROTC from another advanced ROTC program (Air Force, Army or Navy), at any college, university, or academy.

UNIFORMS, EQUIPMENT AND ALLOWANCES

Air Force ROTC cadets are provided, free of cost, uniform, equipment and textbooks. Cadets are responsible for maintenance and security of property issued to them.
POC and scholarship cadets are given a monthly subsistence allowance (Freshmen and Sophomores - $250, Junior - $300, and Seniors $350). The subsistence allowance is awarded during the academic school year and during summer vacation, between the junior and senior year.

**AFROTC SCHOLARSHIP PROGRAM**

There are 4, 3, and 2 year scholarships available. Minimum eligibility criteria are: (a) Cumulative (CUM) Grade Point Average (GPA) of 2.65 on a 4 point scale (for pilots, CUM GPA of 3.00); (b) Pre-Health - for 3 year applicants CUM GPA of 3.65 - for 2 year applicants CUM GPA of 3.5; (c) Nurses CUM GPA of 2.65; (d) applicants must pass the Air Force Officer Qualifying Test (AFOQT); (e) applicants must have no grade of D, F, or I during most recent term (A waiver is available for an I over which the student had no control); (f) no grade less than C in any aerospace studies course; (g) applicants for technical scholarship (pilot, navigator, or missile technical) must have completed at least one term of Math with a grade of C or better. Entitlement: full tuition and fees; $240 per semester textbook stipend; monthly (tax-free) subsistence allowance. Obligations: (a) Enroll in academic area in which scholarship is offered; (b) enlist in Air Force Reserve and enroll in AFROTC; (c) satisfactorily complete Field Training between sophomore and junior year; (d) complete AFROTC Program; (e) accept a commission as an Air Force Officer; (f) and serve four years on active duty. High school graduates competing for four year scholarships must meet the following qualifications: (a) high school GPA of 2.5 on the 4.0 scale; (b) place in the top 40% of the senior class; (c) attain college entrance test scores – SAT: Total score 1100; Math 500; Verbal 450 or ACT – Composite Score 24; Math 21, English 21.

For more information on scholarship opportunities, contact one of the Aerospace Studies professors. Phone (662) 846-4179 or (662) 254-3480.

**CURRICULAR RELATED ACTIVITIES**

In addition to academic centered activities, AFROTC cadets may participate in the following extracurricular activities: Color Guard, Drill Team, base visitations, and the Professional Development Training Program.

**COURSE DESCRIPTIONS**

**ASP 100, 102. INTRODUCTION TO THE AIR FORCE TODAY.** A survey course designed to introduce students to the United States Air Force and provides an overview of the basic characteristics, missions, and organization of the Air Force. 1, 1

**ASP 101. LEADERSHIP LABORATORY.** Must be taken in conjunction with ASP 100. 0

**ASP 103. LEADERSHIP LABORATORY.** Must be taken in conjunction with ASP 102. 0

**ASP 200, 202. EVOLUTION OF USAF AIR AND SPACE POWER.** Features topics on Air Force heritage and leaders; introduction to ethics, leadership, and quality; and continued application of communication skills. Its purpose is to instill an appreciation of the development and employment of air power and to motivate sophomore students to transition from AFROTC cadet to Air Force ROTC officer candidate. In addition, aspects of the AS 200 course begin to prepare cadets for their experiences at field training. 1, 1

**ASP 201. LEADERSHIP LABORATORY.** Must be taken in conjunction with ASP 200. 0
ASP 203. LEADERSHIP LABORATORY. Must be taken in conjunction with ASP 202. 0

ASP 300, 302. AIR FORCE LEADERSHIP STUDIES. Teaches cadets advanced skills and knowledge in management and leadership. Special emphasis is placed on enhancing leadership skills and building Quality Force tools. Cadets have an opportunity to try out these leadership and management techniques in a supervised environment as juniors and seniors. 3, 3

ASP 301. LEADERSHIP LABORATORY. Must be taken in conjunction with ASP 300. 0

ASP 303. LEADERSHIP LABORATORY. Must be taken in conjunction with ASP 302. 0

ASP 400, 402. NATIONAL SECURITY AFFAIRS/PREPARATION FOR ACTIVE DUTY. Designed for college seniors and gives them the foundation to understand their role as military officers in American society. It is an overview of the complex social and political issues facing the military profession and requires a measure of sophistication commensurate with the senior college level. 3, 3

ASP 401. LEADERSHIP LABORATORY. Must be taken in conjunction with ASP 400. 0

ASP 403. LEADERSHIP LABORATORY. Must be taken in conjunction with ASP 402. 0

ASP 470. ACTIVE DUTY. Those cadets who have completed ASP 400 and have not completed all requirements for their academic degree will enroll in ASP 470. This class prepares cadets for the responsibilities of entering active duty. 0

DEPARTMENT OF ART

Professors: Britt, Koehler, Lester, Parker (Chair), K. Rushing
Associate Professors: P. Brown,
Assistant Professors: J. Abide, Lewis, Rutledge, Small
Instructors: Melton,
(662) 846-4720

The Department of Art has been accredited by the National Association of Schools of Art and Design.

The purposes of the Art Department are to train teachers of art for the elementary and secondary schools, to prepare students for careers in the professional fields of art, and to offer courses to other students who wish to take art for its aesthetic and cultural values. Concentrations are offered in the Bachelor of Arts degree, the Bachelor of Arts degree with Educator Licensure, and the Bachelor of Fine Arts degree with concentrations in Graphic Design, Interior Design, Painting, Photography, Sculpture, and Crafts.

All transfer students are required to submit a portfolio of representative work prior to registration in order to receive advanced standing.

The Department may wish to retain student work for the purposes of record, exhibition, or instruction.

The art courses which meet the general education fine arts requirement are ART 101, 212, 401, 402, 405.

Grade Requirements

Students entering Delta State University pursuing one of the concentrations offered in the B.F.A. and B.A. degrees are required to satisfactorily complete all
prerequisite courses before enrolling in upper division courses in their concentration. Satisfactory completion is defined as having completed a course with a grade of C or better. **No grade below C in a required major course may be applied toward graduation.** Any grade below C must be repeated and earning a C or better grade. Students should be aware that repeating courses may increase the time required for graduation.

**ART 100. HISTORY OF PHOTOGRAPHY.** Contributions of artists to the development of photography and their use of the camera as an expressive medium. Emphasis on major figures of the nineteenth and twentieth centuries. 3

**ART 101. INTRODUCTION TO ART.** Fundamental principles, techniques, and appreciation of art. For non-majors. Meets general education fine arts requirement. 3

**ART 122. BASIC PHOTOGRAPHY.** Introductory course in black and white photography. This course will cover basic photographic techniques and darkroom procedures from basic camera operation to making a finished print. Weekly assignments and critiques will emphasize the development of camera vision and explore its aesthetic possibilities as a visual medium. Each student should have a manually operated camera that can be used throughout the course. Lecture-laboratory 6 hours. 3

**ART 150. BEGINNING DRAWING.** Drawing media; practice in freehand drawing, observation methods, and pictorial composition. Planned to meet the needs of students with or without previous training. Lecture-laboratory 6 hours. 3

**ART 151. PERSPECTIVE DRAWING.** Drawing instruments; practice in functional perspective, mechanical drawing and related problems. Planned to meet the needs of all art majors. **Prerequisite:** ART 150. Lecture-laboratory 6 hours. 3

**ART 152. BEGINNING DRAWING.** Drawing media; practice in freehand drawing, observation methods, and pictorial compositions. For non-art majors. Lecture-laboratory 6 hours. 3

**ART 158. TWO-DIMENSIONAL DESIGN I.** The basic art elements; color theory and two-dimensional composition; applied studio problems. Lecture-laboratory 6 hours. 3

**ART 159. TWO-DIMENSIONAL DESIGN II.** Continuation of ART 158 with emphasis on applied design. Includes the use of mixed-media and collage techniques. For art majors and minors. **Prerequisite:** ART 158. Lecture-laboratory 6 hours. 3

**ART 175. THREE-DIMENSIONAL DESIGN I.** Development of basic three-dimensional technical and aesthetic concepts through additive and subtractive methods. **Prerequisite:** ART 158. Lecture-laboratory 6 hours. 3

**ART 176. THREE-DIMENSIONAL DESIGN II.** Visual problem solving techniques through the use of various processes and materials. Acquaintance with hand tools, power tools, and basic maintenance of equipment. **Prerequisite:** ART 175. Lecture-laboratory 6 hours. 3
ART 200. INTRODUCTION TO INTERIOR DESIGN. Interior design as it involves elements of space planning, lighting, furniture and finish selection. Emphasis on the general principles of creating interior environments. 3

ART 205. INTERIOR DESIGN I. Basic drafting techniques, symbols, and terminology used in interior design and architectural presentations. Includes floor plans, elevations, sections, and construction details. Prerequisites: ART 151, 158. Lecture-laboratory 6 hours. 3

ART 210. INTRODUCTION TO COMPUTER-AIDED DESIGN. Applications of computer-aided drawings (CAD) software through the delineation of architectural drawings. Prerequisites: ART 205 or permission of instructor. 3

ART 212. ART APPRECIATION. Visual with emphasis on aesthetic qualities to be recognized in creative work and relationships to be found which identify various art periods in history. For non-art majors. Meets general education fine arts requirement. 3

ART 222. INTERMEDIATE PHOTOGRAPHY. Projects in black and white photography above the basic level concerning natural lighting, darkroom, composition, camera and lens, processing, and image presentation. The emphasis is on visual communication. Prerequisite: ART 122 or permission of instructor. Lecture-laboratory 6 hours. 3

ART 230. INTRODUCTORY CERAMICS. Pottery making; coil, slab, and wheel methods employed. Study of various decorating and glazing processes. Prerequisite: Art major, minor, or permission of instructor. Lecture-laboratory 6 hours. 3

ART 239. INTRODUCTION TO PRINTMAKING. Introduction to the printmaking processes of relief, screen printing, lithography and intaglio techniques. Prerequisites: Art 151, 158. Lecture-laboratory 6 hours. 3

ART 240. SCREEN PRINTING. Screen printing; individual application of imagery. Prerequisites: ART 151, 158. Lecture-laboratory 6 hours. 3

ART 241. RELIEF PRINTING. Linoleum and woodcuts; wood engravings; individual application of imagery. Prerequisites: ART 151, 158. Lecture-laboratory 6 hours. 3

ART 250. DRAWING. Problems in composition and structure using varied drawing media. Prerequisite: ART 151. Lecture-laboratory 6 hours. 3

ART 251. HUMAN ANATOMY AND FIGURE DRAWING. Human anatomy and drawing the human form. Prerequisite: ART 250. Lecture-laboratory 6 hours. 3

ART 275. SCULPTURE I. Additive processes over armatures using a variety of mediums. Simple and multi-piece moldmaking procedures. Prerequisite: ART 175. Lecture-laboratory 6 hours. 3

ART 276. SCULPTURE II. Arc and oxy/acetylene welding using steel as a sculptural material. Prerequisite: ART 175. Lecture-laboratory 6 hours. 3

ART 300. MATERIALS, SPECIFICATIONS, AND CODES. Examinations of architectural and interior finish materials, furnishings, their application, and performance. Study of safety and other code requirements for residential and commer-
cial applications. Contract specifications, documents, schedules and bidding procedures for interior design. Lecture-laboratory 6 hours. **Prerequisites:** ART 200, 205. 3

**ART 310 GRAPHIC DESIGN I.** Printing processes, use of the computer as a typesetting tool, photomechanical reproduction. Photography and illustration as they relate to graphic design. Graphic designs involving type and the trademark. **Prerequisites:** ART 151, 159. Lecture-laboratory 6 hours. 3

**ART 311. GRAPHIC DESIGN II.** Techniques of typographical layout. Preparation of art copy for printing. Creative study of type faces, letter forms, color textures involving brochures, posters and related subjects. Packaging. **Prerequisite:** ART 310. Lecture-laboratory 6 hours. 3

**ART 312. INTERIOR DESIGN II.** Practical problems of interior design in residential and commercial spaces. Focus on design process, space planning and lighting design. **Prerequisites:** ART 151, 159, 200, and 205. Lecture-laboratory 6 hours. 3

**ART 313. HISTORY OF INTERIOR DESIGN AND ARCHITECTURE.** Major styles of furniture, decoration, and architecture from Egyptian styles to the present. 3

**ART 314. GRAPHIC DESIGN III.** Further application of layout, illustration, and computer design skills. Students develop their ability to communicate advertising concepts clearly in a variety of media. **Prerequisites:** ART 311, 337. Lecture-laboratory 6 hours. 3

**ART 315. GRAPHIC DESIGN IV.** Emphasis on presentation skills for the graphic design professional. Students develop a creative self-promotion to use in conjunction with their portfolio for career development. **Prerequisite:** ART 314. Lecture-laboratory 6 hours. 3

**ART 316. TYPOGRAPHY.** An exploration of letter forms and the crucial role they play in graphic and visual arts. Encompasses hand-crafted calligraphy and computer manipulated characters. **Prerequisites:** ART 159, 314. Lecture-laboratory 6 hours. 3

**ART 317. INTERIOR DESIGN III.** Continuation of ART 312 with focus on advanced design projects. Equipment, furniture construction, measurements and specifications will be emphasized. **Prerequisite:** ART 312. Lecture-laboratory 6 hours. 3

**ART 318. FASHION ILLUSTRATION AND LAYOUT.** Compositional problems and rendering techniques related to fashion merchandising. **Prerequisites:** ART 152, 158. 3

**ART 319. TEXTILES FOR INTERIOR DESIGN.** (See FCS 310) 3

**ART 320. ADVANCED COMPUTER AIDED DESIGN.** Continuation of ART 210 with advanced projects and introduction of three-dimensional computer capabilities. Lecture-Laboratory 6 hours. **Prerequisites:** ART 210, 312. 3

**ART 323. INTERIOR GRAPHICS.** Rendering and graphic design techniques which includes study models, presentation boards, and varying visual communication methods used by interior designers. **Prerequisites:** ART 151, 159, and 205. Lecture-laboratory 6 hours. 3
ART 324. PROFESSIONAL PRACTICES IN INTERIOR DESIGN. Professional etiquette and presentation and business principles and practices related to interior design. **Prerequisite:** Senior in Interior Design. Lecture-laboratory 6 hours. 3

ART 337. COMPUTER GRAPHICS. Develop familiarity with the Macintosh platform and Apple operating system. Basics of scanning, correcting digital images, and creating vector based artwork. Document creation, assembly, file management and collection for output. Should be taken with Art 310. **Prerequisites:** ART 151, 159. Lecture-Laboratory 6 hours. 3

ART 338. DIGITAL IMAGING. Exploration of digital images emphasizing state-of-the-art software relates to the needs of the graphic design field. Lecture-laboratory 6 hours. 3

ART 343. DOCUMENTARY PHOTOGRAPHY. A review of aesthetic, historical, and literal applications of unmanipulated photography. Each class will produce a portfolio of social documentary photographs of a community, phenomenon, or issue in the area. The work produced will lead to an exhibit. **Prerequisite:** ART 222. Lecture-laboratory 6 hours. 3

ART 352. PORTRAIT DRAWING. Anatomy and construction of the head, features, and expressions. **Prerequisite:** ART 150. Lecture-laboratory 6 hours. 3

ART 353. DRAWING FOR REPRODUCTION. Illustration for publication with exercises in line drawing and drawing for half-tone reproduction. **Prerequisite:** ART 251. Lecture-laboratory 6 hours. 3

ART 355. WATERCOLOR PAINTING. Painting in water color from landscape, still life, and abstract composition. **Prerequisites:** ART 150, 151. Lecture-laboratory 6 hours. 3

ART 361. ART CONTENT AND TECHNIQUES. Art content and processes appropriate for the elementary school. 3

ART 364. ART MATERIALS AND METHODS. Materials and methods for the presentation of art works. Stretcher construction, mat cutting, frame making, finishing, and gold leafing. Craftsmanship stressed for three-dimensional, graphic design, and craft works. **Prerequisite:** ART 151. Lecture-laboratory 6 hours. 3

ART 401. ART HISTORY. History of the arts of ancient civilizations through the Middle Ages. May fulfill the fine arts general education requirement. 3

ART 402 ART HISTORY. The Renaissance in Italy and northern Europe and later European art through the 18th century. May fulfill the fine arts general education requirement. 3

ART 403. MODERN ART IN EUROPE AND AMERICA. Art movements of the 19th and 20th centuries in Europe and America. 3

ART 404. FIELD STUDY IN ART. Firsthand exposure to works of art on a regional, national, and international basis. Geared to individual needs. **Prerequisite:** ART 401, 402, or permission of instructor. 3 or 6
ART 405. HONORS ART HISTORY. Readings and projects on the Italian Renaissance, northern Europe, and later European Art through the 18th century as well as non-Western art presented in seminar format. Fulfills fine arts general education requirements. Will count as a general fine arts elect for non-majors, art history core-elect for art majors. 3

ART 406. FIBER DESIGN I. Off-loom processes such as papermaking, basket-forms, stitchery, and felting. Prerequisite: ART 159. Lecture-laboratory 6 hours. 3

ART 407. FIBER DESIGN II. Weaving on the loom and related structural media. Surface design on textiles including dyeing and printing. Prerequisite: ART 159. Lecture-laboratory 6 hours. 3

ART 408. FIBER DESIGN III. Experimentation with fiber-related media in off-loom, on-loom or surface design processes and the development of individual aesthetic concepts in fiber. Prerequisites: ART 406, 407. Lecture-laboratory 6 hours. 3

ART 409. FIBER DESIGN IV. Advanced studio problems in off-loom and on-loom fiber structure and surface design with emphasis on individual concepts. Prerequisites: ART 406, 407. 3

ART 420. GREEK AND ROMAN ART. Painting, sculpture, and architecture in ancient Greece and Rome. 3

ART 421. RENAISSANCE ART. Painting, sculpture, and architecture in Renaissance Italy. 3

ART 422. AMERICAN ART. Painting, sculpture, and architecture in America from the Colonial period to the present. 3

ART 423. ISSUES IN ART HISTORY. An examination of the reoccurring concepts, subjects, and forms as they appear cross-culturally and in many time periods. Comparative study of themes and images which relate to contemporary art forms. Prerequisites: ART 401, 402 or permission of instructor. 3

ART 425. PHOTOGRAPHY CHEMISTRY AND MATERIALS. This course examines the theory and behavior of photographic materials and processes, resulting in refined processing and printing techniques especially as they relate to photographic vision. Topics include: exposure methods, photographic chemistry and formulas, negative manipulation, archival processing, and safety around hazardous materials. Students are required to produce a self-directed portfolio to demonstrate their technical ability. Prerequisite: ART 222 or permission of instructor. Lecture-laboratory 6 hours. 3

ART 430, 431. CERAMICS. Practice in pottery making, glazing, decorating, and firing methods. Emphasis on three-dimensional design in ceramic materials. Prerequisites: ART 230 and permission of instructor. Lecture-laboratory 6 hours. 3,3

ART 433. POTTERY WORKSHOP. Prerequisites: ART 230 and permission of instructor. Laboratory 6 hours. 3

ART 434. ART INSTITUTE. Theory and practice in an area of arts and crafts in a workshop setting. Prerequisite: permission of the Chair of the Department. 1-6
ART 435. VIEW CAMERA/LARGE FORMAT PHOTOGRAPHY. An advanced course using 4x5 view cameras. This is an introduction to sheet film handling and processing and will cover information such as view camera techniques and the zone system. Prerequisite: ART 222 or permission of instructor. Lecture-laboratory 6 hours. 3

ART 436. STUDIO LIGHTING. An introduction to electronic flash for studio use. The emphasis will be on studio lighting techniques and methods concerning portrait and product lighting. Prerequisite: ART 435 or permission of instructor. Lecture-laboratory 6 hours. 3

ART 437. COLOR PHOTOGRAPHY I. Projects in color transparency and color materials. The emphasis will be on learning the technical and aesthetic aspects of the photographic medium. Students will do all their own processing with total control as a goal. Prerequisite: ART 122 or permission of instructor. Lecture-laboratory 6 hours. 3

ART 438. COLOR PHOTOGRAPHY II. A continuation of Color Photography I, with processing to affect scene contrast and color balance, and their effect on color emulsions. Assignments demonstrate the effects of a variety of lighting conditions upon the reproduction of color transparency and print material. Prerequisite: ART 437 or permission of instructor. Lecture-laboratory 6 hours. 3

ART 440. INTAGLIO. Etching, aquatint, dry-point; individual application of imagery. Prerequisites: ART 151, 158. Lecture-laboratory 6 hours. 3

ART 441. LITHOGRAPHY. Stone and metal plate lithography; individual application of imagery. Prerequisites: ART 151, 158. Lecture-laboratory 6 hours. 3

ART 442. ADVANCED PRINTMAKING. Printing in mixed-media; photo-techniques. Suited to individual interest and application. Prerequisites: ART 240, 241, 440, and 441. Lecture-laboratory 6 hours. 3

ART 445. SOUTHERN FOLK ART AND CULTURE. Folk art, craft, and traditional architecture in the American South in historical, cultural, religious, and occupational contexts. 3

ART 450, 451. ADVANCED DRAWING. Drawing problems involving the human figure as well as forms in nature with emphasis on compositional design. Prerequisite: ART 251. Lecture-laboratory 6 hours. 3,3

ART 454. NATIVE AMERICAN LITERATURE AND ART. (See ENG 454). 3

ART 462. ART EDUCATION WORKSHOP. Planned to meet the needs of inservice teachers in guiding activities appropriate to the elementary and secondary levels. Prerequisite: ART 361. 3

ART 465, 466. PAINTING I, II. Study of color in natural light according to the concept of teaching color practiced by Charles Hawthorne and Henry Hensche. Lecture-laboratory 6 hours. Prerequisite: ART 150. 3,3

ART 467. PAINTING III. Painting with acrylic paint and mixed media. Experimenting with various means of interpreting still life, human, and natural forms. Prerequisites: ART 465, 466. Lecture-laboratory 6 hours. 3
ART 468. PAINTING IV. Optional media and subject matter. Emphasis on individual interests and application. **Prerequisites:** ART 465, 466, or permission of the instructor. Lecture-laboratory 6 hours. 3

ART 469. PAINTING V. Optional media and subject matter. Emphasis on individual interests and application. **Prerequisite:** ART 467. Lecture-laboratory 6 hours. 3

ART 470. PAINTING VI. Painting with optional media and subject matter. Emphasis on individual interests and application. **Prerequisite:** ART 467. Lecture-laboratory 6 hours. 3

ART 475. SCULPTURE III. Subtractive stone carving techniques. Direct stone carving using hand and air pneumatic power tools emphasizing roughing-out, finishing, and polishing techniques. **Prerequisite:** ART 175. Laboratory 6 hours. 3

ART 476. SCULPTURE IV. Wood carving and lamination. Additive and subtractive wood techniques including gluing and clamping, carving, and finishing. **Prerequisite:** ART 175. Laboratory 6 hours. 3

ART 477. SCULPTURE V. Contemporary sculpture techniques emphasizing outdoor, installation, and environmental aspects. **Prerequisites:** ART 176, 276. Laboratory 6 hours. 3

ART 488. INTERNSHIP IN GRAPHIC OR INTERIOR DESIGN. On the job experience in graphic or interior design studios under the supervision of experienced personnel. Minimum of 240 hours. **Prerequisite:** senior in graphic or interior design concentration. 6

ART 492. SPECIAL TOPICS IN ART. Current developments in Art. 1-6

ART 498. ART SEMINAR. Directed individual problems in art of particular interest to students of advanced levels of development. **Prerequisite:** Junior or senior art major standing. 3

ART 499. SENIOR THESIS. Exit interview with Art Faculty and Senior Exhibit. Required of all concentrations except Graphic Design, Interior Design, and Art Education. 3

CUR 482. ART EDUCATION TECHNIQUES AND PROCEDURES. See CUR 482 in the Division of Curriculum and Instruction.

**DEPARTMENT OF AUDIOLOGY-SPEECH PATHOLOGY**

Professor: J. Lowe III (Chair), F. O'uzts
Instructors: Brister, Tackett
(662) 846-4110

The Department of Audiology-Speech Pathology offers preparational instruction leading to the Bachelor of Science degree. Additionally, the department operates a clinic for diagnosis and/or therapy for a wide range of communicative disorders. As an allied health discipline, academic and clinical work in the
department introduces the student to diagnosis, classification, and management of a broad spectrum of communicative disorders in preparation for graduate studies in order to enter a career as a practicing specialist.

Grade Policy

A student in the Department of Audiology-Speech Pathology must maintain a QPA of 2.60 or higher in all major courses to take their last four advanced courses in the curriculum. A student may repeat no more than three (3) AUP courses (9 semester hours) for the purpose of grade improvement. A student may not take AUP courses at other institutions for grade improvement.

A transfer student has the same requirements. Also, courses in communicative disorders taken at four-year institutions with approved undergraduate programs must be considered individually before transfer credit may be allowed. Credit for AUP courses taken at other institutions for which the student earned lower than “C” will not be applied to requirements for graduation.

Requirements for Graduation

Supplemental to published requirements for graduation for the Bachelor of Science Degree, the Department of Audiology-Speech Pathology requires each student to demonstrate satisfactory academic performance in all theoretical and practical courses. The University requirement of a quality-point average of 2.00 in all courses taken includes, for the Audiology-Speech Pathology major, a QPA of 2.60 in all AUP courses, with no grade lower than C in a required major course to be applied toward graduation, including such courses as may have been transferred from other institutions.

All clinical practicum requirements must be completed while enrolled at Delta State University under the supervision of one or more faculty members who hold the appropriate Certificate of Clinical Competence from the American Speech-Language and Hearing Association (ASHA).

ELECTIVE COURSES OR FOR NON-MAJORS

AUP 101. SPEECH AND LANGUAGE IMPROVEMENT. This course provides an overview of the speech process, regional dialects, foreign accents, and “situational” speech patterns. Communication competencies needed for classroom/small group discourse will be emphasized. There will be practice in improving speech skills and/or developing new modes of speaking, in small group discussions and in giving speeches. 3

AUP 322. LANGUAGE ACQUISITION I. Pedagogical theories and techniques for language learning in the formative years. Prerequisites: Junior standing, AUP 321, 2.50 QPA in all AUP courses completed, and consent of instructor. 3

AUP 323. LANGUAGE ACQUISITION II. Andragological theories and techniques in language (re)habilitation in adults. Prerequisites: Junior standing, AUP 322, 2.50 QPA in all AUP courses completed, and consent of instructor. 3

AUP 326. INDIVIDUAL STUDY. 3

AUP 362. BASIC AMERICAN SIGN LANGUAGE II. Basic grammar and practice in conversation. Emphasis will be on building a functional ASL vocabulary and study of the similarities and differences between ASL and spoken standard American English. Prerequisites: AUP 360. 3
AUP 451. SPEECH, LANGUAGE, AND HEARING DISORDERS FOR TEACHERS. Course content deals with normal speech/language development in children, abnormal development of speech/language hearing skills, problems that are frequently encountered in the classroom, and suggestions for classroom management. 3

AUP 455. DIAGNOSTIC AUDIOLOGY. Diagnostic and therapeutic, and communication considerations in the management of individuals with auditory disorders, including elementary AMSLAN. Prerequisite: Junior standing, AUP 414, and consent of instructor. Clinical Practicum. 3

AUP 457. CLINICAL PROCEDURES IN AUDIOLOGY. Practicum in the management of auditory disorders. A minimum number of clock hours or supervised contact with clients in the clinic is required. May be repeated for a maximum of 6 hours. Prerequisites: Senior standing, AUP 414, 455, 2.66 QPA on a minimum of 30 hours in AUP courses, and consent of instructor. 3-6

AUP 480. PREREADING READINESS SKILLS FOR EARLY CHILDHOOD, ELEMENTARY AND SPECIAL EDUCATORS. Study will include description of emergent literacy stages of development and provide activities to facilitate phonological awareness, as well as other language arts curricular benchmarks required for early literacy skills. 3

AUP 492. SPECIAL TOPICS IN AUDIOLOGY-SPEECH PATHOLOGY. Current developments in Audiology and Speech Pathology. Prerequisite: Senior standing, 24 hours of approved AUP courses, and consent of instructor. 3

REQUIRED FOR AUP MAJORS

AUP 300. INTRODUCTION TO THE SPEECH AND HEARING SCIENCES. Recognition and management of children and adults with speech, language, and hearing disorders. 3

AUP 302. PHONETICS. International Phonetic Alphabet and introduction to experimental phonetics. Overview of regional dialects and foreign accents, with emphasis on General American speech sound production. 3

AUP 304. DEVELOPING SPEECH AND LANGUAGE IN CHILDREN. Normal development of speech and language. 3

AUP 306. ANATOMY AND PHYSIOLOGY OF SPEECH AND HEARING. Study of the ear and vocal mechanism. 3

AUP 330. SPEECH SCIENCE. Acoustical, physiological, and psychological aspects of speech. Prerequisites: AUP 302. 3

AUP 332. DISORDERS OF ARTICULATION. Etiology, evaluation, and management of articulation problems. Prerequisites: 12 hours of AUP courses, to include AUP 302. 3

AUP 334. LANGUAGE DISORDERS. Evaluation and treatment of children and adults with language impairments. Prerequisite: 12 hours of AUP courses to include AUP 304. 3
AUP 336. APPRAISAL AND DIAGNOSIS OF SPEECH AND LANGUAGE DISORDERS. Evaluation of procedures and instrumental approaches to the assessment of specific speech/language disorders. Prerequisites: 12 hours of AUP courses. 3

AUP 360. ELEMENTARY SIGN LANGUAGE I. Introduction to the manual alphabet (fingerspelling) and American Sign Language (ASL) with practice in basic grammar and conversation. A short history of ASL will be included as well as the study of cultural highlights descriptive of the deaf community. 3

AUP 410. CLINICAL ORIENTATION. Basic evaluation procedures: clinical materials, remedial plans, and clinical record keeping. Prerequisites: 18 hours in AUP courses. 3

AUP 412. METHODS IN COMMUNICATION DISORDERS. Rationale, methods, and techniques in the remediation of communicative disorders, based on behavior science. Analysis of diagnostic categories such as ADD, terms such as “terrible twos,” nature/nurture issues, etc. Prerequisites: 18 hours in AUP courses (waived for non-majors). 3

AUP 414. AUDIOLOGY. Normal and abnormal audition. Nature, causes, and identification of hearing loss. Prerequisite: 18 hours in AUP courses. 3

AUP 416. NEUROANATOMY AND PHYSIOLOGY. Applications of central and peripheral neurologic concepts to diagnosis and treatment of communicative disorders. Prerequisites: 24 hours of AUP courses, to include AUP 306 and AUP 334. 3

AUP 420. NEUROGENIC COMMUNICATION DISORDERS. Course content deals with the neurologically based communicative disorders of aphasia, apraxia, dysarthria, dysphagia, dementia, right hemisphere dysfunction, and traumatic brain injury. It includes basic issues in assessment, treatment, and the impact of these disorders on functional communication. Prerequisites: 24 hours of AUP courses, to include AUP 416. 3

AUP 422. VOICE DISORDERS. Course content reviews anatomy and physiology of phonation, evaluation and treatment of voice disorders, including pitch, loudness, and quality problems; and alaryngeal speech. Prerequisites: 18 hours of AUP courses. 3

AUP 424. STUTTERING. An examination of various theories of the cause(s) of stuttering, the factors which maintain it, and the numerous treatment procedures that have been utilized. Both historical and contemporary views will be reviewed. Prerequisites: 18 hours of AUP courses. 3

AUP 430. CLINICAL PROCEDURES IN SPEECH PATHOLOGY. Practicum in the management of speech and language disorders. A minimum number of clock hours of supervised contact in the clinic is required. May be repeated for a maximum of 6 hours. Prerequisites: 39 hours in AUP courses with a QPA of 2.60 or better, and consent of instructor. 3-6
DEPARTMENT OF BIOLOGICAL SCIENCES
Professors: L. Brown, Faulkner, W. Hayes, McEwen, R. Stewart, Tiftickjian, G. Williams (Chair)
Associate Professor: Campbell
Assistant Professor: Baghai Riding, Hughes, Katembe
Instructor: S. Thomas
Part-time Instructors: Montague, Stephens
(662) 846-4240
http://www.deltast.edu/academics/arts/sci/bio

The mission of the Department of Biological Sciences is to provide quality instruction in biology, environmental science, and biology education in a manner that will help develop biologically literate, educated professionals. The Department seeks to develop the technical competence and the broad intellectual foundation needed to understand the implications of human influence on all of life and to make informed decisions on biological and ecological questions. The Department also endeavors to meet the general educational needs of the University; to contribute new knowledge in biology, environmental science, and biology education; and to serve the needs of educators, other professionals, and communities within the service area.

The Department offers the following four-year programs: Bachelor of Science in Education degree for persons planning to teach Biology in secondary school, Bachelor of Science degree with a major in Biology for those desiring basic preparation for graduate study and careers in Biology, and a Bachelor of Science degree with a major in Environmental Science for persons desiring broad training in preparation for employment in that field.

Students pursuing the B.S. Degree in Biology may select from four options. The General Option is designed for those preparing for careers or graduate study in any area of biology. The Premedical Science Option is designed for those preparing for medical or dental school. The Plant Sciences and Industrial Microbiology Options are designed for those preparing for careers in those fields of applied biology. Admission to the Premedical Science Option requires exceptional academic ability and the approval of the departmental Premedical Advisory Committee. For details, see the description of this option in the next section, or consult a premedical or predental faculty advisor. Those not qualifying for this option may prepare for medical or dental school under the General Option.

The Department also offers preparation for various health related professional programs including clinical laboratory sciences, cytotechnology, dental hygiene, health information management, occupational therapy, optometry, physical therapy, and veterinary medicine. Degrees in these health professions are awarded by professional schools such as the University of Mississippi Medical Center in Jackson or similar professional programs. The Department of Biological Sciences provides curricula which satisfy the entry requirements for such programs. Students considering these programs are encouraged to follow the General Option course of study for a Bachelor of Science Degree in Biology while meeting the entrance requirements for the chosen professional school. Students interested in any program leading to professional training are urged to consult frequently with the appropriate health professions advisor for current information on entrance requirements for professional schools.

Delta State University is an affiliate of the Gulf Coast Research Laboratory (GCRL) in Ocean Springs, Mississippi. Courses in the marine sciences are offered during
the summer and may be taken for credit through Delta State University. Students should consult their advisor and the GCRL on-campus coordinator for additional information concerning requirements and application for admission to the GCRL.

Detailed schedules of courses for all programs are available on the Department web site and in the departmental office.

Admission Policy for Programs Offered Through
The Department of Biological Sciences

Provisional Admission

Students entering Delta State University who declare a major offered through the Department of Biological Sciences are initially admitted with provisional status. Students who demonstrate satisfactory performance in their introductory science courses (as defined below) are granted full admission to the program. The intent of this policy is to insure that all students gain the basic knowledge and skills that are required for the level of scholarship expected from them in their advanced studies and in their future professions.

Full Admission

Full admission is granted upon satisfactory completion of the following introductory science courses:

- BIO 100 Principles of Biology
- BIO 102 General Botany (when required for the major)
- BIO 103 General Zoology
- CHE 101, 102 General Chemistry
- CHE 103, 104 General Chemistry Laboratory

Satisfactory completion is defined as having completed a course with a grade of C or better. Any grade below C must be removed by repeating the course and earning a C or better grade. Students should be aware that repeating courses may increase the time required for graduation.

Upon fulfillment of these requirements, students are considered to be adequately prepared to continue with advanced biology courses and are granted full admission to the program. A student who has not been granted full admission will not be permitted to register for any upper division biology course. Upper division courses are those BIO courses numbered 200 and above.

At the close of each semester, students' records will be reviewed by their advisors and the chair of the Committee on Undergraduate Programs. The Committee on Undergraduate Programs will notify students by letter when they achieve full admission status. Students may check their status at any time by contacting their advisors or the department office.

Requirements for full admission also apply to students who transfer credit from other institutions. Courses equivalent to the introductory courses listed above must have been completed with grades of C or better to be accepted for transfer credit. Verification of transcripts should be completed prior to the start of the first semester of enrollment. Upon enrolling for the first semester, a transfer student whose transcript has not been verified will be given provisional status. When it has been verified that students have fulfilled the requirements, they will be granted full admission status. Enrollment in upper division courses will not be permitted until full admission status has been granted.
Admission to the Premedical Science Option requires approval of application by the departmental Premedical Advisory Committee. Applicants must have:

1. Completed BIO 100, 102, 103, 300, 328; CHE 101, 102, 103, 104, 319, 321; and PHY 221, 233 or equivalents with no grade lower than B.
2. Earned an overall GPA of at least 3.6 and a science/math GPA of at least 3.6.
3. Completed 24 semester hours in residence at DSU with a GPA of at least 3.6.

Students admitted to this option must adhere to prescribed sequencing of upper division courses. Failure to do so will result in dismissal from this option and reassignment to the General Option. It is advisable that a student seriously consider his/her aptitude and consult with a departmental premedical or predental advisor before seeking admission to this option. Selection and completion of this option is not required for entrance to medical or dental school. Medical and dental school applicants may pursue any academic major.

Requirements for Graduation

In addition to the graduation requirements stated in the University Bulletin, the Department requires satisfactory academic performance in all major courses. Specifically, this means that no grade below C in a required major course may be applied toward graduation. Any grade below C must be removed by repeating the course and earning a C or better grade. This requirement is in addition to the University requirement for maintaining a 2.0 quality point average for all major course work.

Failure to Maintain Satisfactory Academic Standing

A student with full admission status who fails to maintain good academic standing will be placed on departmental academic probation. When students first receive a grade below C in an upper division major course, they will be warned that they are in danger of being placed on probation, and that the problem course or courses must be retaken. A student who fails to improve such grades to C or better within two semesters will be placed on probationary status and will not be permitted to advance in biology course work until such time that all probationary problems have been corrected.

BIO 100. PRINCIPLES OF BIOLOGY. Principles, concepts, and theories of biology including the origin of life, ecology, diversity, evolution, structure, and function. Lecture 3 hours, laboratory 2 hours. 4

BIO 102. GENERAL BOTANY. Introduction to the structure, function, classification, and ecology of algae, bryophytes, vascular plants, and fungi. Prerequisite: BIO 100. Lecture 3 hours, laboratory 3 hours. 4

BIO 103. GENERAL ZOOLOGY. Introduction to the animal kingdom including aspects of classification, structure, function, life history, ecology, and importance to humans. Prerequisite: BIO 100. Lecture 3 hours, laboratory 3 hours. 4

BIO 105. INTRODUCTION TO SCIENCE AND TECHNOLOGY. Introduction to science and technology with emphasis in biology, chemistry, mathematics, and computer science. 2

BIO 106. INTRODUCTION TO SCIENTIFIC INQUIRY IN BIOLOGICAL SCIENCES. Development of the scientific application of academic skills, including written and oral language, library use, and problem solving. Current issues in the biological sciences are investigated. May not be used for major or minor credit. May be repeated one time. 1
BIO 110. BIOLOGY AND HUMAN CONCERNS. A practical examination of biological phenomena relevant to humans in their daily existence. May not count toward a major or minor in the Department of Biological Sciences. Lecture 2 hours, laboratory 2 hours. 3

BIO 111. INTRODUCTION TO FIELD BIOLOGY AND ECOLOGY. An experiential examination of ecological basics in a site-specific setting. Requires an extended field experience. May not count toward a major or minor in the Department of Biological Sciences. Lecture 2 hours, laboratory 2 hours. 3

BIO 201. INTRODUCTION TO ENVIRONMENTAL SCIENCE. Scientific and social perspectives of environmental and resource problems. Prerequisite: BIO 100. Lecture 2 hours, laboratory 2 hours. 3

BIO 210. NATURAL HISTORY OF THE MISSISSIPPI DELTA. Floral and faunal communities of the Lower Mississippi River Delta. Emphasis on identification of organisms, habitats, and controlling factors through field experiences and review of ecological and physiographic profiles. May not count toward a major or minor in the Department of Biological Sciences. Lecture 3 hours. 3

BIO 229. SURVEY OF HUMAN ANATOMY AND PHYSIOLOGY. See HSE 229. May not count toward a major or minor in the Department of Biological Sciences. Lecture 3 hours, laboratory 3 hours. 4

BIO 230. ANATOMY AND PHYSIOLOGY I. Structure and behavior of living cells, tissues, and organs; interrelationships of functioning systems through circulation. Prerequisites: BIO 100; CHE 101, 103. Lecture 3 hours, laboratory 2 hours. 4

BIO 231. ANATOMY AND PHYSIOLOGY II. The functioning systems and their interrelationships; mammalian dissections. Prerequisites: BIO 100; CHE 101, 103. Lecture 3 hours, laboratory 2 hours. 4

BIO 300. CELL BIOLOGY. Structural, chemical, and physical principles of animal and plant cells. Prerequisites: BIO 102, 103; CHE 101, 102, 103, 104. Lecture 3 hours, laboratory 3 hours. 4

BIO 301. ECOLOGY. Plants and animals in relation to their environment. Role of humans in the ecosystem. Field trips. Prerequisites: BIO 102, 103. Lecture 3 hours, laboratory 3 hours. 4

BIO 309. ENVIRONMENTAL REGULATION. History of environmental regulation and development of an environmental ethic, environmental advocacy, understanding our national and state environmental regulatory framework, environmental sampling protocol and chain of custody, environmental impact statements. Lecture 3 hours. 3

BIO 312. DENDROLOGY. Identification of selected trees, shrubs, and woody vines by means of field trips and the study of herbarium specimens. Introduction to the collection and preparation of herbarium specimens. Emphasis on species of the southeastern United States. Prerequisite: BIO 102. Lecture 2 hours, laboratory 2 hours. 3
BIO 314. PHYSICAL GEOLOGY FOR THE LIFE SCIENCES. A study of the Earth, its composition, structure and natural processes. Lecture 3 hours, laboratory 2 hours. 4

BIO 317. MICROBIOLOGY. Nonpathogenic and pathogenic bacteria, yeasts, and molds in relation to ecology, disease, public health, foods, and industry. Laboratory includes culture methods, staining, incubation, control, and other bacteriological techniques. Prerequisites: BIO 100; CHE 101, 102, 103, 104, or CHE 101, 103, 212; one semester of organic chemistry strongly recommended. Lecture 2 hours, laboratory 4 hours. 4

BIO 318. INDUSTRIAL MICROBIOLOGY. Principles of microbial detection and control utilized in industrial settings. Prerequisite: BIO 317. Lecture 2 hours, laboratory 4 hours. 4

BIO 328. GENETICS. Principles of heredity; current genetic and biochemical theories. Prerequisites: BIO 102, 103. Lecture 3 hours, laboratory 3 hours. 4

BIO 329. MEDICAL TERMINOLOGY. Development of a working vocabulary of medical terminology as applied in health-related professions. Emphasis on pronunciation, spelling, and correct usage. Lecture 3 hours. 3

BIO 334. INVESTIGATING THE NATURAL WORLD. Subject matter of elementary school science. Prerequisites: elementary education major, one course in biological science and one course in physical science. Lecture 3 hours, laboratory 3 hours. 4

BIO 336. INVERTEBRATE ZOOLOGY. Biology, taxonomy, and ecology of invertebrates. Prerequisite: BIO 103. Lecture 2 hours, laboratory 4 hours. 4

BIO 340. ENTOMOLOGY. Biology, ecology, reproduction, and classification of insects. Prerequisite: BIO 103. Lecture 2 hours, laboratory 2 hours. 3

BIO 343. COMPARATIVE VERTEBRATE ANATOMY. Anatomy of the vertebrates, with emphasis on phylogenetic relationships among the classes; laboratory study of representative types. Prerequisite: BIO 103. Lecture 2 hours, laboratory 4 hours. 4

BIO 344. FIELD ZOOLOGY OF HIGHER VERTEBRATES. Systematics and ecology of birds and mammals of the southeastern U.S. Museum and field studies. Prerequisite: BIO 103. Lecture 2 hours, laboratory 2 hours. 3

BIO 348. PROBLEMS IN BIOLOGY. Independent research on problems of interest to student and instructor that may involve library, laboratory, and field work. May be repeated for a maximum of four semester hours credit. Prerequisite: GPA of 3.0 and permission of instructor. 1-4

BIO 364. SELECTED TOPICS IN MODERN BIOLOGY. Presentations by guest speakers on current developments and special problems of interest to students and faculty. Open to biology majors and minors. May be repeated for a maximum of four semester hours credit. Prerequisites: Satisfactory completion of BIO 100, 102, 103. 1
BIO 380. ENVIRONMENTAL SCIENCE INTERNSHIP. Field studies with an approved agency or industry. Prerequisites: Junior standing in the Environmental Science major and approval of the advisor and department chair. Prior arrangement is required. 1-6

BIO 402. MICROBIAL GENETICS. Genetic mechanisms of microbial response to changing environmental conditions with emphasis on pathogenicity and bioremediation. Lecture 2 hours, laboratory 4 hours. Prerequisites: BIO 317, BIO 442 recommended. 4

BIO 403. PLANT PROPAGATION AND CULTURE. Methods of plant propagation including seeding, traditional asexual propagation, and micropropagation; seed technology; genetics and biotechnology in plant science; methods of cultivation in soil, artificial media, and hydroponic media; experimental design in plant studies. Prerequisites: BIO 405, 410. Lecture 2 hours, laboratory 4 hours. 4

BIO 404. ECONOMIC BOTANY. The study of economically important plants of the world with emphasis on origins, genetics, diversity, and utilization by humanity. Survey of agricultural and horticultural crop plants, fiber plants, forest trees, and medical and ethnobotanical plants. Prerequisite: BIO 102. Lecture 3 hours, laboratory 2 hours. 4

BIO 405. PLANT PHYSIOLOGY. Physiology of vascular plants with emphasis on angiosperms; water relations, translocation, mineral nutrition, photosynthesis, growth, hormones, and physiology of reproduction. Prerequisites: BIO 102, 300. Lecture 3 hours, laboratory 3 hours. 4

BIO 406. PLANT PATHOLOGY. The study of plant pathogenic organisms, including viruses, bacteria, fungi, and invertebrates; pathogen life cycles and effects of pathogens on host plants; ecophysiology of plant pathogens; pathogen management and control with emphasis on economic plants. Prerequisite: BIO 410. Lecture 2 hours, laboratory 4 hours. 4

BIO 408. BIOLOGY OF NONVASCULAR PLANTS. Biology of the algae, fungi, and bryophytes, emphasizing morphology, life histories, and systematics, but also including physiology, and ecology. Laboratory includes identification, isolation, and culture methods. Prerequisites: BIO 102. Lecture 3 hours, laboratory 3 hours. 4

BIO 410. PLANT ANATOMY. Organization and development of the vegetative and reproductive tissues and organs of seed plants with emphasis on angiosperms. Prerequisites: BIO 102, 300. Lecture 3 hours, laboratory 2 hours. 4

BIO 411. FIELD BOTANY. Taxonomic principles. Field and laboratory identification of local plants. Prerequisite: BIO 102. Lecture 2 hours, laboratory 2 hours. 3

BIO 414. ENVIRONMENTAL GEOLOGY. Geologic related consequences of the interaction between people and the physical environment, including natural geologic hazards; minerals, energy, water and soil resources; and global change and decision making. Field trips to environmentally sensitive sites. Prerequisite: BIO 314 or permission of instructor. Lecture 3 hours. 3
BIO 416. SOIL SCIENCE AND BIOLOGY. The soil as a natural body. Soil development and taxonomy, physical and chemical characteristics of soils, the role of soils in plant growth and mineral nutrition, soil ecology and microbiology, fate of soil pollutants and solid wastes, soil conservation. **Prerequisites:** BIO 301 and permission of instructor. Lecture 2 hours, laboratory 4 hours. 4

BIO 419. BIOSTATISTICS. Examination of the principles of probability and statistics from a biological point of view. Emphasis on thoughtful selection and application of appropriate statistical analysis procedures for biological research. Topics include probability, prediction, distribution, descriptions, variables, hypotheses, and common parametric and nonparametric statistical tests. A student who has earned credit in MAT 300 cannot receive credit for this course. **Prerequisite:** MAT 104. 3

BIO 420. RESEARCH DESIGN AND ANALYSIS. Data management, data transformation, research design, application of advanced statistical tests (ANOVA, MANOVA, multivariate analysis, nonlinear model fitting, cluster analysis, principle components analysis) to large data sets, use of computer statistical packages, selection and use of graphs to discover and illustrate characters and relationships. **Prerequisites:** BIO 419 and permission of instructor. 3

BIO 421. LIMNOLOGY. Physical, chemical, and biological parameters influencing productivity of freshwater systems, including lakes, rivers, and streams. **Prerequisites:** BIO 102, 103; CHE 101, 102, 103, 104. Lecture 2 hours, laboratory 4 hours. 4

BIO 422. WATER POLLUTION BIOLOGY. Causes, effects and treatment of waterborne pollutants; chemistry and biology of water pollution; water microbiology and evaluation techniques; ecotoxiology methods; laboratory methods in water pollution monitoring and control. **Prerequisite:** BIO 301. Lecture 2 hours, laboratory 4 hours. 4

BIO 423. HISTOLOGY. Microscopic anatomy of mammalian cells, tissues and organs. Characteristics, organization and identification obtained through the study of tissue sections. **Prerequisites:** BIO 103, 300. Lecture 3 hours, laboratory 2 hours. 4

BIO 424. DEVELOPMENTAL BIOLOGY. Combines aspects of classical embryology, developmental mechanics, ecotoxology, and the evolution of development. **Prerequisites:** BIO 103, 300. Lecture 3 hours, laboratory 2 hours. 4

BIO 425. MEDICAL ENTOMOLOGY. Arthropods of medical importance; distribution, biology, and control; collection and identification. **Prerequisites:** BIO 340 or BIO 447. Lecture 2 hours, laboratory 2 hours. 3

BIO 427. IMMUNOLOGY. The immune mechanism of vertebrates as it applies to allergies, tissue compatibility, autoimmune diseases, resistance to infectious diseases, and clinical testing. **Prerequisites:** BIO 317; CHE 319, 320, 321, 322 or CHE 212; CHE 311. Lecture 3 hours, laboratory 3 hours. 4

BIO 425. METHODS AND MATERIALS IN THE BIOLOGICAL SCIENCES. Experiences with field and laboratory biological methods suitable for use with middle school/junior high school and secondary school students. **Prerequisite:** B.S.E. Biology education major. 3
BIO 438. FIELD ICHTHYOLOGY. An examination of fishes of the southeastern United States with emphasis on ecology and systematics. Laboratory experiences include taxonomic surveys, habitat assessment, and trophic relationships. Prerequisite: BIO 301 or permission of instructor. Lecture 2 hours, laboratory 4 hours. 4

BIO 439. FIELD HERPETOLOGY. Focuses on amphibians and reptiles of the southeastern United States, especially Mississippi. Laboratory experiences include taxonomic surveys, habitat assessment, and trophic relationships. Prerequisite: BIO 301 or permission of instructor. Lecture 2 hours, laboratory 4 hours. 4

BIO 440. EVOLUTION AND SYSTEMATICS. History of taxonomy and evolutionary theory, methods of speciation and evolution, current principles and theories, and an exploration of classical and modern literature. Prerequisites: BIO 328 and a minimum of one plant or animal systematics course. 3

BIO 442. BIOTECHNOLOGY. Methods to isolate, amplify, manipulate, and analyze DNA sequences. Societal implications of DNA technology are considered. Prerequisites: One semester of organic chemistry and cell biology or biochemistry. Lecture 3 hours, laboratory 3 hours. 4

BIO 445. ANIMAL BEHAVIOR. Ethology, sociobiology, and evolution of behavior with emphasis on naturalistic observation. Prerequisite: permission of instructor. 3

BIO 446. AQUATIC ENTOMOLOGY. Collection, preservation, identification, ecology, and life cycles of freshwater insects with emphasis on environmental assessment. Prerequisite: BIO 103. Lecture/laboratory 3 hours. 3

BIO 447. PARASITOLOGY. Taxonomy, morphology, life cycles, control, and medical importance of parasites of humans and animals. Prerequisite: BIO 103, 300. Lecture 3 hours, laboratory 2 hours. 4

BIO 449. LANDSCAPE ECOLOGY. Influence of biotic and abiotic processes on the characterization, pattern development, spatial heterogeneity and dynamics of landscapes. Applications and techniques using GIS, GIS and GPS. Prerequisites: BIO 301 and one additional field-oriented offering. Lecture 3 hours, laboratory 2 hours. 4

BIO 459. CONSERVATION BIOLOGY. Integrates fundamental relationships between organisms and their environment with investigations in population/community biology, and wildlife management. Prerequisites: BIO 301, and two additional field-oriented offerings recommended. Lecture 3 hours, laboratory 2 hours. 4

BIO 460. COMPARATIVE VERTEBRATE PHYSIOLOGY. Homeostatic and adaptational integration of organ and system function as exemplified by nonhuman vertebrates. Prerequisite: BIO 300. Lecture 3 hours, laboratory 3 hours. 4

BIO 464. HUMAN PHYSIOLOGY. An in-depth study of the functions of the human body with emphasis on homeostatic mechanisms. Prerequisite: BIO 300 or permission of the instructor. 3
BIO 465. PATHOPHYSIOLOGY. The study of physiological and biological manifestations of disease. **Prerequisites:** Comparative vertebrate anatomy and physiology or human anatomy and physiology. 3

BIO 470. INTERNSHIP. Field studies with an approved professional agency or industry. Open only to advanced biology majors. **Prerequisites:** approval of advisor and department chair. Not to exceed 4 hours total. 1-4

BIO 471. ECONOMIC ENTOMOLOGY. Injurious and beneficial insects with emphasis on regional insects and crops. Insect life cycles and physiology; modern methods of control, including integrated pest management programs. **Prerequisites:** BIO 103, BIO 340 recommended. Lecture 2 hours, laboratory 2 hours. 3

BIO 477. WETLAND ECOLOGY. Structure and function of wetlands. Methods of delineation using hydrologic, soil, and vegetation indicators. Emphasis on the southeastern U.S. **Prerequisites:** BIO 301, CHE 101, 102, 103, 104. Lecture 2 hours, laboratory 4 hours. 4

BIO 492. SPECIAL TOPICS: ________. Current developments in the biological sciences. May be repeated with change in topic. Total credit not to exceed 6 hours. 1-4

BIO 499. READINGS IN BIOLOGY. Oral and written discussion based on the reading of classic, popular and current works of science. **Prerequisite:** Senior standing. 3

CUR 456. TRENDS IN TEACHING THE SCIENCES. See CUR 456 in the Division of Curriculum and Instruction. 3

CUR 493. TEACHING THE SCIENCES. See CUR 493 in the Division of Curriculum and Instruction. 3

**DEPARTMENT OF HISTORY**

Professors: Dallas, Lamar, Morgan (Chair),
J. E. Robinson, Thornell
Associate Professor: Davis
Assistant Professor: Laver
Instructor: L. Clark
Part-time Instructor: T. Boschert
(662) 846-4170

The purposes of the Department of History are to encourage faculty and students to analyze critically and interpret the past and effectively communicate their findings; to instill in the general student an appreciation of the discipline of history; to provide an opportunity for specialized study in the several fields of history; to assist in the preparation of elementary and secondary school teachers; and to provide a foundation for graduate study in the field.

The Department of History offers a major leading to the Bachelor of Arts degree, designed to provide a well-rounded liberal arts education. Students desiring to
meet the State Certification requirements for secondary school teaching may do so by additional hours.

The general education history requirement (six hours from: HIS 101, 102, 201, 202, 203, 204) is prerequisite to all other history courses

**HIS 101. HISTORY OF CIVILIZATION TO 1648.** Ancient and Medieval periods and factors involved in the transition to the modern world. Emphasis on Western Civilization. 3

**HIS 102. HISTORY OF CIVILIZATION, 1648-PRESENT.** Age of Absolutism to contemporary times. Emphasis on Western Civilization. 3

**HIS 201. UNITED STATES HISTORY TO 1865.** Political, social, cultural, and economic survey. 3

**HIS 202. UNITED STATES HISTORY, 1865-PRESENT.** Political, social, cultural, and economic survey. 3

**HIS 203. HISTORY OF THE AMERICAS THROUGH COLONIAL TIMES.** Political, economic, social, and cultural survey of Latin America, Canada, and the United States. 3

**HIS 204. HISTORY OF THE AMERICAS, INDEPENDENCE PERIOD TO PRESENT.** Political, economic, social, and cultural survey of Latin America, Canada, and the United States. 3

**HIS 400. HISTORIOGRAPHY AND THE PHILOSOPHY OF HISTORY.** Method, literature, and philosophical approach to history. 3

**HIS 406. THE AMERICAN MILITARY EXPERIENCE, 1775-PRESENT.** The role of the military with emphasis on the relationship of military policy, organization, and technology to political, social, and economic developments. 3

**HIS 409. MODERN ARCHIVAL MANAGEMENT.** The theories of archives administration and the application of archival concepts and principles. 3

**HIS 410. AMERICAN INTELLECTUAL HISTORY.** A study of American philosophy and thought from colonial times to the present. 3

**HIS 411. MISSISSIPPI HISTORY.** Social, political, economic, and cultural history of the state of Mississippi. 3

**HIS 416. THE ANCIENT WORLD TO 500 A.D.** Political, social, and cultural development. 3

**HIS 418. HISTORY OF CHRISTIANITY.** The history of Christianity from its origins in the Ancient Near East through the Middle Ages. 3

**HIS 420. MEDIEVAL HISTORY, 500-1500.** Political, social, cultural, and economic development in Western Civilization. 3

**HIS 422. RENAISSANCE AND REFORMATION, 1300-1648.** Renaissance and Reformation as elements in the transition from Medieval to Modern Europe. 3

**HIS 423. EUROPE, 1648-1815. ABSOLUTISM, ENLIGHTENMENT, FRENCH REVOLUTION, AND NAPOLEON.** Divine Right Monarchy, the rise of science, the enlightenment and background of the French Revolution. 3

HIS 461. ENGLISH HISTORY, 1688-PRESENT. Political, social, economic, and cultural developments. 3

HIS 462. CHINA AND JAPAN. Political, social, economic, and cultural developments from the earliest times to the present. 3

HIS 466. HISTORY OF RUSSIA. Political, social, economic, and cultural developments. 3

HIS 468. LATIN AMERICAN HISTORY, PRE-EUROPEAN TO COLONIAL PERIOD. Political, social, economic, and cultural developments. 3

HIS 469. LATIN AMERICAN HISTORY, INDEPENDENCE TO MODERN PERIOD. Political, social, economic, and cultural developments. 3

HIS 470. UNITED STATES DIPLOMATIC HISTORY. U.S. foreign policy from the Revolution to the present, with emphasis on the twentieth century. (Formerly HIS 405) 3

HIS 471. THE ABC POWERS: HISTORY OF ARGENTINA, BRAZIL, AND CHILE. Political, social, economic, and cultural developments. 3

HIS 472. HISTORY OF MEXICO. Political, social, economic, and cultural developments. 3

HIS 480. CONTEMPORARY WORLD, 1945-PRESENT. Political, social, economic, and cultural developments. 3

HIS 492. SPECIAL TOPICS IN HISTORY. Current developments in History. 1-6

HIS 499. INDEPENDENT STUDIES IN HISTORY. Readings and independent study for students majoring in the fields of history or the social sciences. Open upon the recommendation of the history faculty and approval of the chair of the Department. 3

DIVISION OF LANGUAGES AND LITERATURE

Professors: Burgos-Aguilar, S. Ford, Hays, Pennington, Sarcone, Shawhan (Chair), Solomon, Spencer, J. Tomek
Associate Professors: King, Simpson
Assistant Professors: Barnwell, Bell, G. Clark, N. Clark, Elkins, J. Ford, Moon
Instructors: Byrd, Horton, Y. Tomek
Part-time Instructors: Correro, Everett, Fisher, McQuagge, Phillips,
(662) 846-4060

The Division of Languages and Literature offers baccalaureate degrees in English (with three options for concentration), Foreign Language (with concentrations in French, German, and Spanish), and Journalism. Courses in the Division teach students the values and function of the written and spoken word. Freshman and sophomore English courses teach effective writing as well as critical appreciation of literature. Advanced English courses help students to understand and evaluate literature of particular ages and types. Foreign language courses teach students proficiency in reading and speaking French, German, or Spanish; at the same time, students are learning to understand and appreciate the manners and aspira-
tions conveyed through those languages. Philosophy courses offer students opportunities to pose and respond to fundamental questions about human existence and human values. In basic speech courses, students learn to express their ideas with clarity and confidence. In speaking courses they learn major modes of public address and discussion. In theater courses, they learn to achieve vitality in performances as actors, directors, or technicians.

**DIANE STEWART FOREIGN LANGUAGE LABORATORY.** The University provides a professionally staffed laboratory where computers and audio and video cassettes and players are available. The staff provides individual assistance to students upon request. Use of the laboratory is encouraged for all foreign language students and is required in most elementary and intermediate courses. The University has a great number of literary masterpieces on cassette tapes available in the laboratory.

**THE WRITING CENTER.** The Writing Center, under the direction of the English faculty, is a campus-wide service providing consultation to undergraduate and graduate students and to faculty on any of their writing projects. Students may be referred to the Center or may voluntarily use its services.

**SIX HOURS OF ENGLISH COMPOSITION ARE PREREQUISITE TO ALL OTHER ENGLISH COURSES.**

**ENGLISH**

**ENG 090, 091. DEVELOPMENTAL ENGLISH.** Practice in grammar, usage, punctuation, spelling, sentence structure, and paragraph development as they relate to prose composition. 3

**ENG 099. BASIC WRITING SKILLS.** Practice in grammar, usage, punctuation, spelling, sentence structure, and paragraph development as they relate to prose composition. Lecture 3 hours, laboratory 1 hour. 3

**ENG 100. ENGLISH AS A SECOND LANGUAGE.** Skills of language acquisition, including listening, reading, speaking, and writing. Emphasis on verbal and written communication. Does not meet any degree requirements. 3

**ENG 101. ENGLISH COMPOSITION.** Introduction to and practice of the writing process, including discovering, ordering, and editing. 3

**ENG 102. ENGLISH COMPOSITION.** Review and practice of the writing process, emphasizing exposition and including the research paper. **Prerequisite:** ENG 101. 3

**ENG 103. HONORS ENGLISH COMPOSITION.** Intensive introduction to and practice of the writing process involved in a range of writing situations, including expository, argumentative, and research writing. Open to students recommended by ENG 101, 102 instructors; not open to students completing ENG 102; required for students receiving ACT ENG 101 credit. 3

**ENG 203. INTRODUCTION TO LITERATURE.** Short story and novel. **Prerequisite:** ENG 101 and 102, or 103. 3

**ENG 204. INTRODUCTION TO LITERATURE.** Poetry and drama. **Prerequisite:** ENG 101 and 102, or 103. 3
ENG 220, 221, 222, 223. LITERARY MAGAZINE WORKSHOP. Experience in editing, writing, and print production of a literary magazine. Prerequisite: permission of Confidante faculty committee. 1, 1, 1, 1

ENG 300. EXPOSITION. Review of the writing process for students taking the Writing Proficiency Examination (WPE). Graded CR or NC. Prerequisite or corequisite: Enrollment in second semester of ENG literature. 1

ENG 301. EXPOSITORY WRITING. Review of and practice in the writing process, including its application to various disciplines; for students who wish to improve writing skills and for students who do not receive credit for ENG 300. Not applicable to a major or minor in English. 3

ENG 302. CREATIVE WRITING. Introduction to writing various literary genres, organized in a workshop setting, but with attention to individual needs. 3

ENG 303. TECHNICAL WRITING. Practice in reporting technical information with attention to purpose and audience, logic and clarity, design and graphics, and documentation. Prerequisite: ENG 300 or 301. 3

ENG 304. ADVANCED COMPOSITION. Theory and practice in various genres of writing. 3

ENG 307. LINGUISTICS. The scientific study of language and its development from classical to modern times. 3

ENG 309. ENGLISH LITERATURE. From the beginnings through the eighteenth century. 3

ENG 310. ENGLISH LITERATURE. From the nineteenth century to the present. 3

ENG 312. AMERICAN LITERATURE. Puritanism through Romanticism. 3

ENG 313. AMERICAN LITERATURE. Realism through Modernism. 3

ENG 402. POETRY WRITING WORKSHOP. Writing poetry and understanding how poetry works are emphasized in this course. Poetic forms, sound effects, rhythm, diction, line breaks, and imagery are studied in depth. Revising and submitting poems for publication are discussed. Open to both beginning and experienced poets. 3

ENG 406. HISTORY AND GRAMMARS OF THE ENGLISH LANGUAGE. 3

ENG 408. ENGLISH WORDS - THEIR MEANINGS AND ORIGINS. A practical study of English etymology and vocabulary enrichment. Special emphasis on Latin and Greek elements as well as other word origins. 3

ENG 410. CREATIVE DRAMA. (See SPE 410)

ENG 411. CONTEMPORARY LITERATURE. Fiction, poetry, and drama since 1945. 3

ENG 414. MODERN POETRY. Twentieth-century poetry. 3

ENG 415. SOUTHERN LITERATURE. Poetry and prose of leading writers of the South from colonial to modern times with special emphasis on Mississippi writers. 3
ENG 416. UNDERSTANDING FILM. An introduction to the analysis of film. Lecture 2 hours, laboratory 2 hours. 3

ENG 426. THE ENGLISH NOVEL. The eighteenth and nineteenth centuries. 3

ENG 432. CHAUCER. Selected works, with emphasis on the General Prologue to the Canterbury Tales and selected tales representative of literary types in the Middle Ages. 3

ENG 435, 436. SHAKESPEARE. Representative comedies, tragedies, histories, and romances with an introduction to the poetry. 3, 3

ENG 437. GREAT ENGLISH DRAMA. 3

ENG 439. RENAISSANCE. Non-dramatic literature of the sixteenth and early seventeenth centuries. 3

ENG 440. MILTON. Paradise Lost and other selected poetry and prose. 3

ENG 441. RESTORATION AND EIGHTEENTH CENTURY. Prose and poetry from Dryden to Johnson. 3

ENG 443. EARLY NINETEENTH CENTURY. Literature of the Romantic period, Blake through Byron. 3

ENG 444. LATER NINETEENTH CENTURY. Literature of the Victorian Period, Tennyson through Hopkins. 3

ENG 446. THE AMERICAN NOVEL. From the beginnings to the present. 3

ENG 447. MODERN DRAMA. Representative drama of America, Britain, and Europe. 3

ENG 448. MODERN NOVEL. Representative novels of America, Britain, and Europe. 3

ENG 450. MYTHOLOGY. Mythology as background to literature. 3

ENG 451. ENGLISH SEMINAR IN ____________. Concentration on specified author(s), genre(s), literary currents, or topic(s). 3

ENG 452. LITERATURE BY WOMEN. Women's voices in prose and poetry from the fourteenth century to the present. 3

ENG 453. AFRICAN-AMERICAN LITERATURE. The study of major and minor works by African-American writers. 3

ENG 454. NATIVE AMERICAN LITERATURE AND ART. Works by Native American writers and artists and from oral tradition. (See ART 454). 3

ENG 492. SPECIAL TOPICS IN ENGLISH. Current developments or independent study in English. 1-6

ENG 495. APPROACHES TO TUTORING WRITERS. Theoretical and practical approaches to individual writing instruction for Writing Center tutors. Prerequisite: permission of instructor. 1-6
ENG 499. THEATRE TOUR OF LONDON. 3

CUR 456. TRENDS IN THE TEACHING OF LANGUAGE ARTS. See CUR 456 in the Division of Curriculum and Instruction.

CUR 485. TEACHING OF LANGUAGE ARTS IN THE SECONDARY SCHOOL. See CUR 485 in the Division of Curriculum and Division.

FOREIGN LANGUAGES

Major World Languages

For students interested in foreign languages other than the French, German and Spanish regularly offered by the Division, opportunities exist for regular classes or individualized instruction in other select major world languages, subject to instructor availability. When offered, such courses will be creditable through course numbers 101-102, Elementary, for three hours each, with the course prefix and title designating the particular language offered. Students may certify to teach high school French, German, and Spanish.

Interested students should contact the Chair of the Division of Languages and Literature.

Note: Only French, German, or Spanish will fulfill Special Degree Requirements in the B.A. and the B.S. degrees.

French

FRE 101, 102. ELEMENTARY FRENCH. Basic grammar and practice in conversation, reading, and composition. For beginning students and those with not more than one year of high school French. Thirty-minute laboratory sessions twice weekly. 3, 3

FRE 201, 202. INTERMEDIATE FRENCH. Grammar review, conversation, and introduction to French literature. Both courses prerequisite to advanced French courses. 3, 3

FRE 301, 302. ADVANCED FRENCH. Advanced grammar and practice in reading, writing, listening, and speaking. 3, 3

FRE 401, 402. FRENCH LITERATURE. Practice in reading French from selected passages from the Middle Ages to the present. 3, 3

FRE 403. FRENCH CONVERSATION. Practice in speaking French. For students with three semesters of college French. 3

FRE 404. CONTEMPORARY FRENCH SOCIETY. Exploration of political, economic, and other cultural aspects of life in France. 3

FRE 410. FRENCH WOMEN WRITERS. Exploration of French literary history through women's voices. 3

FRE 430. FRENCH POETRY. Reading strategies of poetry with emphasis on Rimbaud, Mallarme', and Baudelaire. 3
FRE 440. FRENCH THEATRE. Reading strategies of performance literature with emphasis on contemporary theatre. 3

FRE 442. CONTEMPORARY LITERARY THEORY. Application of contemporary literary theories, including structuralism, deconstruction, reader response criticism, gender studies, and the new historicism, to literature and film. 3

FRE 451. FRENCH SEMINAR IN ____________. Concentration on specified author(s), genre(s), literary currents, or topic(s). 3

FRE 492. SPECIAL TOPICS IN FRENCH. Current developments in French. 1-6

German

GER 101, 102. ELEMENTARY GERMAN. Basic grammar and practice in conversation, reading, and composition. For beginning students and those with no more than one year of high school German. Thirty-minute laboratory sessions twice weekly. 3, 3

GER 201, 202. INTERMEDIATE GERMAN. Grammar review, conversation, and reading in German literature. Thirty-minute laboratory sessions twice weekly. Both courses prerequisite to advanced German courses. 3, 3

GER 301, 302. ADVANCED GERMAN. Advanced grammar and practice in listening, speaking, reading, and writing. Thirty-minute laboratory sessions twice weekly. Prerequisite: GER 202 or equivalent. 3, 3

GER 401, 402. SURVEY OF GERMAN-LANGUAGE LITERATURE. Literature from the Enlightenment to the present. 3, 3

GER 403, 404. CONTEMPORARY GERMAN SOCIETY. Exploration of German society through reading, writing, and speaking. For students with six semesters of college German. Thirty minute laboratory sessions twice weekly. 3, 3

GER 430. EIGHTEENTH-CENTURY GERMAN-LANGUAGE LITERATURE. 3

GER 440. NINETEENTH-CENTURY GERMAN-LANGUAGE LITERATURE. 3

GER 442. TWENTIETH-CENTURY GERMAN-LANGUAGE LITERATURE. 3

GER 451. GERMAN SEMINAR IN ____________. Concentration on specified author(s), genre(s), literary currents, or topic(s). 3

GER 492. SPECIAL TOPICS IN GERMAN. Current developments in German. 1-6

Spanish

SPA 101, 102. ELEMENTARY SPANISH. Basic grammar and practice in conversation, reading, and composition. For beginning students and those with not more than one year of high school Spanish. Thirty-minute laboratory sessions twice weekly. 3, 3

SPA 201, 202. INTERMEDIATE SPANISH. Grammar review, conversation, and reading in Spanish literature. Thirty-minute laboratory sessions twice weekly. Both courses prerequisite to advanced Spanish courses. 3, 3

SPA 301, 302. ADVANCED SPANISH. Advanced grammar and practice in listening, speaking, reading, and writing. 3,3
SPA 401, 402. THE LITERATURE OF SPAIN. Literature from the Middle Ages to the present. 3, 3

SPA 403. SPANISH CONVERSATION. Practice in speaking Spanish. For students with three semesters of college Spanish. 3

SPA 430, 431. LATIN AMERICAN LITERATURE. From colonial times to 1888 in the first semester, from 1888 to the present in the second semester. 3, 3

SPA 440. SPANISH DRAMA OF THE GOLDEN AGE. The drama from its beginning to 1681. 3

SPA 442. CERVANTES. 3

SPA 451. SPANISH SEMINAR IN ____________. Concentration on specified author(s), genre(s), literary currents, or topic(s). 3

SPA 492. SPECIAL TOPICS IN SPANISH. Current developments in Spanish. 1-6

JOURNALISM

JOU 201. WRITING FOR THE MASS MEDIA. Introduction to basic news writing. Attention to both print and broadcast news styles. Techniques of news gathering, with practical experience in interviewing and writing for publication. Prerequisite: ENG 101. 3

JOU 202. NEWS REPORTING. Continuation of JOU 201, with more emphasis on news gathering, interviewing and writing, plus techniques in editing and page design. Lab required. Prerequisite: JOU 201. 3

JOU 203. PHOTOJOURNALISM. Introduction to news, features and sports photography and related elements for use in print media. The course will cover basic photography techniques as they relate to the print media. 3

JOU 205. SPORTS WRITING. Techniques of writing and editing news stories about sports. Prerequisite: ENG 101. 3

JOU 215. NEWSPAPER WORKSHOP. Practical experiences for DELTA STATEMENT staff. One hour per semester not to exceed 4 hours. Prerequisite: Permission of instructor. 1

JOU 220. YEARBOOK WORKSHOP. Practical experiences for University yearbook staff. One hour per semester not to exceed 4 hours. Prerequisite: permission of instructor. 1

JOU 301. EDITING FOR PRINT MEDIA. Practice with editorial roles such as assigning stories to reporters, correcting and revising copy on the computer, and writing editorials. Prerequisite: JOU 201, 202. 3

JOU 302. PRINT LAYOUT AND DESIGN. The fundamental building blocks of print design: headlines, text, photos, cutlines. 3

JOU 303. HISTORY OF JOURNALISM. American mass media from Colonial days to present in the context of social, economic, and political change. A review of the important periods in American journalism and how it has evolved. 3
JOU 304. FEATURE WRITING. Practice in finding subjects and writing feature stories. **Prerequisites:** JOU 201, 202. 3

JOU 401. INVESTIGATIVE REPORTING. Locating, understanding, and using public records, documents, and other legitimate sources to determine and write the story. 3

JOU 492. SPECIAL TOPICS IN JOURNALISM. Current developments in journalism. 1-6

JOU 493. INTERNSHIP IN JOURNALISM. 3-6

**SPEECH COMMUNICATION**

Communication

SPE 101. FUNDAMENTALS OF SPEECH COMMUNICATION. Theory and practice of interpersonal, small group, and public speaking. **Prerequisite** to speech courses numbered 200 and above. 3

SPE 111, 112, 211, 212. SPEECH LABORATORY. Open to all students. 1, 1, 1, 1

SPE 201. COMMUNICATION THEORY. An historical overview of the major theoretical paradigms in the speech communication discipline. Prerequisite for upper level speech courses 202, 205, 306, 311, 318, 319, 325, 440, 492, and 493. 3

SPE 202. INTERPERSONAL COMMUNICATION. Exchanges of meaning through verbal and nonverbal behavior in informal face-to-face speaking. **Prerequisite:** SPE 201. 3

SPE 205. DEBATE. Debate in theory and practice. Emphasis on debate as a tool for democratic decision-making. **Prerequisite:** SPE 201. 3

SPE 306. SMALL GROUP DISCUSSION. Group discussion in problem-solving and learning situations. **Prerequisite:** SPE 201. 3

SPE 311. ORAL INTERPRETATION. Techniques for oral reading of literature. **Prerequisite:** SPE 201. 3

SPE 318. MASS COMMUNICATION. An examination of the forms of media, their development and influence on society. **Prerequisite:** SPE 201. 3

SPE 319. AUDIO/VIDEO PRODUCTION. Planning and production of programs for mass media, including radio and television. **Prerequisite:** SPE 201, 318 or permission of instructor. 3

SPE 325. INTERCULTURAL COMMUNICATION. Introductory survey of the major concepts and issues in the field of intercultural communication. Topics range from ethnocentrism to ethics. A critical analysis of various intercultural and intracultural case studies. **Prerequisite:** SPE 201. 3

SPE 326. INDIVIDUAL STUDY. 3

SPE 440. RHETORICAL CRITICISM. An examination of methods used to analyze rhetorical texts. **Prerequisite:** SPE 201. 3
SPE 492. SPECIAL TOPICS IN SPEECH. Current developments in Speech. 
Prerequisite: SPE 201. 1-6

SPE 493. INTERNSHIP IN COMMUNICATION. Projects and experiences in the 
public speaking professions, including radio or television, under the supervision 
of experienced personnel. Minimum of 150 or 300 hours Prerequisite: SPE 201 
and permission of instructor. 3, 6

Theater

SPE 221, 222, 223, 224. THEATER ACTIVITIES. 1, 1, 1, 1

SPE 225. INTRODUCTION TO THEATER. Dramatic art and its relation to other 
fine arts. 3

SPE 226. TECHNICAL THEATER PRODUCTION. Experiences in dramatic pro-
duction. Two lectures and two workshops per week. 3

SPE 309. ACTING. Two hours lecture, two hours laboratory. 3

SPE 320. HISTORY OF THE THEATER. Development of the theater from the 
Greeks to the present. 3

SPE 331. DIRECTING FOR THEATER. Two hours lecture, two hours laboratory. 3

SPE 339. DRAMATIC PERFORMANCE AND PRODUCTION. Theater production 
on an internship basis. Credit varies with amount of time and responsibility 
involved. May be repeated for maximum of six semester hours credit. 1-6

SPE 350. SEMINAR IN PLAY PRODUCTION. 3

SPE 410. CREATIVE DRAMA. Creative drama as it contributes to the intellectual 
and social growth of children. 3

PHILOSOPHY

PHI 201. INTRODUCTION TO PHILOSOPHY. Philosophical methods, prob-
lems, values, and themes through a study of representative philosophers. 3

PHI 405. CREATIVE AND CRITICAL THINKING. Correct principles of reasoning, 
semantics, propaganda, common fallacies, and scientific methodology. 3

PHI 406. ETHICS. Principal theories of the ideal approach to life, the status of 
value, and the problems of morality in relation to specific areas of modern life. 3

PHI 410, 411. HISTORY OF WESTERN PHILOSOPHY. First semester studies 
Greeks through Renaissance. Second semester continues survey to modern times. 
Prerequisite: PHI 201. 3, 3

PHI 441. PHILOSOPHY OF RELIGION. Systematic consideration of such con-
cepts as existence of God, faith, creation, revelation, miracles, and problem of 
evil. 3

PHI 442, 443. RELIGIONS OF THE WORLD. PHI 442, considers Judaism, 
Christianity, and Islam. PHI 443 considers Hinduism, Buddhism, Confucianism, 
and Taoism. 3, 3
PHI 470. PHILOSOPHY AND LITERATURE. Philosophical issues and implications of selected literary works. 3

PHI 492. SPECIAL TOPICS IN PHILOSOPHY. Current developments in Philosophy. 1-6

DEPARTMENT OF MATHEMATICS

Professors: Norris, R.E. Strahan (Chair), Wear
Associate Professor: Rodgers, Wingard
Assistant Professors: Waller,
Instructors: D. Blansett,
Part-time Instructor: Kinnison
(662) 846-4475

The purposes of the Department of Mathematics are to prepare teachers of mathematics for the elementary and secondary schools, to provide a foundation for professional careers in mathematics, and to provide for the mathematical needs of the general student.

The Department offers a major in mathematics in the B.S. degree and a major in mathematics education in the B.S. in Education degree. A student who plans to teach may take either the B.S. or B.S. in Education degree, but the person who takes the B.S. degree should elect the general education and professional education courses necessary to meet certification requirements. MAT 121, 131, 231, and 331 may not be applied toward a major or minor in mathematics. MAT 300 may not be applied toward a B.S. major or minor in mathematics.

A mathematics major in the B.S. degree interested in a career in computer work should include MAT 441, 442, and 444 in his program. Computer language courses offered by the College of Business are recommended. A minor in Computer Information Systems would include such courses.

The Department of Mathematics offers a program of pre-engineering designed for the student who wishes to complete a portion of an engineering curriculum before attending an engineering school. Proper electives enable students to direct their work toward the particular phase of engineering desired.

Admission Policy for Programs Offered Through The Mathematics Department

Provisional Admission

Students entering Delta State University who declare a major offered through the Department of Mathematics are initially admitted with provisional status. Students who demonstrate satisfactory performance in a core of introductory mathematics courses (as defined below) are granted full admission to the program. The intent of this policy is to assure that all students gain basic knowledge and skills in introductory core courses that are required for the level of scholarship expected from them in their advanced studies and in their future professions.

Full Admission

Full Admission is granted upon satisfactory completion of the following introductory mathematics core:
Satisfactory completion is defined as having completed a course with a grade of C or better. **Any grade below C must be removed by repeating the course and earning a grade of C or better.** Students should be aware that repeating courses may increase the time required for graduation.

When students fulfill the core requirements, they are considered to be adequately prepared to continue with advanced mathematics courses and are granted **full admission** to the program. **A student who has not been granted full admission will not be permitted to register for any upper division mathematics course.** Upper division courses are those MAT courses numbered above 205.

At the close of each semester, students’ records will be reviewed by their advisors and the Chair of the Curriculum Committee. The Curriculum Committee will notify students by letter when they achieve full admission status. Students may check their status at any time by contacting their advisors.

Requirements for full admission also apply to students who transfer credit from other institutions. Courses equivalent to the core courses listed above must have been completed with grades of C or better to be accepted for transfer credit. Verification of transcripts should be completed prior to the start of the first semester of enrollment. Upon enrolling for the first semester, a transfer student whose transcript has not been verified will be given provisional status. When it has been verified that students have fulfilled the requirements, they will be granted full admission status. Enrollment in upper division courses will not be permitted until full admission status has been granted.

**Requirements for Graduation**

In addition to the graduation requirements stated in the University Bulletin, the Department requires satisfactory academic performance in major courses. Specifically, this means that **the GPA in upper level courses within the major must be at least 2.5 overall and a 2.5 on upper level major courses completed at DSU. No grade below C in a required major course may be applied toward graduation. Any grade below C must be removed by repeating the course and earning a C or better grade.**

**Failure to Maintain Satisfactory Academic Standing**

A student with full admission status who fails to maintain good academic standing will be placed on departmental academic probation. When students’ GPA in upper level mathematics courses has fallen below 2.0, they will be warned that they are in danger of being placed on probation, and that the problem course or courses should be retaken. A student who fails to improve the GPA in upper level mathematics to 2.0 or above within two semesters of being warned will be placed on probationary status. A student on probation will not be permitted to advance in mathematics coursework until such time that the probationary problems have been corrected. Students should be aware that being on probation may increase the time required for graduation.

**MATHEMATICS**

**MAT 090, 091. DEVELOPMENTAL MATHEMATICS.** Operations with whole numbers, fractions, and decimals; percent; and measurement. 3

**MAT 099. INTERMEDIATE ALGEBRA.** Fundamentals of elementary algebra. Students who have not had two years of high school algebra (or the equivalent) must take this course before taking MAT 103 or 104. Does not meet any degree requirement. 3
MAT 103. QUANTITATIVE REASONING. Numerical, visual, verbal, and symbolic aspects of quantitative reasoning with emphasis on interpretation of quantitative information in real world problems. Satisfies general education requirements. **Prerequisites:** 2 years of high school algebra or equivalent. 3

MAT 104. COLLEGE ALGEBRA. Review of fundamentals; linear and quadratic equations and inequalities; functions and graphs; systems of equations and inequalities; and theory of equations. A student who has earned credit in MAT 106 cannot receive credit for this course. **Prerequisite:** 2 years of high school algebra or equivalent. 3

MAT 105. PLANE TRIGONOMETRY. Trigonometric functions; identities; trigonometric equations; applications. A student who has earned credit in MAT 106 cannot receive credit for this course. **Prerequisite or Corequisite:** MAT 104. 3

MAT 106. PRECALCULUS. Emphasis on algebraic and trigonometric functions including exponential and logarithmic functions. A student who has earned credit in MAT 104 or 105 cannot receive credit for this course. **Prerequisites:** 2 years of high school algebra, 1 year of geometry, and senior mathematics. 3

MAT 121. FINITE MATHEMATICS AND INTRODUCTION TO CALCULUS. Introduction to linear and quadratic functions, inequalities, matrices, linear programming, counting techniques, probability, exponential functions, calculus of the polynomials, and the use of technology in mathematical modeling. **Prerequisite:** MAT 103 or 104. 3

MAT 131. NUMBER SYSTEMS OF ARITHMETIC. Structure and properties of the number systems of arithmetic. Primarily for prospective or in-service teachers. **Prerequisite:** MAT 103 or 104. 3

MAT 200. INTRODUCTION TO COMPUTER SCIENCE. Description of the computer, its logical structure, and functioning of its parts; algorithms; PASCAL language; applications in mathematics and science. **Prerequisite:** MAT 104 or 106. 3

MAT 203. BUSINESS CALCULUS. Graphs, lines, functions, limits, continuity, curve sketching, differentiation, optimization and their application to business with polynomial, algebraic, exponential and logarithmic functions, functions of several variables and partial derivatives. **Prerequisites:** A grade of at least C in MAT 104 or 106. 3

MAT 205. UNIFIED CALCULUS AND ANALYTICS. First course of a three semester sequence covering essentials of analytic geometry and concepts of differentiation and integration of algebraic functions. May serve as a terminal course for those who need the basics of differentiation and integration. **Prerequisites:** MAT 104 and 105, or MAT 106 (or equivalent). 5

MAT 206. UNIFIED CALCULUS AND ANALYTICS. Applications of the definite integral, differentiation and integration of logarithmic, exponential, and trigonometric functions, techniques of integration, and hyperbolic functions. **Prerequisite:** MAT 205. 4

MAT 207. UNIFIED CALCULUS AND ANALYTICS. Polar coordinates, infinite series, introduction to solid analytics, partial differentiation, multiple integrals, and solution to simple differential equations. **Prerequisite:** MAT 206. 4
MAT 210. COMPUTER PROGRAMMING FUNDAMENTALS. Introduction to design and construction of programs; emphasis on syntax, structured techniques, problem solving, and logic development. Prerequisite: CIS 205. 3

MAT 215. MATHEMATICS TECHNOLOGY. Introduction to the use and application of technology in the mathematical sciences. Lecture 1 hour, laboratory 1 hour. Prerequisite or Corequisite: MAT 205.1

MAT 231. GEOMETRY, MEASUREMENT, AND PROBABILITY. Informal geometry, measurement, and basic ideas of probability for teachers of elementary and junior high school mathematics. Prerequisite: MAT 131. 3

MAT 300. APPLIED PROBABILITY AND STATISTICAL METHODS. Organization and analysis of data; counting techniques, elementary probability, and probability distributions (normal, standard normal, student t, chi-square); random sampling; hypothesis testing; regression and correlation analysis; introduction to computer assisted data analysis. May not be applied toward a B.S. major or minor in mathematics. Prerequisite: MAT 103 or 104. 3

MAT 322. DIFFERENTIAL EQUATIONS. Linear differential equations with constant coefficients; equations of second order with geometric and physical applications; approximate solutions; operators. Prerequisite or corequisite: MAT 207. 3

MAT 331. MATHEMATICS THROUGH PROBLEM SOLVING. Professionalized subject matter of elementary school mathematics. Prerequisite: MAT 131. 3

MAT 360, 361. REAL ANALYSIS. Real variable theory. Primarily for students who plan to go on to graduate school in mathematics. Prerequisite: Permission of Department Chair and of instructor. 3, 3

MAT 369. HONORS SEMINAR IN MATHEMATICS. Reading and independent study in mathematics for honors students majoring in the field of mathematics. Open only to juniors and seniors and only upon recommendation of the mathematics faculty. 3

MAT 405. HISTORY OF MATHEMATICS. Historical analysis of mathematics as a field of knowledge. Prerequisite: MAT 205. 3

MAT 411. GEOMETRY. Intuitive, synthetic, and analytic approaches to Euclidean and other geometries. Prerequisite: MAT 205. 3

MAT 415. DISCRETE MATHEMATICS. Combinatorics, recurrence relations, linear programming, difference equations, and graph theory. Prerequisite: MAT 205. 3

MAT 425, 426. MODERN ALGEBRA I, II. Structure of general algebraic systems; elementary properties of groups, rings, fields, vector spaces. Prerequisite: MAT 206. 3, 3

MAT 432, 433. SPECIAL TOPICS IN MATHEMATICS. Mathematical concepts and ideas related to elementary and/or secondary school mathematics. Offered only in workshops, in-service programs, and summer institutes. 1-3, 3

MAT 441. PROBABILITY AND STATISTICS. Elementary probability theorem, random variables, Central Limit Theorems, special probability distributions, mo-
ment generating functions, point estimation, confidence intervals, regression and correlation. Prerequisite: MAT 206. 3

MAT 442. LINEAR ALGEBRA. Finite-dimensional vector spaces, matrices, linear transformations, solutions of systems of linear equations. Prerequisite or corequisite: MAT 206. 3

MAT 443. NUMBER THEORY. Divisibility, congruence, linear diophantine equations, prime and composite numbers, and continued fractions. Prerequisite: MAT 205. 3

MAT 444. NUMERICAL ANALYSIS. Solutions of equations, polynomial approximations, initial value problems for ordinary differential equations, matrix inversion. Prerequisites: knowledge of computer programming; MAT 206. 3

MAT 455. APPLIED MATHEMATICS. Model building, non-mathematical origins of problems, formulation of mathematical models, computation and interpretations of results to original problem. Prerequisite: Knowledge of computer programming. 3

MAT 477. MATHEMATICS FOR TEACHERS OF THE MIDDLE GRADES. Professionalized subject matter of mathematics for teachers of grades four through nine; current trends and teaching procedures. Prerequisites: MAT 131 (or the equivalent) or MAT 104 (or equivalent). 3

MAT 490. SENIOR SEMINAR IN MATHEMATICS. Exploration of contemporary mathematical topics through reading and discussion of current journal articles. Emphasis will be placed on connections among mathematical fields. 3

MAT 492. SPECIAL TOPICS IN MATHEMATICS. Current developments in Mathematics. 1-6

CUR 456. TRENDS IN TEACHING MATHEMATICS. See CUR 456 in the Division of Curriculum and Instruction.

CUR 487. TEACHING OF SECONDARY MATHEMATICS. See CUR 487 in the Division of Curriculum and Instruction.

DEPARTMENT OF MUSIC

Professors: Bahr, Banks, Buchanan, Butler, Caudill, Fosheim, McArthur, N. Moore, K. Pettway, Schubert, Wheeler (Chair)
Associate Professor: Hankins
Assistant Professors: Ayers, Cheeseman, L. Hobbs, A. Sanders
Instructor: Lewis
(662) 846-4615

Delta State University is an accredited Institutional Member of the National Association of Schools of Music and is committed to upholding their standards.

The University awards the Bachelor of Music, the Bachelor of Music Education, and the Bachelor of Arts degree with a major in music. The Bachelor of Music degree, with a possible major in any standard band instrument, voice or piano is designed for students who wish to major essentially in an individual performance
area. The Bachelor of Music Education degree meets all requirements for state certification to teach in the public schools of Mississippi, as well as the requirements specified by various other accrediting agencies. The Bachelor of Arts degree with a major in music answers the need of students desiring the broad cultural background which can be supplied only by a liberal arts curriculum. Candidates for the Bachelor of Arts degree with a major in music are required to elect an appropriate minor. Further information concerning specific degree requirements is found in the section of this catalog titled “COURSE REQUIREMENTS FOR DEGREES.”

MISSION STATEMENT. The Department seeks to meet the career needs of music majors and to promote an appreciation of music and the development of musical talents in non-majors by providing courses in the history, theory, teaching, and performance of music.

The Department offers MUS 114, Music in American Culture, and MUS 115, Music in Western Culture, to satisfy the General Education fine arts requirement.

SPECIAL REQUIREMENTS OF THE MUSIC DEPARTMENT. Potential music majors must meet regular Delta State University admission requirements as specified elsewhere in this bulletin. In addition, the incoming student must pass an entrance audition prior to the first semester for entrance into a particular degree. As part of the audition, the student’s knowledge of music theory and notation will be examined. Based on this part of the audition MUS 100 or other remedial work may be required. Should a student decide at a later date to change degrees, another audition might be required.

All students must take a performance examination (for enrollment in upper division performance courses) and an advisory music theory examination prior to registering for the junior year. B.M.E. students are required to pass a theory proficiency examination and a piano proficiency examination prior to student teaching. B.M. students must pass the piano proficiency and theory proficiency examinations prior to graduation. Students must be continuously enrolled in either Class piano (MUS 107, 108, 207, 208) or private piano lessons AMU 125 each semester until all sections of the piano proficiency examination are passed.

Music majors in the B.M.E. and B.A. participate in one large ensemble throughout each semester of residency (except the student teaching semester).

Music Majors in the B.M. participate in two ensembles throughout each semester of residency.

Large ensembles are band, for those whose concentration is instrumental music education and chorus, for those whose concentration is choral music/general music. Assignment to a particular ensemble is made on the basis of an audition.

Students in the B.M.E. degree must meet requirements for the Teacher Education Program and Student Teaching as specified elsewhere in this bulletin.

Candidates for the B.M. present a half recital in the junior year and a full recital in the senior year. A student must be enrolled in the BM degree for a minimum of two semesters prior to giving the junior recital.

Candidates for the Bachelor of Music Education degree are required to present a half recital in the senior year.
Candidates for degrees should also refer to the Department of Music Student Handbook.

**MUSIC SCHOLARSHIPS.** Conditions governing the awarding of scholarships for deserving students, both music majors and non-majors, are presented in the financial section of this bulletin. Each scholarship is reviewed at the end of the current semester. Students must maintain a 2.5 GPA to remain eligible for music scholarships. Holders of Delta State University Music Department Scholarships are informed of special conditions attached to these awards at the time of application.

No grade below C in a required major course may be applied toward graduation. Any grade below C must be removed by repeating the course and earning a C or better grade.

**INDIVIDUAL PERFORMANCE**

Students majoring in music are required to take lessons during their four years in school in a major field of concentration — vocal or instrumental — with the required credit hours so distributed through the four years that instruction is continuous. Entering students will be auditioned for placement in individual performance. Students in individual performance may not advance to upper-division level until approved by a jury examination. At least one-third of the individual performance requirement must be met with upper-division courses. B.A. Music Majors must take MUS 107 and 108. All voice majors and other voice students without prior vocal training are required to take MUS 120 Class Voice.

Instruction in organ at Delta State University may be elected by both music majors and non-majors with the consent of the instructor and the Chair of the Music Department. The University has a Wicks Classic-3 Pipe Organ and two Allen Computer Organs. Requirements: Sufficient study of piano to enable the student to play Bach Inventions, the easier sonatas of Mozart and Beethoven. Prerequisites: Consent of the instructor.

Credit in individual performance is determined at the rate of one hour of credit for each one-half hour private lesson weekly. Students taking two or more semester hours of applied instruction will receive a one clock hour lesson per week. Students taking individual performance are expected to practice a minimum of three hours weekly for each hour of credit. At the end of each semester jury examinations are held. No music major or minor taking individual performance may receive credit for the semester's work without taking the jury examination unless excused by the Chair of the Music Department.

The maximum number of credit hours of individual performance which may be taken in any one semester by a candidate for the Bachelor of Music Education, Bachelor of Music, or Bachelor of Arts with a major in music is four.

**MUSIC THEORY**

**MUS 100. FUNDAMENTALS OF MUSIC.** An introductory course in notation and music theory. Open to all university students. Does not meet general education requirements and may not be applied to a degree in music. 1

**MUS 150, 151. MUSIC THEORY.** Training in harmonic, melodic, and rhythmic elements of music. Skills development in one-, two-, and four-part writing. Lecture-laboratory 3 hours. 3, 3
MUS 152, 153. AURAL THEORY. Ear training, dictation, sight singing, and critical listening. Lecture-laboratory 2 hours. 1, 1

MUS 250, 251. MUSIC THEORY. Continuation of MUS 150, 151. Chromatic harmony, harmonic analysis, and introduction of advanced theoretical concepts. Prerequisites: MUS 150, 151. Lecture-laboratory 3 hours. 3, 3

MUS 252, 253. AURAL THEORY. Continuation of MUS 152, 153. Chromatic melodies and harmony, modulations, and introduction to atonal skills. Prerequisites: MUS 150, 151, 152, 153. Lecture-laboratory 2 hours. 1, 1

MUS 303. MUSIC THEORY PROFICIENCY. Review of freshman and sophomore theory. Designed to help students meet theory proficiency requirement. Includes chromatic harmony, harmonic analysis, forms, and advanced theory concepts. Prerequisites: MUS 150, 151, 152, 153, 250, 251, 252, 253. 1

MUS 304. COUNTERPOINT. 16th, 18th, and 20th century contrapuntal techniques and an examination of large and small contrapuntal forms. Prerequisites: MUS 250, 251. 3

MUS 307. FORM AND ANALYSIS. Music structure and design, extensive analysis of homophonic forms. Prerequisites: MUS 250, 251. 3

MUS 309. CONDUCTING. A first conducting course which emphasizes basic beat patterns, cuing and dynamics. Instrumental and choral conducting are discussed - their commonalities and their differences. 1

MUS 310. CHORAL CONDUCTING. Technique of the baton, score reading, interpretation, and rehearsal procedures for vocal music organizations. Required of all vocal majors. Prerequisites: MUS 250, 251, or consent of instructor. Lecture-laboratory 3 hours. 3

MUS 311. INSTRUMENTAL CONDUCTING. Same as MUS 310 except for instrumental organizations. Required of all instrumental majors. Prerequisites: MUS 250, 251, or consent of instructor. Lecture-laboratory 3 hours. 3

MUS 350. ORCHESTRAITION. Ranges, sonorities and characteristics of woodwind, strings, and percussion instruments. Studies of representative orchestral works of various periods. Original transcriptions and/or compositions for orchestral ensembles to include orchestral instruments with mixed chorus. Prerequisites: MUS 250, 251. 3

MUS 353. COMPOSITION. Original compositions for solo and ensemble, piano, voice, and instruments in a variety of forms and styles ranging from baroque to contemporary. Prerequisites: MUS 307 and consent of instructor. 3

MUSIC LITERATURE

MUS 105. MUSIC LITERATURE. Style and history of the standard repertory of music in Western Civilization from Gregorian chant to the contemporary era. Music majors and minors only or permission of the instructor. 3
MUS 114. MUSIC IN AMERICAN CULTURE. An exploration of the history and culture of American life through music and other art forms. While drawing on Western elements, this course will be inclusive of a variety of ethnic musical traditions which are significant in the development of American folk, popular and art music. Meets general education fine arts requirement. 3

MUS 115. MUSIC IN WESTERN CULTURE. Applied aesthetics for the student whose musical experience has been casual and incidental. Through guided listening, outside reading, visual aids, and correlation with other fine arts subjects, the course aims to make music a significant factor in the life of the student by widening his musical horizons. 3

MUS 301. MUSIC OF THE MIDDLE AGES, RENAISSANCE, AND BAROQUE PERIODS. Music before 1750 viewed in the broad perspective of the trends and movements of general cultural history; emphasis on listening and analysis. Prerequisites: MUS 105, 251. 3

MUS 302. MUSIC OF THE CLASSIC, ROMANTIC AND CONTEMPORARY PERIODS. From 1750 to the present. Prerequisites: MUS 105, 251, 3

MUS 343. VOCAL LITERATURE AND PEDAGOGY. Principles and problems of teaching voice, development of language diction, and voice classification skills. 2

MUS 347. SONG LITERATURE. The art song repertoire from the classical songs of Haydn and Mozart through the French melodic. 2

MUS 359. PIANO LITERATURE AND PEDAGOGY. Teaching materials for piano at all levels with emphasis on actual student teaching experiences in MUS 107, 108. Required of all piano majors. 2

MUS 368, 369. ORGAN LITERATURE AND PEDAGOGY. The technique and materials used in the teaching of organ. History of organ literature. Organ construction and design. Open to organ majors; to other organ students with the consent of the instructor. 1, 1

MUS 370. ITALIAN DICTION FOR SINGERS. Pronunciation rules and application of the International Phonetic Alphabet. 1

MUS 371. GERMAN DICTION FOR SINGERS. Pronunciation rules and application of the International Phonetic Alphabet. 1

MUS 372. FRENCH DICTION FOR SINGERS. Pronunciation rules and application of the International Phonetic Alphabet. 1

MUS 373. GERMAN/FRENCH DICTION. Pronunciation rules and application of the International Phonetic Alphabet. Prerequisite: MUS 374. 1

MUS 374. ENGLISH/ITALIAN DICTION. Pronunciation rules and application of the International Phonetic Alphabet. 1

MUS 396. INDIVIDUAL STUDIES. Individual research projects and development of personal skills. Prerequisite: permission of instructor. 1-3

MUS 399. HONORS SEMINAR IN MUSIC. Juniors and seniors on recommendation of the music faculty. 3
MUSIC EDUCATION

MUS 102. BEGINNING GROUP PIANO FOR ADULTS. Introduction to music reading and basic piano techniques. For non-music majors. 1

MUS 103. PIANO REVIEW. Literature, theory, and techniques. For non-music majors with several years of piano instruction who wish to review skills and augment musical and pianistic knowledge. 1

MUS 104. RECITALS AND ACTIVITIES. 0

MUS 106. PRECISION MOVEMENT. Development of skills in marching, dancing, and flag, baton, and rifle twirling. Prerequisite: permission of instructor. 1

MUS 107, 108. INTRODUCTORY GROUP PIANO AND APPLIED THEORY. Music reading through chord approach, keyboard harmony, transposition, ensemble playing. 1, 1

MUS 109. PIANO ENSEMBLE. Techniques of like and mixed ensemble playing for pianists. 1

MUS 110. MUSIC EDUCATION. Exploration of music education as a profession including career opportunities, curricula, journals and periodicals, research, and lesson planning. 1

MUS 111. PIANO PRACTICUM. Techniques, methods, and materials for teaching piano. Practical supervised experience in teaching piano. Prerequisite: permission of instructor. 1

MUS 112. INSTRUMENTAL PRACTICUM. Techniques, methods, and materials for teaching band instruments. Practical supervised experience in teaching instruments. Prerequisite: permission of instructor. 1

MUS 120. CLASS VOICE. Basic principles of breathing, phonation, placement, and projection. Music majors only. 1, 1

MUS 202. MUSICAL INSTRUMENT REPAIR. Maintenance and repair techniques for musical instruments. Lecture 2 hours, laboratory 1 hour. 2

MUS 207, 208. INTERMEDIATE GROUP PIANO AND APPLIED THEORY. Continuation of MUS 107, 108 which are prerequisites. 1, 1

MUS 306. PRECISION MOVEMENT. Development of skills in marching, dancing, and flag, baton, and rifle twirling. Prerequisite: permission of instructor. 1

MUS 308. MARCHING BAND TECHNIQUES. History of marching band styles. Principles of show design, writing of marching band drill using computer software. 2

MUS 312. PIANO PRACTICUM. Techniques, methods, and materials for teaching piano. Practical supervised experience in teaching piano. Prerequisite: permission of instructor. 1

MUS 313. INSTRUMENTAL PRACTICUM. Techniques, methods, and materials for teaching band instruments. Practical supervised experience in teaching instruments. Prerequisite: permission of instructor. 1
MUS 320. MUSICAL SKILLS AND CONCEPTS FOR CHILDREN. Music, basic skills and resources for providing music experiences in the elementary classroom. Not for music majors. 3

MUS 344. VOCAL PEDAGOGY. Vocal nomenclature, fundamental acoustics, care and hygiene for the voice, teaching methodologies, and pedagogical resources. 2

MUS 354. STRING METHODS AND MATERIALS. Teaching and playing stringed instruments; evaluation of methods and materials. 2

MUS 355. PERCUSSION METHODS AND MATERIALS. Teaching and playing percussion instruments; evaluation of methods and materials. Music majors only. 2

MUS 356. STRINGS, WOODWIND, Brass AND PERCUSSION. Techniques and materials. Vocal and keyboard majors only. 2

MUS 357. BRASS METHODS AND MATERIALS. Teaching and playing brass instruments; evaluation of methods and materials. Music majors only. 2

MUS 358. WOODWIND METHODS AND MATERIALS. Teaching and playing woodwind instruments; evaluation of methods and materials. Music majors only. 2

MUS 388. SCHOOL MUSIC METHODS (Elementary Grades). Methods and materials used by music teachers at elementary level. Emphasis on all phases of music program. Music supervision in elementary grades. Music majors only. 3

MUS 421. ORFF-SCHULWERK. Initial experiences, techniques, and philosophies of Orff-based instruction related to general music classes. 3

MUS 492. SPECIAL TOPICS IN MUSIC (Topic to be Inserted). Current developments in music. 1-6

MUS 495. CURRENT TECHNIQUES IN MUSIC (Topic to be Inserted). New methodology, materials, and priorities in teaching music. Prerequisite: senior standing or permission of the instructor. 3

MUSIC ORGANIZATIONS

MUS 138, 139. DELTA CHORALE. The University touring choir. Open by audition only. 1, 1

MUS 140, 141. CHORUSES. The Delta Singers is open to all students who enjoy singing. Training for improvement of solo voices and in basic principles of group singing. The Delta Chamber Singers is open by audition only. The Delta Choral Union specializes in larger works such as cantatas and oratorios. 1, 1

MUS 145, 146. BAND. Open to all students who play band instruments. Marches, overtures, and concert materials. 1, 1

MUS 148. RENAISSANCE (Popular Music). The analysis, study, selection, and performance of popular music. Prerequisite: Audition upon request of director. 1

MUS 149. INSTRUMENTAL ENSEMBLE (Laboratory Jazz Band). Experimentation in modern sounds and education in the field of jazz. Opportunity to gain playing experience and to arrange for the ensemble. Prerequisite: Consent of instructor. 1
MUS 338, 339. DELTA CHORALE. Continuation of MUS 138, 139. 1, 1
MUS 340, 341. CHORUSES. Continuation of MUS 140, 141. 1, 1
MUS 345, 346. BAND. Continuation of MUS 145, 146. 1, 1
MUS 348. RENAISSANCE (Popular Music). The analysis, study, selection, and performance of popular music. Prerequisite: Audition upon request of director. 1
MUS 349. INSTRUMENTAL ENSEMBLE (Laboratory Jazz Band). Experimentation in modern sounds and education in the field of jazz. Opportunity to gain playing experience and to arrange for the ensemble. Prerequisite: Consent of instructor. 1
MUS 383. INSTRUMENTAL ENSEMBLE (Guitar). Prerequisite: Consent of instructor. 1
MUS 384. INSTRUMENTAL ENSEMBLE (Percussion). Prerequisite: Consent of instructor. 1
MUS 385. INSTRUMENTAL ENSEMBLE (Woodwinds). Prerequisite: Consent of instructor. 1
MUS 386. INSTRUMENTAL ENSEMBLE (Brass). Prerequisite: Consent of instructor. 1
MUS 387. MUSIC THEATRE WORKSHOP. Training and performance in musical drama; opera, operetta, and musicals. Emphasis on acting techniques and skills relating to dialogue, single arias and songs, scenes, and complete productions. Open to all students. Lecture-laboratory 3 hours. 1

COMMERCIAL MUSIC

MUS 101. SONG WRITING. Setting words to music, the features of a successful melody, simple harmonies, getting a song published. For students with no musical background. 3
MUS 109. JAZZ STUDIES. Techniques necessary for the development of jazz improvisational skills with emphasis on practical application. Fundamentals of jazz style, rhythm, and harmony; jazz history; pivotal figures in the development of jazz. Prerequisites: MUS 151, 152 or consent of instructor. Lecture 1 hour, laboratory 1 hour. 2

MUS 130. JAZZ/POPULAR PIANO. Styles and techniques related to performing jazz and popular piano parts including solo and ensemble playing; introduction to improvisation from given choral symbols. 1

The general purposes of the Department of Physical Sciences are to impart scientific knowledge, to instill the scientific attitude in students, and to encourage students to perform at maximum capability. More specifically, the Department prepares science teachers for elementary and secondary schools, offers subject matter concentration for students pointing toward science careers, provides a preprofessional foundation for dentistry, medicine, pharmacy, medical technology, nursing, and other professions, provides graduate study in the physical sciences, and introduces the general student to the physical science disciplines.

Delta State University offers the Bachelor of Science degree with a major in Chemistry. The General Option is the traditional major which prepares the student to enter the job market as a chemist or to pursue advanced study. The American Chemical Society (ACS) Certified Option is a more rigorous course of study which produces a graduate chemist certified by the American Chemical Society. The Premedical/Biochemistry Option is designed for students who wish
to pursue advanced study in the health-related professions including dentistry and medicine. The Teacher Certification Option is for those who wish to teach at the secondary level.

The Department of Physical Sciences cooperates with the Department of Biological Sciences in the premedical, premedical technology, and other allied health programs.

Admission Policy for Programs Offered Through
The Department of Physical Sciences

Provisional Admission

Students entering Delta State University who declare a major offered through the Department of Physical Sciences are initially admitted with provisional status. Students who demonstrate satisfactory performance in core of introductory science courses (as defined below) are granted full admission to the program. The intent of this policy is to insure that all students gain basic knowledge and skills in introductory core courses that are required for the level of scholarship expected from them in their advanced studies and in their future professions.

Full Admission

Full admission is granted upon satisfactory completion of the following introductory science core:

- MAT 104 & 105, or 106 College Algebra, Plane Trigonometry, or Precalculus
- CHE 101, 102 General Chemistry
- CHE 103, 104 General Chemistry Laboratory

Satisfactory completion is defined as having completed a course with a grade of C or better. Any grade below C must be removed by repeating the course and earning a C or better grade. Students should be aware that repeating courses may increase the time required for graduation. When students fulfill the core requirements, they are considered to be adequately prepared to continue with advanced chemistry courses and are granted full admission to the program. A student who has not been granted full admission will not be permitted to register for any upper division chemistry course. Upper division courses are those CHE courses numbered 300 and above.

At the close of each semester, students' records will be reviewed by their advisors and the chair of the Committee on Undergraduate Programs. The Committee on Undergraduate Programs will notify students by letter when they achieve full admission status. Students may check their status at any time by contacting their advisors or the department office.

Requirements for full admission also apply to students who transfer credit from other institutions. Courses equivalent to the core courses listed above must have been completed with grades of C or better to be accepted for transfer credit. Verification of transcripts should be completed prior to the start of the first semester of enrollment. Upon enrolling for the first semester, a transfer student whose transcript has not been verified will be given provisional status. When it has been verified that students have fulfilled the requirements, they will be granted full admission status. Enrollment in upper division courses will not be permitted until full admission status has been granted.
Requirements for Graduation

In addition to the graduation requirements stated in the University Bulletin, the Department requires satisfactory academic performance in all major courses. Specifically, this means that no grade below C in a required major course may be applied toward graduation. Any grade below C must be removed by repeating the course and earning a C or better grade. This requirement is in addition to the University requirement for maintaining a 2.0 quality point average for all major course work.

Failure to Maintain Satisfactory Academic Standing

A student with full admission status who fails to maintain good academic standing will be placed on departmental academic probation. When students first receive a grade below C in an upper division major course, they will be warned that they are in danger of being placed on probation, and that the problem course or courses must be retaken. A student who fails to improve such grades to C or better within two semesters will be placed on probationary status and will not be permitted to advance in chemistry course work until such time that all probationary problems have been corrected.

CHEMISTRY

CHE 100. INTRODUCTION TO CHEMISTRY. Fundamental concepts of chemistry with an emphasis on the scientific method, problem solving, chemical reactions, and the mole concept. Does not meet requirements for a major or minor in chemistry. Lecture 2 hours, laboratory 2 hours. 3

CHE 101. GENERAL CHEMISTRY. Properties of matter, atomic and molecular structure, chemical bonding, solution chemistry. Prerequisite: High school chemistry. Prerequisite or corequisite: CHE 103, MAT 104 or 106. Lecture 3 hours. 3

CHE 102. GENERAL CHEMISTRY. Continuation of CHE 101. Kinetics, equilibrium, thermodynamics, electrochemistry, and an introduction to organic chemistry. Prerequisites: Grades of C or better in CHE 101 and CHE 103. Corequisite: CHE 104. Lecture 3 hours. 3

CHE 103. GENERAL CHEMISTRY LABORATORY. Discussion and laboratory experiences to accompany CHE 101. Corequisite: CHE 101. Lecture 1 hour, laboratory 2 hours. 2

CHE 104. GENERAL CHEMISTRY LABORATORY. Discussion and laboratory experiences to accompany CHE 102. Prerequisites: CHE 101, 103. Corequisite: CHE 102. Lecture 1 hour, laboratory 2 hours. 2

CHE 106. INTRODUCTION TO SCIENTIFIC INQUIRY IN PHYSICAL SCIENCES. Development of the scientific application of academic skills, including written and oral language, library use, and problem solving. Current issues in the physical sciences are investigated. May not be used for major or minor credit. May be repeated one time. 1

CHE 110. THE CHEMICAL WORLD. Fundamental concepts of chemistry, with emphasis on a better understanding of the natural world and the choices citizens must make in a technological society. For non-science majors. Lecture 2 hours, laboratory 2 hours. 3
CHE 212. SURVEY OF ORGANIC CHEMISTRY. Principles, descriptions of classes of compounds and reactions. Prerequisites: CHE 101, 103. Not open to students who have completed CHE 319/321 and/or CHE 320/322; cannot be applied to Chemistry majors. Lecture 3 hours, laboratory 4 hours. 5

CHE 301. DESCRIPTIVE INORGANIC CHEMISTRY. Chemistry of the elements emphasizing the synthesis, structure, reactions and periodic trends in inorganic compounds. 2

CHE 311. QUANTITATIVE ANALYSIS. Volumetric, gravimetric, colorimetric, and instrumental methods of analysis. Theory of laboratory techniques with emphasis on problem solving. Prerequisites: CHE 102, 104. Lecture 3 hours, laboratory 6 hours. 5

CHE 319. ORGANIC CHEMISTRY LABORATORY. Prerequisites: CHE 102, 104; Prerequisite or Corequisite: CHE 321. Laboratory 4 hours. 2

CHE 320. ORGANIC CHEMISTRY LABORATORY. Prerequisites: CHE 319, 321; Corequisite: CHE 322. Laboratory 4 hours. 2

CHE 321. ORGANIC CHEMISTRY. Aliphatic and aromatic hydrocarbons. Molecular orbital view of organic compounds, structural features of various hydrocarbons; organic reactions and their mechanisms; organic synthesis; nomenclature and physical properties, including spectroscopy of organic substances. Prerequisites: CHE 102, 104; Prerequisite or corequisite: CHE 319. 3

CHE 322. ORGANIC CHEMISTRY. Common organic functional groups in terms of their preparations and reaction; detailed study of reaction mechanisms emphasizing the similarities and differences among the various functional groups. Prerequisites: CHE 319, 321; Prerequisite or corequisite: CHE 320. 3

CHE 324. ORGANIC PREPARATIONS. Selected preparations from chemical literature with emphasis on techniques used in synthesis of organic compounds. Prerequisites: CHE 320, 322. Lecture 1 hour, laboratory 4 hours. 3

CHE 346. PRINCIPLES OF PHARMACOLOGY. The interaction of drugs with living systems; biotransformations, dose-effect relationships, receptor concepts, and toxic effect. Prerequisites: CHE 440. 3

CHE 351. PHYSICAL CHEMISTRY FOR THE LIFE SCIENCES. Principles of thermodynamics, kinetics, and quantum chemistry with biological implications. Prerequisites: CHE 102, 104; PHY 222, 234. Lecture 3 hours, laboratory 3 hours. 4

CHE 363. PROBLEMS IN CHEMISTRY. Special topics involving library and laboratory work on problems of interest to student and instructor. Does not meet requirements for the A.C.S. accredited chemistry program. 1-5

CHE 371. PHYSICAL CHEMISTRY. Thermodynamics, phase and chemical equilibria, solutions and electrochemistry. Prerequisites: CHE 102, 104; PHY 232, 234; MAT 205. Prerequisite or corequisite: MAT 206. Lecture 3 hours, laboratory 3 hours. 4

CHE 372. PHYSICAL CHEMISTRY. Kinetics, quantum mechanics, atomic and molecular structure, spectroscopy. Prerequisite: CHE 371. Lecture 3 hours, laboratory 3 hours. 4
CHE 404. ADVANCED INORGANIC CHEMISTRY. The fundamental principles of inorganic chemistry with an emphasis on coordination compounds, solid state, structures, and contemporary inorganic reactions and characterization techniques. 4

CHE 431. MODERN METHODS OF ORGANIC ANALYSIS. Analysis and identification of organic compounds using such modern techniques as IR, NMR, UV, and mass spectrometry. **Prerequisites:** CHE 320, 322, and 313 or 460. Lecture 2 hours, laboratory 4 hours. 4

CHE 434. ENVIRONMENTAL CHEMISTRY. Chemical applications to solutions of such environmental problems as air and water pollution and solid waste disposal; the chemistry of pollutants; chemical and physical removal of pollutants. **Prerequisites** or concurrent enrollment: CHE 320, 322. Lecture 3 hours, laboratory 3 hours. 4

CHE 440. BIOCHEMISTRY. Principles in general biochemistry. **Prerequisites:** CHE 320, 322. Lecture 3 hours, laboratory 3 hours. 4

CHE 441. BIOCHEMICAL METHODS. Modern methods of biochemical analysis utilizing chromatography, electrophoresis, and spectrophotometry. **Prerequisite:** CHE 351 or 371. 3

CHE 442. BIOTECHNOLOGY. Methods to isolate, amplify, manipulate and analyze DNA sequences. Societal implications are considered. **Prerequisites:** One semester of organic chemistry and cell biology or biochemistry. Lecture 3 hours, laboratory 3 hours. 4

CHE 460. INSTRUMENTAL ANALYSIS. Survey and interpretation of spectrometric methods of analysis. **Prerequisite:** CHE 311. Lecture 3 hours, laboratory 3 hours. 4

CHE 461. ADVANCED ANALYTICAL METHODS. Advanced treatment of modern analytical techniques, application to current industrial methods, instrumentation, and introduction to pertinent literature. **Prerequisites:** CHE 311, 372. Lecture 3 hours, laboratory 3 hours. 4

CHE 464. SCIENCE SEMINAR. Presentation of papers on current scientific developments and special problems of interest to students and faculty. Utilization of the library and scientific journals to yield experience in evaluation, abstracting, bibliographic methods, and writing the scientific paper. For junior and senior students majoring in chemistry. 1

CHE 475. THEORETICAL CHEMISTRY. Advanced treatment of fundamental principles of chemistry, with introduction to various areas of current chemical research. **Prerequisite:** CHE 372. 3

CHE 481. INDEPENDENT RESEARCH IN CHEMISTRY. Research involving library and laboratory work on problems of interest to student and instructor. For junior and senior students majoring in chemistry. 1 to 3 hours credit per semester not to exceed 6.

CHE 492. SPECIAL TOPICS IN CHEMISTRY. Current developments in Chemistry. May not be used for chemistry major or minor credit. 1-6
PHYSICS

PHY 110. THE PHYSICAL WORLD. Fundamental concepts of mechanics, heat, electricity, and light. Emphasis on methods, history, and theory of science. For non-science majors. Lecture 2 hours, laboratory 2 hours. 3

PHY 123. SCIENCE AND PSEUDOSCIENCE. Application of the scientific method to popular paranormal topics, such as ESP, UFO’s, astrology, and psychic phenomena. General elective credit only. 3

PHY 202. PHYSICAL GEOGRAPHY. Earth’s natural environment including weather, climate, oceans, water resources, natural vegetation, ecology, soils, geology, geomorphology, and environmental regions. For non-science majors. Lecture 2 hours, laboratory 2 hours. 3

PHY 205. ASTRONOMY. Fundamentals concepts of descriptive astronomy. For non-science students. Lecture 2 hours, laboratory 2 hours. 3

PHY 221. PHYSICS FOR THE LIFE SCIENCES. Fundamental concepts of mechanics, heat, and sound. Prerequisite: MAT 102, 104; Prerequisite or corequisite: PHY 233. 3

PHY 222. PHYSICS FOR THE LIFE SCIENCES. Fundamental concepts of light, electricity, and modern physics. Prerequisites: PHY 221, 233; Prerequisite or corequisite: PHY 234. 3

PHY 225. INTRODUCTION TO MODERN PHYSICS. Topics in atomic and nuclear physics; recent developments in physics. Prerequisite: permission of instructor. 3

PHY 231. GENERAL PHYSICS I. Vector and calculus concepts applied to mechanics, fluid flow, and thermodynamics. Prerequisite: MAT 205; Corequisite: PHY 233. 3

PHY 232. GENERAL PHYSICS II. Vector and calculus concepts applied to electricity, magnetism, optics, and modern physics. Prerequisites: MAT 205; PHY 231, 233; Prerequisite or corequisite: PHY 234. 3

PHY 233. GENERAL PHYSICS LABORATORY. Laboratory 2 hours. Prerequisite or corequisite: PHY 221 or 231. 1

PHY 234. GENERAL PHYSICS LABORATORY. Laboratory 2 hours. Prerequisites: PHY 221 or 231; 233; Prerequisite or corequisite: PHY 222 or 232. 1

PHY 256. APPLIED METEOROLOGY. (See CAV 256). “Does not meet general education laboratory science requirement.”

PHY 314. PHYSICAL GEOLOGY FOR THE LIFE SCIENCES. A study of the Earth, its composition, structure, and a natural processes. Lecture 3 hours, laboratory 2 hours. 4

PHY 351. CHEMICAL PHYSICS. (See CHE 351). 4

PHY 371. THERMODYNAMICS. (See CHE 371). 4

PHY 400. BIOPHYSICS. Physical principles applied to biological systems. Prerequisite: PHY 222 or 232. Lecture 2 hours, laboratory 2 hours. 3
PHY 401. ELECTRONICS AND INSTRUMENTATION. Electronics relating to common laboratory devices, detection systems, trouble shooting, and electric circuits. **Prerequisites:** PHY 222 or 232 and 234 or permission of instructor. Lecture 2 hours, laboratory 2 hours. 3

PHY 405. ADVANCED ASTRONOMY. Lectures and demonstrations in astronomy, laboratory experiences in celestial mechanics and light, and observations through optical telescopes in an integrated lecture/laboratory sequence. **Prerequisite:** PHY 205. 3

PHY 433. NUCLEAR METHODS. Measuring and understanding nuclear events and their effects on environmental health. **Prerequisites:** PHY 222 or 232, 234 or permission of instructor. Lecture 2 hours, laboratory 2 hours. 3

PHY 463. PROBLEMS IN PHYSICS. Special topics involving library and laboratory work on problems of interest to student and instructor. 1-4

PHY 492. SPECIAL TOPICS IN PHYSICS. Current developments in Physics. 1-6

CUR 493. TEACHING OF THE SCIENCES. See CUR 493.

GEOGRAPHIC INFORMATION SYSTEMS AND REMOTE SENSING

GIS 301. PRINCIPLES OF GIS/REMOTE SENSING. Current GIS/Remote Sensing software applications will be explored and students will learn how GIS/Remote Sensing applies to various academic majors. Extensive lab time exploring software titles will be involved. 3

GIS 311. BASIC GIS/REMOTE SENSING SOFTWARE. The use of introductory GIS/Remote Sensing software. Classroom instruction, lab work, and online course requirements, extensive use of the GIS/RS lab. 3

GIS 312. ADVANCED GIS/REMOTE SENSING SOFTWARE I. Advanced titles in GIS/Remote Sensing software. The course will consist of classroom instruction, lab work, and online course requirements and will make extensive use of the GIS/RS lab. 3

GIS 313. ADVANCED GIS/REMOTE SENSING SOFTWARE II. Training in popular and useful GIS/Remote Sensing software applications. The course will consist of classroom instruction, lab work, and online course requirements and will make extensive use of the GIS/RS lab. 3

GIS 492. SPECIAL TOPICS IN GIS/REMOTE SENSING. Students will work on individual research projects directed by their academic departments. This course involves the development and presentation of a GIS/Remote Sensing research project and will make extensive use of field work and the GIS/RS lab. 3

GIS 495. INTERNSHIP IN GIS/REMOTE SENSING. Students will participate in field work using GIS/Remote Sensing applications. Local sponsors will engage students in 10 hours per week of actual work experience in GIS/Remote Sensing. This work will be supervised and monitored by designated departmental faculty, and a summative report on the experience will be required. 3
DIVISION OF SOCIAL SCIENCES

Professors: Abrahams, Jennings, Potter
J. W. Robinson, Routman
Associate Professors: Byxbe, Nylander (Chair)
Assistant Professors: Bonta, Hales, Loewen, Richardson, Seivertson, Tabb
Instructors: Armishaw, Dodge, A.S. Sanders
Part-time Instructors: Adams, Buford, Burnett, Kuhn, Mukoro
(662) 846-4065

The objectives of the Division of Social Sciences are to provide for the intellectual, cultural, and professional development of students desiring a career in teaching, criminal justice, or one of the subfields of social science, or preparation for graduate or professional study. It also aims to serve students majoring in other academic areas by introducing them to the various areas of social science.

The Division offers a major in social sciences toward the Bachelor of Science in Education degree and a major in political science leading to the Bachelor of Arts degree. A major in Criminal Justice may be earned in the Bachelor of Science in Criminal Justice degree. The Bachelor of Science is available with a major in social science and concentrations in geography, political science, and sociology. Students electing to major in social sciences for the purpose of teaching are encouraged to select a second teaching field in another division. Non-social science majors in the B.S. in Education program may elect social science as a second teaching field. Minor fields of study offered in the Division are criminal justice, geography, paralegal studies, political science, pre-law, and sociology.

The Bachelor of Arts and Bachelor of Science degrees are designed to provide a well-rounded liberal arts education. They are particularly recommended for students contemplating graduate work in one of the social science fields, theology, or law.

The Bachelor of Science in Criminal Justice degree is for the student interested in the professions of law enforcement, corrections, or Juvenile Justice.

Students planning to enter law school may adopt a program leading to the Bachelor of Arts degree or Bachelor of Science degree. A broad background is recommended for those preparing for law school.

Courses in corrections, criminal justice, law enforcement, and wildlife enforcement will not fulfill general education or major requirements in Social Science. No grade below C in a required major course may be applied toward graduation. Any grade below C must be removed by repeating the course and earning a C or better grade.

Bachelor of Science degree in Social Sciences

Full Admission to the Social Sciences Major is granted upon satisfactory completion of the following social science core:

ANT 101 Introduction to Anthropology or ECO 210 Principles of Microeconomics or ECO 211 Principles of Microeconomics
GEO 201 Introduction to Human Geography
PSC 103 Introduction to Political Science
Satisfactory completion is defined as having completed a course with a grade of C or better. Any grade below C must be removed by repeating the course and earning a C or better grade. Students should be aware that repeating courses may increase the time required for graduation.

When students fulfill the core requirements, they are considered to be adequately prepared to continue with advanced social science courses and are granted full admission to the program. A student who has not been granted full admission will not be permitted to register for any upper division social science course.

**ANTHROPOLOGY**

**ANT 101. INTRODUCTION TO ANTHROPOLOGY.** Introduction to socio-cultural anthropology. 3

**ANT 470. CULTURAL ANTHROPOLOGY.** Adjustments to physical and social environments and means by which customs are learned, retained, and changed; a descriptive survey of cultures. Prerequisites: SOC 101 or ANT 101. 3

**CRIMINAL JUSTICE**

**CRJ 300. CRIMINAL JUSTICE POLICY AND PRACTICE.** A study of the American criminal justice system; an examination of the history, philosophy, and contemporary functions of the separate institutions which contribute to the overall process; fundamentals of crime and justice and the foundations of substantive and procedural law are studied. 3 (CC CRJ 1313)

**CRJ 305. ORGANIZATION AND PHILOSOPHY OF LAW ENFORCEMENT.** History, development, and contemporary functions of law enforcement in a democratic society; an introduction to local, state, and federal agencies involved in the administration of justice. 3 (CC CRJ 1323; CRJ 2313)

**CRJ 310. ORGANIZATION AND PHILOSOPHY OF CORRECTIONS.** An analysis of the philosophical foundations of American penology; with emphasis on the sociological and psychological application of organizational theory to correctional goals, structures and processes; an overview of the federal and state correctional systems and methods of treatment employed. 3 (CC CRJ 1363)

**CRJ 315. ORGANIZATION AND PHILOSOPHY OF JUVENILE JUSTICE.** A survey of the common law roots of juvenile law; juvenile offenders and law enforcement policy and procedures; the development of the juvenile courts; the adjudication process, and the treatment of Juveniles taken into custody. 3 (CC CRJ 2513)

**CRJ 404. CRIMINAL LAW.** A survey of applied substantive law with an emphasis on the most common criminal offenses; development, application, and enforcement of local, state, and federal statutory law. 3 (CC CRJ 2323)

**CRJ 405. CRIMINAL EVIDENCE.** An comprehensive study of the criminal case within the several courts of the state and federal systems, court procedure and case preparation and testimony are examined; an examination of the laws of evidence and the procedures for obtaining it with special emphasis on application in criminal court. 3 (CC CRJ 2363)
CRJ 406. CRIMINAL PROCEDURE. A study of the procedural rules for the judicial enforcement of substantive criminal law; an examination of the nature and function of the law in relation to the criminal justice process; a review of policies and procedures in the administration of justice. 3

CRJ 410. APPLIED CRIMINAL INVESTIGATION. An overview of the crime solving process with emphasis on methodology, corpus delicti, and evidence; theory of investigation, case preparation and legal issues relating to criminal investigations are studied. 3 (CC CRJ 2333)

CRJ 411. FORENSIC SCIENCE. The collection and analysis of physical evidence with an emphasis on crime scene techniques and laboratory procedures and instrumentation. 3

CRJ 412. LEGAL LIABILITIES FOR CRIMINAL JUSTICE PERSONNEL. The definitions, perceptions, and legal concerns involving the idea of deviance in the criminal justice arena; the application of civil and criminal remedies for officer misconduct at the local, state, and federal levels. 3

CRJ 415. DRUG IDENTIFICATION AND ENFORCEMENT. Lectures, demonstrations and discussions that examine all aspects of drug identification and enforcement with a special emphasis on both legal and illicit drugs and their contribution to crime in the United States. 3

CRJ 420. SEMINAR IN CORRECTIONAL CRIMINOLOGY. The interdisciplinary application of criminological knowledge and research to correctional interests and issues in changing criminal behavior. 3

CRJ 425. JUVENILE JUSTICE. A study of case law pertaining to juvenile offenders, the investigation, custody, and adjudication process, and the disposition of offenders. 3

CRJ 430. THE PRISON COMMUNITY. Description and analysis of the formal and informal processes in the emergence, stabilization, and continuity of human relationships constituting the prison community. 3

CRJ 435. APPLIED CRIMINALISTICS. An applied approach to the recognition, preservation, collection and identification of physical evidence. 3 (CC CRJ 2393)

CRJ 440. COMMUNITY-BASED CORRECTIONS. An examination of probation and parole and other alternatives to incarceration; theoretical study of correctional casework with emphasis upon the psychological study, case assessment, objectives and procedures in the selection of therapeutic methods and the management of correctional delivery systems. 3

CRJ 450. JUVENILE CORRECTIONS. A study of the various treatment modalities currently employed in the rehabilitation of juvenile offenders; role and function of juvenile justice in American society; role of the juvenile courts; problems in juvenile corrections; community as a correctional resource; institutional and probationary treatment; aftercare services following release. 3

CRJ 460. COLLECTIVE BEHAVIORAL AND INSTITUTIONAL CHANGE. Organizational patterns that affect order and disorder in the correctional institution. Emphasis on the social and psychological dynamics of developing collective episodes which culminate in prison riots and institutional change. 3
CRJ 475. FAMILY VIOLENCE. A study of child maltreatment and spouse abuse within the family emphasizing detection, investigation, and deterrence; an examination of the legal, medical, and social perspectives necessary to the understanding of, and structured inquiry into, domestic violence. 3

CRJ 480. CRIMINAL JUSTICE PRACTICUM. Field experience with approved agency. Students may register for three credit hours to complete a 150 clock-hour internship (or) for six credit hours to complete a 300 clock-hour internship. Approval of advisor required prior to registration. 3-6

CRJ 490. SPECIAL TOPICS IN LAW ENFORCEMENT. Current issues and developments in law enforcement. 1-6

CRJ 491. SPECIAL TOPICS IN CORRECTIONS. Current issues and developments in corrections. 1-6

CRJ 492. SPECIAL TOPICS IN CRIMINAL JUSTICE. Current issues and developments in Criminal Justice. 1-6

WILDLIFE ENFORCEMENT

WLF 400. ORGANIZATION AND PHILOSOPHY OF WILDLIFE AND GAME ENFORCEMENT. The historical and philosophical foundations of wildlife and game enforcement, the formulation of wildlife laws and enforcement policy, agencies in wildlife management, the role of the public and public organizations. 3

WLF 401. WILDLIFE OFFENSES AND OFFENDERS. Examination of the variety of wildlife offenses and offenders; the impact on the wildlife system and the public. 3

WLF 405. WILDERNESS ETHICS. Human actions and values in man’s relationship to nature; contemporary technologies impacting man’s attitudes and values in his relationship to and use of nature; and, the philosophical issues surrounding the relationship between human nature and the wilderness. 3

WLF 410. BIOLOGICAL DIVERSITY, CONSERVATION, AND THE LAW. The importance of law and enforcement in the conservation and preservation of wildlife. 3

WLF 413. SAFETY EDUCATION IN WILDLIFE ENFORCEMENT. Study of the history, nature, and extent of safety problems regulated by wildlife enforcement agencies; safety education as a function of the agency and officer; and instructor certification of students in boating and hunter safety education, including bowhunting. 3

GEOGRAPHY

GEO 201. INTRODUCTION TO HUMAN GEOGRAPHY. Human activities and institutions as they have spread throughout the earth through time. 3

GEO 202. PHYSICAL GEOGRAPHY. See PHY 202. (Does not meet general education Social Science requirements. Does meet requirements for a concentration or minor in Geography.) 3

GEO 256. APPLIED METEOROLOGY. See CAV 256. (Does not meet general education Social Science requirements. Does meet requirements for a concentration or minor in Geography.) 3
GEO 303. WORLD REGIONAL GEOGRAPHY. Physical, human, economic, and political characteristics of the principal regions of the world. 3

GEO 404. SCIENCE, TECHNOLOGY, AND SOCIETY. An analysis of how science and technology have altered human relationships involving the community and larger political and economic structures, including modern assumptions about future growth, the scale of economic activity and grass-roots as well as top-down activism. 3

GEO 405. CULTURAL GEOGRAPHY. Intercultural group differences and the significance of their origins and distribution in the contemporary world. Language and dialect, folk culture, architecture, foods, sport, and music. 3

GEO 416. CONSERVATION OF NATURAL RESOURCES. Spatial arrangement of abiotic and biotic resources as well as ways in which humans can ensure the continued availability and utility of them. 3

GEO 430. HUMAN ECOLOGY. An examination of the interaction of cultural systems and the physical environment. Prerequisites: SOC 101, GEO 201. 3

GEO 440. GEOGRAPHY OF THE AMERICAN SOUTH. A spatial-regional examination of the United States South. Particular attention will be given to the cultural, historical, and physical patterns of the southern landscape. 3

GEO 445. GEOGRAPHY OF THE UNITED STATES. Physical and human diversity, economic resources and activities, historic settlement patterns, and cultural landscape of the United States. 3

GEO 446. GEOGRAPHY OF LATIN AMERICA. Interrelated physical, social-cultural, economic, political, and historical characteristics of Latin America and its subregions. 3

GEO 462. CHINA AND JAPAN. (See HIS 462) 3

GEO 492. SPECIAL TOPICS IN GEOGRAPHY. Current developments in Geography. 1-6

PARALEGAL STUDIES

PLS 300. INTRODUCTION TO PARALEGALISM AND LAW. This course is designed for students who are studying law for the first time or have no experience working in a legal environment. Introduces the student to the legal system and basic principles of law. 3

PLS 301. LEGAL RESEARCH. Development of research skills employing law digests, encyclopedias, reporters, statutes, cases and other legal materials and public records. 3

PLS 302. LEGAL WRITING. Aspects of writing legal memoranda and briefs. 3

PLS 310. TITLE SEARCHING AND LOAN DOCUMENTATION. This course will instruct students in the basics of searching for titles and preparing loan documentations. 3

PLS 320. BUSINESS ENTITIES. Formation, merger, consolidation, dissolution, liquidation, and termination of business enterprises; analysis of sole proprietorships, partnerships, and corporations, including rights and responsibilities of owners, directors, and officers. 3
PLS 330. WILLS AND TRUSTS. Planning for and disposition of property during life and after death; administration of estates and trusts; drafting of appropriate documents. 3

PLS 354. REAL ESTATE LAW. Principles of legal practice related to ownership and transfer of real property, including drafting of deeds and various contracts. 3

PLS 356. SOCIAL SECURITY AND THE LEGAL ENVIRONMENT. Law and regulations of the Department of Health and Human Services including organization, decision-making processes, entitlement programs, and legal and administrative processes and remedies. 3

PLS 360. TORTS. This course provides an overview of general negligence principles and remedies with discussion of specific actions for damages including personal injury/wrongful death actions, premises liability actions, products liability actions, and international torts. 3

PLS 410. CIVIL LITIGATION. The process of civil litigation, including steps in preparing a case for trial and appeal. 3

PLS 420. WORKERS’ COMPENSATION. This course is designed to inform students of the legal aspects of workers’ compensation and liability in the workplace. 3

PLS 446. CONSTITUTIONAL LAW. (See PSC 446) 3

PLS 450. FAMILY LAW. The law of family relations, including marriage and its termination, parental right and responsibilities, and juvenile law. 3

PLS 457. DEBTOR/CREDITOR RIGHTS. State and federal law related to debtor/creditor rights, collections of debt, and bankruptcy. 3

PLS 459. AGRICULTURAL LAW. The study of federal and state policies, laws, and regulations affecting agriculture. 3

PLS 487. PRACTICUM. (See PSC 487) 3-6

PLS 492. SPECIAL TOPICS IN PARALEGAL STUDIES. Current developments in Paralegal Studies. 1-6

POLITICAL SCIENCE

PSC 103. INTRODUCTION TO POLITICAL SCIENCE. Introduction to principles, concepts, theories of political science, problem-solving, and the scientific method, focusing on the analysis of major political issues at the national and state levels, with emphasis on the Mississippi Delta. 3

PSC 201. AMERICAN NATIONAL GOVERNMENT. The constitution, institutions, political systems, and policy of the American national government. Prerequisite to most other political science courses. 3

PSC 304. POLITICAL IDEOLOGIES. The study of the tradition in classical liberalism followed by an analysis of the reactions to classic liberalism in Marxism and fascism. 3

PSC 324. SOUTHERN POLITICS. Exploration of politics of the American South, its historical and cultural roots, leading figures, styles of governing and influence on national politics. 3
PSC 325. WOMEN AND POLITICS. An historical and analytical study of the role of women as political activists and office holders on the international, national and local levels of government. 3

PSC 404. SCIENCE, TECHNOLOGY, AND SOCIETY. An analysis of how science and technology have altered human relationships involving the community and larger political and economic structures, including modern assumptions about future growth, the scale of economic activity and grass-roots as well as top-down activism. 3

PSC 406. STATE AND LOCAL GOVERNMENT. Organization, operations, and problems of state and local governments in the United States. Intergovernmental relations. Special attention to systems of government in Mississippi. Prerequisite: PSC 201. 3

PSC 408. LEGISLATION. Organization and procedures of legislative bodies; bill drafting and committee functions in the legislative process. Prerequisite: PSC 201. 3

PSC 420. THE AMERICAN PRESIDENCY. Emphasis on executive branch of the federal government. Prerequisite: PSC 201. 3

PSC 422. GOVERNMENT REGULATION OF BUSINESS. Methods and types of government control, organization and procedures of administrative agencies, development, principles, and influences of administrative law, judicial interpretation. Prerequisite: PSC 201. 3

PSC 426. PUBLIC OPINION AND PARTICIPATION. An examination of the political role of the public’s beliefs and preferences in theory and in practice. Among the topics covered are how public opinion is measured, its uses, conditioning effects of socio-economic factors, the manipulation of opinion and its effect on community development and voting. A semester project and written report is required. Prerequisite: PSC 201. 3

PSC 431. CLASSICAL TO MEDIEVAL POLITICAL THEORY. An examination of the traditions in political theory throughout the classical and medieval periods. Emphasis will be placed on the Socratic tradition in the works of Plato and Aristotle. Prerequisite: PSC 201. 3

PSC 432. RENAISSANCE TO MODERN POLITICAL THEORY. An examination of the traditions of early modern political thought from the Renaissance to the Late Modern Periods, with an emphasis on the social contract theorists throughout the Age of the Enlightenment. Prerequisite: PSC 201. 3

PSC 435. AMERICAN POLITICAL PARTIES AND POLITICS. Suffrage, nominations, and elections; nature, organization and operation of political parties; problems of representative government; interest groups, campaign techniques. Prerequisite: PSC 201. 3

PSC 440. THE JUDICIAL PROCESS. An introduction to the judicial process focusing on the roles of judge and lawyer from the first case filing to final appeal. Students trace the litigation chain through both civil and criminal actions in state and federal systems critically assessing the roles played by individual and institutional actors. 3
PSC 442. CIVIL RIGHTS LAW. Survey of case law at the Supreme Court level beginning with a discussion of the law of slavery from the colonial era through the Civil War period. Special attention is paid to the civil rights struggle in Mississippi and the Delta. Prerequisite: PSC 201. 3

PSC 443. MEDIA LAW AND POLITICS. Philosophy, law, and politics of the media focusing on the legal rights and obligations of print and broadcast journalism. The course reviews the origin and development of First Amendment protections, with emphasis on the history of censorship, problems of defamation, obscenity, libel, privacy, prior restraint, fair trial/free press, and access to information. Prerequisite: PSC 440. 3

PSC 444. CIVIL LIBERTIES AND CIVIL RIGHTS. The study of the constitutional law of civil liberties and civil rights. Emphasis will be placed on the Supreme Court’s role in redefining constitutional interpretation with special focus on the origins and development of the Fourteenth Amendment, the role of Incorporation Theory, and the modern debate over equality. Prerequisite: PSC 201. 3

PSC 446. CONSTITUTIONAL LAW. The study of the structures and relationships of federal and state governments, including federalism, interstate commerce, and taxation and spending. Emphasis is placed on the historical development of constitutional law in this area and the legal and political nature of the U.S. Supreme Court. Prerequisite: PSC 201. 3

PSC 451. POLITICS AND CHANGE. Interaction of social, economic and political forces throughout history as they have shaped the political and economic structures and processes of the contemporary world. Major emphasis on areas of the Third World. 3

PSC 452. DEMOCRATIC POLITICAL THOUGHT. An examination of the origins and principal ideas of democracy from the Greeks to the present. 3

PSC 460. PRINCIPLES OF PUBLIC ADMINISTRATION. Administrative organization and activities, fiscal and personnel management, administrative law and public relations, special problems related to federal, state, county, and municipal administrations. Prerequisite: PSC 201. 3

PSC 462. AMERICAN POLITICAL THOUGHT. An examination of the origins of the American regime: political, social, religious, and legal. 3

PSC 463. ECONOMIC AND POLITICAL RATIONALITY. Students use both historical and analytical frameworks to explain the social intelligence that constitutes American liberal democracy. Emphasis is placed on the relationship between political and economic rationality, politics and markets, the tension between the public and private, and the trade-offs between equality and efficiency. Prerequisites: PSC 201, 432, 482. 3

PSC 487. PRACTICUM. Practical political or administrative experience in public agencies or related activities, arranged and approved by the Division. A minimum of 150 clock hours is required for three hours credit. Prerequisite: PSC 201. 3-6

PSC 488. MOOT COURT COMPETITION. Application of constitutional principles, judicial process, and historical and political analysis aimed at the public presentation and defense of an appellate brief. The students utilize a case pending before the United States Supreme Court to be decided late in the current term. Grading method is Credit/No Credit. 3
PSC 490. THE WASHINGTON SEMESTER. An examination of the policy making process at the federal level focusing on the interaction of the three branches, federal agencies, and selected interest groups. Students track the movement of legislation or court cases in a research paper. The last two weeks of the course will be spent in Washington, D.C., the three branches of government, the major agency players, interest groups, and print and broadcast media. **Prerequisite:** PSC 201.3-6

PSC 492. SPECIAL TOPICS IN POLITICAL SCIENCE. Current developments in Political Science. 1-6

PSC 498. SEMINAR IN POLITICAL SCIENCE. Capstone course in which students show competence in political science by analyzing selected foundational literature and by synthesizing major arguments. Activities include proposal and submission of a research project. **Prerequisite:** PSC 201. 3

PSC 499. SPECIAL PROBLEMS IN POLITICAL SCIENCE. Research in selected problems. **Prerequisites:** PSC 201 and permission of Division Chair and instructor. 3

SOCIAL SCIENCE

SSC 469. QUANTITATIVE METHODS FOR THE SOCIAL SCIENCES. The use of quantitative methods of analysis in the social sciences, including computer processing of social and political data. **Prerequisites:** C or better in MAT 103 or 104. 3

SSC 470. METHODS OF SOCIAL RESEARCH. Techniques of sociological research with emphasis on problem formulation, research designs, data collection, measurement, and analysis and interpretation of data. **Prerequisites:** SSC 469 or MAT 300, SOC 440 or permission of instructor. 3

SSC 471. PHILOSOPHY OF THE SOCIAL SCIENCES. Introduction to the major philosophical underpinnings of the social or human sciences and their theoretical foundations. **Prerequisite:** SOC 101. 3

SSC 492. SPECIAL TOPICS IN THE SOCIAL SCIENCES. Current developments in the Social Sciences. 1-6

CUR 456. TRENDS IN TEACHING THE SOCIAL STUDIES. See CUR 456 in the Division of Curriculum and Instruction. 3

CUR 494. SECONDARY SOCIAL STUDIES. See CUR 494 in the Division of Curriculum and Instruction. 3

SOCIOLOGY

SOC 101. PRINCIPLES OF SOCIOLOGY. Human behavior including socialization, culture, social institutions, social stratification, gender roles, race and ethnicity, and social change. 3

SOC 311. SOCIAL WELFARE POLICIES AND SERVICES. (See SWO 311) 3

SOC 401. SOCIOLOGY OF THE FAMILY INSTITUTION. Organizational structure and functions of the family in historical perspective, emphasizing a theoretical approach to family disorganization and marital discord. **Prerequisite:** SOC 101. 3
SOC 403. SOCIAL PROBLEMS. Social problems in American society in light of conditions which have produced these problems. Particular emphasis placed on the study of sociological theories of social problems and remedial measures dealing with social problems. Prerequisite: SOC 101. 3

SOC 404. SCIENCE, TECHNOLOGY, AND SOCIETY. An analysis of how science and technology have altered human relationships involving the community and larger political and economic structures, including modern assumptions about future growth, the scale of economic activity and grass-roots as well as top-down activism. 3

SOC 409. AGING AND THE COMMUNITY. (See SWO 409) 3

SOC 410. SOCIAL PSYCHOLOGY. The ways in which individuals are influenced by others: self-esteem, attitudes, impression management, communication, and groups. Prerequisite: SOC 101. 3

SOC 418. GROUP DYNAMICS. Human group formation, control leadership, decision making, communication, and conflict; types of groups, third party consultation, individual identity and groups; personal growth through interpersonal communication. Emphasis on applied aspects of the roles of groups. Prerequisite: SOC 101. 3

SOC 420. SOCIOLOGY OF EDUCATION. Sociological theory and research in education including the school as a social system, professionalization and career patterns of teachers, community value conflicts regarding education, social stratification and the schools, and educational problems. Prerequisite: SOC 101 or permission of instructor. 3

SOC 424. LEADERSHIP DEVELOPMENT. Approaches leadership behavior from the multi-disciplinary perspective and focuses on theory and practical concepts derived from the symbolic interactionism approach to understanding and changing human behavior. 3

SOC 425. COMMUNITY DEVELOPMENT. Approaches community development from a multi-disciplinary perspective using intervention strategies such as self-help or process approach, the technical assistant approach and instigating conflict to create change in a community. 3

SOC 427. SOCIOLOGY OF SPORT. The examination of sport as a social institution that will include an analysis from the functionalist, conflict, and interactionist perspectives. Prerequisite: SOC 101. 3

SOC 430. HUMAN ECOLOGY. An examination of the interaction of cultural systems and the physical environment. Prerequisites: SOC 101, GEO 201. 3

SOC 435. CRIMINOLOGY. Nature and extent of crime, theories of causation, processes of criminal justice, penal and correctional methods and institutions, and prevention and treatment of crime. Prerequisite: SOC 101. 3

SOC 436. JUVENILE DELINQUENCY. Theoretical and practical aspects of juvenile delinquency in American society. Prerequisite: SOC 101. 3

SOC 440. SOCIAL THEORY. Development and history of sociological theory from 1830 to present. Prerequisite: SOC 101. 3
SOC 446. SOCIOLOGY OF ADDICTION. Individual and social problems and responsibilities resulting from use of beverage alcohol and narcotics. **Prerequisite:** SOC 101 or PSY 101, or permission of instructor. 3

SOC 450. RACIAL AND CULTURAL MINORITIES. Historical background of minority groups and their adjustment and function in society. **Prerequisite:** SOC 101. 3

SOC 455. CULTURAL CHANGE IN THE DELTA. Examination of economic and social development efforts in the Mississippi Delta. **Prerequisite:** SOC 101. 3

SOC 460. SOCIAL STRATIFICATION. Social class and its effect on human behavior. Emphasis on political change as a response to class consciousness. **Prerequisite:** SOC 101. 3

SOC 465. SOCIOLOGY OF WORK. Investigation of various social aspects of work in the United States and other industrial (or developed) societies. **Prerequisite:** SOC 101. 3

SOC 467. SOCIOLOGY OF DEVELOPMENT. A comparative course which incorporates economics, political science, and history in an effort to explain the character of relationships which exist between rich nations and poor nations. **Prerequisite:** SOC 101. 3

SOC 470. CULTURAL ANTHROPOLOGY. Adjustments to physical and social environments and means by which customs are learned, retained, and changed; a descriptive survey of cultures. **Prerequisite:** SOC 101. 3

SOC 474. APPLIED RURAL SOCIOLOGY. Analysis of the changing structure and role of small towns and rural areas. 3

SOC 475. SOCIOLOGY OF COMMUNITY. A theoretical perspective on community systems. **Prerequisite:** GEO 201, SOC 101, 3

SOC 476. THE SOCIOLOGY OF RELIGION. Introduction to some of the fundamental social theories of religion as an aspect of culture and society. 3

SOC 480. SOCIAL ORGANIZATION AND CHANGE. Processes and theories of social and cultural change. **Prerequisite:** SOC 101. 3

SOC 485. POPULATION. An examination of topics in demography including population processes like fertility, mortality, and migration. **Prerequisite:** SOC 101. 3

SOC 490. INTERNSHIP IN APPLIED SOCIOLOGY. Supervised work in applied settings; study of practical problems from the perspective of the discipline. 6-12.

SOC 492. SPECIAL TOPICS IN SOCIOLOGY. Current developments in Sociology. 1-6

SOC 498. SEMINAR IN SOCIOLOGY. Ethical and substantive issues, problems and themes that affect the world community; analysis of different cultures and traditions, or issues relating to society. 3

SOC 499. SPECIAL PROBLEMS IN SOCIOLOGY. Research in selected problems. **Prerequisite:** senior sociology major or minor or permission of instructor. 3
The Department of Social Work is a full member of the Council on Social Work Education, the national social work education accrediting organization, and is accredited at the baccalaureate level. Students who receive the B.S.W. degree from Delta State University meet the academic eligibility requirements for taking the State of Mississippi social work licensing examination at the Social Worker (L.S.W.) level.

The BSW program at Delta State University seeks to prepare students for beginning professional social work practice. The focus is to prepare generalists who are able to function professionally in a variety of settings with systems at the micro, mezzo, and macro levels. The emphasis is on resolving problems related to the transactions between people and their environments. While preparing for entry-level professional practice in any geographic setting, the Social Work Department seeks to meet the particular needs of the Delta region, a largely rural and impoverished area where the populations-at-risk are predominantly African American, children, women, and elderly. The assumption is that the rural, holistic focus of the department equips students to meet the particular social work staffing needs in the Delta and other rural areas, with competence that is built on a foundation or ability to practice social work outside of rural areas as well.

The program goals are as follows:

1. To prepare generalists who are able to function professionally in a variety of settings with individuals, families, groups, organization, institutions, and communities.

2. To prepare students who demonstrate a commitment to continue their own professional growth and development which may include graduate education in social work and other disciplines.

3. To prepare students to develop a professional identity which will incorporate the values and ethics of the social work profession.

4. To emphasize preparation for providing direct services to diverse populations, particularly African Americans, children, women, the elderly, and those in rural areas in order to alleviate poverty and oppression and to provide social and economic justice for all its citizens.

5. To prepare students with content about social contexts of social work practice, the changing nature of these contexts, the behavior found in organizations, and the dynamics of change.

The program of the Department of Social Work seeks to develop professional social workers who have skills and knowledge which help them to understand social problems and human troubles and needs and which lead to alternative ways of intervening in these situations. The curriculum is designed to educate and develop a professional social worker who, consistent with the values and ethics of the social work profession, is able to provide direct services to people as they experience needs in their interaction with others. General education requirements and special degree requirements provide a broad liberal arts base.
which emphasizes the social and behavioral sciences and is a necessary foundation for the professional social work courses. Social Work course requirements include a combination of academic classroom and field experiences. Prior to the senior year, students are expected to obtain liability insurance coverage and to plan for adequate transportation to field placement agencies.

Students interested in majoring in Social Work must qualify for regular admission to Delta State University. There are additional requirements for admission to the Social Work Program which include the following:

1. Students must take SWO 201 Introduction to the Profession of Social Work as the initial social work course. The course is offered in the fall and spring semesters. Students are expected to take the course as soon as possible after becoming sophomores. Successful completion of the course with a grade of “C” or better is required as part of the admission requirements to the Social Work Program.

2. Students must complete an application for admission to the social work program. Applications can be picked up in the social work department. The student must submit two letters of reference along with the completed application. In addition, the student must submit the autobiographical statement completed in SWO 201 Introduction to the Profession of Social Work as part of the application process along with a copy of his/her transcript. The student should also schedule an interview with a social work faculty advisor at this time.

3. Students must demonstrate personal responsibility and show commitment to the field of social work as demonstrated in the personal interview with the faculty advisor which occurs while the student is enrolled in SWO 201 Introduction to the Profession of Social Work. In the event the student transfers credit for an introduction to social work course from another college or university, the student must complete the process outlined in 1-3 above and schedule a personal interview with a social work faculty member upon beginning course work at Delta State.

4. Transfer credit will only be given for social work courses taken at Council on Social Work Education (CSWE) accredited programs except SWO 201 Introduction to the Profession of Social Work. The introduction to social work course taken at non-accredited schools will be evaluated on a school-by-school basis for appropriate content before it is accepted. In order to receive credit for social work courses transferred, students must have earned a grade of “C” or better. Students transferring credit for social work courses from another CSWE accredited program must present a letter of reference from the social work faculty as one of his/her letters of reference. In addition, if the courses transferred do not meet our requirements for field work, the student will be expected to complete the number of required hours before being given credit.

5. Even though transfer credit will be given for social work courses taken at other CSWE accredited social work programs, students must complete the social work methods courses, senior field placement experience, and the integrative seminar at Delta State University in order to receive the BSW degree.

6. Anatomy and Physiology will be accepted as a substitute for Biology and Human Concerns BIO 110 (Human Biology) with a grade of “C” or better.
General Biology courses taken at other colleges or universities will be evaluated on a school by school basis for appropriate human biology content. Students must have earned a grade of “C” or higher for any biology course transferred and used to fulfill the human biology requirement.

7. The social work faculty will meet on the first Monday in December and May and the Friday prior to fall registration of each year to review applications for admission to the program. The Department of Social Work chair will notify the student within 14 days of the faculty review of applications for admission.

8. Upon acceptance into the social work program, students are assigned permanent advisors who meet with the students to plan the academic program and to discuss the students’ commitment to the profession.

9. The department does not give academic credit for life or previous work experience.

10. Candidates for the Bachelor of Social Work degree must pass the Writing Proficiency Examination or earn at least the grade of “C” in ENG 301.

11. Students who declare social work as a major are required to have an overall 2.50 g.p.a. to be admitted into the program, to remain in the program, to be admitted into field instruction, and to graduate from the social work program.

Following admission to the Social Work Program, in order to progress toward the B.S.W. degree, students must maintain at least a 2.50 overall grade point average with no grade below a “C” in professional courses. Additional requirements for admission to Field Instruction are described in the Social Work Program Student Handbook and Field Instruction Manual.

SOCIAL WORK

SWO 101. VOLUNTEERING IN THE COMMUNITY. This is an elective open to all students in the university. Assigned volunteer experiences in social welfare organizations in the Delta. Required weekly seminar on community resources and beginning skills in helping. 3

SWO 201. INTRODUCTION TO THE PROFESSION OF SOCIAL WORK. Social work as a profession; concepts, history, mission, and philosophy of social work; settings in which social workers practice. Limited volunteer experience. Prerequisite to admission to Social Work Program. Prerequisite: SOC 101. 3

SWO 305. INTERVIEWING TECHNIQUES AND SKILLS. Skills of interviewing and recording are addressed. Corequisite or Prerequisite: SWO 201. 3

SWO 311. SOCIAL WELFARE POLICIES AND SERVICES. The history, mission, and philosophy of the social work profession are covered. Content on the history and current pattern of social welfare services, the role of social policy in helping or deterring people in the maintenance or attainment of optimal health and well-being, and the effect of policy on social work practice are also addressed. Limited volunteer experience. Corequisite or Prerequisite: SWO 201. 3
SWO 315. HUMAN BEHAVIOR AND THE SOCIAL ENVIRONMENT. Integration of content regarding human development and behavior in interaction with environmental stimuli. Corequisite or Prerequisites: BIO 110. 3

SWO 316. HUMAN BEHAVIOR AND THE SOCIAL ENVIRONMENT. Social work orientation to human behavior in systems of various sizes with emphasis on the significance for social work practice. Prerequisite: SWO 315; Prerequisites or Corequisites: SOC 403, SWO 400, PSY 302. 3

SWO 320. SOCIAL WORK METHODS. Problem-solving techniques focusing on defining issues and data collection and assessment with systems of varying size. Structured lab. Prerequisites: social work major; SWO 305; Corequisite or Prerequisite: SWO 315. 3

SWO 321. SOCIAL WORK METHODS. Problem-solving techniques focusing on intervention with individuals, families, and groups. Structured lab. Prerequisites: social work major, SWO 320. 3

SWO 322. SOCIAL WORK METHODS. Problem-solving techniques focusing on intervention with organizations, institutions, and communities. Prerequisite: SWO 320; Prerequisites or Corequisites: SWO 316 and SWO 321. 3

SWO 400. CULTURAL DIVERSITY. A study of the differences and similarities in the experiences, needs, and beliefs of people with special emphasis on populations at risk. Majors and non majors. 3

SWO 403. THE CHILD AND THE COMMUNITY. Society’s provisions for meeting the physical, psychological, and social needs of children. Limited volunteer experience. Prerequisite: SWO 201. 3

SWO 405. SOCIAL WORK IN HEALTH/MENTAL HEALTH SETTINGS. Examination of social services in health care and mental health settings. Emphasis on organizational contexts, interdisciplinary cooperation, and description of specialized knowledge and skills required for professional social work practice. Includes introduction to terminology of and recording styles pertinent to such settings. Prerequisites: SWO 201. 3

SWO 409. AGING AND THE COMMUNITY. Society’s provisions for meeting the economic, physical, sociological, and psychological needs of aging persons. Prerequisite: SWO 201. 3

SWO 415. VOLUNTEERING IN THE COMMUNITY II. This is an elective open to all majors in the University. Design, organization, and supervision of volunteer services. Assigned structured field experience in community agencies in the Delta. Required weekly seminar. 3

SWO 420. SCHOOL SOCIAL WORK SERVICES. The history of school social work services and role of the school social worker. Discussion of the issues that affect school social work, the local education agency, the process of education, as well as legislation relevant to education. Prerequisite: SWO 201. 3

SWO 430. SOCIAL WELFARE POLICY ANALYSIS. Application of analytical frameworks to social welfare policies and programs. Prerequisites: PSC 201, SWO 311, ECO 210. 3
SWO 470. METHODS OF SOCIAL RESEARCH. A study of the quantitative and qualitative research methodologies including analysis of data, statistical procedures, and systematic evaluation of practice. Prerequisite: SSC 469. 3

SWO 475. FIELD INSTRUCTION. Supervised field work in a social welfare setting. Taken concurrently with SWO 481. Prerequisites: SWO 316, 321, 322, 430, 470. Social work majors must make application to be admitted into Field Instruction. 12

SWO 481. INTEGRATIVE SEMINAR. Discussion and integration of total academic and field experience. Corequisite: SWO 475. 3

SWO 492. SPECIAL TOPICS IN SOCIAL WORK. Current developments in Social Work. 1-6
DELTA STATE UNIVERSITY has provided course offerings in business since 1925, the year the institution opened for its first regular session. Course offerings were organized along departmental lines in 1928 when a Department of Commerce was formed. The name of the department has changed a number of times, with each change reflecting a broadening scope in offerings and objectives. The Department of Commerce was renamed the Division of Business Education in 1944; changed to the Department of Business in 1948; renamed the Division of Business and Economics in 1958; in 1969, the name was changed to the School of Business; and in 1999, the name was changed to the College of Business.

The College of Business strives to implement the general aims and purposes of Delta State University: to provide opportunities for students to learn business principles and techniques, economic theories and policies, and to obtain a well-rounded general education; and to render services to the area by conducting seminars, workshops, and evening and weekend courses both on and off campus. The faculty is committed to maintaining a curriculum and educational environment that equips graduates for positions of leadership. Course offerings and degree requirements are continuously reviewed by the faculty; and additions are made as warranted, keeping in mind the best interest of students, as well as those who employ graduates.

Degree programs offered in the College include the Bachelor of Business Administration degree with majors in accountancy, computer information systems, finance, general business, insurance and real estate, management, marketing, and office administration; the Bachelor of Science in Education degree with a major in business education for those interested in becoming teachers; and the Bachelor of Commercial Aviation degree with majors in aviation management and flight operations. All degree programs are nationally accredited.

All students seeking the Bachelor of Business Administration degree must have a C average (2.0 GPA) in the courses listed under Business Core. Several majors also require a 2.0 or a 2.2 GPA in each of the courses in the major. These are identified under the appropriate department or divisions on the following pages.

A student planning to enter law school may wish to major in an area of business. There is no suggested pre-law course of study; however, many students have found accounting or general business valuable as a pre-law background.

MISSION STATEMENT

The College of Business works cooperatively with the other colleges and schools, the university staff, and outside entities to provide students the foundation for building productive and rewarding careers, to foster the economic and social development of the Mississippi Delta, and to contribute to the advancement of knowledge in the various disciplines.
The College fulfills its mission through its teaching, service, and research activities. Transmission of knowledge through classroom instruction is the College’s primary priority. In addition to ensuring the highest quality of instruction, the professional faculty and administration recognize the importance of professional service, scholarly works, and publications to the overall mission of this regional University.

Primary importance is placed on preparing graduates for entry into and advancement in business and other organizations, entrepreneurial ventures, and advanced studies. The educational experience must also provide the liberal arts and global perspectives essential to long-term career and personal development.

Service to the community, our profession, and the University is a vital aspect of the College’s mission. By nurturing cooperative relationships with business and industry, service organizations and other institutions, the College will remain dynamic and its activities relevant.

**College of Business**

**Goals**

1. Provide a strong, challenging curriculum with adequate assessment measures to ensure graduates are properly prepared in their chosen fields and properly prepared to live a productive and meaningful life.

2. Provide for networking among the College, faculty, staff, students, community, and employing organizations in order to provide excellence in meeting the professional education needs of the students.

3. Attract and maintain a highly qualified faculty skilled in teaching, service, research, and other scholarly activity and to support their professional development activities.

4. Provide faculty and students with a positive, stimulating, supportive, learning environment.

**B. F. Smith Chair for Economic Development**

B. F. Smith served the Delta Council as Executive Vice President for 36 years with a distinguished career in which he was a major driving force in virtually every aspect and phase of economic development in the Delta. The focus of the B. F. Smith chair is to accelerate business in the Delta. The chair is responsible for economic development efforts initiated by the College and evaluation of those efforts in the region.
DIVISION OF ACCOUNTANCY
AND
COMPUTER INFORMATION SYSTEMS

Professors: Hardy,
Associate Professor: Roberts
Assistant Professors: Ford, Gray, Hale, Quon, Waldrup (Chair), Wilson,
Instructors: Barfitt, Byrd, McKinley, Morehead, Sandifer, Webster
Part-time Instructors: Blount, Boswell, McKnight, Pettway
(662) 846-4180

The Division of Accountancy and Computer Information Systems offers three programs leading to the Bachelor of Business Administration (BBA). One program leads to the BBA in Accountancy, and two programs lead to the BBA in Computer Information Systems. In addition, the Division provides a variety of service courses for students from other disciplines who are interested in computing. The Division also offers night courses and workshops to serve the needs of non-traditional students.

Accountancy Programs

The Accountancy program prepares students for careers in public, management, governmental, and tax accounting and for advanced study in Accountancy and Business. Students have the opportunity to gain practical experience by working as interns with approved, cooperating companies in their senior year.

The traditional program of study in Accountancy requires 39 hours of Accounting and Computer Information Systems courses. The program includes financial accounting, cost accounting, auditing, and tax accounting. The program includes courses required to be eligible to sit for the Certified Public Accountant (CPA) examination, although additional courses (150 college hours) are required to sit for the exam.

All Accountancy majors must earn a grade of “C” or better in all accountancy courses. In addition, they must have earned a “C” in all prerequisite courses before enrolling in a course.

Computer Information Systems Programs

The Computer Information Systems area is the major field in which students are taught to analyze, design, develop, and support computerized information systems. The programs use extensive laboratory work to enhance student’s understanding of the subject matter. Advanced courses provide opportunities for students to design and implement real-life information systems. Internship opportunities are available to upper-level students.

The Programming/Analysis track (Option A) prepares students for professional careers in the design, development, and deployment of computer programs and information systems.

The Information Technology track (Option B) prepares students for professional careers in the administration of computer information systems. The program focuses on network administration and prepares students to analyze, design, and administer computer information systems in a business environment.
A number of freshman and sophomore-level courses within the Division are available for credit by examination. If students have had high school courses or work experience which they believe qualify them in a subject, they may see the Division Chair for information about the examination.

To meet graduation requirements, CIS majors must earn a grade of “C”, or better, in each course in their field of concentration. Further, CIS majors may not enroll in a course in their field of concentration without first earning a grade of “C”, or better, in its prerequisite course(s).

### ACCOUNTANCY

**ACC 100. COLLEGE ACCOUNTING.** Fundamental accounting concepts including the accounting cycle and introduction of financial statements. 3

**ACC 220. FINANCIAL ACCOUNTING I.** Financial accounting from the user perspective. Accounting concepts and principles including financial statements and analysis. 3

**ACC 230. FINANCIAL ACCOUNTING II.** Financial accounting from the preparer perspective. A computer-driven accounting application course. **Prerequisite:** ACC 220; Minimum grade of C in ACC 220 for accounting majors. 3

**ACC 305. ACCOUNTING SYSTEMS.** The study of accounting information systems and their components includes the processing and retrieval of data, system design/acquisition, and emphasis on computers in the accounting environment. **Prerequisite:** ACC 230; Minimum grade of C for accounting majors. 3

**ACC 311. INTERMEDIATE ACCOUNTING.** Brief review of elementary financial accounting principles with concentrated study of theory and practice relating to assets and liabilities. **Prerequisites:** ACC 230. Minimum grades of C for accounting majors. 3

**ACC 312. INTERMEDIATE ACCOUNTING.** Financial accounting theory and concepts, concentrated study of problems arising in applying these concepts to assets, liabilities, and owners’ equity. **Prerequisites:** ACC 311; Minimum grades of C for accounting majors. 3

**ACC 320. MANAGERIAL ACCOUNTING.** Use of accounting information and financial statements in business, finance, administrative control and decision making. **Prerequisite:** ACC 220. 3

**ACC 361. COST ACCOUNTING.** Accounting for material, labor, and factory overhead and its allocation; introduction to job order, process, standard cost accounting and decision making. **Prerequisite:** ACC 230. Minimum grade of C for accounting majors. 3

**ACC 380. FUND ACCOUNTING.** Accounting theory and practice as applied to governmental units, state operated schools and colleges; application and procedures for fund accounting in not-for-profit entities. **Prerequisite:** ACC 230. Minimum grade of C for accounting majors. 3

**ACC 451. TAX ACCOUNTING I.** Federal income tax laws and social security laws for individuals; rates, returns, income, deductions, and exclusions. **Prerequisite:** Minimum grade of C in ACC 220 for accounting majors. 3

**ACC 452. TAX ACCOUNTING II.** Federal income taxes for partnerships, corporations, estates, and trusts; estate and gift taxes and state income taxes. **Prerequisite:** Minimum grade of C in ACC 220 for accounting majors. 3
ACC 470. ADVANCED ACCOUNTING. Special topics in business combinations, multinational, partnership, and fiduciary accounting with emphasis on preparation of consolidated financial statements. **Prerequisite:** ACC 312; Minimum grade of C for accounting majors. 3

ACC 475. AUDITING. Standards and procedures for examination of financial statements and preparation of audit reports. **Prerequisites:** ACC 305 and 312; Minimum grades of C for accounting majors. 3

ACC 485. ACCOUNTING INTERNSHIP. Practical experience in offices of cooperating organizations under supervision of certified public accountants and general supervision of accounting staff of University. **Prerequisites:** Minimum grade of B in ACC 312 and approval of Department Chair. 1-6

ACC 487. INCOME TAX PRACTICUM. Preparation of manual and computerized individual income tax returns in cooperation with area accountants or the Internal Revenue Service’s VITA Program. **Prerequisite:** ACC 451; Minimum grade of C for accounting majors. 3

ACC 488. HEALTH CARE ACCOUNTING. Principles and procedures used to account for hospitals, extended care facilities, nursing homes and other health care providers; current accounting-related issues applicable to the health care industry. **Prerequisite:** ACC 220; Minimum grade of C for accounting majors. 3

ACC 492. SPECIAL TOPICS IN ACCOUNTING. Current developments in Accounting. 1-6

ACC 494. CMA REVIEW I. Selected topics covered on the Certified Management Accountant Examination. **Prerequisite:** ACC 312; Minimum grade of C for accounting majors 3

ACC 495. CMA REVIEW II. Selected topics covered on the Certified Management Accountant Examination. **Prerequisite:** ACC 470; Minimum grade of C for accounting majors 3

**COMPUTER INFORMATION SYSTEMS**

CIS 200. INTRODUCTION TO COMPUTERS. Computer concepts, terminology, and history; information processing; hands-on exercises on a variety of computing systems. 3

CIS 205. MICROCOMPUTER APPLICATIONS. Introduction to microcomputer applications; emphasis on word processing, spreadsheet, database and graphics software. **Prerequisite:** Keyboarding skills. 3

CIS 210. COMPUTER PROGRAMMING FUNDAMENTALS. Introduction to design and construction of programs; emphasis on syntax, structured techniques, problem solving, and logic development. **Prerequisite:** CIS 205. 3

CIS 235. MICROCOMPUTER APPLICATIONS II. Development of advanced skills in the use of microcomputer spreadsheet and database software; introduction to multimedia software; making effective use of microcomputer operating system commands and user interfaces. **Prerequisite:** CIS 205. 3
CIS 300. MANAGEMENT INFORMATION SYSTEMS. The role of computer systems in the management, control, and operation of organizations; components, benefits, development, and use of management information systems. Prerequisites: CIS 205, ACC 220. 3

CIS 305. ADVANCED MICROCOMPUTER APPLICATIONS. Advanced techniques in microcomputer applications software; making effective use of the operating system; using the Internet; selected computing topics. Prerequisite: Permission of instructor. 3

CIS 309. COMPUTERS IN PROFESSIONAL EDUCATION. Pedagogical uses of computers in training curricula and at the elementary, secondary, and postsecondary levels; evaluation of training and educational software. Prerequisite: CIS 205 or 210. 3

CIS 310. COMPUTER PROGRAMMING-VISUAL BASIC. Design and construction of programs in Visual Basic; Concepts of object-oriented, event-driven programming. Prerequisite: CIS 210. 3

CIS 313. COMPUTER PROGRAMMING-COBOL. Design and construction of structured programs in COBOL. Prerequisite: CIS 210. 3

CIS 314. OBJECT-ORIENTED PROGRAMMING. Development of business applications using object-oriented design methodology; use of functions, classes, encapsulation, and inheritance. Prerequisite: CIS 210. 3

CIS 325. MICROCOMPUTER HARDWARE SUPPORT. Overview of microcomputer hardware and system software components; developing skills in selecting, installing, configuring, modifying, and maintaining hardware and software; emphasis on diagnosing and solving microcomputer system problems. Prerequisites: CIS 205, 210. 3

CIS 331. SYSTEMS ANALYSIS AND DESIGN. Overview of system development life cycle; techniques of systems analysis and design; prototyping. Prerequisite: 300-level programming course. 3

CIS 335. END-USER SYSTEMS SUPPORT. Providing analysis, design, development, and modification support for end-user systems; advanced techniques in microcomputer-based spreadsheet, database, and graphics software. Prerequisites: CIS 205, 210. 3

CIS 341. AS/400 PROGRAMMING. Design and construction of programs for the AS/400; introduction to CL. Prerequisite: CIS 210. 3

CIS 343. ADVANCED PROGRAMMING — COBOL. Advanced COBOL techniques; file processing. Prerequisite: CIS 313. 3

CIS 370. OPERATING SYSTEMS. Indepth coverage of the history and the development of operating systems of personal computers, microcomputers, mainframes, and network servers. Requires extensive use of common operating systems. Prerequisite: CIS 210. 3
CIS 410. ADVANCED PROGRAMMING-VISUAL BASIC. Advanced Visual Basic programming techniques; file processing, concepts of object-oriented, event-driven programming. **Prerequisite:** CIS 310. 3

CIS 414. ADVANCED OBJECT-ORIENTED PROGRAMMING. Advanced business application development using object-oriented design methodology; use of dynamic and graphical objects, pointers, templates, and polymorphism. **Prerequisite:** CIS 314. 3

CIS 415. MULTIMEDIA SYSTEMS SUPPORT. Supporting multimedia technology used in organizational information systems, as well as management presentations; using the Internet to enhance multimedia communication; diagnosing and solving multimedia systems problems. **Prerequisite:** CIS 235. 3

CIS 441. ADVANCED AS/400 PROGRAMMING. Advanced business application development using AS/400 development tools; interactive and batch programming. **Prerequisite:** CIS 341. 3

CIS 450. DATABASE MANAGEMENT SYSTEMS. Systems development life cycle in a database environment; application programming and development with relational database management systems; client/server technology. **Prerequisite:** 300-level programming course. 3

CIS 451. PROGRAMMING PROJECT MANAGEMENT. Application of system development concepts, principles, and practices to a comprehensive system development project; team project involving analysis, design, development, implementation, and formal presentation to end user. **Prerequisites:** CIS 331 and 400-level programming course. 3

CIS 455. DATABASE PROJECT. Discussion and application of microcomputer database management systems; system development projects using database management and other software packages. **Prerequisite:** CIS 335. 3

CIS 460. DATA COMMUNICATIONS. Overview of the technology of data communications; discussion and application of data communications topics, including physical characteristics, hardware, software, local area networks, and management issues. **Prerequisite:** 300-level programming course. 3

CIS 461. BUSINESS COMMUNICATIONS AND NETWORKING. Overview of communication concepts with emphasis on architectures and protocols, including the evaluation of equipment, design, network management and a review of current technology and certification requirements. **Prerequisite:** CIS 370. 3

CIS 465. LOCAL AREA NETWORKS. Concepts and applications of local area networks (LANs); emphasis on installation, operation, and management of commonly-used LAN systems. **Prerequisite:** CIS 331 or 335. 3

CIS 466. NETWORK ADMINISTRATION. Advanced coverage of Local Area Network operating systems with emphasis on design, installation, server performance, and advanced administration features. Provides adequate training for professional certification examinations. **Prerequisite:** CIS 370. 3

CIS 485. COMPUTER INFORMATION SYSTEMS INTERNSHIP. Practical experience in the computer department of cooperating organizations under direct su-
pervision of a qualified professional and general supervision of a Computer Information Systems faculty member; campus seminars at conclusion of work; 200 work hours required for each three hours of credit. **Prerequisite:** Permission of instructor. 3-6

**CIS 491. MANAGEMENT INFORMATION SYSTEMS SEMINAR.** The role of computing systems in the management, control, and operation of organizations from the perspective of information systems professionals; review and analysis of strategic and technological issues affecting management information systems. **Prerequisite:** Senior standing. 3

**CIS 492. SPECIAL TOPICS IN COMPUTER INFORMATION SYSTEMS.** Current developments in Computer Information Systems. **Prerequisite:** Permission of instructor. 1-6

**CIS 495. SOFTWARE TOPICS.** Selected topics relating to the development, use, or implementation of computing software. **Prerequisite:** Permission of instructor. 3

**DEPARTMENT OF COMMERCIAL AVIATION**

Professor: Bell, Hemphill  
Associate Professors: T. Sledge (Chair)  
Assistant Professors: Clark, Pearcy  
Director of Flight Operations: C. Cooper  
Chief Flight Instructor: C. Metcalf  
Flight Instructors: Arch, Rayburn  
(662) 846-4205

The objective of the Department of Commercial Aviation is to prepare students for a variety of opportunities in the aviation industry, the airlines, aircraft manufacturing, airport management, air traffic control and military aviation. Graduates of this program would serve as members of flight crews, air traffic control specialists, and executives with supervisory and managerial responsibilities at all levels.

The Bachelor of Commercial Aviation degree is offered with majors in Flight Operations (which is the professional pilot program) and Aviation Management. An Airway Science Management option is offered under Aviation Management which will lead to positions within the Federal Aviation Administration as well as industry.

**COMMERCIAL AVIATION**

**CAV 100. INTRODUCTION TO AVIATION.** The development of aviation from early attempts to space travel, including career opportunities in the aviation industry. 3

**CAV 250. PRIVATE PILOT GROUND.** Principles of flight; the flight environment; aircraft systems and performance; basic and radio navigation; flight planning; physiology; federal aviation regulations. Designed to prepare the student for the FAA Private Pilot Written Examination. Co-requisite: (Flight Operations Majors)  
CAV 256. 6

**CAV 251. PRIVATE PILOT FLYING.** Dual and solo flight instructions designed to prepare the student for FAA Private Pilot certification. **Special Fee.** 3
CAV 256. APPLIED METEOROLOGY. Basic weather theory and information services available including how to interpret various reports and forecasts provided by the National Weather Service and the Federal Aviation Administration. Corequisite: CAV 250. 3

CAV 260. AIRCRAFT ENGINE OPERATION. The study of aircraft engine types; their design, construction, and operation. Review of auxiliary engine systems as part of the aircraft powerplant system. Prerequisite: CAV 250. 3

CAV 271. HUMAN FACTORS. Examination of the importance of interpersonal skills and human interaction in relation to safety and effectiveness in the cockpit. Includes the concepts of: processes, role issues, and practice in implementing these concepts. Prerequisite: CAV 250. 3

CAV 350. INSTRUMENT PILOT GROUND. Aircraft instruments, FAA regulations, ATC procedures, radio navigation, SIDs, STARS, communications phraseology, aircraft operations, and aircraft performance as applied to instrument flying and flight planning. Designed to help the student prepare for the FAA Written Examination. Prerequisites: CAV 250 and Private Pilot Certificate; or permission of department chair. 3

CAV 351. INSTRUMENT RATING FLIGHT. Designed to give the instrument flight experience necessary to obtain the instrument flight rating. Not for aviation majors. Prerequisites: Minimum grade of C in CAV 350, or permission of department chair, and a minimum of 125 hours in airplanes. Special Fee. 3

CAV 352. COMMERCIAL PILOT GROUND. Procedures, operations, and regulations necessary to prepare the student for the FAA Commercial Pilot Airplane Written Examination. Prerequisite: MAT 104, CAV 260 and Private Pilot Certificate; or permission of department chair. 3

CAV 353. COMMERCIAL/INSTRUMENT I. Dual and solo flying to prepare the student for the basic instrument phase check. Includes introduction to commercial maneuvers and high performance aircraft. Supervised dual night cross country and solo cross country. Special Fee. Prerequisite: CAV 251 or Private Pilot Certificate. Corequisite: CAV 350. 3

CAV 354. COMMERCIAL/INSTRUMENT II. Dual and solo flying to prepare the student for navigation and high performance aircraft phase checks. Solo practice and solo cross country. Special Fee. Prerequisite: CAV 353. 3

CAV 355. COMMERCIAL/INSTRUMENT III. Dual and solo flying to prepare the student for the instrument approach phase check and final phase check for the Instrument Rating and Commercial Pilot Certificate. Solo practice and solo cross country. Dual cross country. Special Fee. Prerequisites: Minimum grade of C in CAV 352, or permission of department chair, and CAV 354. 3

CAV 357. AERODYNAMICS. A study of aircraft design and performance. Prerequisites: CAV 250, or permission of department chair. 3

CAV 360. FLIGHT INSTRUCTOR GROUND AND FLIGHT. Ground and flight instruction of fundamentals of instruction and aeronautical knowledge necessary to instruct primary and advanced flight maneuvers and procedures. Designed to prepare the student for the FAA CFI written and practical examinations. Special Fee. Prerequisite: CAV 355, Instrument Rating, and Commercial Pilot License. 6
CAV 362. MULTI-ENGINE GROUND. Theory, procedures, maneuvers, and operation of multi-engine aircraft. Designed to prepare the student for multi-engine flight. Prerequisites: CAV 357. 3

CAV 363. MULTI-ENGINE FLIGHT. Dual flight instruction designed to prepare the student for the FAA Multi-engine Airplane Rating. Special Fee. Prerequisites: Minimum grade of C in CAV 362, Commercial Pilot License, and Instrument Rating, or permission of department chair. 1

CAV 370. PRINCIPLES OF TRANSPORTATION. Development and practice of rail, motor, air, water and pipeline carriers and shippers including the influence of economic principles, government regulations and public policy. 3

CAV 371. AVIATION LAW AND LEGISLATION. Overview of federal, state and local government impact on the aviation sector, including trends in transportation policy. 3

CAV 372. AVIATION SAFETY. Trends in aviation safety practices with an emphasis on future safety enhancement. 3

CAV 374. FEDERAL AVIATION REGULATIONS. A survey of the administrative laws, administrative law procedures, and civil penalty assessments of the Federal Aviation Administration and the National Transportation Safety Board. Includes the FARs, Advisory Circulars, the rulemaking process, violations, enforcement actions, seizures, expunction policy, NTSB appellate forum, and appeals to the U.S. Court of Appeals. 3

CAV 379. AVIATION MANAGEMENT. Application of management and other business and economic techniques to the problems of aviation managers. 3

CAV 380. AIR TRANSPORTATION. Economic aspects of passenger and cargo air transportation, including practices, problems, and regulations. 3

CAV 381. AIR TRAFFIC ADMINISTRATION. The background and operation of the Federal Aviation Administration with emphasis on the air traffic control system. 3

CAV 382. AIRPORT MANAGEMENT. Airline, commuter, and general aviation operations, terminal utilization, support facilities, disaster plans, noise abatement plans, community relations, airport financing, legislation and legal environment. 3

CAV 383. AVIATION INTERNSHIP. Practical experience in flying or aviation management as approved by the department head. (May be repeated for up to 9 hours credit.) 3

CAV 384. DIRECTED INDIVIDUAL STUDY. Concentrated individual study of aviation subjects not currently offered on a regular basis. Maximum credit of 6 hours. 1-3

CAV 387. ADVANCED AIRCRAFT SYSTEMS. Introduction to aircraft systems commonly found in more complex airplanes. Includes turbojet powerplants, hydraulic, flight control, electrical, pneumatic, environmental and warning/emergency systems. Prerequisites: CAV 352. 3
CAV 390. INSTRUMENT FLIGHT INSTRUCTOR GROUND AND FLIGHT. Ground and flight instruction of aeronautical knowledge necessary to instruct instrument flight maneuvers and procedures. Designed to prepare the student for the FAA CFII written and practical examinations. Special Fee. Prerequisite: CAV 360 and CFI certificate, or permission of department chair. 1

CAV 393. MULTI-ENGINE FLIGHT INSTRUCTOR. Dual Flight designed to prepare students for the FAA multi-engine flight instructor airplane check ride. Special Fee. Prerequisite: CAV 362, or appropriate ratings. 1

CAV 420. AIR CARRIER EQUIPMENT OPERATION I. Aircraft specific training for air carrier flight operations. Emphasis on standard operating practices manual, check-list philosophy, radio practices and procedures, performance data, specific pre-flight responsibilities, systems operations and limitations, normal and emergency procedures, and inflight and postflight responsibilities. Special Fee. Prerequisite: CAV 271, 362, and 387. 3

CAV 420. AIR CARRIER EQUIPMENT OPERATION I. Aircraft specific training for air carrier flight operations. Emphasis on standard operating practices manual, check-list philosophy, radio practices and procedures, performance data, specific pre-flight responsibilities, systems operations and limitations, normal and emergency procedures, and inflight and postflight responsibilities. Special Fee. Prerequisite: CAV 420, or permission of department chair. Special Fee. 3

CAV 490. TURBINE ENGINE AIRCRAFT GROUND AND FLIGHT. Ground and flight instruction in a multi-engine, turbine engine aircraft designed to provide the student with the basic knowledge of multi-engine, turbine engine aircraft flight. Prerequisite: CAV 420, or permission of department chair. Special Fee. 3

CAV 492. SPECIAL TOPICS IN COMMERCIAL AVIATION. Current developments in Commercial Aviation. Maximum credit of 6 hours. 1-3

DIVISION OF ECONOMICS AND FINANCE

Professors: W. Hinton, B. Moore (Chair), C. Wood
Associate Professor: K. P. Sridharan, C. Wagoner
Assistant Professors: C. Denson,
Instructor: J. Brown, M. Matthews
Part-time Instructors: Cassibry, Gaines, Gilmore, Mayes, Martin, Taylor

The Division of Economics and Finance offers programs leading to the B.B.A. degree in Finance, Insurance and Real Estate, or General Business.

The Economics Program is designed to provide students with a basic understanding of economic concepts and processes, enabling students to be well-prepared for graduate programs in business or responsible citizenship. Students are also prepared to be more effective in their chosen career in business or government.

The Finance Program is designed to provide students with a thorough knowledge of the financial institutions of the modern economy, with special emphasis on application of techniques in financial decision making. The purpose of the program is to prepare students to become effective financial managers.

The General Business Program is designed to give the student a basic understanding of all business areas. The purpose of the program is to prepare the student to enter any place of business which has its own specialized training program, or enter a small- or family-business.

The Insurance and Real Estate Program is designed to provide the student with a theoretical as well as a practical base for understanding the principles and prac-
tices in insurance and real estate. The student will understand the operation of the theory of real property valuation, the theoretical base for insurance as practiced in the economy, and a rich application of practicality in sales, management and the total support systems. The purpose of the program is to prepare a student to perform effectively in any one of the many jobs in the insurance and real estate industries.

All finance, general business and insurance and real estate majors must earn a grade of C or better in each course in their field of concentration.

Financial Planning. Registered with Certified Financial Planner\textsuperscript{tm} Board of Standards successful completion of the program will qualify participants to sit for the national CFP\textsuperscript{tm} Certification Exam. NOTE: "CFP\textsuperscript{tm}, CERTIFIED FINANCIAL PLANNER\textsuperscript{tm}, and CFP\textsuperscript{7} marks are certification marks owned by the Certified Financial Planner Board of Standards, Inc. These marks are awarded to individuals who successfully complete the CFP Board's initial and ongoing certification requirements." "Delta State University does not certify individuals to use the CFP\textsuperscript{tm}, CERTIFIED FINANCIAL PLANNER\textsuperscript{tm}, and CFP\textsuperscript{7} certification marks. CFP certification is granted only by the Certified Financial Planner Board of Standards to those persons who, in addition to completing an educational requirement such as this CFP Board-Registered Program, have met its ethics, experience and examination requirements.

Professional Financial Studies Program. Successful completion of FIN 403 will qualify participants to sit for the national Certified Cash Manager exam. Delta State University does not award the CCM designation. The right to use the mark CCM is granted by the Association of Financial Professionals.

ECONOMICS

ECO 210. PRINCIPLES OF MACROECONOMICS. Major topics are national income, money, consumption, investment, monetary-fiscal policies, growth. \textbf{Prerequisite: MAT 104. 3}

ECO 211. PRINCIPLES OF MICROECONOMICS. Operation of free-market economy from point of view of consumers and producers. Emphasis is on demand and supply under competition, monopoly, and monopolistic competition. \textbf{Prerequisite: MAT 104. 3}

ECO 305. FINANCIAL MARKETS AND INSTITUTIONS. The process of transferring funds from savers to borrowers. The role, evolution, function, and regulation of financial markets and institutions. \textbf{Prerequisite: ECO 210. 3}

ECO 407. U. S. ECONOMIC HISTORY. \textit{(See HIS 407). 3}

ECO 410. INTERMEDIATE MACROECONOMIC THEORY. Analysis of the economy in the aggregate: the level of prices, employment, income, production, consumption, saving, investment, taxes, government spending and fiscal policy. \textbf{Prerequisites: ECO 210, 211. (Formerly ECO 415) 3}

ECO 411. INTERMEDIATE MICROECONOMIC THEORY. Nature and functions of prices in our economy. Emphasis on theories of competition. \textbf{Prerequisites: ECO 210, 211. 3}

ECO 423. PUBLIC FINANCE. Federal budgeting practices and policies; intergovernmental fiscal relations; cost-benefit studies; economics of state and local governments. \textbf{Prerequisite: ECO 210. 3}
ECO 450. INTERNATIONAL TRADE AND FINANCE. Analysis of international trade, finance, and commercial policy. **Prerequisite:** ECO 210, 211. 3

ECO 452. BUSINESS CONDITIONS ANALYSIS. The macroeconomic environment in which business firms must operate and foundations of governmental policy; the interpretation of economic trends and their impact on businesses. **Prerequisite:** ECO 210. 3

ECO 460. ECONOMIC DEVELOPMENT. Analysis of economic factors related to economic development at the local, regional, state, national, and international levels. **Prerequisite:** ECO 210. 3

ECO 492. SPECIAL TOPICS IN ECONOMICS. Current developments in Economics. **Prerequisite:** Approval of Division Chair. 1-6

FINANCE

FIN 300. BUSINESS FINANCE. Principles of financial management of a business. Emphasis on analysis of financial statements, financial forecasting, time value of money, capital budgeting, security valuation, and analysis of risk and return. **Prerequisites:** ACC 220, ECO 210, 211. 3

FIN 301. INTERMEDIATE FINANCIAL MANAGEMENT WITH CASES. Continuation of FIN 300. Emphasis on analysis of corporate securities, cost of capital, capital structure, mergers and acquisitions, bankruptcy and reorganization, dividend policy, and working capital management taught through case studies. **Prerequisite:** FIN 300. 3

FIN 305. FINANCIAL MARKETS AND INSTITUTIONS. The process of transferring funds from savers to borrowers. The role, evolution, function, and regulation of financial markets and institutions. **Prerequisite:** ECO 210. 3

FIN 403. WORKING CAPITAL MANAGEMENT. Application of financial concepts and techniques to solve short-term financial management problems. Topics include: cash concentration, forecasting cash flows, credit and disbursement management, and inventory management. This course is registered with the Treasury Management Association. **Prerequisite:** FIN 300. 3

FIN 430. EMPLOYEE BENEFITS AND RETIREMENT PLANNING. An analysis of group life insurance, group medical expense and disability income insurance, private pension plans, profit sharing and thrift plans, Section 401 (k) plans, individual retirement accounts (IRAs), Keogh plans for the self-employed, group property and liability insurance, and other retirement planning issues. Public policy issues surrounding employee benefits are discussed in some detail. **Prerequisite:** FIN 300 or consent of instructor. 3

FIN 435. ESTATE PLANNING. Fundamentals of federal estate and gift taxation, wills, intestacy, probate, and trust. **Prerequisite:** FIN 300. 3

FIN 437. BANK MANAGEMENT. Principles, problems, and cases illustrating the organization, operation, and regulatory framework of the commercial bank. **Prerequisite:** FIN 300. 3

FIN 450. INVESTMENTS. Principles of developing a program of investments for an individual or business unit; techniques for evaluating securities in terms of safety and yield. **Prerequisite:** FIN 300. 3
FIN 451. SECURITY ANALYSIS AND PORTFOLIO MANAGEMENT. Impact of economic factors and security markets upon security value; risk and return in efficient portfolios. Prerequisites: FIN 450 and ACC 320. 3

FIN 460. PERSONAL FINANCIAL PLANNING. The financial planning process, setting objectives, management of risks, insurance, investments, tax planning, retirement plan, estates, wills, and business interests. Planning checklists and computer applications. Prerequisite: FIN 300 or consent of instructor. 3

FIN 490. FINANCE INTERNSHIP. Practical experience in office of cooperating financial institutions under direct supervision of corporate officers and general supervision of finance faculty of the Division. Two hundred work hours required for three hours of credit or four hundred work hours for six hours of credit followed by seminar sessions on campus. Prerequisite: Approval of Division Chair. 3 or 6

FIN 492. SPECIAL TOPICS IN FINANCE. Current developments in Finance. Prerequisite: Approval of Division Chair. 1-6

GENERAL BUSINESS

GBA 205. INTRODUCTION TO BUSINESS. A study of business opportunities in the United States. Students will explore opportunities in the public sector, as well as the private sector, including retail, transportation, manufacturing, restaurant, agricultural, hotel, and health care. 3

GBA 220. LEGAL ENVIRONMENT OF BUSINESS. Interrelationship of law upon business with emphasis on administrative procedures, antitrust analysis, consumer protection, securities law, and business ethics. 3

GBA 300. SMALL BUSINESS FINANCE. Capital budgeting and working capital management in the small firm. 3

GBA 423. PUBLIC FINANCE. Federal budgeting practices and policies, intergovernmental fiscal relations, cost-benefit studies, economics of state and local governments. Prerequisite: ECO 210. 3

GBA 450. ECONOMIC DEVELOPMENT. Analysis of economic factors related to economic development at the local, regional, state, national, and international levels. Prerequisites: ECO 210, 211. 3

GBA 460. SMALL BUSINESS MANAGEMENT. Principles and practices applicable to the formation, operation and growth of small business enterprises. 3

GBA 490. GENERAL BUSINESS INTERNSHIP. Practical experience in student’s chosen field of work under direct supervision of employer and general supervision of the division’s faculty. Two hundred work hours required for three hours of credit or four hundred work hours for six hours of credit followed by seminar sessions on campus. Prerequisite: Approval of Division Chair. 3 or 6

GBA 491. INTERNATIONAL BUSINESS INTERNSHIP. Practical experience in office of cooperating business institution abroad under direct supervision of corporate officers and general supervision of business faculty of the cooperating foreign university/college. 3
GBA 492. SPECIAL TOPICS IN GENERAL BUSINESS. Current developments in General Business. Prerequisite: Approval of Division Chair. 1-6

INSURANCE AND REAL ESTATE

IRR 300. RISK AND INSURANCE. Principles and practices of insurance and risk management, including personal business, and social viewpoints in regard to insurance for life, health, property, and liability risks. 3

IRR 350. REAL ESTATE. Principles, problems, and procedures involved in organizing and managing real estate operations. 3

IRR 420. PROPERTY INSURANCE. Coverages, policy provisions, and concepts in property insurance including fire, homeowners, commercial property, as well as other Special Multi-Peril contracts. Prerequisite: IRR 300. 3

IRR 421. LIABILITY INSURANCE. Coverages, policy provisions, and concepts in liability insurance including commercial and personal liability, workers compensation, and other liability contracts. Prerequisite: IRR 300. 3

IRR 422. RISK MANAGEMENT. Identification and analysis of loss exposures and selecting risk management alternatives for various types of losses and risk management techniques. Prerequisite: IRR 300. 3

IRR 423. INSURANCE LAW SEMINAR. Legal practices related to the offering and acceptance of various insurance products, and to the handling of claims. Prerequisite: IRR 300. 3

IRR 440. LIFE AND HEALTH INSURANCE. Individual life and health insurance contracts. Life insurance programming; types of insurers, investments, financial statements, risk selection, taxation and regulation of companies. Prerequisite: IRR 300. 3

IRR 451. REAL ESTATE BROKERAGE. Functions of the real estate broker, employment and sales management problems; residential sales; advertising; real property management; loan closings and real property development. Prerequisite: IRR 350. 3

IRR 452. REAL ESTATE FINANCE. Instruments of real estate finance, characteristic legal problems created by their use; analytical factors involved in the financing and the investment decision-making process of lending institutions as sources of funds, along with the expanding role of government. Prerequisite: IRR 350. 3

IRR 453. REAL ESTATE APPRAISAL. Concepts of value of real estate and its appraisal to include nature and purpose of appraisals; valuations of neighborhoods, sites, and improvements; and the application of cost, income and market approaches to value. Prerequisites: IRR 350. 3

IRR 454. REAL ESTATE LAW. Principles of legal practice related to ownership and transfer of real property, including drafting of deeds and various contracts. Prerequisite: IRR 350. 3

IRR 490. INSURANCE INTERNSHIP. Practical experience in office of cooperating insurance institutions under direct supervision of corporate officers and general supervision of insurance faculty. Two hundred work hours required for three hours of credit or four hundred work hours for six hours of credit followed by seminar sessions on campus. Prerequisite: Approval of Division Chair. 3 or 6
IRR 491. REAL ESTATE INTERNSHIP. Practical experience with cooperating real estate firms under direct supervision of real estate firm management and general supervision of faculty member of Division. Two hundred work hours required for three hours credit or four hundred work hours for six hours of credit followed by seminar sessions on campus. **Prerequisite:** Approval of Division Chair. 3 or 6

IRR 492. SPECIAL TOPICS IN INSURANCE AND REAL ESTATE. Current developments in Insurance and Real Estate. **Prerequisite:** Approval of Division Chair. 1-6

DIVISION OF MANAGEMENT, MARKETING, OFFICE ADMINISTRATION, AND BUSINESS EDUCATION

Professors: C. Johnson (Chair), W. Stewart, Thompson
Associate Professors: Bunn, Magee, Montgomery, Starkey
Assistant Professor: Jenkins
Instructors: J. Cooper, R. Fleming, Foster
(662) 846-4190

The objective of the Division of Management, Marketing, Office Administration, and Business Education is to provide students degree programs which afford a broad range of career opportunities for individuals who desire to specialize in Management, Marketing, Office Administration, or Business Education. In addition to a well-balanced background in general education, the curriculum includes core courses in accounting, economics, data processing, finance, and communication in order to establish a strong common body of knowledge in business administration.

The management major is for the student with a broad interest in management activities and problems. He or she pursues a program of study aimed at understanding planning, organizing, and controlling, which are the basic skills needed by managers. Emphasis is also placed on a knowledge of leadership styles and decision-making techniques. The systems concept is applied to the study of methods of coordinating available resources to achieve goals of the enterprise in the most effective manner.

To meet graduation requirements, management majors must earn an overall 2.0 GPA requirement in their field of concentration.

To meet graduation requirements, management majors must take the following courses at the DSU Cleveland campus: MGT 327 (Human Resources Management), MGT 484 (Organizational Behavior), and MGT 488 (Management Science).

The marketing major is designed to develop individual skills for use in the dynamic area of business which matches the product offerings of a firm to the needs of its customers. Emphasis is placed on marketing as a system which provides values or utilities for consumers. The curriculum offers courses which teach the refined techniques of retail merchandising, personal selling, and advertising.

The Division also strives to cooperate in providing assistance to organizations in the Delta area as needed for specialized training, placement, counseling, and research both on or off campus.
To meet graduation requirements, marketing majors must earn an overall 2.0 GPA in the 21 hours of required courses in their major. Electives taken in marketing will not be counted in determining the 2.0 GPA.

To meet graduation requirements, marketing majors must take the following courses on the DSU Cleveland campus: MKT 475 (International Marketing), MKT 488 (Marketing Research), and MKT 499 (Marketing Management).

The hospitality service management major is to prepare students for entry level position in the service industry. This degree should better prepare students for a long-lived management career in the services arena, particularly in amusements, tourism, special events and hospitality in general.

To meet graduation requirements, hospitality services management majors must earn 2.2 GPA in the 21 hours of required hospitality service management courses in their major.

**Office Administration**

Office Administration offers programs of study leading to a B.B.A. degree in Office Administration and a B.S.E. in Business Education. In addition, it provides a variety of service courses for students from other disciplines who are interested in computing or office technology. Office Administration also offers night courses and workshops to serve the needs of non-traditional students.

Office Administration (OAD) is the major field in which students are taught the methods and procedures needed for effective office management. They are also taught to use and manage office automation resources and to develop office information systems.

**Business Education**

Business Education (BED) is the major field for students who desire to teach business subjects at the secondary or post-secondary level. Upon graduation, these students meet the requirements of the State of Mississippi for teacher certification in Business Education and Computer Applications.

Many students choose to pursue double majors in OAD and other business-related fields. These combinations are particularly appealing to many employers and can be earned in a four-year period with careful selection of courses.

A number of freshman and sophomore-level courses in OAD are available for credit by examination. If students have had high school courses or work experience which they believe qualify them in a subject, they may see the Division Chair for information about the examination.

To meet graduation requirements, OAD majors must earn a grade of “C”, or better, in each course in their field of concentration. Further, OAD majors may not enroll in a course in their field of concentration without first earning a grade of “C”, or better, in its prerequisite course(s).

**Executive B.B.A. in Management**

The Executive B.B.A. in Management is designed for individuals, who are older than traditional students, who have been employed approximately five years, who have a work schedule that does not permit them to attend regular weekday classes, and who have an Associate Degree (AA) in Business Administration or the required 65 lower-division credit hours, who desire a B.B.A. The program of study is a fixed-track, three-year program.
To meet graduation requirements, Executive B.B.A. students must earn and maintain an overall 2.0 GPA in the 63 prescribed program-of-study hours.

**MANAGEMENT**

**MGT 200. STATISTICS.** Sampling, central tendency and dispersion, probability and probability distribution, confidence intervals, hypothesis testing, chi-square distribution, regression and correlation analysis. **Prerequisite:** MAT 203. 3

**MGT 300. PRINCIPLES OF MANAGEMENT.** Fundamentals of planning, organizing and controlling a business organization; objectives, policies, methods and procedures of planning; fundamental principles related to human relations. 3

**MGT 305. SUPERVISORY MANAGEMENT.** Work of the first line supervisor; development of skills for improving supervisory effectiveness. 3

**MGT 327. HUMAN RESOURCES MANAGEMENT.** Principles of procuring, developing, maintaining, and effectively utilizing personnel. **Prerequisite:** MGT 300. 3

**MGT 342. OPERATIONS MANAGEMENT.** Fundamentals of the operations function of business enterprises. Emphasis on the management of the resources required to provide a product or service, including people, facilities, inventory, processes, and systems. **Prerequisite:** GBA 200. 3

**MGT 370. ENTREPRENEURSHIP.** An applied management/marketing course designed to integrate the principles of business management and marketing applicable to solving the problems of small business start-up and/or expansion using integrated software and computer technology. **Prerequisites:** MGT 300, MKT 300. 3

**MGT 400. APPLIED DECISION SCIENCES.** Emphasis is on the use of information technology and formal models in support of managerial decision-making. The use of decision support by formulating and developing decision model, evaluating the effectiveness of computerized decision model of the business environment; simplex transportation and assignment methods of linear programming, break-even analysis; forecasting; simulation. **Prerequisites:** MGT 327, 342. 3

**MGT 442. ADVANCED PRODUCTION/OPERATIONS MANAGEMENT.** Further examination of the design, operation, and control of the operations function in business enterprises. Topics include forecasting, production planning and control, materials management, and quality control of the operations function. Applications of management science tools to analyze and control production methods and processes. **Prerequisite:** MGT 342. 3

**MGT 453. INDUSTRIAL RELATIONS.** Employee relations including labor laws, union contracts, and arbitration. 3

**MGT 457. ADVANCED HUMAN RESOURCES MANAGEMENT.** Application through case study of principles and techniques utilized in personnel administration. Selected case problems depicting actual situations encountered in day-to-day operation of a business enterprise presented for analysis and discussion. **Prerequisite:** MGT 327. 3
MGT 460. SMALL BUSINESS MANAGEMENT. Principles and practices applicable to the formation, operation, and growth of small business enterprises. 3

MGT 475. INTERNATIONAL MANAGEMENT. Comparative study of management concepts, problems and strategies. Focus on risk/opportunity factors unique to foreign business location; particular emphasis on cultural forces and parameters as well as environmental trends. Prerequisites: MGT 300, MKT 300. 3

MGT 480. BUSINESS COUNSELING. This is cross-listing MKT 480. Consulting with owners of small business in areas of accounting, finance, management, and marketing; student, under the supervision of a faculty member, may work as a member of a team or individually. Prerequisites: ACC 212, FIN 300, MGT 300, MKT 300, senior standing and consent of Division Chair. 3

MGT 484. ORGANIZATIONAL BEHAVIOR. Use of behavioral science based knowledge to focus on three levels of behavior in an industrial organization: individual, group, and organizations; within this framework, topics such as motivation to work, leadership, organizational communication, organization and control, union and management relations, and human resources accounting are examined; objective is to provide an in-depth study of the directing function of management. Prerequisite: MGT 300. 3

MGT 488. MANAGEMENT SCIENCE. Common quantitative techniques for decision making: probability theory; decision making under conditions of certainty, uncertainty, and risk; inventory theory; simplex transportation and assignment methods of linear programming, break-even analysis; network flow theory, queuing theory. Prerequisite: GBA 200. 3

MGT 489. MANAGEMENT SCIENCE II. Simplex, transportation, and assignment methods of linear programming; postoptimality analysis; dynamic, goal, and integer programming; Markov analysis; forecasting; simulation; game theory; CPM and PERT. Prerequisites: GBU 200, MGT 488. 3

MGT 490. MANAGEMENT INTERNSHIP. Practical experience in an industrial plant under direct supervision of corporate line officers and general supervision of the management faculty to the Division of Management and Marketing. Two hundred work hours required for three hours of credit or four hundred work hours required for six hours of credit including intermittent seminar sessions on campus. Prerequisites: MGT 300, either MGT 327 or MGT 342, and consent of Division Chair. 3 or 6

MGT 492. SPECIAL TOPICS IN MANAGEMENT. Current developments in Management. Prerequisite: Consent of Division Chair. 1-6

MGT 495. QUALITY MANAGEMENT: CONTEMPORARY ORGANIZATIONAL ISSUES. Examination of the developments leading to the increasing emphasis on quality in both public and private sector organizations. Analysis of the Total Quality Management approaches to continuous improvement through the study of current quality philosophies, tools, and techniques. Experiential development of key TQM implementation concepts. Prerequisites: Completion of business core courses, senior standing. 3
MGT 499. STRATEGIC MANAGEMENT. Integrate knowledge acquired in accounting, economics, finance, operation management, information systems, management and marketing in the formation of business strategies. Students administer companies and compete with each other via a global, computerized simulation; and, using case studies, diagnose problems and propose solutions for actual companies. Prerequisites: Completion of all other business core courses, senior standing. 3

MARKETING

MKT 300. MARKETING PRINCIPLES. Principles and strategies for effective distribution of goods and services from the site of production to the final user of consumer (market identification, product development, channels of distribution, promotion and pricing strategies incorporating international and ethical considerations). Prerequisite: ECO 210 or 211. 3

MKT 320. MERCHANDISE PLANNING AND CONTROL. An examination of the basic factors involved in retail merchandising, as well as the application of basic terms, calculations, and factors that affect profits in a retail store. Prerequisite: MKT 300. 3

MKT 321. PERSONAL SELLING. Basic principles underlying the sales process and their application to problems of selling; principles of advertising and marketing as they relate to the problems of distribution from the standpoint of the vendor. Prerequisite: MKT 300. 3

MKT 328. RETAIL MANAGEMENT. Nature and structure of retailing emphasizing management of the merchandise function (consumer behavior, site selection, vendor determination — domestic and foreign, buying responsibilities, pricing and promotion). Prerequisite: MKT 300. 3

MKT 330. ADVERTISING. Advertising fundamentals in relation to modern business activities; fields of advertising; advertising media, campaigns and systems. Prerequisite: MKT 300. 3

MKT 345. INTERNET MARKETING. An introduction to marketing on the Internet with emphasis on online promotion, retailing, distribution, gathering consumer research. 3

MKT 357. DISTRIBUTION MANAGEMENT. Study of the strategy decisions that take place in the flow of products from producer to middleman to consumer including the management. Coordination analysis of transportation, storage and logistics functions. Also the study of the selection and modification of institutions in a marketing channel of distribution, given their operational and behavioral relationships. Prerequisite: MKT 300. 3

MKT 358. CONSUMER BEHAVIOR. Analysis of consumer behavior patterns and motivation, and their relationship to actions in the market place. Prerequisite: MKT 300. 3

MKT 370. ENTREPRENEURSHIP. An applied management/marketing course designed to integrate the principles of business management and marketing
applicable to solving the problems of small business start-up and/or expansion using integrated software and computer technology. **Prerequisites:** MGT 300, MKT 300. 3

**MKT 425. SERVICES MARKETING.** A study of the unique problems associated with the marketing of services, tools for service markets, and of alternative strategies with which to improve service marketing effectiveness. **Prerequisite:** MKT 300. 3

**MKT 440. SPORTS MARKETING.** Application of marketing principles and processes to sport products, and/or sporting events, and to the marketing of non-sports products through association with sports. **Prerequisite:** MKT 300. 3

**MKT 451. SALES MANAGEMENT.** Planning and formulating policy for recruiting, selecting, training, compensating, controlling, directing, and coordinating the sales force and their activities. **Prerequisite:** MKT 300. 3

**MKT 453. BUSINESS-TO-BUSINESS MARKETING.** Strategies and methods used in the marketing of equipment, materials, supplies, and services to commercial enterprises, institutions, government, and distributors; purchasing procedures and practices; decision making in all phases of strategy development. **Prerequisite:** MKT 300. 3

**MKT 475. INTERNATIONAL MARKETING.** Reviews marketing theory as it impacts international and regional institutions and agreements that affect conduct of business globally as well as the legal and political setting of international marketing. **Prerequisite:** MKT 300. 3

**MKT 480. BUSINESS COUNSELING.** Consulting with owners of small business in areas of accounting, finance, management, and marketing; student, under supervision of a faculty member, may work as a member of a team or individually. **Prerequisites:** ACC 212 or ACC 220, FIN 300, MGT 300, MKT 300, senior standing. 3

**MKT 488. MARKETING RESEARCH.** Principles, techniques, and applications of research in marketing. Emphasis is placed on the use of research findings in the solution of marketing problems. **Prerequisites:** MKT 300, GBA 200, and senior standing. 3

**MKT 490. MARKETING INTERNSHIP.** Practical experience in marketing with an approved organization under the direct supervision of a marketing executive and general supervision of the marketing faculty. Two hundred work hours required for three hours of credit or four hundred work hours required for six hours of credit including intermittent seminar sessions on campus. **Prerequisites:** MKT 300, three (3) additional hours credit in Marketing, junior or senior standing, approval by Division Chair. 3 or 6

**MKT 492. SPECIAL TOPICS IN MARKETING.** Current developments in Marketing. **Prerequisite:** Consent of Division Chair. 1-6
MKT 499. MARKETING MANAGEMENT. Marketing problems and development of effective marketing programs utilizing case analysis. Decision making under conditions of uncertainty and/or based on incomplete information. Application of quantitative techniques. **Prerequisites:** MKT 300, GBA 200, 9 additional hours credit in MKT courses, and senior standing. 3

**HOSPITALITY SERVICE MANAGEMENT**

HSM 330. ADVERTISING. Advertising fundamentals in relation to modern business activities; fields of advertising; advertising media, campaigns and systems. **Prerequisite:** MKT 300. 3

HSM 410. FACILITIES MANAGEMENT. Theory, practice and design of systems to develop and operate and/or improve physical facilities. **Prerequisite:** MGT 342, FIN 300, and ACC 320. 3

HSM 425. SERVICES MARKETING. A study of the unique problems associated with the marketing of services, tools for service markets, and of alternative strategies with which to improve service marketing effectiveness. **Prerequisite:** MKT 300. 3

HSM 460. PROMOTIONS STRATEGY. Planning, executing and controlling of any demand stimulation practices. Problems of persuasive marketing strategy, promotional objectives, methods of implementing these objectives and approaches by which the methods might be blended. **Prerequisite:** MKT 300. 3

HSM 465. HOSPITALITY AND EVENTS MANAGEMENT. Application of management principles in directing special events to include: Innovation, planning, development, and financial management. **Prerequisite:** MGT 300, MKT 300, FIN 300, and ACC 320. 3

HSM 490. SERVICES MANAGEMENT INTERNSHIP. Practical experience in services with an approved organization under the direct supervision of an executive and general supervision of the MGT/MKT faculty. Two hundred (200) work hours are required for 3 hours of credit or four hundred (400) work hours required for 6 hours of credit including intermittent seminar session on campus. **Prerequisite:** Approval of division chair. 3-6

HSM 499. SERVICES MANAGEMENT. Analysis of operations management activities in service delivery systems. Emphasis placed on total systems approach to services management. **Prerequisites:** HSM 465, MGT 342. 3

**OFFICE ADMINISTRATION**

OAD 100. KEYBOARDING. Development of keyboarding skills and basic information processing procedures; introduction to word processing. 3

OAD 200. WORD PROCESSING I. Concepts and applications of word processing; development of knowledge and skills necessary to use basic word processing software features. **Prerequisite:** OAD 100 or keyboarding skill. 3

OAD 203. BUSINESS COMMUNICATION. Theory of communication; multicultural awareness; role of communication in business organizations; emphasis on grammar and basic writing skills as applied in composing a variety of letters, memorandums, and reports. **Prerequisites:** ENG 102 and keyboarding skill. 3
OAD 300. INFORMATION PROCESSING. Reinforcement of basic word processing knowledge and skills; emphasis on preparing business correspondence and reports at production level. **Prerequisite:** OAD 205. 3

OAD 320. INFORMATION MANAGEMENT. Planning, organizing, staffing, and controlling an information management system; emphasis on alphabetic filing, automated information management, and database construction using Microsoft Access. **Prerequisite:** CIS 205. 3

OAD 326. OFFICE MANAGEMENT. Problems of the office approached from the viewpoint of management; management of office environment, office employees, office systems, and office functions. **Prerequisite:** OAD 200. 3

OAD 400. PUBLICATION DESIGN TECHNOLOGY. Mastery of advanced features of word processing and page-layout software and development of publication-quality documents and presentation graphics; emphasis on high-volume output, appearance, and effective communication; managerial and technology support considerations. **Prerequisite:** OAD 300. 3

OAD 401. OFFICE PROCEDURES. Application of principles and techniques involved in office management and administrative support positions in the electronic office; office information systems; development of communication and interpersonal skills. **Prerequisites:** OAD 300, 320 or 326. 6

OAD 403. REPORT WRITING. Emphasis on determining the problem, collecting primary and secondary information, analyzing information, writing memorandum reports, short reports, and long reports, and presenting information clearly and accurately. **Prerequisite:** OAD 203 and keyboarding skills. 3

OAD 425. INFORMATION TECHNOLOGY SUPPORT. Providing help-desk and training support for hardware and software in the modern office; feasibility studies; applied experience in equipment selection, use, and maintenance. **Prerequisites:** OAD 300, CIS 235. 3

OAD 430. ORGANIZATIONAL LEADERSHIP. Preparing for professional career success. Emphasizes organizational leadership skills, goal setting, essentials for getting to the top, business protocol, ethics and work ethic, workplace conflict resolution, job search preparation and career paths, and business etiquette and professional image. **Prerequisites:** CIS 205, MGT 300. 3

OAD 492. SPECIAL TOPICS IN OFFICE ADMINISTRATION. Current developments in Office Administration. **Prerequisite:** Consent of Division Chair. 1-6

BED 492. SPECIAL TOPICS IN BUSINESS EDUCATION. Current developments in business education. **Prerequisite:** Consent of Division Chair. 1-6

CUR 479. METHODS IN BUSINESS. Methods, materials, and techniques of teaching business subjects. **Prerequisite:** Consent of Division Chair. 3
The College of Education is made up of the following divisions and services:

The Division of Behavioral Sciences
The Division of Curriculum, Instruction, Leadership and Research
The Division of Family and Consumer Sciences
The Division of Health, Physical Education and Recreation
The Department of Psychology
The Office of the Dean and the Office of Field Experiences

The Division of Behavioral Sciences offers the Bachelor of Science degree in Special Education and the Master of Education degrees in Counseling and Special Education. Special Education offers the Bachelor of Science in Education degree in Mild/Moderate Disabilities. Master of Education degrees are offered with an emphasis in the following areas: Mild/Moderate Disabilities, School Counseling, or Community Counseling.

The Division of Curriculum, Instruction, Leadership and Research offers the Bachelor of Science in Education degree in the following area: Elementary Education, K-8. Master's degrees are offered by the division in Administration and Supervision and in Elementary Education. The division also offers the Educational Specialist degree in Educational Administration and Supervision and Elementary Education. On August 21, 1980, the Board of Trustees approved offering the Doctor of Education in Professional Studies degree at Delta State University.

The Division of Family and Consumer Sciences offers the Bachelor of Science Degree in Fashion Merchandising and the Bachelor of Science Degree in Family and Consumer Sciences with concentrations in Consumer Relations, Child Development, Family and Consumer Sciences Education, or Nutrition/Dietetics. The education curriculum also provides certification in Career Discovery. The Division operates the Hamilton-White Child Development Center for the University and offers support courses in child development, nutrition and family relations.

The Division of Health, Physical Education and Recreation offers the Bachelor of Science in Education degree in Health, Physical Education and Recreation with add-on certifications in Comprehensive Health and Driver Education and Traffic Safety and the Bachelor of Science Degree in Athletic Training. It also offers the Bachelor of Science in General Studies degree with a major in Health, Physical Education and Recreation, that includes concentrations in Physical Education, Recreation, Sports Information, Sports Management and Exercise Science. The Division also offers the Master of Education degree in Health, Physical Education and Recreation.

The Department of Psychology offers the Bachelor of Arts Degree in Psychology.

The Office of Field Experiences makes arrangements with schools in the area for the placement of student teachers, the placement of interns, the placement of students doing practicum work, and for pre-teaching school visits. It also makes contacts and plans for clinical and laboratory work for all Teacher Education requirements which are done off-campus for the entire University.
Through the cooperation of various academic departments in the College of Arts and Sciences and the Division of Computer Information Systems and Office Administration in the College of Business, adequate studies are provided for those who wish to acquire a Bachelor of Science in Education degree or a Bachelor of Music Education degree which prepares them for work in all areas of concentration at the elementary level or in the many subject matter areas in the secondary level.

Students who complete a prescribed program in the College of Education or in the various disciplines of the College of Arts and Sciences or in the Division of Computer Information Systems and Office Administration in the College of Business receive the Bachelor of Science in Education degree, the Bachelor of Music Education degree or the Bachelor of Arts degree with concentration in art education and are certified* in their respective areas of concentration by the State of Mississippi and by the National Council for Accreditation of Teacher Education.

* Must make minimum scores required by the State of Mississippi on the Praxis Series tests.

For all undergraduate degrees in the College of Education, undergraduate students who earn a grade below a “C” in a course with a prefix in the major are required to retake the course at Delta State University and earn a “C” or better as a requirement for program completion.

MISSION STATEMENT

The College of Education operates collaboratively with the other schools of the university, the university staff, and outside agencies to produce professional graduates who will be effective in the field of human learning and services. The College of Education strives for a stimulating, positive environment and provides its students with professional faculty who emulate and model the professional competencies, skills, and affects expected of Delta State University graduates from the College of Education.

The professional faculty and administration have numerous professional responsibilities. Quality of instruction and professional service are critical to the mission of this regional university. Scholarly works and publications are strongly encouraged as professional outcomes for the entire university faculty and administration. Through evaluation processes the effectiveness of degree programs is a significant goal.

Primary importance is given to the academic and scholarly development of students. Equally important are the necessary professional skills for career success. The work ethic of graduates and their demonstrated empathy and human relations skills are traditions associated with graduates of the College of Education.

Within the College of Education the numerous degree programs that train professional educators exist to prepare graduates to address societal needs, educational needs and personal needs. All education degree programs are created to prepare individuals to function in professional service careers. At all levels and in all areas, graduates are intended to impact societal needs through their particular professional area(s). Such an impact in the educational setting is accomplished by graduates as they address the educational needs of their students/clients to become productive self-sufficient members of society.
College of Education

Goals

1. Impact societal needs through graduates in the areas of human learning and services.
2. Provide a collaborative network of professionals (college of education, university, and outside agencies) whose efforts address professional education needs of students.
3. Provide faculty and students with a positive, stimulating, learning environment.
4. Ensure for quality instruction and professional service from college of education faculty and encourage scholarly research and works.
5. Ensure that students receive necessary scholarly instruction, professional knowledge learning experiences, professional ethics training, human relations training, and appropriate field experiences.
6. Provide educational and cultural experiences designed to enhance and fulfill the potential of all persons without regard to race, religion, national origin, sex, or age.
7. Assess the effectiveness of professional education degree programs.

TEACHER EDUCATION AND CERTIFICATION

THE TEACHER EDUCATION PROGRAM

The objective of the Teacher Education Program at Delta State University is to prepare excellent teachers. The administrative control of the Teacher Education Program is centered in the Teacher Education Council. The Dean of the College of Education is the Director of Teacher Education, and the Director of Field Experiences is the administrative officer for the Teacher Education Council. Students who complete the appropriate curriculum in the prescribed sequence are recommended for educator licensure.

APPLICATION FOR ADMISSION TO THE PROGRAM

Students may indicate an interest in teacher education upon application for admission to Delta State University, and they are advised and counseled accordingly. Actual admission to the Program cannot be attained until the junior year. In the junior year students seeking admission to the Program must take CUR 300 or CUR 302 or CEL 301. Students will attempt to meet all admission requirements as a part of CUR 300 or CUR 302 or CEL 301. All students completing CUR 300 or CUR 302 or CEL 301 will be admitted by the Teacher Education Council to the Program if all requirements for admission are met at that time. A student failing to meet all requirements will be denied admission by the Council until such time that all requirements are met. Each student and his/her advisor are notified of the student's admission status after the student completes CUR 300 or CUR 302 or CEL 301 and is presented to the Teacher Education Council for admission. Students initially denied to the Program are resubmitted to the Council for admission when all requirements are met. An upper-level student may file application for admission to the Program at any time and must follow the same admission process.
Application forms for admission to Teacher Education and additional information about the Teacher Education Program may be secured from the Office of Field Experiences. Each application should be properly executed and filed with the Director of Field Experiences, Delta State University, Cleveland, Mississippi 38733.

**REQUIREMENTS FOR ADMISSION TO THE PROGRAM**

In order for a student to be admitted to the Teacher Education Program, the student must:

1. Complete CUR 300, SURVEY OF EDUCATION WITH FIELD EXPERIENCES; OR CUR 302, ORIENTATION AND FIELD EXPERIENCES; OR CEL 301, INTRODUCTION TO ELEMENTARY EDUCATION.

2. Make application for admission to the Teacher Education Program;

3. Meet test requirements for one of the following:
   a. Praxis PPST (Pre-Professional Skills Test) or
   b. Praxis CBT (Computer-Based Academic Skills Assessment) or
   c. Communications Skills and General Knowledge tests of the National Teacher Examination (these tests must have been taken before July 1, 1997) or
   d. ACT composite score of 21 with no subtest below 18 or a SAT composite of 860 on tests taken prior to college or university admission

4. Have at least a 2.5 grade point average on the 44 hours of General Education coursework;

5. Have completed the 44 hours of general education requirements plus one other 3-hour course from any area of general education, computer science, computer information systems, or foreign language;

6. Have a recommendation by majority of department/division faculty.

**REQUIREMENTS FOR COMPLETION OF THE PROGRAM**

In order to complete the Teacher Education Program and to qualify for a Mississippi teaching license, an applicant must complete all requirements for the appropriate degree, meet all the minimum course requirements, pass the appropriate Praxis Series tests or the National Teacher Examination tests, and submit an application for licensure to the Mississippi Department of Education. The applicant is responsible for having his or her Praxis and/or NTE scores sent to the Mississippi Department of Education and Delta State University. Students who are exempt from the PPST based on ACT or SAT scores must pass either ENG 300 (Writing Proficiency Examination) or the PPST/CTB Writing test or ENG 301.
DIVISION OF BEHAVIORAL SCIENCES

Associate Professors: Hartley
Assistant Professors: Adams, Buckley, Crosby
(662) 846-4355

COUNSELING

CED 090, 091. LEARNING SKILLS LAB. Learning skills laboratory experiences to accompany Developmental English, Mathematics, and Reading. 3

CED 098, 099. ACADEMIC SUPPORT LABORATORY I AND II. Academic support system for students enrolled in Summer Developmental Program or by referral. 3,3

CED 470. CAREER EDUCATION. Procedures and practices concerning world of work for elementary and secondary students. 3

CED 480. HUMAN RELATIONS TRAINING. Basic skills of verbal and non-verbal communication. Emphasis on skill development in interpersonal relationships through simulated experiences, role-playing and written exercises. 3 hours per semester not to exceed 6 hours.

CED 492. SPECIAL TOPICS IN COUNSELING. 1-6

SPECIAL EDUCATION

CSP 340. SURVEY OF THE EXCEPTIONAL CHILD. Characteristics, needs, and developmental problems of exceptional children. Prerequisite for all other courses in Special Education. 3

CSP 341. INSTRUCTIONAL PLANNING IN SPECIAL EDUCATION. Essential elements of planning and instruction. 3

CSP 342. EDUCATION OF THE EARLY CHILDHOOD DISABLED. Assessment techniques, preparation of materials, and development of individualized educational programs, appropriate to the learning style of the preschool child with disabilities. 3

CSP 344. ASSESSMENT OF STUDENTS WITH SPECIAL NEEDS. Assessment of students for special education including issues in identification, legal provisions regarding assessment, standardized/norm-referenced testing, specialized terminology, and referral-to-placement procedures. **Prerequisite:** CSP 340. 3

CSP 345. CURRICULUM BASED ASSESSMENT. Curriculum-based and informal assessment techniques as they apply to specific academic areas. Field-based component. **Prerequisites:** CSP 344 and Admission to the Teacher Education Program. **Corequisites:** CSP 347 and CSP 388. 3

CSP 346. BEHAVIORAL MANAGEMENT. Behavioral principles for classroom management. Field-based component. 3

CSP 347. SPECIAL EDUCATION PRACTICUM. Participation in school-based instructional situations. Sixty hour practicum. **Prerequisites:** Admission to Teacher Education Program. **Corequisites:** CSP 345 and CSP 388. 3
CSP 348. COLLABORATIVE PARTNERSHIPS IN SPECIAL EDUCATION. A study of communication, conferencing skills, collaboration and consultation strategies in working with parents, teachers and other school personnel. Includes an emphasis on parent rights and due process procedures, cultural diversity, collaboration and consultation, procedures for inclusion, inclusion models, and IEP conferencing skills. 3

CSP 350. EDUCATION OF THE SEVERELY AND PROFOUNDLY DISABLED. Screening, identification, diagnosis, and educational programs for individuals with severe disabilities. 3

CSP 351. PHYSICAL, SENSORY, AND HEALTH DISABILITIES. Programming to meet the needs of individuals with physical, sensory, and/or health disabilities.

CSP 383. STUDY OF MENTAL RETARDATION. A study of individuals with mental retardation including etiological, psychological, sociological and educational consequences. 3

CSP 384. STUDY OF LEARNING DISABILITIES. Identification and study of social, emotional, physical and academic characteristics of individuals with learning disabilities. 3

CSP 385. STUDY OF EMOTIONAL DISABILITIES. The education and management of students with severe emotional disabilities. 3

CSP 386. ORGANIZATIONAL PROCEDURES FOR SPECIAL EDUCATION. Final capstone course taught in conjunction with student teaching which provides a synthesis of special education legal mandates, organization and procedures. 3

CSP 387. EDUCATION OF THE SECONDARY LEVEL MILD/MODERATE DISABLED STUDENT. Identifying, diagnosing, and programming materials and methodology of teaching mild/moderate individuals at the secondary level. Three hours lecture, two hours field-based practicum. Prerequisites: CSP 341 and admission to the Teacher Education Program. 4

CSP 388. EDUCATION OF THE ELEMENTARY LEVEL MILD/MODERATE DISABLED STUDENT. Materials and methods for teaching children with mild/moderate disabilities at the elementary level. Field-based lab. Prerequisites: CSP 341 and admission to the Teacher Education Program. Corequisites: CSP 345 and CSP 347. 3

CSP 444. DIAGNOSTIC-PRESCRIPTIVE ASSESSMENT. Diagnostic-prescriptive assessment strategies for regular education and special education. 3

CSP 492. SPECIAL TOPICS IN SPECIAL EDUCATION. Independent study in an area of special education. Prerequisite: Junior or senior special education major and permission of instructor. 1-6

CSP 496. DIRECTED TEACHING IN SPECIAL EDUCATION. Twelve consecutive weeks of full-time teaching and participating in classroom activities under supervision of an experienced teacher. Prerequisites: EPY 341, CEL 314, CEL 315, CEL 317, CEL 318, CRD 326, MAT 331, CSP 344, 345, 346, 347, 348, 383, 384, 387, 388. 12
DIVISION OF CURRICULUM, INSTRUCTION, LEADERSHIP AND RESEARCH

Professors: Branton, Caston, Garrison, Rakes, Weare,
Associate Professors: Barnes, Cronin, Jolly (Chair), Moulds, J. Young
Assistant Professors: Campbell, Cummins, Griffin, Johnson, Varner, Wilson
(662) 846-4370

ADULT EDUCATION

CAD 401. HISTORY AND PHILOSOPHY OF VOCATIONAL EDUCATION. Review of historical foundations of vocational education and a study of the philosophical background. 3

CAD 402. METHODS AND TECHNIQUES OF VOCATIONAL EDUCATION. For supplemental endorsement in 310 Vocational Business Technology. Techniques and procedures used in coordinating vocational education programs are explored in this curriculum. Included are principles of promotion, organization, and development of instructional materials in vocational education. 3

CURRICULUM

CUR 300. SURVEY OF EDUCATION WITH FIELD EXPERIENCES. An historical and sociological survey of education, including supervised visitation in teaching-learning environments. Prerequisite to admission to Teacher Education Program. Lecture 2 hours, laboratory 2 hours. 3

CUR 302. ORIENTATION AND FIELD EXPERIENCES. An orientation seminar, field experience, and generic competency check for all teacher education transfer students who have previously completed a survey education course. 1

CUR 303. TEST-TAKING SKILLS. Strategies for taking standardized tests. Not applicable to a major or minor in education. 1-3

CUR/CEL 450. WHOLE SCHOOLS INSTITUTE: INTEGRATING FINE ARTS INTO THE CURRICULUM. Exploration of theory and practice for integrating the fine arts in the whole school curriculum. Hands on experiences. Admission by permission of instructor. 3

CUR 456. TRENDS IN TEACHING (Subject to be Inserted). New methodology, materials, and emphasis in teaching (subject to be inserted). Prerequisite: Senior standing in Teacher Education Program or permission of instructor. 3

CUR 479. METHODS IN BUSINESS. Methods, materials, and techniques of teaching business subjects. 3

CUR 482. ART EDUCATION TECHNIQUES AND PROCEDURES. Most recent practices recommended by art educators; gives prospective art teachers training and experience in planning art programs, organization of material, ordering of supplies, and equipping an art room. Prerequisite: Admission to Teacher Education Program. 3
CUR 485. TEACHING LANGUAGE ARTS IN THE SECONDARY SCHOOL. Subject matter and methods of instruction for grammar, literature, composition, and speech. Sources and uses of illustrative material and lesson planning. 3

CUR 486. METHODS OF TEACHING FAMILY AND CONSUMER SCIENCES. Philosophy of family and consumer sciences; principles, objectives, methods and materials; program planning as a part of total school program; federal and state legislation for vocational programs in family and consumer sciences. 3

CUR 487. TEACHING OF SECONDARY MATHEMATICS. Place of mathematics in curriculum, aims and objectives of mathematics teaching, organization and teaching of high school mathematics, planning of lessons, and other topics of interest to prospective teachers. Prerequisite: a major or minor in mathematics. 3

CUR 489. VOCAL MUSIC METHODS. School music methods and materials used by vocal teachers at junior and senior high school levels. Emphasis on general music class, choral techniques, suitable materials, and public performances. Includes characteristics, needs, and developmental problems of exceptional children. For vocal and piano music majors only. 3

CUR 490. INSTRUMENTAL MUSIC METHODS. School music methods and materials used by instrumental music teachers at junior and senior high school levels. Emphasis on band techniques, suitable materials, and public performance. Includes characteristic needs and developmental problems of exceptional children. For instrumental majors only. 3

CUR 492. SPECIAL TOPICS IN CURRICULUM. 1-6

CUR 493. TEACHING THE SCIENCES. Current teaching methods and objectives are correlated with organization and presentation of subject matter. Considerations include the laboratory and selection of equipment, selecting the science library, and organization of science fairs. 3

CUR 494. SOCIAL STUDIES IN THE HIGH SCHOOL. Methods of presentation and units of study in teaching history, geography, citizenship, and economics as they function in social and economic life. Prerequisite: Permission of instructor. 3

CUR 498. DIRECTED TEACHING. Twelve consecutive weeks of full-time teaching under the supervision of an experienced teacher. Prerequisites: See Student Teaching page 215. 12

EDUCATIONAL PSYCHOLOGY

EPY 341. EDUCATIONAL PSYCHOLOGY. Psychological principles underlying processes of teaching. Prerequisite: PSY 101. 3

ELEMENTARY EDUCATION

CEL 300. CHILD STUDY. Problems and aspects of human growth and development through adolescence with implications for teachers. Prerequisite: PSY 101. 3

CEL 301. INTRODUCTION TO ELEMENTARY EDUCATION. Basic philosophies, current practices, professional responsibilities, and the foundation for improvement with desired field experiences. Prerequisite or corequisite: CEL 300. 3
CEL 303. TEST-TAKING SKILLS. Strategies for taking standardized tests. Not applicable to a major or minor in education. 1-3

CEL 305. METHODS AND MATERIALS IN EARLY CHILDHOOD EDUCATION. Strategies and materials for use with young children. 3

CEL 310. INSTRUCTIONAL PLANNING IN THE ELEMENTARY SCHOOL. Essential facets of instruction and planning. Prerequisites or corequisites: CEL 300, CEL 301. 3

CEL 312. LANGUAGE ARTS FOR THE ELEMENTARY SCHOOL. Methods of teaching, listening, speaking, penmanship, and composition. Prerequisites: CEL 300, 301, 310. 3

CEL 314. BASIC SKILLS OF READING. Development of basic skills needed in reading. Special emphasis placed on word recognition, meaning, and materials. 3

CEL 315. TEACHING OF READING IN THE ELEMENTARY SCHOOL. Principles and practices of teaching reading in the elementary school. Prerequisites: CEL 310, 314. Prerequisite or Corequisite: CEL 300. 3

CEL 316. APPROACHES TO READING INSTRUCTION FOR EARLY CHILDHOOD AND PRIMARY AGE LEVELS. Content of teaching reading in the primary grades. Prerequisite or corequisite: CEL 314. 3

CEL 317. PRINCIPLES AND TECHNIQUES OF TEACHING IN EARLY CHILDHOOD. Methods, practices and procedures of instruction in grades K-3. Prerequisites: CEL 300, CEL 301, CEL 310. 3

CEL 318. PRINCIPLES AND TECHNIQUES OF TEACHING IN THE MIDDLE GRADES. Methods, practices, and procedures of instruction in grades 4-8 with emphasis on the pre-adolescent student. Prerequisites: CEL 300, CEL 301, CEL 310. 3

CEL 336. SURVEY OF SOCIAL STUDIES. Selection and organization of content from the disciplines associated with the social studies curriculum relevant to world citizenship education. Prerequisites or corequisites: General Education requirements in history and social science to include geography. 3

CEL 393. CLASSROOM MANAGEMENT. Strategies for total classroom management. Prerequisite: Admission to student teaching. 3

CEL/CUR 450. WHOLE SCHOOLS INSTITUTE: INTEGRATING FINE ARTS INTO THE CURRICULUM. Exploration of theory and practice for integrating the fine arts in the whole school curriculum. Hands on experiences. Admission by permission of instructor. 3

CEL 465. PROBLEM AREAS IN ELEMENTARY EDUCATION. Research, analysis, and study of specific problems as they significantly affect learning. 1-6

CEL 492. SPECIAL TOPICS IN ELEMENTARY EDUCATION. 1-6

CEL 496. DIRECTED TEACHING IN THE ELEMENTARY SCHOOL. Twelve consecutive weeks of full-time teaching and participating in classroom activities in an
elementary school under the supervision of an experienced teacher. **Prerequisite:** Admission to student teaching. 12

**CEL 497. DIAGNOSIS AND EVALUATION OF STUDENT ACHIEVEMENT IN THE ELEMENTARY SCHOOL.** Procedures for assessing problems which affect learning as well as techniques for evaluating student achievement. Practical experiences in diagnosing and evaluating elementary children. **Prerequisites:** CEL 300, 301, 310, 314. Limited to students who will student teach the following semester. 3

**CEL 498. PORTFOLIO ASSESSMENT.** Organization, compilation, and presentation of a professional teaching portfolio. **Prerequisite:** Admission to student teaching. 1

**MEDIA-LIBRARY SCIENCE**

**CML 332. CHILDREN’S LITERATURE.** Survey of literature and other library materials particularly suited for use of elementary students in kindergarten through grade 8. 3

**CML 492. SPECIAL TOPICS IN MEDIA-LIBRARY SCIENCE.** Special problems to meet needs of students of junior and senior standing. **Prerequisite:** Permission of instructor. 1-6

**READING EDUCATION**

**CRD 090, 091. DEVELOPMENTAL READING.** Development of effective reading skills. 3

**CRD 099. READING SKILLS.** Development of effective reading skills, including vocabulary, comprehension, and speed. 3

**CRD 102. READING IMPROVEMENT.** Vocabulary, comprehension, study skills and appropriate reading rates. 3

**CRD 103. READING IMPROVEMENT.** Continuation of CRD 102. **Prerequisite:** CRD 102 or permission of instructor. 3

**CRD 325. READING IN THE INTERMEDIATE AND SECONDARY SCHOOLS.** Content, vocabulary, and concepts for teaching reading in the intermediate and secondary schools. 3

**CRD 326. DIAGNOSIS AND REMEDIATION OF READING DIFFICULTIES.** Approaches and instruments for identifying reading problems, methods and materials appropriate for remediating reading problems and supervised work with students in a laboratory setting. **Prerequisite or corequisite:** CEL 314. 3

**CRD 405. ISSUES IN TEACHING READING.** Identifying and analyzing issues in teaching reading, grades 1-12. 3

**CRD 492. SPECIAL TOPICS IN READING EDUCATION.** 1-6

For information on graduate reading courses, see the Delta State University Graduate Bulletin.
SECONDARY EDUCATION

CSD 324. SECONDARY EDUCATION. Principles and evaluation techniques, including practical experiences. **Prerequisite:** CUR 300. 3

CSD 427. TRENDS IN SECONDARY CURRICULUM DEVELOPMENT. Opportunities for teachers to examine recent investigation and research on secondary curriculum development, initiate curricular change, prepare courses of study, and plan for the evaluation of results of curricular change. 1-6

CSD 492. SPECIAL TOPICS IN SECONDARY EDUCATION. 1-6

DIVISION OF FAMILY AND CONSUMER SCIENCES

Professor: J. Haynes, S. Jordan *(Chair)*

Assistant Professors: T. Taylor, A. Welch

Instructor: R. Macon

(662) 846-4315

Family and Consumer Sciences is the study of interactions of individuals with their environment and with each other. The primary objective is to improve the quality of life; the focus is the family. The mission of the division is to provide professional education in Family and Consumer Sciences, to provide complementary educational experiences for other disciplines, and to provide individuals opportunity for developing competencies that enhance the quality of life.

The Bachelor of Science degree in Family and Consumer Sciences provides for concentrations in Child Development or Nutrition/Dietetics. The concentration in Child Development is designed for the student who wants to work with preschool children or be associated with firms that provide materials to preschool programs, or agencies that provide services to families. Students select an appropriate minor to assist them in attaining their career goals.

The concentration in Nutrition is designed for the student who wants to become a Registered Dietitian and pursue a career in clinical nutrition, community nutrition, food systems management, or business/entrepreneurial nutrition. A Coordinated Program in Dietetics is offered which combines course work emphasizing the foundations of dietetic knowledge (communications, physical and biological sciences, social science, research, food, nutrition, management and health care systems) and supervised practice experience. The Coordinated Program in Dietetics includes over 900 hours of preprofessional experiences in a combination of clinical settings including hospitals, nursing homes, community agencies, and food service facilities. The Coordinated Program in Dietetics is currently granted developmental accreditation by the Commission on Accreditation for Dietetic Education (CADE) of the American Dietetic Association (ADA), 216 W. Jackson Blvd., Chicago, Illinois, 60606-6995, (312) 899-4876.

The Bachelor of Science degree in Fashion Merchandising is an interdisciplinary program developed by the faculty in the Department of Art, the Division of Family and Consumer Sciences, and the Division of Management and Marketing. Students are prepared to enter the fashion business in a variety of levels within the industry.

A number of courses are offered that do not have prerequisites and are excellent choices for electives. A minor can be chosen in Family and Consumer Sciences under the Bachelor of Arts or Bachelor of Science degree. Students can select 18
hours in Child Development, Consumer Relations, Fashion Merchandising or General Family and Consumer Sciences.

ADMISSION TO COORDINATED PROGRAM IN DIETETICS

The Coordinated Program in Dietetics (CP) includes over 900 hours of preprofessional experiences in a combination of clinical settings including hospitals, nursing homes, community agencies, and food service facilities.

Students with an overall GPA of 2.5 or better on a 4.0 system can apply for admission to the Coordinated Program in their junior year, after completing the following courses with a grade of “C” or better.

*These courses may be taken prior to or during the Coordinated Program.

The program combines the didactic requirements with supervised practicum experience. Following successful completion of the Coordinated Program, graduates receive a Verification Statement which allows them to take the National Registration Examination for Dietitians. Graduates are qualified for positions as entry-level dietitians upon successful completion of the Coordinated Program.

The Coordinated Program in Dietetics is currently granted developmental accreditation by the Commission on Accreditation for Dietetic Education (CADE) of the American Dietetic Association (ADA), 216 W. Jackson Blvd., Chicago, Illinois, 60606-6995, (312) 899-4876.
Previously Earned Bachelor of Science Degrees:

Students who have already completed a baccalaureate degree must follow the same procedure for application and acceptance and meet the same criteria as resident students. After successful completion of the Coordinated Program these students will receive a second baccalaureate degree and a letter of Verification which will qualify them to take the National Registration Examination for Dietitians. Transcripts will be evaluated for equivalency of content of courses and for up to date knowledge of the subject matter in applying previously taken course work to the Coordinated Program prerequisites and requirements.

Transfer Students:

Transfer students must apply for admission into the Coordinated Program in their junior year. Admission to the university does not assure admission to the Coordinated Program. Transfer students must follow the same procedure for application and acceptance and meet the same criteria as resident students. These students must also complete the General Education Requirements and the Family and Consumer Sciences core. Transcripts will be evaluated for equivalency of content of courses and for up to date knowledge of the subject matter in applying previously taken course work to the Coordinated Program prerequisites and requirements. Upon successful completion of the Coordinated Program, transfer students will receive a Bachelor of Science degree and a letter of Verification which will qualify them to take the national Registration Examination for Dietitians. They will also be qualified for positions as entry-level dietitians.

CLOTHING, TEXTILES, AND FASHION MERCHANDISING

FCS 105. CLOTHING CONSTRUCTION. Construction of garments using basic sewing techniques. Selection of fabrics, colors, and designs for the individual. Lecture 1 hour, laboratory 4 hours. 3

FCS 244. DRESS AND IDENTITY. Development of effective personal image. Maximize personal appearance, taking into consideration personality, body type and fit. Social psychology of clothing. Computerized figure and wardrobe analysis. 3

FCS 245. FASHION SHOW PRODUCTION. Fashion show production with emphasis on show theme development, stage and commentary presentation; also fashion modeling techniques including posture, walking, figure control, make-up and wardrobe coordination. 3

FCS 246. THE FASHION INDUSTRY. Organization of the fashion business; current trends in fashion, fashion acceptance and change. 3

FCS 302. FLAT PATTERN DESIGN. Principles of pattern making and fitting. Construction of original design using flat pattern methods. Prerequisite: FCS 105 or consent of instructor. Lecture 1 hour, laboratory 4 hours. 3

FCS 310. TEXTILES. Scientific and consumer oriented study of the production, properties, and performance of textile fibers, yarns, fabrication and finishes; government role in textile legislation. Lecture 2 hours, laboratory 2 hours. 3
FCS 311. APPAREL ANALYSIS. Factors affecting consumer satisfaction, motivation, and behavior in the area of ready-to-wear apparel. Evaluation of apparel, including performance, quality/cost factors, organization of apparel manufacturing. 3

FCS 320. HISTORIC COSTUME. Costume from ancient to modern times with emphasis on historic and socio-economic influence. 3

FCS 389. FASHION STUDY TOUR. Professional visits to apparel markets, retailers, manufacturers, and other professionals in the fashion industry. Pre- and post-seminar sessions in preparation for trips to New York, Dallas and New Orleans. 1-3

FCS 484. FASHION PROMOTION. Principles and techniques of effective visual presentation, advertising, and publicity in merchandising of apparel and related items; application of procedures used in planning, evaluating and directing effective sales promotion activities; field trips. Lecture 2 hours, laboratory 2 hours. 3

FCS 485. FASHION MERCHANDISING. Fashion from social, economic, and merchandising viewpoints; fashion markets, organization, and structure of the fashion industry. Field trips. 3

FOOD AND NUTRITION

FCS 102. PRINCIPLES OF FOOD PREPARATION. Cultural, social, economic, and scientific aspects of food selection, meal planning and preparation. Includes cooking techniques and equipment, sensory and nutritional evaluation. Lecture 1 hour, laboratory 4 hours. 3

FCS 202. MEAL MANAGEMENT. Application of principles of management in planning, buying, preparing, and serving appetizing and nutritious meals. Lecture 1 hour, laboratory 4 hours. Prerequisite: FCS 102. 3

FCS 306. EXPERIMENTAL FOODS. Experimental approach to study of physical and chemical properties of foods; recipe development, modification, and evaluation; food safety and technology; biotechnology and sensory evaluation. Lecture 1 hour, laboratory 4 hours. Prerequisites: FCS 102, CHE 101, CHE 102. 3

FCS 312. MEALS FOR MODERN DAY LIVING. Food selection, preparation techniques, and meal management principles for simple and gourmet meals. Aesthetics of food and entertaining. Table etiquette for all occasions. Lecture 2 hours, laboratory 2 hours. 3

FCS 343. NUTRITION AND PHYSICAL FITNESS. Nutrition and exercise needs of the body to be nutritionally and physically fit. Food and fitness habits, food, nutrition, fitness misinformation, and weight control (team taught by family and consumer sciences and physical education). 3

FCS 345. GENERAL NUTRITION. Scientific approach to nutritional requirements of the body. Food selection to meet needs. Evaluation of source and educational materials. Field work as assigned. 3

FCS 350. INTRODUCTION TO THE COORDINATED PROGRAM. Students develop basic interviewing skills and counseling skills as they apply to nutrition counseling, knowledge of universal precautions in health care, principles of communication, nutrition screening, and cultural diversity. Students gain an under-
standing of the mission, philosophy, goals, standards, policies and procedures of the Coordinated Program as well as the role of the dietitian and the dietary departments in health care facilities. This course includes a self-instructional course in medical terminology. Prerequisite: Admission to the Coordinated Program in Dietetics. Lecture 2 hours, laboratory 2 hours. 3

FCS 355. COMMUNITY NUTRITION. A study in assessing community nutrition program needs, program planning, program implementation, and evaluation. Course content focuses on national, state, and local community nutrition education programs designed to meet food, nutrition, and health needs of vulnerable groups in health clinics, wellness centers, schools, government institutions, voluntary agencies, mass media, etc. Lecture 2 hours, laboratory 2 hours. Prerequisites: FCS 345. 3

FCS 360. QUANTITY FOOD PROCUREMENT AND PRODUCTION. The study of the principles of quantity food planning, preparation, storage, and service, and the principles of menu planning, purchasing and cost control for procuring food and non-food supplies in quantity from an institutional perspective; the use and selection of instructional equipment and food; sanitation and safety of the food service operation. Lecture 2 hours, laboratory 2 hours. Prerequisites: FCS 102, MGT 300. Prerequisite or Co-requisite: MGT 327. 3

FCS 444. CHILD NUTRITION. Application of scientific principles and current research in nutrition to growth and health from conception through adolescence, with emphasis on preschool period. 3

FCS 446. NUTRITION EDUCATION. Principles, objectives, methods, and materials for school and community nutrition education. Prerequisite: Previous course work in nutrition or consent of the instructor. 3

FCS 460. FOOD SYSTEMS MANAGEMENT. Managerial processes of planning, organizing, directing, and controlling resources and technical operations involved in meeting the organization objectives and goals of a food service operation. Emphasis on personnel and financial management, problem solving, decision making, and systems analysis. Includes the theory, principles and concepts of management and work area and equipment layout. Lecture 2 hours, laboratory 2 hours. Prerequisites: ACC 220, MGT 300, FCS 360. Prerequisite or Co-requisite: MGT 327. 3

FCS 462. NUTRITION THROUGH THE LIFE CYCLE. Study of the physiological, biochemical, sociological, and developmental factors that affect nutrient requirements and recommendations at various stages of the life cycle. Maternal nutrition and fetal development; lactation; nutritional needs and dietary patterns from infancy through old age, including nutrition assessment. Lecture 2 hours, laboratory 2 hours. Prerequisites: FCS 345. 3

FCS 465. MEDICAL NUTRITION THERAPY. Advances knowledge of the principles of nutrition in disease and focuses on the integration and interpretation of nutritional assessment data for nutritional care planning, implementation, and evaluation. Includes: an in-depth study of pathophysiology and medical management of specific disease states; their impact on the nutritional status and nutritional care needs of patients/clients; and the current research, standards of care, methods and management techniques used in providing nutritional care. Lecture 4 hours, Laboratory 2 hours. Prerequisites: FCS 345, FCS 350, CHE 440, BIO 231. 5
FCS 468. NUTRITION RESEARCH. Integrates an understanding and application of research methods with emphasis on outcome-oriented research. The course requires evaluation of current research and requires students to build on knowledge gained from other courses and apply it to research and evaluation. Lecture 2-6 hours. Prerequisites: ENG 303 or OAD 203, FCS 345, a minimum of 6 additional hours of nutrition and/or food systems management course work. 2-6.

FCS 471. CLINICAL PRACTICE I. (Introduction to Supervised Practice). Introductory supervised practice course. Students interact with a representative sampling of personnel in all areas of food and nutrition to gain an understanding of the purpose and structure of different supervised practice agencies. Supervised observations are planned in food management systems, community nutrition programs, and health care facilities and agencies. Assignments are designed to keep the student focused and reinforce learning experiences while preparing for growth in later supervised practice experiences. Supervised practice 8 hours (120 practice hours in a variety of settings). Prerequisite: Admission to the Coordinated Program, CHE 440, MGT 300, FCS 345. Prerequisite or Corequisite: FCS 350. 2

FCS 472. CLINICAL PRACTICE II. (Community and Entrepreneurial Nutrition Emphasis). Study of current nutrition problems and delivery of nutrition information and service in the community. Survey of facilities involved in giving nutrition information or nutritional care. Emphasis on acquiring skills necessary for delivering nutrition information and services during pregnancy, infancy, early childhood, adolescence, young and old adulthood and to the elderly in traditional and nontraditional markets. Independent assignments are arranged by the instructor. Supervised practice 12 hours (180 practice hours). Prerequisites: Admission to the Coordinated Program, FCS 350, FCS 355, FCS 422, FCS 471, MGT 327. Prerequisite or Corequisite: FCS 462. 3

FCS 473. CLINICAL PRACTICE III. (Medical Nutrition Therapy I). An intensive integrated study and application of advanced nutrition and diet therapy theories and principles. Formulation, implementation, and evaluation of nutritional care plans for individuals requiring modified diets for disease intervention. Primarily structured to apply basic knowledge and skills attained in the didactic setting with practicum experience in a hospital setting. Supervised practice 20 hours (300 practice hours). Prerequisites: Admission to the Coordinated Program, FCS 350, FCS 360, FCS 422, FCS 460, FCS 462, FCS 471, MGT 327. Prerequisite or Corequisite: FCS 465. 5

FCS 474. CLINICAL PRACTICE IV. (Medical Nutrition Therapy II). A continuation of Clinical Practice III (FCS 473) with emphasis on continued skill development, nutrition support, management of nutrition services, continuous quality improvement activities, outcome-oriented research, and marketing nutrition services in the clinical and community settings. Supervised practice 12 hours (180 practice hours). Prerequisites: Admission to the Coordinated Program, FCS 465, FCS 473. Prerequisite or Corequisite: FCS 468. 3

FCS 475. CLINICAL PRACTICE V. (Food Systems Management Emphasis). A supervised practice course providing practical learning experience in food systems management in health-care setting, community food programs, and university food service setting. Students observe, analyze and practice. The theoretical basis for practice has been provided in courses throughout the sophomore and
junior years. Supervised practice 20 hours (300 practice hours). **Prerequisites:** Admission to the Coordinated Program, FCS 350, FCS 360, FCS 422, FCS 460, FCS 462, FCS 471, MGT 327. 5

**FCS 477. SUPERVISED PRACTICE I.** (Community and Entrepreneurial Nutrition Emphasis). Study of current nutrition problems and delivery of nutrition information and service in the community. Survey of facilities involved in giving nutrition information and/or nutritional care. Students interact with personnel in a variety of settings to gain an understanding of the purpose and structure of different supervised practice agencies. Emphasis on acquiring skills necessary for delivering nutrition information and services during pregnancy, infancy, early childhood, adolescence, young and old adulthood and to the elderly in traditional and nontraditional markets. Independent assignments are arranged by the instructor. Supervised Practice 20 hours (300 practice hours). **Prerequisite:** Admission to the Coordinated Program, FCS 350, FCS 355, FCS 462, MGT 327. 5

**FCS 478. SUPERVISED PRACTICE II.** (Food Systems and Healthcare Management Emphasis). A supervised practice course providing practical learning experience in food systems management in health-care setting, community food programs, and university food service setting. Students observe, analyze and practice. Students interact with personnel to gain an understanding of the purpose and structure of different supervised practice agencies. The theoretical basis for practice has been provided in courses throughout the sophomore and junior years. Supervised practice 20 hours (300 practice hours). **Prerequisite:** FCS 350, FCS 422, FCS 460, FCS 462, FCS 477. 5

**FCS 479. SUPERVISED PRACTICE III.** (Medical Nutrition Therapy). An intensive integrated study and application of advanced nutrition and diet therapy theories and principles. Formulation, implementation, and evaluation of nutritional care plans for individuals requiring modified diets for disease intervention. Structured to apply basic knowledge and skills attained in the didactic setting with practicum experience in a hospital setting with emphasis on skill development including nutrition support, management of nutrition services, Continuous Quality Improvement activities, outcome-oriented research, and marketing nutrition services in the clinical and community settings. Students interact with personnel to gain an understanding of the purpose and structure of different supervised practice agencies. Supervised Practice 24 hours (360 practice hours). **Prerequisite:** FCS 350, FCS 422, FCS 462, FCS 465, FCS 477. 6

**FAMILY RELATIONS AND CHILD DEVELOPMENT**

**FCS 270. INDIVIDUAL AND FAMILY DEVELOPMENT.** A life span developmental approach to individual and family development, dynamics, and relationships. Emphasis on the role individuals play in their own development, including factors which influence behavior and well-being throughout the life span. Emphasizes both family and larger social environment in which individuals live. 3

**FCS 325. MARRIAGE, FAMILY LIVING, AND SEX EDUCATION.** Family life cycle, from selection of mate through aging, with emphasis on factors that contribute to satisfying individual and family life. 3

**FCS 326. CHILD DEVELOPMENT.** Growth and development of the child, from conception through adolescence; emphasis on principles, theories, and charac-
teristics of normal child development. Brief introduction to procedures appropriate for preschool. Laboratory consists of directed observation and participation with preschool-aged children. Lecture 2 hours, laboratory 2 hours. 3

FCS 328. EDUCATION FOR PARENTHOOD. Issues and decision-making in parenthood and child care emphasizing parental responsibility. Limited field experience. 3

FCS 330. INFANT DEVELOPMENT. The infant and his environment from conception to 24 months of age. The development and application of infant-toddler child care programs. Lecture 2 hours, laboratory 2 hours. Prerequisite: FCS 326 or consent of instructor. 3

FCS 378. PRINCIPLES AND PROCEDURES FOR PRESCHOOL PROGRAMS. Study of appropriate curriculum structure and classroom management techniques necessary to plan and implement programs for children under 5. Lecture 1 hour, laboratory 4 hours. Prerequisite: FCS 326. 3

FCS 382. METHODS AND MATERIALS FOR PRESCHOOL PROGRAMS. Study of appropriate methods for preschool programs. Design and application of creative experiences for preschool using various media. Includes art, music, dance, movement, dramatic play, language arts, math, science, and social studies. Lecture 2 hours, laboratory 2 hours. Prerequisite: FCS 326. 3

FCS 476. PRACTICUM IN CHILD DEVELOPMENT ADMINISTRATION. Practical experience in administration of programs for children under 6 years of age, including program design and implementation, financial management, staff relations and development, discipline, and parent involvement. Prerequisites: FCS 330, FCS 378. Lecture 1 hour, laboratory 4 hours. 3

FAMILY ECONOMICS AND MANAGEMENT

FCS 205. CONSUMER ECONOMICS. Sources of consumer information; government protection; allocation of resources and income; the American market system, buying consumer goods and services; saving and investing; insurance; and consumer credit topics are discussed. Basic economic concepts taught and applied in a practical way. 3

FCS 215. PERSONAL FINANCE. Principles of personal financial management. Emphasis on personal financial goal setting, budgeting, analysis of financial statements, record keeping, and financial decisions. Introduction to computer software packages for use in personal financial management. 3

FCS 340. CONSUMERS IN THE MARKETPLACE. Dynamics of consumer markets; identification and measurement of market segments. Sales strategies related to market segmentation and external economic conditions. 3

FCS 370. INDIVIDUAL AND FAMILY RESOURCE MANAGEMENT. Value and resource identification and assessment; management theory and application in the family system through human, economic, and environmental resources; laboratory application of concepts. Prerequisites: FCS 150 and 151, 205, 215 or permission of instructor. Lecture 3 hours, laboratory 3 hours. 4
FCS 455. PRACTICUM IN FAMILY FINANCIAL PLANNING. Case study analysis and financial counseling strategies. Portfolio preparation in family financial planning. **Prerequisites:** Senior standing and permission of instructor. 3

FCS 495. CONSUMERS AND THE LAW. Present and pending laws of fundamental concerns in the management of individual/family resources. Identification of consumer rights and responsibilities and existing and needed provisions for consumer protection and education. 3

**HOUSING**

FCS 314. INTERIOR ENVIRONMENTAL DESIGN. See ART 200. 3

FCS 316. CONSUMER HOUSING DECISIONS AND ISSUES. Examination of social, psychological, and financial determinants of housing choices; the processes of renting, buying, building, and home maintenance; and historical, societal, financial, and aesthetic factors affecting the housing markets. 3

FCS 422. METHODS AND MATERIALS IN VISUAL PRESENTATIONS. Instruction and practice in planning objectives for demonstrations, reading user manuals and evaluating equipment; and making visual presentations. Use of small household equipment and audiovisual materials in demonstrations. Lecture 2 hours, laboratory 2 hours. **Prerequisites:** SPE 101 or consent of instructor. 3

**FAMILY AND CONSUMER SCIENCES EDUCATION**

FCS 433. METHODS AND MATERIALS IN CAREER DISCOVERY. Philosophy of career discovery; principles, objectives, methods and materials, program planning and legislation for programs in career discovery. **Prerequisite:** Acceptance into the Teacher Education Program or Permission of Instructor. Lecture 1 hour, laboratory 4 hours. 3

FCS 487. OCCUPATIONAL HOME ECONOMICS. Philosophy of occupational family and consumer sciences; identification of job clusters; methods and materials for various service areas; program coordination; job analysis, advisory committee, surveys, and job placement. Field work as assigned. 3

FCS 490. FIELD OR WORK EXPERIENCE. Supervised field or work experiences in selected family and consumer sciences related occupations; commercial or industrial organizations, public or private agencies, in accordance with major interest and/or job demands of the student. **Prerequisites:** Upper level undergraduate standing and FCS 487 or consent of instructor. 6

CUR 486. METHODS OF TEACHING FAMILY AND CONSUMER SCIENCES. See CUR 486. 3

CUR 498. DIRECTED TEACHING. See CUR 498. 12

**GENERAL**

FCS 150. CONCEPTS OF THE FAMILY SYSTEM I. Depiction of the family as a system and the integration of life span/human development and family resource management within this system. 3
FCS 151. CONCEPTS OF THE FAMILY SYSTEM II. Continued focus on the family system with the integration of the additional components of nutrition, design, and apparel within this system. **Prerequisite:** FCS 150. 3

FCS 225. LEADERSHIP SEMINAR. Principles and techniques of leadership; leadership role and style, group dynamics, parliamentary procedure. 2

FCS 380. INDEPENDENT STUDY OF FAMILY AND CONSUMER SCIENCES. Special problems to meet needs and interests of students of junior and senior standing. **Prerequisite:** Permission of instructor. 1-6

FCS 447. PROFESSIONAL DEVELOPMENT. Preparation for the professional job search. Emphasizes goal setting, resume preparation, interviewing, business etiquette, dressing for success, and letter-writing skills needed by college seniors. **Prerequisite:** Senior standing. 3

FCS 488. INTERNSHIP IN (Area of Family and Consumer Sciences). Supervised professional experience in the selected area. **Prerequisite:** Meet specified criteria. 3 or 6

FCS 492. SPECIAL TOPICS IN FAMILY AND CONSUMER SCIENCES. Current developments in Family and Consumer Sciences. 1-6

FCS 494. FAMILY AND CONSUMER SCIENCES: PHILOSOPHY AND ISSUES. History and development of ecological perspective of family and consumer sciences and current issues facing the profession. **Prerequisites:** FCS 150 and 151. 1

**DIVISION OF HEALTH, PHYSICAL EDUCATION AND RECREATION**

Professors: Barnes (Chair), Vanderpool, Wilder
Associate Professor: Lee
Assistant Professors: Alvarez, Hobby, J. Jordan, Mayers
Instructors: Armstrong, Colbert, Conner, Marchant, Moore, Rives,
(662) 846-4555
(662) 846-4571 (Fax)

The Division of Health, Physical Education and Recreation has a two-fold responsibility. The first is to develop a campus-wide program of health, safety, physical education, and recreation experiences to help all students achieve and maintain a high level of mental, physical, and social competence. The second is to train teachers, coaches, fitness leaders, athletic trainers, and recreation leaders capable of advancing high standards in their profession.

All new students are required to have a pre-entrance medical examination by their family physician. The results of this examination must be recorded on the official blank furnished by the Admissions Coordinator. Cases with special disabilities are re-examined by the university physician. Those found physically unable to take the more active phases of the physical education program are given a program suited to their individual needs.

### HEALTH AND SAFETY EDUCATION

**HSE 106. PHYSICAL DEFENSE (R.A.D.)**
Physical defensive awareness, prevention, risk reduction and avoidance strategies. Hands-on training and self defense options and simulation confrontations for enhanced development. Elective Credit Only. 1

**HSE 140. PERSONAL AND COMMUNITY HEALTH.**
To help the student understand and accept the responsibility of developing skills in solving personal and community health problems. 3

**HSE 144. FIRST AID AND CARDIO-PULMONARY RESUSCITATION.**
American Red Cross standard First Aid and CPR course leading to Basic Life Support Certification. Limited to Student Teachers during the student teaching semester. 1 hour lecture, 1 hour laboratory. 1

**HSE 229 (BIO 229). SURVEY OF HUMAN ANATOMY AND PHYSIOLOGY.**
Special reference to skeletal, muscular, circulatory, and nervous system. For Physical Education majors. **Prerequisite:** BIO 100. Lecture 3 hours, laboratory 3 hours. 4

**HSE 244. FIRST AID AND CARDIO-PULMONARY RESUSCITATION (INSTRUCTOR).**
American Red Cross Advanced and Instructor's course. Cardio-pulmonary resuscitation leading to instructor certification in basic life-support. 3

**HSE 253. INTRODUCTION TO ATHLETIC TRAINING.**
Learn basic techniques for injury prevention including taping, wrapping, and bracing of various joints of the human body. **Prerequisite:** HSE 140. Lecture 2 hours, Laboratory 1 hour. 3

**HSE 254. FOUNDATIONS IN ATHLETIC TRAINING.**
Foundations of Athletic Training including injury prevention, treatment, and rehabilitation of athletic injuries. Introduce "Competencies in Athletic Training". **Prerequisite:** HSE 253. 3

**HSE 336. PHYSIOLOGY OF EXERCISE.**
Exercise and its physiological and medical bases. **Prerequisite:** HSE 229/BIO 229. 3
HSE 340. FOUNDATIONS OF HEALTH SCIENCE. Designed for students preparing for a career in health education. The course will include: historical principles, philosophical thought, and governmental initiatives which shape health education. Competencies and skills of entry-level health educators and the credentialing and professional preparation of health educators are included. 3

HSE 349. PREVENTION AND TREATMENT OF ATHLETIC INJURIES. Theoretical and practical measures of prevention and rehabilitation of athletic injuries. Prerequisite: HSE 229/BIO 229. 3

HSE 352. CLINICAL EXPERIENCE. Practical experiences in the clinical setting of athletic training and sports medicine. Prerequisite: Acceptance into the athletic training program. Clinical experience 3 hours. (May be repeated for a maximum of 8 hours) 1

HSE 354. EVALUATION OF ATHLETIC INJURIES I. Assessment of emergency procedures and proper administration of injuries to the upper extremities, head, neck, and spine. Prerequisite: HSE 254. 3

HSE 355. EVALUATION OF ATHLETIC INJURIES II. Assessment of emergency procedures and proper administration of injuries to the lower extremities and trunk. Prerequisite: HSE 354. 3

HSE 357. THERAPEUTIC MODALITIES. Understanding the workings and applications of various therapeutic modalities commonly used within an athletic training room setting. This is to include electric, heat, cold and manual techniques. Prerequisite: HSE 355. 3

HSE 358. INTERNSHIP IN ATHLETIC TRAINING. Supervised professional experience in athletic training. Prerequisite: HSE 357. 3

HSE 439. SCHOOL HEALTH INSTRUCTION. Principles, methods, and materials of teaching elementary and secondary health. 3

HSE 440. HEALTH SCIENCE. Designed to provide the advanced health content for the health and physical education teacher. 3

HSE 445. CONSUMER HEALTH. Designed to help the student understand and accept aspects of personal and/or community health, health agencies, and health programs which relate to consumers. 3

HSE 451. ATHLETIC TRAINING AND SPORTS MEDICINE. Advanced techniques and procedures in the field of prevention, evaluation, treatment and rehabilitation of athletic related injuries. Prerequisite: HSE 336/HSE 349. Lecture 2 hours, laboratory 2 hours. 3

HSE 456. THERAPEUTIC EXERCISE. Application of therapeutic exercise techniques as they relate to athletic injuries to restore the injured athlete to pre-injury status. Prerequisite: HSE 357. 3

HSE 458. ORGANIZATION AND ADMINISTRATION OF ATHLETIC TRAINING. Applied organizational skills as they pertain to the proper administration of an athletic training room. Prerequisite: HSE 456. 3
HSE 460. DRUG USE AND ABUSE. Physiological and pharmacological effects of chemical substances of abuse on the human body. Behavior of users, alternatives to use and abuse and coping strategies will be included. Prerequisite: HSE 140. 3

HSE 492. SPECIAL TOPICS IN HEALTH AND SAFETY EDUCATION (Topic to be Inserted). Study of selected topics relative to health and safety education. 1-6

PHYSICAL EDUCATION AND RECREATION

Only 100-level courses will meet general education requirements.

PER 101. CONCEPTS IN PHYSICAL EDUCATION. Health, fitness, and physiological principles relating to physical activity. 3 hours per week. 1

PER 102. EXERCISING FOR FITNESS (Topic to be Inserted). A basic course in improving total fitness emphasizing one of the following: aerobic dance, body condition, body shaping, figure control or triathlon. 2 hours per week. 1

PER 103. WEIGHT LIFTING. 2 hours per week. 1

PER 121. BEGINNING TENNIS. 2 hours per week. 1

PER 123. INTERMEDIATE TENNIS. 2 hours per week. 1

PER 124. BOWLING. 2 hours per week. 1

PER 126. HANDBALL. Basic knowledge of rules, strategy, history, etiquette, safety and techniques. 2 hours per week. 1

PER 129. ARCHERY AND TABLE TENNIS. 2 hours per week. 1

PER 130. RACQUETBALL. Basic knowledge of rules, strategy, history, etiquette, safety and technique. 2 hours per week. 1

PER 132. BEGINNING GYMNASICS. Free exercise and apparatus activities. 2 hours per week. 1

PER 134. INTERMEDIATE RACQUETBALL. Knowledge of rules, strategy, etiquette and safety. Skill work in intermediate racquetball to include officiating and tournament play. 2 hours per week. 1

PER 135. GOLF. 2 hours per week. 1

PER 137. BADMINTON. 2 hours per week. 1

PER 139. KARATE. History, techniques, body conditioning, strategy of karate. 2 hours per week. 1

PER 142. SPRINGBOARD DIVING. Basic knowledge of skills, rules and safety. Prerequisite: Beginning swimming or permission of instructor. 2 hours per week. 1

PER 145. FLAG FOOTBALL AND VOLLEYBALL. Basic knowledge of rules, skills, strategy, and safety techniques. 2 hours per week. 1

PER 146. BASKETBALL AND SOFTBALL. Basic knowledge of rules, techniques, strategy, and safety. 2 hours per week. 1

PER 156. TAP DANCE. 1
PER 157. COUNTRY AND WESTERN DANCE. Current line and couples dance. 2 hours per week. 1

PER 158. MODERN DANCE. To develop the body into a sensitive instrument for creative expression. 2 hours per week. 1

PER 162. FOLK AND SQUARE DANCE. Organization, teaching, and calling American square dances. 2 hours per week. 1

PER 164. SOCIAL DANCE. 2 hours per week. 1

PER 166. BALLET. 1

PER 171. BEGINNING SWIMMING. 2 hours per week. 1

PER 173. SWIMMING. Preparation for Life Saving and Water Safety. 2 hours per week. 1

PER 175. LIFEGUARD TRAINING. Advanced techniques in life saving and pool management. Prerequisite: PER 171, and HSE 244. 2 hours per week. 1

PER 179. SKIN AND SCUBA DIVING. Physics, medical aspects, underwater physiology, fundamentals of compressed gases, skills, and first aid. Prerequisite: PER 171 or Skill Test. 1 hour lecture, 1 hour lab. 1

PER 186. RECREATIONAL GAMES. 2 hours per week. 1

PER 187. BOW HUNTING. Instruction in archery, hunting with compound and recurved bows, bow tuning and equipment and accessory selection. 2 hours per week. 1

PER 188. SHOOTING SPORTS. Rifles and shotguns used in target shooting, skeet shooting, and trap shooting. Gun and hunter safety included. 2 hours per week. 1

PER 190. WILDERNESS RECREATION ACTIVITIES. Survey and basic instruction in outdoor activities. Camping trips required. Prerequisite: Good physical condition. 1

PER 205. BASIC RIFLE MARKSMANSHIP. Firearms awareness and safety procedures for the beginner; shooting safety, fundamentals, techniques, and positions of rifle marksmanship for the small-bore sports rifle shooter. 2

PER 216. WATER SAFETY. Methods and techniques in teaching swimming. American Red Cross Water Safety Instructor’s Test. Prerequisite: PER 174. Lecture 1 hour, laboratory 2 hours. 2

PER 217. LIFEGUARD TRAINING INSTRUCTOR. Techniques in teaching lifeguarding. Prerequisite: PER 175. 2 hours per week. 2

PER 251, 252. VARSITY ATHLETICS. Open only to students who compete in varsity athletics. Will not meet General Education Requirements. 1,1

PER 300. HISTORY AND PRINCIPLES OF PHYSICAL EDUCATION. Relationship between physical education and social, political, and religious ideas of different nations and periods. 3

PER 313. PHYSICAL FITNESS TRAINING. Principles and conduct, organizational objectives and goals, exercises, circuits, relays, contests and obstacle courses to
develop individual and unit physical readiness. The student is evaluated on the Air Force Physical Fitness Test. Will not meet General Education requirements in Physical Education. (See ASP 313.) 3

PER 314. TECHNIQUES AND TEACHING OF TEAM SPORTS. Team sports activities basic to the physical education program. Lecture, laboratory 6 hours. 3

PER 315. TECHNIQUES AND TEACHING OF INDIVIDUAL SPORTS. Individual sports activities basic to the physical education program. Lecture, laboratory 6 hours. 3

PER 321. OFFICIATING MAJOR SPORTS. Rules and mechanics of team sports for men and women. Laboratory experience in officiating required. 3

PER 323. LEADERSHIP IN COMMUNITY RECREATION. Leadership techniques, programs and operations of community recreation. 2

PER 343. METHODS OF COACHING FOOTBALL. Theory and techniques. 3

PER 346. METHODS OF COACHING BASKETBALL. Theory and techniques. 3

PER 347. METHODS OF COACHING BASEBALL. Theory and techniques. 3

PER 348. METHODS OF COACHING TRACK. Theory and techniques. The student is required to help conduct track meets. 3

PER 349. METHODS OF COACHING SWIMMING. Prepares students to coach competitive swimming teams. Clinical experience required. Prerequisite: Approval of instructor. 3

PER 351, 352. VARSITY ATHLETICS. Open only to those students who compete in varsity athletics. Will not meet General Education Requirements. 1,1

PER 360. CLINICAL EXPERIENCE IN EXERCISE SCIENCE. Clinical experience in a Fitness Facility. Exercise will include personal training, monitoring and demonstrating fitness facilities and equipment. Course will also include lectures on facility and personnel management and other related topics. (Must be repeated for a maximum of 3 hours). Prerequisites or Corequisites: BIO 229 and PER 101. 1

PER 380. MEASUREMENT AND EVALUATION IN PHYSICAL EDUCATION. Contemporary testing devices, structure and use of tests, and administering the testing program. 3

PER 382. PHYSICAL EDUCATION IN THE ELEMENTARY SCHOOL. Physical education activities suitable for K-6 including games, sports, dance, fitness activities and gymnastics. Lecture 2 hours, laboratory 2 hours. 3

PER 383. TECHNIQUES OF RHYTHMIC ACTIVITIES FOR K-12. Basic knowledge of and techniques of teaching creative rhythms for children, folk forms of dance, modern dance and other rhythmic activities. Lecture 1 hour, laboratory 1 hours. 1

PER 386. PRACTICUM IN ELEMENTARY PHYSICAL EDUCATION. Curriculum development and field experience in elementary physical education. Prerequisite: PER 382. Lecture 1 hour, laboratory 1 hours. 1
PER 391. ORGANIZATION AND ADMINISTRATION OF HEALTH, PHYSICAL EDUCATION AND RECREATION PROGRAMS. Techniques and procedures for organizing and administering physical education programs in grades K-12. 3

PER 431. ADMINISTRATION OF RECREATION IN THE PRIVATE SECTORS. Designing, staffing, financing, leadership and current trends. Field trips required. 3

PER 433. COMMUNITY CENTERS AND PLAYGROUNDS. Leadership techniques, programs, and operations. 3

PER 435. RECREATION SEMINAR. Discussions and reports of current issues and problems in the recreation profession. 3

PER 438. KINESIOLOGY. Medical and anatomical factors relevant to learning motor skills and the scientific study of movement. 3

PER 442. PHILOSOPHY AND PSYCHOLOGY OF COACHING. Interactions of the coach with the administration, student body, players, press and community. 3

PER 444. SPORTS IN AMERICAN CULTURE AND SOCIETY. The development and significance of sports in American Life from the colonial period to the present, with emphasis on the 20th century. 3 (cross listed with HIS 445)

PER 445. OUTDOOR EDUCATION IN RECREATION. When possible, class conducts a camping situation and field trips are taken. 3

PER 450. PRINCIPLES OF BODY CONDITIONING. Principles of body conditioning to involve weight control, relaxation, physical fitness and body contouring. Individual needs will be assessed. May be repeated for up to four hours credit toward graduation. 2 hours per week. Does not meet general education requirements. 2

PER 455. PHYSICAL EDUCATION FOR THE EXCEPTIONAL CHILD. Characteristics, needs and developmental problems integrated with adapted, corrective and developmental skill acquisition for the exceptional child. Prerequisite: PER 382. Lecture 1 hour, laboratory 2 hours. 3

PER 460. EXERCISE TESTING. Physiological responses and adaptations to the stress of exercise. Measurement and evaluation of cardiorespiratory functions, body composition, strength, muscular endurance, and flexibility. Includes diagnostic and functional testing with contraindications to testing. Prerequisite: HSE 336. 3

PER 461. EXERCISE PRESCRIPTION. A process of designing a person's suggested program of physical activity systematically and individually; basing the exercise regimen on established training principles (overload, progression, specificity, individuality, reversibility, and retrogression) and the factors which activate the overload principle (intensity, duration, frequency, mode and skill and fitness level). 3

PER 463. EXERCISE FOR SPECIAL POPULATIONS. Special concerns when exercise is used for maintenance and rehabilitation of populations with specialized diseases, disabilities or limitations to include age. Normal exercise tolerance, exercise prescription, and the effect of exercise training with exercise tolerance and prescription and the effect of training in persons with specific diseases and age limitations. Indications, contraindications, and precautions are described with exercise prescription. 3
PER 465. INTERNSHIP IN EXERCISE SCIENCE. Field experience in an exercise science/fitness facility. **Prerequisites:** PER 360, 460, 461, 463. 3-12

PER 470. SPORTS ADMINISTRATION. A study of the organizational and administrative concepts involved in sports programs. 2 hours lecture, 2 hours laboratory. 3

PER 471. SPORTS MANAGEMENT. A study of technique, problems and issues involved in the directing of sports programs. 2 hours lecture, 2 hours laboratory. 3

PER 475. INTERNSHIP IN SPORTS MANAGEMENT INFORMATION. Field experience in either sports management or sports information. 3-12

PER 484. MOTOR DEVELOPMENT/MOTOR LEARNING. Process of motor skill acquisitions; emphasis on variables that influence motor learning and performance. 3

PER 485. IMPROVEMENT OF ELEMENTARY SCHOOL PHYSICAL EDUCATION. New approaches to teaching elementary school physical education. 3

PER 487. METHODS OF HEALTH AND PHYSICAL EDUCATION. Methods of teaching skills, teaching styles and development of teaching materials. 3

PER 492. SPECIAL TOPICS IN PHYSICAL EDUCATION AND RECREATION *(Topic to be Inserted.*) Study of selected topics relative to dance, physical education and recreation. 1-6

TRAFFIC SAFETY EDUCATION

TSE 450. SAFETY EDUCATION. Basic principles of safety education in school, home, community, occupation, recreation and transportation. 3

TSE 451. BASIC TRAFFIC SAFETY EDUCATION. Surveying problems in traffic laws, enforcement, engineering and education. 3

TSE 452. TRAFFIC SAFETY EDUCATION METHODS. Multi-media and other learning strategies emphasized. **Prerequisite:** TSE 451 and valid driver’s license. 3

TSE 453. LABORATORY PROGRAMS IN DRIVER EDUCATION. Simulation, range and behind-the-wheel activities. **Prerequisite:** Valid driver’s license. 3

TSE 492. SPECIAL TOPICS IN TRAFFIC SAFETY EDUCATION. 1-6

DEPARTMENT OF PSYCHOLOGY

Professors: Hamon *(Chair)*, J. Jones, Associate Professor: C. Hayes Assistant Professors: Hutchens, Nicodemus (662) 846-4165

PSY 101. GENERAL PSYCHOLOGY. Scientific foundations for understanding behavior. **Prerequisite** for all other courses in Psychology. 3
PSY 102. PSYCHOLOGICAL TOOLS. Careers in Psychology; Student portfolios; Research tools in Psychology, including the Internet, library searching, research design, data analysis, computers, and elements of writing in APA style. 3

PSY 200. STATISTICS. Use of statistics for organizing/analyzing psychological data. Introduction to computer data analysis. Prerequisites: MAT 104 or 103, PSY 102, and for Psychology majors a minimum grade of C in PSY 102. 3

PSY 201. RESEARCH METHODS. Design execution, and reporting of psychological research. Prerequisites: PSY 102, 200, word processing skills, and for Psychology majors a minimum grade of C in PSY 200. Lecture 2 hours, laboratory 2 hours. 3

PSY 202. LEARNING AND COGNITION. Study of learning and cognitive processes. Prerequisites: PSY 102, 200, 201, and for Psychology majors a minimum grade of C in PSY 201. Lecture 2 hours, laboratory 2 hours. 3

PSY 302. ABNORMAL PSYCHOLOGY. Characteristics, causes, and treatment of maladaptive behavior. Problems of diagnosis, assessment, and choice of therapeutic procedures. 3

PSY 305. MOTIVATION. Causes and consequences of behavior. Prerequisites: PSY 102, 200, and 201. 3

PSY 307. DEVELOPMENTAL PSYCHOLOGY. Principles and theories of human development with emphasis on the life span of the individual. 3

PSY 308. SENSATION AND PERCEPTION. Sensory physiology and the basis of perception. Stresses psychophysical techniques, perceptual theories and the effect of social variables on perception. Prerequisite: PSY 102, 200, and 201. 3

PSY 310. HEALTH PSYCHOLOGY. Major theories, strategies, and methods for understanding psychological contributions to health and disease. Prerequisites: Junior/senior classification or permission of instructor. 3

PSY 315. SOCIAL COGNITION. Analysis of theory and research on problems related to the manner in which humans judge themselves and others on the basis of information received. Topics include impression formation, determinants of interpersonal attraction, and attribution processes. Prerequisites: PSY 200 and 201. 3

PSY 390. SPECIAL PROBLEMS IN PSYCHOLOGY. (Topic to be inserted). Current developments in Psychology. May be repeated with change in topics. Prerequisite: Junior or senior Psychology major or minor. 3 hours per semester not to exceed 6 hours.

PSY 403. THEORIES OF PERSONALITY. Contributions of major personality theorists of the twentieth century including Freud, Jung, Adler, Maslow, Rogers, and others. 3

PSY 404. TESTS AND MEASUREMENTS. Fundamentals of measurement, characteristics and theory of test construction and validation, survey of available testing instruments. Prerequisite: PSY 200. 3

PSY 405. PSYCHOLOGY OF ADOLESCENCE. Life and development of youth; methods of dealing with problems of adolescence. 3
PSY 406. HISTORY OF PSYCHOLOGY. Historical foundations of psychology. 3

PSY 409. BIOLOGICAL PSYCHOLOGY. Scientific study of the physiological, evolutionary, developmental, and functional mechanisms of behavior and experience. Prerequisites: PSY 102, 200, 201 and BIO 100. 3

PSY 415. CLINICAL PSYCHOLOGY. Survey of techniques and goals for diagnosis and therapeutic intervention. Prerequisites: PSY 302 and 403. 3

PSY 490. SENIOR SEMINAR. Exploration of psychological topics resulting in written and/or oral presentations. Emphasis placed on integrating diverse theories, perspectives, and courses in Psychology. To be taken the last semester of the senior year. Prerequisites: Senior Psychology major, and completion of all other required Psychology courses. 3

PSY 492. SPECIAL TOPICS IN PSYCHOLOGY. Independent research in an area of psychology. Prerequisites: junior or senior Psychology major or minor and permission of instructor. 1-6

PSY 499. HONORS THESIS. Experimental research leading to research paper to be approved by the psychology faculty. Prerequisites: Junior or Senior psychology major, PSY 201 and recommendation of psychology faculty. 3

OFFICE OF FIELD EXPERIENCES
Professor: C. Hines Cronin, Director
(662) 846-4405

The Director of Field Experiences has the responsibility of placing all students, graduate or undergraduate, who have been assigned to complete some type of field experience in a cooperating school. Field experiences include student teaching, practicums, internships, clinical procedures, and other experiences that relate to on the job training. Requests for placement are made by each instructor through the department/division chair.

STUDENT TEACHING

Students preparing to teach in elementary or high school are expected to set aside one full semester of their senior year for student teaching. Student teaching is done in schools approved by the University. Student teachers are at all times under the close supervision of a public school teacher and a university supervisor.

Students who teach outside the city of Cleveland may live in the community in which they teach and pay their own expenses. They do not pay living expenses at the University during this period. Those who teach in the Cleveland schools may stay on the campus but must furnish their own transportation to and from the school.

Written applications for student teaching must be filed with the Director of Field Experiences. Elementary majors make applications for student teaching as a part of CEL 318. Secondary and special subjects majors make application for student teaching during the methods course in their majors. Students are responsible for filing applications to comply with deadlines established by the Teacher Education Council: Fall student teaching deadline is the week of February 15, and the Spring student teaching deadline is the week of September 15.
Applicants for student teaching must be approved by the Teacher Education Council. All requirements for student teaching must be met before a student is admitted to the student teaching semester.

Prerequisites for ALL student teachers:

1. Senior standing (87 and over semester hours);
2. Nine hours in residence in his teaching field;
3. Grade point average of 2.5 on all course work taken;
4. Completion of prerequisite courses as shown in catalog;
5. Submission of application for admission to the Student Teaching Program;
6. Recommendation by majority of department/division faculty;
7. Passage of the appropriate Praxis Specialty Area Test and the Praxis Principles of Learning and Teaching Test.

Prerequisites for Elementary Education Student Teacher (K-8)

**EPY 341, CEL 300, 301, 310, 312, 314, 315, 317, 318, 336, 497, MAT 131, 331, BIO 334, Art 361, MUS 320, CRD 325, CML 332, PER 382, CSP 340, CIS elective**

**K-12 Student Teachers**

Art: EPY 341, PSY 405, CSP 340, CUR 482, ART 361, nine hours of art history, fifteen hours of studio electives, CIS elective
Health, Physical Education and Recreation: EPY 341, PSY 405, CSP 340, HSE 140, 244, 336, 439, BIO 229, PER 314, 315, 380, 382, 383, 386, 391, 438, 455, 484, one hour from PER 171, 173, or 175, two hours from 100 level activity courses, CIS elective

Music: Instrumental — MUS 307, AMU 450, CUR 490
Music: Vocal — MUS 307, AMU 450, CUR 489

**7-12 Student Teachers**

Biology: EPY 341, PSY 405, CSP 340, CUR 493, BIO 100, 102, 103, 300, 301, 317, 328, 435, field biology or physiology elective, CHE 101, 102, 103, 104, 212, PHY 110, 202 or 205, MAT 105 or 106, CIS elective
Chemistry: EPY 341, PSY 405, CSP 340, CUR 493, BIO 100, 102, 103, CHE 101, 102, 103, 104, 212, 311, 351, PHY 221, 222, 233, 234, MAT 105 or 106, CIS elective

Business: EPY 341, PSY 405, CSP 340, CUR 479, CIS 309, OAD 300, 302, 320 or 326, 401, FIN 300, MGT 300, MKT 300

English: EPY 341, PSY 405, CSP 340, CUR 485, academic requirements for English, CIS elective
Family and Consumer Sciences: EPY 341, PSY 405, CSP 340, CUR 486, FCS 310, 312, 314 or 316, 325, 326, 328, 345, 370, 422, 447, 494, CIS elective
Foreign Languages: EPY 341, PSY 405, CSP 340, CUR 485, academic requirements for French, German or Spanish, CIS elective
Mathematics: EPY 341, PSY 405, CSP 340, CUR 487, MAT 106, 205, 206, 207, 215, 300 or 441, 411, 405, 415, 425 or 442, MAT elective above 300-level, CIS elective
Social Sciences: EPY 341, PSY 405, CSP 340, CUR 494, HIS 101, 102, 201 or 203, 202 or 204, 411, GEO 201, GEO 303, PSC 201, 406, SOC 101, 204
ECO 210, fifteen hours of social science or history electives at 400 level or above, CIS elective

Student Teaching Semester

Elementary student teachers take the following work for the semester:

- CEL 393 ............................................................................................................. 3
- HSE 144 ........................................................................................................... 1
- Directed Teaching ........................................................................................... 12
- CEL 498 ........................................................................................................... 1

........................................................................................................................... 17

K-12 student teachers take the following work for the semester:

Art:
- CSD 324 ........................................................................................................... 3
- HSE 144 ........................................................................................................... 1
- Directed Teaching ........................................................................................... 12

........................................................................................................................... 16

Health, Physical Education and Recreation

- PER 487 ........................................................................................................... 3
- HSE 144 ........................................................................................................... 1
- Directed Teaching ........................................................................................... 12

........................................................................................................................... 16

Music

- HSE 144 ........................................................................................................... 1
- Directed Teaching ........................................................................................... 12

........................................................................................................................... 13

Special Education

- CSP 386 ........................................................................................................... 3
- HSE 144 ........................................................................................................... 1
- Directed Teaching ........................................................................................... 12

........................................................................................................................... 16

7-12 student teachers take the following work for the semester:

- CSD 324 ........................................................................................................... 3
- HSE 144 ........................................................................................................... 1
- Directed Teaching ........................................................................................... 12

SCHOOL OF NURSING

Professors: M. Propst (Dean), Riffle, Lamar
Assistant Professors: Bingham, Carlson, Raines, Seals
Instructors: Allen, Christian, Julius, McCrory

(662) 846-4255

The School of Nursing combines study in the liberal arts, life sciences, and behavioral sciences with the study of nursing to offer the Bachelor of Science in Nursing degree. The purposes of the School of Nursing are to prepare practitioners of nursing to meet the health care needs of the people of Mississippi, and to provide a foundation in the study of nursing sufficient to support graduate study should the student elect to continue her or his education beyond the baccalaureate level. Students who receive the B.S.N. from Delta State are eligible to write the National Council Licensure Examination (NCLEX-RN) for licensure as registered nurses (R.N.). Individuals having been convicted of a misdemeanor or felony may not be allowed to write the NCLEX-RN Exam for R.N. licensure. (See State of Mississippi Laws, Rules and Regulations, Mississippi Board of Nursing, Section 73: 15-29 (1)(b))

Students are admitted to the school in the Spring semester prior to the Junior year. Admission is competitive. The deadline for application to the School of Nursing is October 1. Student applications are reviewed and potential candidates for admission are contacted for completion of an interview, a writing sample, and the Nurse Entrance Test (NET). The potential student must have completed ALL prerequisite requirements prior to admission. An orientation session is held each Fall for students selected to enter the program. Students selected will actively enroll in nursing curriculum courses beginning in the Spring semester.

APPLICATION PROCEDURE AND ADMISSION CRITERIA FOR THE GENERIC BSN ARE:

1. Admission to Delta State University.
2. Achieve a composite score of 18 or better on the American College Test (ACT), if taken prior to October, 1989, or achieve a composite score of 21 or better on the ACT, if taken as of October, 1989.
3. A limited number of students may be admitted who have at least an ACT composite score of 18 if taken as of October, 1989, or 15 if taken before October, 1989.
4. A. Complete the following courses as outlined in the Course of Study (outlined under Nursing in the DSU bulletin or obtainable through the School of Nursing).

   B. The following courses or equivalent transfer courses are required for admission with achievement of a 2.5 (or better) QPA on a 4.0 scale:

   ENG 101 English Composition ..................................................3 hours
   ENG 102 English Composition ..................................................3 hours
   ENG 300 Writing Proficiency or ENG 301 ..................................1, 3 hours
   NUR 301 Survey of Nursing ....................................................2 hours
   PSY 101 General Psychology ..................................................3 hours
   CHE 101 General Chemistry ...................................................3 hours
CHE 103 Chemistry Lab ............................................. 2 hours
MAT 104 College Algebra ......................................... 3 hours
SOC 101 Principles of Sociology .................................. 3 hours
CIS 205 or higher computer elective ............................... 3 hours
PER 101 Concepts of Physical Education ......................... 1 hour
SPE 101 Fundamentals of Speech Communication ............... 3 hours
* BIO 230 Anatomy and Physiology .............................. 4 hours
* BIO 231 Anatomy and Physiology .............................. 4 hours
FCS 345 Nutrition .................................................... 3 hours
* BIO 317 Microbiology ............................................. 4 hours
Statistics (MAT 300, GBA 200, PSY 200, BIO 419) ............... 3 hours
Human Dev./Beh.Sci. Elective ...................................... 3 hours
History Elective (100 or 200 level) ................................. 6 hours
PER Elective ................................................................ 1 hour
Fine Arts Elective ..................................................... 3 hours
Literature Electives .................................................... 6 hours
Social Science Elective ............................................... 3 hours
Elective ..................................................................... 3 hours

5. A grade of C or better is required in all general education, support, and pre-
requisite courses.

* BIO 100 is a prerequisite for students taking BIO 230, 231, 317 at Delta
State University.

6. Submit the following information to the School of Nursing by October 1
before the Spring semester in which the first nursing course is to be taken:
A. School of Nursing Application
B. Proof of Admission to DSU
C. Official American College Test (ACT) scores
D. Transcripts from all colleges previously attended
E. Evaluation of transcripts. This is to be done by the personnel in
Registrar’s Office prior to application to the School of Nursing. Ask the
Registrar to send a copy to the School of Nursing.
F. Three references (at least one must be academic) using School of
Nursing forms and criteria
G. Progress report of academic standing for any required courses in
progress at date of application.
H. Each student is responsible for periodically checking with the School of
Nursing secretary to determine if all required materials for application
are in the School of Nursing Office.
I. Complete a scheduled interview, writing exercise, and the Nurse
Entrance Test (NET).

7. The School of Nursing admission criteria for the BSN Completion Program
for Registered Nurses are:
A. All of the above (see #6)
B. Evidence of current licensure in good standing as a Registered Nurse in
the State of Mississippi
C. Graduation from an NLNAC-accredited nursing program.
D. RNs do not have to submit an ACT score but must have an overall GPA
of 2.5 in all non-nursing prerequisite courses.
E. Thirty-one semester hours of credit in DSU courses in nursing is awarded
to Registered Nurses after successful completion of the first 9 semes-
ter hours of the RN/BSN completion program.
F. A successful pass on ENG 300 (Writing Proficiency) or ENG 301 is prerequisite for entry into the program.

G. Complete a scheduled interview and writing exercise.

All nursing majors are assigned a nursing advisor. Students should maintain regular and periodic contact with this advisor for all academic advisement. Contact the office of the faculty secretary (846-4255) for advisor assignment.

Admission is competitive and based on the number of applicants, the number of clinical practice opportunities, the number of participating health care agencies, and the number of faculty available. All completed files are reviewed by the undergraduate program faculty.

Nursing books, tests, and supplies cost approximately $300 per semester. There is an initial one-time assessment of approximately $20 upon admission for name tags and uniform patches. There will be additional student activity fees related to educational experiences. Students are expected to arrange for transportation to clinical agencies. A completed health form must be submitted after being accepted into the School of Nursing. All students are required to pay an annual premium for professional student liability insurance and to have health insurance coverage throughout their enrollment. Students must complete the required physical examination and all required immunizations and health screenings prior to being fully admitted to the program. Hepatitis B immunization and PPD Tuberculin Skin Test Screening are required. Students must maintain and show evidence of current CPR certification for the infant, child, and adult during their enrollment in the School of Nursing.

Nursing students are expected to be familiar with and abide by the rules, regulations, and code of conduct contained in the Delta State University Nursing Student Handbook.

**Progression Policy**

1. Maintain an overall quality point average of 2.0 each semester in the School of Nursing.

2. In nursing courses involving a classroom (theory) and a clinical component, a grade of at least a “C” in theory and a satisfactory clinical performance is required.

3. A student who earns a grade of “D” or “F” during the program is dismissed from the program.

4. Any student who has performed unsafe practice or unethical and/or illegal conduct will be dismissed.

5. All students are to adhere to the American Nurses’ Association Code for Professional Nurses. Failure to adhere to the Code may result in dismissal from the School of Nursing.

Please refer to the current School of Nursing Student Handbook for other details and a copy of the American Nurses’ Association Code for Professional Nurses.

**SCHOLARSHIPS FOR NURSING STUDENTS.** Opportunities for scholarships are listed in the Student Financial Assistance — Scholarships section of this bulletin.
Additional information may be obtained through the Office of the Dean of the School of Nursing.

At its discretion, the Mississippi Board of Nursing has the authority to refuse licensure or the opportunity to sit for the NCLEX-RN examination to anyone convicted of a misdemeanor or felony (See State of Mississippi Laws, Rules, and Regulations, Mississippi Board of Nursing, Section 73:15-29 (1)(b)).

Clock hours in courses are computed as one semester hour equals one 50 minute classroom session/week. Clinical credit is computed as one semester hour of credit equals three contact hours/week. Total semester hours are computed on a 15 week semester.

NURSING

NUR 300. WRITING FOR PROFESSIONAL NURSING. This course offers the student a review of the basic principles of writing and essay design. A review of grammar, sentence and paragraph structure, and other common errors in writing will also be involved. The student will be introduced to American Psychological Association (APA) writing format and related referencing information required by all courses in the School of Nursing curriculum. Lecture 1 hour. 1

NUR 301. SURVEY OF NURSING. An overview of the discipline of nursing as the art and science of caring. Historical and current perspectives of the profession are explored. This is a required prerequisite ONLINE course. Lecture 2 hours. 2

NUR 302. FUNDAMENTALS OF CLIENT CARE. Entering students are introduced to nursing theory, critical concepts, and skills fundamental to the practice of nursing. Opportunities for students to apply required competencies are provided in classroom, campus laboratory, and various health care agencies. Prerequisites: Official admission into the School of Nursing. Corequisite: NUR 303. Lecture 4 hours, Lab 9 hours. 7

NUR 303. PHYSICAL ASSESSMENT. Review of all body systems with instruction and demonstration in skills, techniques, procedures and terminology essential for physical assessment of the adult and child. Lecture 3 hours. 3

NUR 304. PHARMACOLOGY. General principles of pharmacology and toxicology. Classifications of drugs with emphasis placed on pharmacological and physiological actions, and clinical effects. Application of nursing implications specific to each drug classification. Prerequisites: NUR 302, 303. Corequisites: NUR 305, 307. Lecture 3 hours. 3

NUR 305. NURSING THE ADULT CLIENT I. Nursing of adults emphasizing physical assessment, stressors affecting health and health maintenance. Clinical learning experiences focusing on promotion of health and assessment of clients with stressors resulting in less severe disturbances in body functions. Prerequisites: NUR 301, 302, 303, 312. Corequisite: NUR 304 and 307. Lecture 4 hours, Lab 9 hours. 7

NUR 306. NURSING THE ADULT CLIENT II. Nursing care of adult clients emphasizing stressors resulting in severe disturbances in body functions. Clinical learning experiences focusing on the application of the nursing process in the care of patients with severe disturbances in body functions. Prerequisite: NUR 305. Lecture 4 hours, Lab 12 hours. 8
NUR 307. MENTAL HEALTH/PSYCHIATRIC NURSING. Nursing care of individuals, families and groups experiencing stressors affecting mental health. Clinical focus is on development and use of therapeutic interpersonal skills in working with individuals, groups, or families in a variety of clinical settings. Prerequisites: NUR 301, 302 and 303. Corequisite: NUR 304, 305. Lecture 3 hours, Lab 3 hours. 4

NUR 309. NURSING RESEARCH. Introduction to conceptual processes and methodology of scientific investigation. Emphasis on evaluation of research studies, implementation of findings, and design of preliminary investigations. Prerequisites: NUR 304, 305 and permission of the instructor. Corequisite: NUR 306. 3

NUR 310. COMPUTER APPLICATIONS IN NURSING. Study of cognitive, information processing and communication tasks of nursing practice, education, and research including the information science and technology to support these tasks. Prerequisite: Permission of the instructor. Lecture 1-3 hours. 1-3

NUR 311. COMPREHENSIVE HEALTH ASSESSMENT. Review of all body systems with instruction and demonstration in skills, techniques, procedures, and terminology essential for physical assessment of the adult and child. Opportunity for the RN-BSN student for return demonstration and clinical learning is provided in a health care setting. Prerequisite: Permission of the instructor. Lecture 2 hours, lab 3 hours. 3

NUR 312. BASIC PATHOPHYSIOLOGY. Primary physiological and functional changes that occur in the body related to disease. Lecture 3 hours. 3

NUR 358. TRANSITION TO PROFESSIONAL NURSING. Study of the process of role transition with development of concepts of professionalism related to the role of the baccalaureate prepared nurse. Included is an introduction to the philosophy and curriculum of the School of Nursing. Transition provides an opportunity for RN-BSN student familiarization with nursing concepts previously introduced during Level I and Level II courses. The course stresses the interdisciplinary/collaborative approach to client care. Written and verbal communication skills are practiced and critiqued in preparation for senior level courses. Prerequisite: Admission to the School of Nursing. Lecture 6 hours. 6

NUR 401. MATERNITY NURSING. Focuses on nursing care of the childbearing family. Content will include nursing care of the pregnant woman and family during uncomplicated and complicated childbearing. Exploration of the family today and the stresses experienced during childbearing are a major focus. The role of the professional nurse in the care of women’s health issues and maternity care will be emphasized. Campus laboratories and clinical experiences will focus on skills specific to family-maternal-newborn care through a variety of developmental stages. Lecture 2.5 hours, lab 4.5 hours. Prerequisites: All 300 level nursing courses. Corequisites: NUR 403, 405. 4

NUR 402. MANAGEMENT OF CLIENT CARE. Study of leadership and management concepts relating to a clinical practice setting. Emphasis on professional responsibilities and functions relating to self; other health team members; and the extending, expanding and changing roles of nursing. Clinical laboratory experience with emphasis on the performance of leadership and management skills. Prerequisites: NUR 401, 403, 405. Prerequisites or Corequisites: NUR 404, and NUR 406, or 407 for RN/BSN completion students. Lecture 3 hours, Lab 9 hours. 6
NUR 403. COMMUNITY HEALTH NURSING. Nursing of individuals, families, and groups with all levels of prevention emphasizing issues affecting community health. Learning opportunities are in selected community settings. **Prerequisite:** NUR 306, 307, 309. **Corequisites:** NUR 401 and NUR 405. Lecture 4 hours, Lab 6 hours.

NUR 404. ADVANCES IN NURSING PRACTICE. An investigation of societal issues and trends affecting health care delivery and nursing practice. Emphasis is given to historical, political, and societal influences on nursing practice. Lecture 2 hours.

NUR 405. PEDIATRIC NURSING. Focus on the nursing care of the family during childrearing. Content will include care of the well child and adolescent; care of the neonate with congenital abnormalities; and growth and development from birth through adolescence. Exploration of the family today and the stress experienced during childrearing are included as a major focus. The role of the professional nurse in the area of pediatric nursing will be emphasized. Campus laboratories and clinical will focus on skills specific to pediatric care and on the care of the family and child at all stages of development during periods of health and illness. **Prerequisites:** NUR 306, 307, 309; **Corequisites:** NUR 401, 403. Lecture 2.5 hours, lab 4.5 hours.

NUR 406. NURSING PRECEPTORSHIP. A synthesis course in professional nursing practice under the supervision of an approved registered nurse preceptor. The student applies fundamental nursing skills in interdependent practice settings. This course serves as a transition from student to professional nurse. **Prerequisites:** NUR 401, 403, 405, **Corequisites:** NUR 402, 404. Lecture 1 hour, lab 12 hours, total 180 hours (Taught in 7 week block).

NUR 407. DIRECTED STUDY. Opportunities for the RN-BSN student to develop a nursing project related to a topic of interest that will expand knowledge, integrate prior learning and refine skills consistent with professional nursing practice. **Prerequisites:** NUR 309, 403 and 492. Independent study. **Corequisites:** NUR 402, 404.

NUR 492. SPECIAL TOPICS IN NURSING (Topic may be inserted.) Additional formal study of a selected topic relative to health care. **Prerequisite:** Permission of instructor. 1-3
