GST 600-related Business

- The selection of a new VPAA should not affect the presentation or viability of GST 600.
- SEC's complete proposal, along with a course description for the catalog, needs to be submitted to Academic Council by April 24th.
 - Presenters must be in order. Several faculty marked as possible presenters have already shown an interest in participating.
 - The GST 600 timeline will be completed.
 - Mock-ups of SEC literature and mail-outs will be ready.
- There is enough flexibility to include the session on workplace harassment.
- In the next couple of weeks, the SEC will send out GST 600 informational materials to Faculty Senate.
