Meeting Time: 3:15-3:50

Minutes

The minutes from the April 11 meeting were approved.

GST 600

- The committee decided that a letter outlining GST 600 should be sent to all presenters, Faculty Senate, Academic Deans, and the Provost.
- The timeline was edited in order to present it along with the GST 600 outline.
- FSSE is underway. How should this be advertised?
- Diversity: Dr. Hebert will talk with Ben Bufkin. The committee discussed the potential of having a diversity-related workshop at ROMEA.
- The committee needs to have a conversation with Lisa Giger about getting mail-outs ready. The SEC will pay for the necessary postage.
- The committee must decide where the GST 600 “homeroom” will be? Jobe auditorium was suggested. Members also need to meet with presenters and establish meeting places for the individual sessions if outside of Jobe Auditorium (or another designated homeroom).
- The committee agreed that the Alumni House would be an ideal location for the lunch following HR’s presentation.
- Thought needs to be given to any faculty development needs for the upcoming year. The committee should focus on integrating GST 600 and GST 100.
