## 2020-21 ACADEMIC MAP

**BS Biology - Pre-Pharmacy** 

**TOTAL HRS: 120** 

## **Additional Notes:**

- MAT 104 College Algebra requires a math ACT sub-score of 20 or higher. 19 or below will place a student in co-requisite remediation.
- MAT 105 Trigonometry: Pre-requisite MAT 104 College Algebra OR ACT Math sub-score of 23.
- MAT 251 Calculus I: Pre-requisite MAT 104 College Algebra and MAT 105 Trigonometry **OR** ACT Math sub-score of 24 or higher.
- Academic map lists the courses required for admission to the pharmacy program at the University of Mississippi. Other pharmacy programs have similar requirements, but you should study the specific prerequisites at the pharmacy schools to which you plan to apply. The prerequisite courses are typically completed in 3 years at DSU. Pre-pharmacy students should also consider following the curriculum for a BS degree in biology while taking the pre-pharmacy requirements, thus opening up additional career opportunities.
- Enrollment in upper-level BIO courses (BIO 200 and above) requires that you have "Full Admission" status. You have full admission status if you have completed BIO 100, 101, and CHE 101, 102, 103, and 104 with no grades below C. Consult the Catalog or the Division of Mathematics and Sciences website, or see your advisor for more information.
- Admission to pharmacy school requires a minimum GPA of 2.75 on all coursework and no grade below C in any required pre-pharmacy course.
- Applicants to pharmacy school must submit an official score on the Pharmacy College Admissions Test (PCAT) taken no more than 12 months prior to the application deadline. A minimum composite percentile score of 40 is required to receive consideration for admission.
- The University of Mississippi School of Pharmacy has much more information available on the web at http://www.pharmacy.olemiss.edu
- IMPORTANT: Application to health professional schools is very competitive. Completion of the minimum requirements will not ensure admission.

  Admission decisions are based on policies established by the professional school's faculty and admission committee. Successful applicants typically have GPAs and other qualifications well in excess of stated minimums. Talk to your advisor for more information on what is realistically needed to have a good chance of getting into your desired professional school.
