¹First Year Seminar (FYS 100/300) not required for Education majors but highly recommended.

* Math content course or SPED course for those seeking Math major emphasis or SPED endorsement area; Science/biology areas excluded

Candidates with a major in Education must complete all course requirements for the program and must also have two areas of emphasis. This program of study will enable the DSU graduate to earn a 7-12 or K-12 certification in the state of MS. A grade of C or higher must be earned in each course leading to endorsement.

To complete the above requirements, it may be necessary to complete more hours than noted in DSU catalog. The number of additional hours will vary depending on concentration chosen.
