	Wording is more universal and applicable to all		
	divisions/schools; includes alignment of dates and		
	policies; includes definition of collegiality; includes		
	checklist to be used by candidate to ensure all criteria are met and to be used by evaluator to provide specific		
	feedback		
	• JW: There needs to be continuity is what is considered		
	scholarship and service; for example, presenting at a		
	conference at DSU is considered service, but presenting		
	at another university is considered scholarship. The		
	explanation given in the past is that DSU does not use a		
	peer-reviewed process for accepting presentation		
	applications, however, the point was made that we do		
	not know that other institutions use a peer-reviewed		
	process. CJ asked for that in writing to take to the T&P		
	committee.
