Welcome to MyDSU Portal!

New users must use the "**First Time User**" link to set up your new password and gain access to the system. After you have successfully logged into your account, you should be automatically redirected to set up your password recovery settings. You are required to setup security questions. You are also required to setup either the phone or email recovery methods.

Existing users can login with their username and password and will be prompted to update their security questions after logging in. Your username does NOT include @deltastate or @okramail.deltastate.edu.

If you are new student, you will need to click "First Time User" to get started.
