

Articulation Agreement

between the

**Mississippi Board Of Trustees of State
Institutions Of Higher Learning**

and the

Mississippi Community College Board

September 2019-August 2021

Introduction

This articulation agreement contains programs of courses appropriate for transfer for community/junior college students who attend Mississippi's eight public universities. At the top of each program are listed the universities which offer the baccalaureate degree program.

Each university will accept courses as listed on the particular transfer program without loss of credit toward the conclusion of the four-year degree. It is intended that this articulation agreement be a minimum program transfer for all students moving from the community/junior college to the university system, as well as moving between universities in the system, acting as a "safety net" for transfer students. It is not intended to replace any individual articulation agreement between a particular community/junior college and a university which would allow additional courses to transfer into a specific program of study.

It is vital that the programs of study be reviewed periodically and that revisions be made where appropriate. The revision process will encompass the following:

- 1) make editorial changes as needed;
- 2) further standardize the format for programs of study;
- 3) update offerings by universities as needed; and
- 4) keep appropriate officials abreast of changes made by the universities.

It is understood that accreditation agencies expect colleges and universities to evaluate course offerings. It is further understood that community/junior colleges and universities are expected to comply with accreditation requirements and that a cooperative spirit will prevail in working through any needed changes.

There will be an IHL Articulation Subcommittee of the University Chief Academic Officers' Council with Community and Junior College representatives to serve on this subcommittee as nonvoting members for information purposes.

Editorial changes made by the Articulation Subcommittee shall need no further approval; however, any proposed changes in course offerings or transfer hours shall be made in accordance with the following procedures:

- 1) In consultation with Chief Academic Officers, each institution shall identify proposed articulation agreement changes to IHL through its Articulation Subcommittee representative by **May 15** each year.
- 2) The IHL Articulation Subcommittee representative and representatives of each academic department /dean's office which offers the program involved shall discuss articulation agreement changes between **May 16 and June 10**.
- 3) Proposed changes approved by the IHL Articulation Subcommittee will be shared by IHL with the community/junior college representatives. Community/junior college representatives will have until June 30 to review and comment on the proposed articulation changes.
- 4) The IHL Articulation Subcommittee and community/junior college representatives will meet to discuss proposed articulation changes. This meeting will take place between **July 1 and July 31**. This meeting will include IHL and CJC articulation committee members.
- 5) The IHL Chief Academic Officers will consider approval of proposed articulation changes at their August meeting.
- 6) Articulation changes shall be communicated to universities and community/junior colleges (presidents and chief academic officers) by September 30 for changes which are to be implemented the following fall semester. Any changes to these published dates are subject to approval by the IHL Chief Academic Officers and the Mississippi Community and Junior Colleges Academic Officers Association.

Upon approval, the changes will be published and distributed to the universities and community/junior colleges. It is intended

Transfer of the Associate of Arts Degree

The Mississippi Institutions of Higher Learning Board of Trustees has approved a policy for students transferring to IHL universities with an Associate of Arts (AA) degree from a Mississippi Community or Junior College. This policy includes the following specifications:

1) Students that graduate with an AA degree from a Mississippi community /junior college and complete the 30-hour IHL Board core curriculum (Board Policy Section 512 “Core Curriculum”) with a grade of “C” or better in each core course will satisfy the IHL core curriculum requirement at each IHL institution . General education requirements for baccalaureate programs at the receiving institutions may exceed the minimum IHL core curriculum . In such cases, transfer students may need to take additional courses to satisfy these requirements.

2) All non-IHL core curriculum courses in the AA degree program may be assigned to fulfill the pre-major or elective requirements, dependent upon the non-IHL core curriculum courses taken within the AA degree program and the declared major that the IHL institution .

Please note that certain undergraduate degrees have pre-major course requirements and other pre-requisites that will not necessarily be satisfied by the AA degree . The Articulation Agreement serves as a valuable resource to help the Mississippi community/ junior college students and advisors identify the pre-major courses as well as other course recommendations that will help position potential transfer student for entrance into a particular major at one or more of the IHL institutions .

In addition, the IHL Articulation Subcommittee strongly suggests that potential transfer students avoid taking courses that are considered to be equivalent or highly similar. For example, many of the IHL universities cannot apply both BIO 1114 and BIO 1134 to a degree plan.

MSU Additional Courses Total 44**MSU Total 44****Notes**

Students should be in direct communication with the School of Architecture's Admissions Advisor to confirm their schedules each semester.

*Students who place into a course higher than College Algebra (MAT 1313) on the mathematics placement test may fulfill the University mathematics requirement with either Calculus I (MAT 1613), Business Calculus I (MAT 1513), or Finite Mathematics (MAT 1333). By itself, Trigonometry (MAT 1323) does not meet this requirement.

**Required if student receives a grade of "C" or lower in Drawing I (ART 1313)

The coursework above satisfies much of the general education requirements of the first year of the 5-year professional Bachelor of Architecture curriculum, with the exception of Design 1A (ARC 1536) and Design 1B Studio (ARC 1546) courses. Students must apply to the School of Architecture to complete the remaining years of the BArch degree, which will require 10 semesters of course work. A student may apply for Summer admission to MSU and the School of Architecture to complete the Design 1A and 1B Studio courses during the summer terms, leaving eight semesters of course work to be completed for the BArch. The School of Architecture at MSU offers the only NAAB-accredited professional degree in the state of Mississippi.

At MSU, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 152 Total hours that will transfer for this degree program: 44

Notes

The degree program is designed for students who have earned an A.A.S. degree and would like to continue their educational pursuits towards a baccalaureate degree. This degree accepts up to 40 hours of career and technical credit toward the total number of 121 hours required for degree completion. No more than 90 hours may be transferred from a community college.

Any MUW General Education required courses not completed within the A.A.S. degree may be completed at MUW as part of the remaining upper division hours needed for the BAS Degree at MUW.

Admission to the program requires an earned A.A.S. degree or approved technical Associate degree. The Culinary Arts, MIS and Legal Administration concentrations require that a student complete an A.A.S. from a specific discipline.

In admission for the Culinary Arts concentration, students must earn an A.A.S. from one of the following disciplines: Culinary Arts, Hotel/Restaurant Management, or Hospitality and Tourism Management

In admission for the MIS concentration, students must earn an A.A.S. from one of the following disciplines: Accounting Technology, Medical Billing and Coding Technology, Computer Networking Technology, Medical Office Technology, Computer Programming Technology, Microcomputer Technology, Database Administration Technology, Office Systems Technology, Health Information Technology, or Web Development Technology

In admission for the Legal Administration concentration, students must earn an A.A.S. from one of the following disciplines: Accounting, Business Administration, Criminal Justice, General Business, General Studies, Law Office Management, Office Assistant, Paralegal, Political Science, Social Science, or Public Administration

Students seeking more information about the program's admission, course requirements, and degree options should contact MUW at 662-329-7135.

Notes

The following notes apply to all Elementary Education programs. University-specific footnotes are listed at the end of the footnotes, so please read entire footnote section.

It is strongly recommended that students complete the Praxis Core Academic Skills for Educators (formerly Praxis I) examination with passing scores prior to transferring (if required).

***Endorsement Areas**

For Mississippi K-6 Licensure in elementary education, the Mississippi Department of Education requires that candidates have completed at least 18 hours, in each of two endorsement areas, with no grade lower than a "C". In addition, some IHL universities also offer elementary education programs, K-6 with 2 add-on endorsements. In these programs, candidates earn an additional three (3) hours, or twenty-one (21) hours in each of the two endorsement areas, with no grade lower than a "C". These programs prepare the students for Mississippi K-6 licensure, with add-on endorsements for grades 7-12 in English, General Science, and Social Studies or grades 7-8 in math. These are endorsement areas accepted by all eight (8) IHL universities. Interdisciplinary programs of study for all elementary education teacher candidates (K-3, K-6) must include at a minimum 15 hours of Reading/Literacy courses. Acceptable transfer courses for these endorsement areas are as follows:

UNIVERSITY-SPECIFIC FOOTNOTES

ASU:

At ASU, acceptance of community or junior college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 120 Total hours that will transfer for this degree program: 60

DSU:

The DSU Elementary Education program is designed such that all teacher candidates will have a concentration (18 hours) in Reading which can lead to a Reading endorsement with an additional 3 hours.

At DSU, acceptance of community or junior college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 120 Total hours that will transfer for this degree program: 60

DSU has established a 2+2 curriculum agreement with Hinds Community College and Holmes Community College. Students planning to transfer from these community colleges to DSU for Elementary Education BS should follow this 2+2 curriculum agreement.

JSU:

JSU accepts up to sixty-two (62) hours of transfer coursework toward the total degree hour requirements for graduation. Total degree hours: 122 Total hours that will transfer for this degree program: 60-62

MSU:

A composite score of 21 or higher on the ACT can replace the Core examinations at MSU.

At MSU, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 124 Total hours that will transfer for this degree program: 62

MUW:

*MAT 1723 and MAT 1743 must both be taken in order to receive credit for MUW MA 111 - Modern Elementary Math I. Credit earned will be reflected as MA 111 (3 hrs) and Math Elective (3 hrs). If a student only takes one of the two, that course will transfer in as an elective community college course.

MUW accepts up to ninety (90) hours of transfer coursework toward the total degree hour requirements for graduation in a given curriculum. All upper-level coursework (300- and 400-level) must be completed at MUW or another four-year institution. Total degree hours: 124 Total hours that will transfer for this degree program: 62 (or more)

MVSU:

At MVSU, acceptance of community college work may be limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 120 Total hours that will transfer for this degree program: 60-62

UM:

A composite score of 21 or higher on the ACT can replace the Praxis CORE examination at UM.

At UM, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 124 Total hours that will transfer for this degree program: 60-62

USM:

At Southern Miss, the Gold Card is needed in order to enroll in Teacher Education courses. For current Gold Card and licensure requirements, see the tab labeled Teacher Education Program Requirements in the Undergraduate bulletin.

<http://catalog.usm.edu>

*USM General Education Curriculum Note: Additional courses may satisfy specific university general education curriculum requirements. See the USM General Education Curriculum (GEC) Course Transfer Policy for details. Specific program requirements are found in the USM Undergraduate Bulletin Degree Plans: <http://catalog.usm.edu/>

Upon completion of the program, students are eligible to apply for a Mississippi Educator's License in elementary education with an endorsement in at least one content area and a supplemental reading endorsement. Areas of endorsement require the completion of 21 hours of coursework (with a minimum grade of C for each course) in one or more of the following areas: English, social studies, foreign language, mathematics, and science.

At USM, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 124 Total hours that will transfer for this degree program: 62

Notes

It is strongly recommended that students complete the Praxis Core Academic Skills for Educators (formerly Praxis I) examination prior to transferring (if required).

In addition, it is strongly suggested that students seeking a Physical Education (P.E.) Licensure prepare themselves to teach in one additional discipline. The Mississippi Department of Education requires 21 semester hours of prefix-specific courses with a grade of "C" or better. Some of the common supplemental endorsement areas are English, Communication, Social Studies,

Mathematics, and General Science. Courses that can be transferred from Mississippi community/junior colleges for these area are listed on the following page.

UMMC Additional Courses Total 60**UMMC Total 60****Notes**

Admission to the Histotechnology program at UMMC is competitive.

A program-specific application and supporting documents are required before admission consideration.

Visit <http://www.umc.edu/htl> for additional information.

No coursework will be considered for acceptance unless a grade of "C" or better has been earned.

The Histotechnology admission committee highly recommends organic chemistry, natural sciences courses, and advanced mathematics as electives.

All biological science and chemistry courses must include lecture and laboratory.

Principles of Chemistry with lab (CHE 1314) may be substituted for 4 hours of General Chemistry with lab.

Science survey courses and courses for non-majors are not acceptable for transfer credit into this program.

At UMMC, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 121 Total hours that will transfer for this degree program: 60

UNIVERSITY-SPECIFIC FOOTNOTES

MSU:

*MSU requires that the courses selected in this area must be from two different disciplines .

At MSU, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 124 Total hours that will transfer for this degree program: 62

UM:

At UM, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 120 Total hours that will transfer for this degree program: 60

UMMC:

Admission to the Medical Laboratory Science program at UMMC is competitive.

A program-specific application and supporting documents are required before admission consideration.

Visit <http://www.umc.edu/mls> for additional information.

No coursework will be considered for acceptance unless a grade of "C" or better has been earned.

The Medical Laboratory Science admission committee highly recommends organic chemistry, biochemistry, natural sciences courses, anatomy and physiology courses, and advanced mathematics as electives.

All biological science and chemistry courses must include lecture and laboratory.

Principles of Chemistry with lab (CHE 1314) suffices as a substitution for General Chemistry with lab.

Science survey courses and courses for non-majors are not acceptable for transfer credit into this program.

At UMMC, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 124 Total hours that will transfer for this degree program: 60

USM:

Notes

The Bachelor of Multi-Disciplinary Studies degree requires a minimum of 120 semester hours.

*The Multi-Disciplinary Studies major requires three (3) minor fields for a total of 45-63 semester hours depending on the minors the student chooses. Most minors require 18 hours for a total of 54 hours. In addition to the core courses, the remaining hours can be in electives (27-45 hours) to complete the 120-hour requirement. All minor courses must be completed with grades of "C-" or better. At least 30 hours of courses must be at the 300-level or above and at least 30 hours of courses must be taken in residence. The Multi-Disciplinary Studies degree must have 120 total hours with each course satisfying only one degree requirement (core or minor or elective) with a cumulative resident and overall GPA of at least 2.00.

At UM, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 120 Total hours that will transfer for this degree program: 60

UM has established a 2+2 curriculum agreement with Holmes Community College and Northwest Community College. Students planning to transfer from these community colleges to UM for General Studies BMDS should follow this 2+2 curriculum agreement.

^^ Only one course from each subject area should be taken.

^^^ MSU accepts Music Theory I, II, III, IV (and the corresponding aural skills courses/components), Piano Class I, II, III, IV, and up to 8 hours of applied lessons (MUA). All students must demonstrate proficiency in Music Theory, Aural Skills, Piano and Performance (instrumental or vocal) through upper division proficiency exams before registering for any upper division music courses at MSU.

^^^^ Public Speaking I (SPT 1113) applies only to the BA in Music at MSU.

^^^^^ Although Recital courses carry one credit at the community college, required recital hours at the universities carry zero credit hours.

At MSU, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum.

Total degree hours for Music BA: 122 Total hours that will transfer for Music BA: 61

Total degree hours for Music Education BMed: 130 Total hours that will transfer for Music Education BMed: 65

MUW:

MUW offers two concentrations under Music BM: Music Education and Music Therapy.

MUW accepts up to ninety (90) hours of transfer coursework toward the total degree hour requirements for graduation in a given

curriculum. All upper-level coursework (300- and 400-level) must be completed at MUW or another four-year institution. Total degree hours: 124 Total hours that will transfer for this degree program: 62 (or more)

MVSU:

*Although PHY 2514 and PHY 2524 are 4-hour courses at the community colleges, the equivalent courses at MSU are 3-hour courses; therefore, only 3 hours per course will be applied toward the degree.

At MSU, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 128 Total hours that will transfer for this degree program: 53

There are no additional courses offered at the community colleges that will satisfy the degree requirements for this degree program. Community college transfer students may want to explore the reverse transfer associate degree option for this degree. Please ask a community college advisor for more information.

Notes

It is strongly recommended that students complete the Praxis Core Academic Skills for Educators (formerly Praxis I) examination with passing scores prior to transferring (if required).

UNIVERSITY-SPECIFIC FOOTNOTES**JSU:**

JSU accepts up to sixty-two (62) hours of transfer coursework toward the total degree hour requirements for graduation. Total degree hours: 124 Total hours that will transfer for this degree program: 60

MSU

A composite score of 21 or higher on the ACT can replace the Core examinations at MSU.

At MSU, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 123 Total hours that will transfer for this degree program: 62

UM

A composite score of 21 or higher on the ACT can replace the Praxis CORE examination at UM.

Because of the number of required Special Education courses that is only offered at UM, it limits the number of transferable hours that are degree applicable. If a student finishes their associates degree and transfers into the Special Education program, they CAN count up to 61 hours of transfer credit (giving them multiple electives), BUT it will not help them towards degree completion.

At UM, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 123 Total hours that will transfer for this degree program: 48-51

USM

At Southern Miss, the Gold Card is needed in order to enroll in Teacher Education courses. For current Gold Card and licensure requirements, see the tab labeled Teacher Education Program Requirements in the Undergraduate bulletin.

Notes

*MSU does not offer a course equivalent to BIO 2414. Students who choose to take BIO 1314 must complete the sequence at the community college.

**When CHE 1313 and CHE 1323 are not offered, students should take CHE 1213 and CHE 1223. In programs where Chemistry II is required, it is recommended that the student take both courses in the sequence at the same institution.

***Although PHY 2514, and PHY 2524 are 4-hour courses at the community colleges, the equivalent courses at MSU are 3-hour courses; therefore, only 3 hours per course will be applied toward the degree.

At MSU, acceptance of community college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum. Total degree hours: 124 Total hours that will transfer for this degree program: 56-62

**APPENDIX A
USM TRANSFER POLICY**

**THE UNIVERSITY OF
SOUTHERN MISSISSIPPI**

General Education Curriculum (GEC) Course Transfer Policy

The University of Southern Mississippi (USM) will apply the transfer of a passed course from an accredited institution of higher learning to USM general education requirements, provided (1) that the course was taken in good faith to meet the published general education curriculum at the institution where the student was previously enrolled as a degree-seeking student and (2) that the course pertains to appropriate GEC categories* at USM and also meets Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) criteria.

These courses will satisfy specific university general education curriculum requirements, but may not necessarily satisfy the program curriculum in cases where a specific GEC course is required. Required GEC courses are identified in the Undergraduate Bulletin degree plans under the Program Curriculum heading.

The Articulation Agreement between the Mississippi Board of Trustees of State Institutions of Higher Learning and the Mississippi Community College Board will list a standard set of recommended GEC transfer courses on all USM articulation plans and inform students of the USM GEC Course Transfer Policy.

Requests to apply this policy originate with the student's academic department and follow the standard General Education Curriculum substitution request process. Applicable GEC course transfer requests require documentation on general education curriculum information at the institution where the student was previously enrolled as a degree-seeking student.

*Appropriate GEC Categories:

GEC 01. Written Communication (6 hours)

GEC 02. Natural Science and Mathematics (11 hours minimum)

Science Requirement (8 hours minimum)

Mathematics Requirement (3 hours)

GEC 03. Humanities (9 hours)

GEC 04. Aesthetic Values (3 hours)

GEC 05. Social and Behavioral Sciences (6 hours)

GEC 06. Computer Competency

GEC 08. Speaking-Intensive Requirement

Policy does not apply to GEC 07 (Writing-Intensive) or GEC 09 (Capstone) Categories.
