

## How to Access Login Information for DSU Online Services

First, you will need your student ID (900#) number. To obtain this information, if you don't know it, you will need to contact the Registrar's office to request your ID number. Contact us via email from an email you have on record with DSU at [registrar@deltastate.edu](mailto:registrar@deltastate.edu), or call us at 662-846-4040 to set up a Zoom meeting to be provided your number.

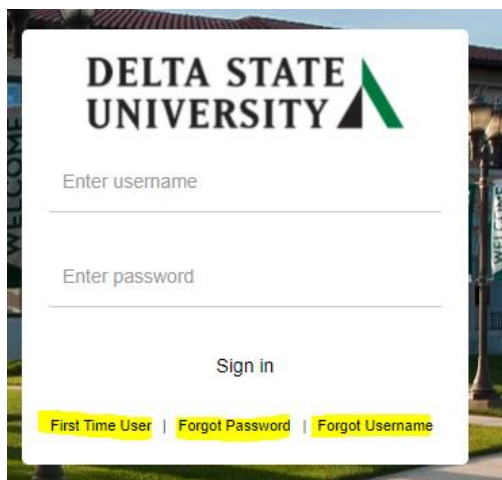

Once you have your ID number, you will need to log in to the MyDSU Portal by [CLICKING HERE](#), or by pasting the following address link directly into you web browser, <http://www.deltastate.edu/mydsu/>.

Then select, Login.

Enter your information. The user name will be the first part of your OkraMail address. If you are a first-time user, follow the instructions found on the following document link to set up your account: <https://www.deltastate.edu/PDFFiles/okralinks/myDSU-Portal-First-Time-Users-Instructions.pdf>.

To set up your account the first time, select, First Time User as shown below.

If you are not a first-time user, but have forgotten your password or user name, please select the relevant option in the login area as shown in the highlighted sample above.

Once you have logged in to the DSU Portal, you are ready to access your Apps and are good to go. DSU uses a single server sign-on. You will use the same information to log into all of your different Apps. (Canvas, DSUOnline Services, OkraMail, etc.)
