

Bruce (Ben) Molnia

Geospatial Technician

Dear Hiring Manager,

My name is Bruce Molnia. I am a Geospatial Technician for Delta State University. I am looking for an occupation that can both utilize the skills I've learned through past jobs and the experiences that I have gained at Delta State University. My resume contains a detailed description of my skills which will align perfectly with the open position that you've listed. If you are looking for a candidate who is dedicated, adaptive and interested in challenging themselves both professionally and intellectually, then please consider what I have to offer.

In reviewing my resume, my primary experience utilizes ESRI GIS software product. I've supported operations at the private (Advanced Mosquito) local (Union County 911, Mississippi Wildlife Federation, F.A.R.M) and Federal levels (USDA-NRCS). My background includes using critical thinking to overcome problems presented during the course of a work day, utilizing all resources available to complete tasks in an effective and efficient manner. I have experience briefing high profile individuals as well as coordinating teams of workers to accomplish the goals that needed to be done.

Furthermore, I find myself in a unique position because of my past work experiences and having already received a bachelor's degree in Philosophy from the University of Alaska Fairbanks. I am in the process of obtaining a Bachelor of Applied Science in Geospatial Analysis and Intelligence and will continue to further my education. I hope to be a key player for your team.

Sincerely,
Bruce (Ben) Molnia
