Dear Hiring Manager,

I am a talented student at Delta State University ready to obtain an internship within the Geospatial field that will help me strengthen and utilize my skills in technical applications.

I will receive my Bachelor of Business Administration from Delta State University in May 2022. As a freshman at Delta State, I strive for academic excellence while gaining skill for the work force. After my first semester, my high level of success and responsibility has rewarded me a position as supplemental instructor. I have also been entrusted to edit maps that are used by the United States troops that are serving in the Middle East. As a Computer Information Systems student at Delta State University, I am gaining a vast amount of knowledge of applying technological skills to the world of business.

My experience and skills will qualify me to be an effective intern this summer. As an intern, I will come in with an open mind that is ready to work. I will increase the human capital and diligently perform all assigned tasks. By interning at within the Geospatial field, I will gain work experience early in my college career that will assist me both in class and for the rest of my life. I look forward to hearing back from you. Enclosed is my resume

Sincerely,

Synethia D. Mathews
