**Course Description:** This course is designed to increase awareness about health and safety for a broad spectrum of workers who work in industries with potential exposure to infectious materials. It also provides an opportunity to apply and demonstrate those skills using actual PPE from learner institutions. This course is designed for, but not limited to, emergency department staff, EMTs, Paramedics, fire personnel, medical first responders, Physicians, and RNs.

**CEU Information**

*This offering has been approved for Emergency Medical Services continuing education by the Mississippi Bureau of Emergency Medical Services for 7.5 Credit Union Hours (CEUs).*

*This course is provided with federal funding through the National Institute of Environmental Health Sciences (1UH4ES027070-01) and are free to any health care worker or public safety emergency responders.*
