NOTES FROM OUR ASSESSMENT CORNER
Answers to your comments from the recent IRP survey

What information could IRP provide to make your job more effective?

**Comparison Report of evaluations by college/school:** IRP creates a comparison report by college/school after all course evaluations and comments have been given back to each department. The reports are then sent to Deans and Chairs. The Fall 2008 comparison report will be available in the next few weeks. If you would like a copy of the Spring 2008 report please contact Marcie @ mbehrens@deltastae.edu if you would like a copy or see your chair and/or dean for more information.

**On-line course evaluations:** Courses are evaluated each semester using both paper and on-line evaluation forms. If you would like your courses to be evaluated using the on-line form, please contact your chair for more information. The Spring 2009 course evaluation process will begin in April.

SURVEYS CURRENTLY UNDERWAY

**Faculty/Course Evaluations:** Thank you to everyone who helped make last semester’s course evaluation process a success. Each department chair will be receiving their completed course evaluations back in the next few weeks.

**Student Satisfaction Inventory:** If you have not turned in your Student Satisfaction Inventory surveys that were administered to graduate students by Dr. Tyrone Jackson last semester, please send them to IRP KWH 234 as soon as possible.

**Foundations of Excellence First Year Experience Surveys:** If you are interested in knowing what perceptions are regarding the first year experience at DSU, please view these results. [View Faculty/Staff Survey Results]; [View Student Survey Results]

**Roberts-LaForge Library Survey:** Faculty, staff and students will be asked to complete a library survey in February.
